IMPORTANT NOTICE

NOT FOR DISTRIBUTION TO ANY U.S. PERSON OR TO ANY PERSON OR ADDRESS IN THE UNITED STATES. NOT FOR DISTRIBUTION TO ANY PERSON THAT IS NOT A QUALIFIED INVESTOR WITHIN THE MEANING OF THE PROSPECTUS DIRECTIVE. IF YOU ARE A RETAIL INVESTOR, DO NOT CONTINUE.

IMPORTANT: You must read the following before continuing. The following applies to the preliminary prospectus following this page, and you are therefore advised to read this carefully before reading, accessing or making any other use of the preliminary prospectus. In accessing the preliminary prospectus, you agree to be bound by the following terms and conditions, including, any modifications to them any time you receive any information from us as a result of such access.

NOTHING IN THIS (ELECTRONIC) TRANSMISSION CONSTITUTES AN OFFER OF SECURITIES FOR SALE OR A SOLICITATION OF AN OFFER IN THE UNITED STATES OR ANY OTHER JURISDICTION WHERE IT IS UNLAWFUL TO DO SO. THE NOTES HAVE NOT BEEN, AND WILL NOT BE, REGISTERED UNDER THE U.S. SECURITIES ACT OF 1933, AS AMENDED (THE **SECURITIES ACT**), OR THE SECURITIES LAWS OF ANY STATE OF THE UNITED STATES OR OTHER JURISDICTION. THE NOTES MAY NOT BE OFFERED, SOLD OR DELIVERED WITHIN THE UNITED STATES OR TO, OR FOR THE ACCOUNT OR BENEFIT OF, U.S. PERSONS (AS DEFINED IN REGULATION S UNDER THE SECURITIES ACT), EXCEPT PURSUANT TO AN EXEMPTION FROM, OR IN A TRANSACTION NOT SUBJECT TO, THE REGISTRATION REQUIREMENTS OF THE SECURITIES ACT AND APPLICABLE STATE OR LOCAL SECURITIES LAWS.

THE NOTES OFFERED AND SOLD BY THE ISSUER MAY NOT BE PURCHASED BY, OR FOR THE ACCOUNT OR BENEFIT OF, ANY "U.S. PERSON" AS DEFINED IN THE U.S. RISK RETENTION RULES (**RISK RETENTION U.S. PERSONS**). PROSPECTIVE INVESTORS SHOULD NOTE THAT THE DEFINITION OF "U.S. PERSON" IN THE U.S. RISK RETENTION RULES IS DIFFERENT FROM THE DEFINITION OF "U.S. PERSON" IN REGULATION S OF THE SECURITIES ACT. EACH PURCHASER OF THE NOTES OR A BENEFICIAL INTEREST THEREIN ACQUIRED IN THE INITIAL DISTRIBUTION OF THE NOTES, BY ITS ACQUISITION OF THE NOTES OR A BENEFICIAL INTEREST THEREIN, WILL BE DEEMED TO HAVE MADE CERTAIN REPRESENTATIONS AND AGREEMENTS, INCLUDING THAT IT (1) IS NOT A RISK RETENTION U.S. PERSON, (2) IS ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN FOR ITS OWN ACCOUNT AND NOT WITH A VIEW TO DISTRIBUTE SUCH NOTE, AND (3) IS NOT ACQUIRING SUCH NOTE OR A BENEFICIAL INTEREST THEREIN AS PART OF A SCHEME TO EVADE THE REQUIREMENTS OF THE U.S. RISK RETENTION RULES (INCLUDING ACQUIRING SUCH NOTE THROUGH A NON-RISK RETENTION U.S. PERSON, RATHER THAN A RISK RETENTION U.S. PERSON, AS PART OF A SCHEME TO EVADE THE 10 PER CENT. RISK RETENTION U.S. PERSON LIMITATION IN THE EXEMPTION PROVIDED FOR IN SECTION 20 OF THE U.S. RISK RETENTION RULES). PLEASE REFER TO THE RISK FACTOR ENTITLED "U.S. RISK RETENTION REQUIREMENTS" FOR MORE DETAILS.

