Precontractual sustainability  
information

# Good to know

With Self Select Investing you choose from various investment funds. These funds are managed by our fund managers. The funds promote a number of environmental and social characteristics.

In this document you will find an overview of the funds that qualify as a product that promotes ecological or social characteristics.

- For Single Manager, these funds collectively make up 67% of the total number of investment options.
- For Multi Manager, these funds collectively make up 86% of the total number of investment options.

For more information about the sustainability of the investment funds, please refer to the fund information of the fund. A link to this information can be found in the table under 'More fund information'.

Please note that the Single Manager or the Multi Manager variant is employer dependent.
