

# Responsible Investing Exclusion List Aegon Nederland N.V.

1 January 2023

## 1. Reading guide

In conjunction with the Responsible Investing Policy, this document forms the responsible investing framework of Aegon Nederland N.V. (“Aegon NL”).

Document name	Description	Link to document
Responsible Investing Policy or RI Policy <b>(This document)</b>	This document is the overarching document in our Responsible Investing Framework. It describes our approach to responsible investing and provides guidelines for use when implementing the RI Policy’s requirements in our investment decision-making processes.	 <a href="#">EN</a>
Responsible Investing Exclusion List	This document provides an overview of the companies and sovereign issuers we have excluded from our investible universe. This document is updated regularly when any additional exclusions are decided upon.	 <a href="#">EN</a>

## 2. Excluded countries

Aegon NL excludes investments in any form of government-issued debt (e.g. government bonds) from countries that systematically breach human rights. Aegon NL also excludes investments in any form of government-issued debt from countries that are under an arms embargo of the United Nations, the European Union, or the United States of America.

A full list of all countries that Aegon NL has excluded from investing in the government-issued debt is shown below:

Belarus	Russia
Central African Republic	Somalia
Democratic Republic of Congo	South Sudan
Eritrea	Sudan
Iran	Syria
Libya	Venezuela
Myanmar	Zimbabwe
North Korea	

### 3. Excluded companies

Aegon NL excludes investments in companies that are involved in controversial activities, such as producing tobacco or manufacturing nuclear weapons. In addition, Aegon NL also excludes companies that repeatedly violate globally-accepted standards of behaviour. Further information on why a company may be excluded from by Aegon NL can be found in the Responsible Investing Topics document (see Section 1: Reading guide).

The exclusion rules set out in Aegon NL’s Responsible Investing Policy Principles and Responsible Investing Topics documents can be grouped into five categories. These categories are shown below and are used throughout this document to provide more information on why Aegon NL has excluded a company from its investments.

Key	Exclusion category
	Climate change
	Biodiversity
	Good health & wellbeing
	Controversial weapons & controversial arms trade
	Human rights
	Non-compliant with global norms and insufficient engagement progress

A full list of all excluded companies is provided in the following pages. In principle, Aegon NL aims to identify and exclude all (non-listed) subsidiaries of an excluded company unless an exemption has been approved by the Aegon NL Responsible Investing Committee.

Aegon NL also excludes investment in any Russian- or Belarusian-based companies regardless of whether or not they are included in the following list.