THE FOLLOWING PRELIMINARY PROSPECTUS MAY NOT BE FORWARDED OR DISTRIBUTED TO ANY OTHER PERSON AND MAY NOT BE REPRODUCED IN ANY MANNER WHATSOEVER, AND IN PARTICULAR, MAY NOT BE FORWARDED TO ANY U.S. PERSON OR TO ANY UNITED STATES ADDRESS. ANY FORWARDING, DISTRIBUTION OR REPRODUCTION OF THE PRELIMINARY PROSPECTUS IN WHOLE OR IN PART IS UNAUTHORIZED. FAILURE TO COMPLY WITH THIS DIRECTIVE MAY RESULT IN A VIOLATION OF THE SECURITIES ACT OR THE APPLICABLE LAWS OF OTHER JURISDICTIONS.

PROHIBITION OF SALES TO EEA RETAIL INVESTORS – THE NOTES ARE NOT INTENDED TO BE OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO AND SHOULD NOT BE

OFFERED, SOLD OR OTHERWISE MADE AVAILABLE TO ANY RETAIL INVESTOR IN THE EUROPEAN ECONOMIC AREA (**EEA**). FOR THESE PURPOSES, A RETAIL INVESTOR MEANS A PERSON WHO IS ONE (OR MORE) OF: (I) A RETAIL CLIENT AS DEFINED IN POINT (11) OF ARTICLE 4(1) OF DIRECTIVE 2014/65/EU (**MIFID II**); OR (II) A CUSTOMER WITHIN THE MEANING OF DIRECTIVE 2016/97/EU (**INSURANCE DISTRIBUTION DIRECTIVE**), WHERE THAT CUSTOMER WOULD NOT QUALIFY AS A PROFESSIONAL CLIENT AS DEFINED IN POINT (10) OF ARTICLE 4(1) OF MIFID II; OR (III) NOT A QUALIFIED INVESTOR AS DEFINED IN DIRECTIVE 2003/71/EC (AS AMENDED OR SUPERSEDED, THE **PROSPECTUS DIRECTIVE**). CONSEQUENTLY NO KEY INFORMATION DOCUMENT REQUIRED BY REGULATION (EU) NO 1286/2014 (AS AMENDED, THE **PRIIPS REGULATION**) FOR OFFERING OR SELLING THE NOTES OR OTHERWISE MAKING THEM AVAILABLE TO RETAIL INVESTORS IN THE EEA HAS BEEN PREPARED AND THEREFORE OFFERING OR SELLING THE NOTES OR OTHERWISE MAKING THEM AVAILABLE TO ANY RETAIL INVESTOR IN THE EEA MAY BE UNLAWFUL UNDER THE PRIIPS REGULATION.

MIFID II PRODUCT GOVERNANCE / PROFESSIONAL INVESTORS AND ECPS ONLY TARGET MARKET – SOLELY FOR THE PRODUCT APPROVAL PROCESS OF COÖPERATIEVE RABOBANK U.A. (THE **MANUFACTURER**), THE TARGET MARKET ASSESSMENT IN RESPECT OF THE NOTES HAS LED TO THE CONCLUSION THAT: (I) THE TARGET MARKET FOR THE NOTES IS ELIGIBLE COUNTERPARTIES AND PROFESSIONAL CLIENTS ONLY, EACH AS DEFINED IN MIFID II; AND (II) ALL CHANNELS FOR DISTRIBUTION OF THE NOTES TO ELIGIBLE COUNTERPARTIES AND PROFESSIONAL CLIENTS ARE APPROPRIATE. ANY PERSON SUBSEQUENTLY OFFERING, SELLING OR RECOMMENDING THE NOTES (A **DISTRIBUTOR**) SHOULD TAKE INTO CONSIDERATION THE MANUFACTURER'S TARGET MARKET ASSESSMENT; HOWEVER, A DISTRIBUTOR SUBJECT TO MIFID II IS RESPONSIBLE FOR UNDERTAKING ITS OWN TARGET MARKET ASSESSMENT IN RESPECT OF THE NOTES (BY EITHER ADOPTING OR REFINING THE MANUFACTURER'S TARGET MARKET ASSESSMENT) AND DETERMINING APPROPRIATE DISTRIBUTION CHANNELS.

