

Request value transfer

Why this form?

With this form you request value transfer of the pension that you have accrued with your previous employer(s). You will receive a proposal after you have requested the value transfer. You only then decide whether you would definitely like to continue with value transfer.

Would you also like to request value transfer for previous employers and pension providers? In that case, fill out a copy of this form for each employer.

Please note: You are only entitled to value transfer if your registered employment with the previous pension administrator ended individually