Confirmation of your Representation: In order to be eligible to view the preliminary prospectus or make an investment decision with respect to the securities, investors must not be a U.S. person (within the meaning of Regulation S under the Securities Act). If the preliminary prospectus is being sent at your request, by accepting the e-mail and accessing the preliminary prospectus, you shall be deemed to have represented to us that you are not a U.S. person, the electronic mail address that you gave us and to which this e-mail has been delivered is not located in the United States (including, but not limited to, Puerto Rico, the U.S. Virgin Islands, Guam, American Samoa, Wake Island and the Northern Mariana Islands), any States of the United States or the District of Columbia and that you consent to delivery of such preliminary prospectus by electronic transmission.

You are reminded that the preliminary prospectus has been delivered to you on the basis that you are a person into whose possession the preliminary prospectus may be lawfully delivered in accordance with the laws of jurisdiction in which you are located and you may not, nor are you authorised to, deliver the preliminary prospectus to any other person.

The materials relating to the offering do not constitute, and may not be used in connection with, an offer or solicitation in any place where offers or solicitations are not permitted by law. If a jurisdiction requires that the offering be made by a licensed broker or dealer and the underwriters or any affiliate of the underwriters is a licensed broker or dealer in that jurisdiction, the offering shall be deemed to be made by the underwriters or such affiliate on behalf of the Issuer in such jurisdiction.

The preliminary prospectus is obtained by you in an electronic form. You are reminded that documents transmitted via this medium may be altered or changed during the process of electronic transmission and consequently none of SAECURE 18 NHG B.V. and Coöperatieve Rabobank U.A. or any person who controls it nor any director, officer, employee nor agent of it or affiliate of any such person accepts any

liability or responsibility whatsoever in respect of any difference between the preliminary prospectus distributed to you in electronic format and the hard copy version available to you.

Neither Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager), nor any of its affiliates accepts any responsibility whatsoever for the contents of this document or for any statement made or purported to be made by any of them, or on any of their behalf, in connection with the issue or the offer. Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) and its affiliates accordingly disclaim any and all liability whether arising in tort, contract or otherwise which they might otherwise have in respect of such document or any such statement. No representation or warranty express or implied, is made by any of Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) or its affiliates as to the accuracy, completeness, verification or sufficiency of the information set out in this document.

The Manager is acting exclusively for the Issuer and no one else in connection with the offer. It will not regard any other person (whether or not a recipient in this document) as its client in relation to the offer and will not be responsible to anyone other than the Issuer for providing the protections afforded to its clients nor for giving advice in relation to the offer or any transaction or arrangement referred to herein.

Aegon Hypotheken B.V. as Seller

Capitalised terms used in this Prospectus have the meanings ascribed thereto in section Glossary of Defined Terms and the principles of interpretation as set out therein shall apply to this Prospectus. Unless indicated otherwise, the capitalised terms conform to the RMBS Standard.

Closing Date	The Issuer will issue the Notes in the classes set out above on 9 July 2019 (or such later date as may be agreed between the Issuer, the Arranger, the Manager and the Seller).
Underlying Assets	The Issuer will make payments on the Notes from, *inter alia*, payments of principal and interest received from a portfolio solely comprising mortgage loans with the benefit of the NHG Guarantee originated by the Seller and secured over residential properties located in The Netherlands. Legal title of all Mortgage Receivables will be assigned by the Seller to the Issuer on the Closing Date and, subject to certain conditions being met, on any Reconciliation Date thereafter up to and including the Reconciliation Date immediately preceding the First Optional Redemption Date for as long as no Enforcement Notice is served. See Description of Mortgage Loans in section *Portfolio Information* for more details.
Security for the Notes	The Noteholders will, together with the other Secured Creditors, benefit from security rights created in favour of the Security Trustee over, *inter alia*, the Mortgage Receivables, the Issuer Rights and the Issuer's claims in respect of the Issuer Accounts (see *Security* in section the Notes).
Denomination	The Notes will have a minimum denomination of EUR 100,000 and integral multiples of EUR 1,000 in excess thereof up to and including EUR 199,000.
Form	The Notes will be in registered form and evidenced by Note Certificates, without coupons attached.
Interest	The Class A Notes will carry floating rates of interest as set out above, payable quarterly in arrear on each Notes Payment Date. The Class B Notes and the Class C Notes will not carry any interest. See further Condition 4 (*Interest*).
Redemption Provisions	Payments of principal on the Notes will be made quarterly in arrear on each Notes Payment Date in the circumstances set out in, and subject to and in accordance with, the Conditions. The Notes will mature on the Final Maturity Date. On the First Optional Redemption Date and each succeeding Optional Redemption Date and in certain other circumstances, the Issuer will have the option to redeem all (but not only part) of the Notes (other than the Class C Notes). See further Condition 6 (*Redemption*).
Subscription and Sale	The Manager has agreed to subscribe or procure subscription on the Closing Date, subject to certain conditions precedent being satisfied, and on terms set out in the Subscription Agreement, for the Class A Notes.
Retained Notes	The Seller will subscribe for and initially hold the Retained Notes.
Credit Rating Agencies	Each of Fitch and S&P is established in the European Union and is registered under the CRA Regulation. As such each of the Credit Rating Agencies is included in the list of credit rating agencies published by ESMA on its website in accordance with the CRA Regulation at www.esma.europa.eu/page/list-registered-and-certified-CRAs.
Ratings	Ratings will be assigned to the Class A Notes as set out above. The ratings assigned by Fitch and S&P address the likelihood of (a) timely payment of interest due to the Noteholders, but for the avoidance of doubt, not the Class A Excess Consideration on each Notes Payment Date and (b) full payment of principal by a date that is not later than the Final Maturity Date. The Class B Notes and the Class C Notes will not be rated. **The assignment of ratings to the Class A Notes is not a recommendation to invest in the Class A Notes.**

	Any credit rating assigned to the Class A Notes may be reviewed, revised, suspended or withdrawn at any time. Any such review, revision, suspension or withdrawal could adversely affect the market value of the Class A Notes.
Listing	Application has been made to list the Class A Notes on the official list and trading on the regulated market of Euronext Amsterdam. The other Classes of Notes will not be listed. This Prospectus has been approved by the AFM and constitutes a prospectus for the purposes of the Prospectus Directive.
Eurosystem eligibility	The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes will be issued under the new safekeeping structure (**NSS**) and are intended upon issue to be deposited with Euroclear or Clearstream, Luxembourg as common safekeeper. It does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. The other Classes of Notes are not intended to be held in a manner which allows Eurosystem eligibility.
Limited recourse obligations	The Notes will be limited recourse obligations of the Issuer alone and will not be the obligations of, or guaranteed by, or be the responsibility of, any other entity. The Issuer will have limited sources of funds available. See section 2 (*Risk Factors*).
Subordination	The right of payment of principal on the Class B and C Notes is subordinated to the Class A Notes. In addition, the right of payment of the Class A Excess Consideration is subordinated to certain other payments. See section 5 (*Credit Structure*).
Securitisation Retention Requirements	The Seller, in its capacity as the "originator" within the meaning of article 2(3) of Regulation (EU) 2017/2402 (the **STS Regulation**), has undertaken in the Subscription Agreement to the Manager and in the Mortgage Receivables Purchase Agreement to each of the Issuer and the Security Trustee, that for as long as the Notes are outstanding, it will on an ongoing basis retain a material net economic interest in the securitisation transaction, which shall in any event not be less than five (5) per cent., in accordance with article 6 of the STS Regulation. As at the Closing Date, such material net economic interest will be held in accordance with paragraph 3 item d of article 6 of the STS Regulation by holding the entire interest in the first loss tranche of the securitisation transaction described in this Prospectus (held through Class B Notes and the Class C Notes). The Seller has also undertaken to make available materially relevant information to investors in accordance with article 7 of the STS Regulation so that investors are able to verify compliance with article 6 of the STS Regulation. Each prospective Noteholder should ensure that it complies with the STS Regulation to the extent applicable to it. The Issuer Administrator, on behalf of the Issuer and / or the Reporting Entity, will prepare quarterly investor reports wherein relevant information with regard to the Mortgage Loans and Mortgage Receivables will be disclosed publicly together with information on the retention of the material net economic interest by the Seller. Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with article 5 of the STS Regulation, in each case to the extent applicable to such investor, and none of the Issuer, the Seller, the Servicer, the Issuer Administrator, the Manager nor the Arranger makes any representation that the information described above is sufficient in all circumstances for such purposes. See the section *Regulatory & Industry Compliance* in section *The Notes* for more detail. For further information on the requirements referred to above and the corresponding risks (including the risks arising from the current absence of any corresponding final technical standards to assist with the interpretation of the requirements), see the risk factor entitled "*Regulatory initiatives may result in increased regulatory capital requirements and/or decreased liquidity in respect of the Notes*".

U.S. Risk Retention Requirements	The Seller intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions that meet certain requirements. Consequently, the Notes may not be purchased by any person except for persons that are not "U.S. persons" as defined in the U.S. Risk Retention Rules (**Risk Retention U.S. Persons**). Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is different from the definition of "U.S. person" in Regulation S.
Volcker Rule	The Issuer is not, and solely after giving effect to any offering and sale of the Notes and the application of the proceeds thereof will not be, a "covered fund" for the purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the **Investment Company Act**) and under the Volcker Rule and its related regulations may be available, the Issuer has relied on the determinations that (i) the Issuer would satisfy all of the elements of the exemption from registration under the Investment Company Act provided by Section 3(c)(5)(C) thereunder, and, accordingly, (ii) the Issuer may rely on the exemption from the definition of a "covered fund" under the Volcker Rule made available to entities that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exclusion and/or exemption from registration under the Investment Company Act.
Benchmarks Regulation	Amounts payable on the Notes are calculated by reference to EURIBOR. As at the date of this Prospectus, the administrator of EURIBOR is not included in ESMA's register of administrators under Article 36 of the Regulation (EU) No. 2016/1011 (the **Benchmarks Regulation**). As far as the Issuer is aware, the transitional provisions in Article 51 of the Benchmarks Regulation apply, such that the European Money Markets Institute (**EMMI**) is not currently required to obtain authorisation/registration. The Benchmarks Regulation provides for a transitional period of 2 years (until 1 January 2020) to apply for registration. EU institutions agreed to grant providers of "critical benchmarks" – interest rates such as EURIBOR or EONIA – two extra years (until 31 December 2021) to comply with the requirements under the Benchmarks Regulation.
Simple, Transparent and Standardised Securitisation	The securitisation Transaction described in this Prospectus is intended to qualify as an STS-securitisation within the meaning of article 18 of the STS Regulation. The Seller, in its capacity as originator under the STS Regulation, has made a notification to be submitted to the European Securities and Markets Association (**ESMA**), in accordance with Article 27 of the STS Regulation, that the requirements of Articles 19 to 22 of the STS Regulation have been satisfied with respect to the Notes. The Seller, in its capacity as originator under the STS Regulation, and the Issuer have used the service of Prime Collateralised Securities (**PCS**), a third party authorised pursuant to article 28 of the STS Regulation, to verify whether the securitisation transaction described in this Prospectus complies with articles 18, 19, 20, 21 and 22 of the STS Regulation ultimately on the Closing Date (the **STS Verification**). It is expected that the STS Verification prepared by PCS will be available on the PCS website (https://www.pcsmarket.org/sts-verification-transactions/) together with detailed explanations of its scope at https://www.pcsmarket.org/disclaimer. For the avoidance of doubt, this PCS website and the contents thereof do not form part of this Prospectus. No assurance can be provided that the securitisation transaction described in this Prospectus does or continues to qualify as an STS-securitisation under the STS Regulation at any point in time in the future. None of the Issuer, Issuer Administrator, Reporting Entity, Arranger, Security Trustee, Servicer, Seller or any of the other transaction parties makes any representation or accepts any liability for the securitisation transaction described in this Prospectus to qualify as an STS-securitisation under the STS Regulation at any point in time in the future. In relation to such notification, the Seller has been designated as the first contact point for investors and competent authorities.

For a discussion of some of the risks associated with an investment in the Notes, see section *Risk Factors h*erein.

RESPONSIBILITY STATEMENTS AND IMPORTANT INFORMATION

Responsibility Statements

The Issuer is responsible for the information contained in this Prospectus. To the best of its knowledge (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. Any information from third parties contained and specified as such in this Prospectus has been accurately reproduced and as far as the Issuer is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer accepts responsibility accordingly.

In addition to the Issuer, the Seller is also responsible for the information contained in the following sections of this Prospectus: *Seller* and *Servicer* in section *Principal Parties*, *Regulatory & Industry Compliance* in section *The Notes,* the entire section *Portfolio Information* and all the confirmations and undertakings relating to retention and disclosure requirements under the Securitisation Retention Requirements. To the best of the Seller's knowledge (having taken all reasonable care to ensure that such is the case) the information contained in the abovementioned sections is in accordance with the facts and does not omit anything likely to affect the import of such information. Any information from third parties contained and specified as such in these sections has been accurately reproduced and as far as the Seller is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Seller accepts responsibility accordingly.

Neither Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) and the Security Trustee nor any of their respective affiliates have separately verified the information contained in this Prospectus. To the fullest extent permitted by law, none of Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) and the Security Trustee nor any of their respective affiliates makes any representation, express or implied, or accepts any responsibility for the contents of this Prospectus as to the accuracy, completeness or sufficiency of the information set-out herein or for any statement or information contained in or consistent with this Prospectus or for any other statement, whether or not made or purported to be made by Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) or the Security Trustee or any of their respective affiliates or on its behalf, in connection with the Issuer, the Seller or the offering of the Notes. Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) and the Security Trustee and their respective affiliates accordingly disclaim all and any liability whether arising in tort or contract or otherwise which it might have in respect of this Prospectus or any such statement or information.

Important information

No person has been authorised to give any information or to make any representation not contained in or not consistent with this Prospectus or any other information supplied in connection with the offering of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Seller or Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) (nor any of their respective affiliates). The distribution of this document and the offering of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus (or any part thereof) comes are required to inform themselves about, and to observe, any such restrictions. A further description of the restrictions on offers, sales and deliveries of the Notes and on the distribution of this Prospectus is set out in Section 4.3 (*Subscription and Sale*) below. Each investor contemplating purchasing any Notes should make its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer and its own independent investigation of the Mortgage Receivables. Neither this Prospectus nor any other information supplied in connection with the issue of the Notes constitutes an offer or invitation by or on behalf of the Issuer or Coöperatieve Rabobank U.A. (in its capacity as Arranger and Manager) (nor any of their respective affiliates) to any person to subscribe for or to purchase any Notes. Neither the delivery of this Prospectus at any time nor any sale made in connection with the offering of the Notes shall imply that the information contained herein is correct at any time subsequent to the date of this

Prospectus. Neither the Issuer nor the Seller shall be obliged to update this Prospectus after the date on which the Notes are issued or admitted to trading. If at any time the Issuer shall be required to prepare a supplemental prospectus pursuant to the Prospectus Directive, the Issuer will prepare and make available an appropriate amendment or supplement to this Prospectus which shall constitute a supplemental prospectus as required by the AFM under the Prospectus Directive.

Coöperatieve Rabobank U.A. (along with any of its affiliates) (**Rabobank**) as Arranger and Manager makes expressly clear that it does not undertake to review the financial conditions or affairs of the Issuer during the life of the Notes. Investors should review, among other things, the most recent financial statements of the Issuer when deciding whether or not to purchase, hold or sell any Notes during the life of the Notes. The Notes have not been and will not be registered under the Securities Act. The Notes may not be offered, sold or delivered within the United States or to U.S. persons as defined in Regulation S, except in certain transactions permitted by U.S. tax regulations and the Securities Act (see Section 4.3 (*Subscription and Sale*) below).

PRIIPs Regulation / Prohibition of sales to EEA retail investors – The Notes are not intended to be offered, sold or otherwise made available to and should not be offered, sold or otherwise made available to any retail investor in the European Economic Area (EEA). For these purposes, a retail investor means a person who is one (or more) of: (i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or (ii) a customer within the meaning of Directive 2016/97/EU (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or (iii) not a qualified investor as defined in Directive 2003/71/EC (as amended or superseded, the **Prospectus Directive**). Consequently no key information document required by Regulation (EU) No 1286/2014 (as amended, the **PRIIPs Regulation**) for offering or selling the Notes or otherwise making them available to retail investors in the EEA has been prepared and therefore offering or selling the Notes or otherwise making them available to any retail investor in the EEA may be unlawful under the PRIIPS Regulation.

MIFID II product governance / Professional investors and ECPS only target market – solely for the product approval process of Rabobank (the **Manufacturer**), the target market assessment in respect of the Notes has led to the conclusion that: (i) the target market for the Notes is eligible counterparties and professional clients only, each as defined in MiFID II and (ii) all channels for distribution of the Notes to eligible counterparties and professional clients are appropriate. Any person subsequently offering, selling or recommending the notes (a **distributor**) should take into consideration the Manufacturer's target market assessment; however, a distributor subject to MiFID II is responsible for undertaking its own target market assessment in respect of the Notes (by either adopting or refining the Manufacturer's target market assessment) and determining appropriate distribution channels.

THE OBLIGATIONS UNDER THE NOTES WILL BE SOLELY THE OBLIGATIONS OF THE ISSUER. THE NOTES WILL NOT CREATE OBLIGATIONS FOR, BE THE RESPONSIBILITY OF, OR BE GUARANTEED BY, ANY OTHER ENTITY OR PERSON, IN WHATEVER CAPACITY ACTING, INCLUDING, WITHOUT LIMITATION, THE SELLER, THE ORIGINATOR, THE SERVICER, THE SUBORDINATED LOAN PROVIDER, THE MANAGER, THE REPORTING ENTITY, THE ISSUER ADMINISTRATOR, THE ARRANGER, THE BANK SAVINGS PARTICIPANT, THE INSURANCE SAVINGS PARTICIPANT, THE CONVERSION PARTICIPANT, THE ISSUER ACCOUNT BANK, THE CASH ADVANCE FACILITY PROVIDER, THE INTEREST RATE CAP PROVIDER, THE PAYING AGENTS, THE REFERENCE AGENT, THE TRANSFER AGENT, THE REGISTRAR, THE LISTING AGENT, THE SECURITY TRUSTEE AND THE DIRECTORS, IN WHATEVER CAPACITY ACTING. FURTHERMORE, NONE OF THE SELLER, THE ORIGINATOR, THE SERVICER, THE SUBORDINATED LOAN PROVIDER, THE MANAGER, THE REPORTING ENTITY, THE ISSUER ADMINISTRATOR, THE ARRANGER, THE BANK SAVINGS PARTICIPANT, THE INSURANCE SAVINGS PARTICIPANT, THE CONVERSION PARTICIPANT, THE ISSUER ACCOUNT BANK, THE CASH ADVANCE FACILITY PROVIDER, THE INTEREST RATE CAP PROVIDER, THE PAYING AGENTS, THE REFERENCE AGENT, THE TRANSFER AGENT, THE REGISTRAR, THE LISTING AGENT, THE SECURITY TRUSTEE AND THE DIRECTORS, NOR ANY OTHER PERSON IN WHATEVER CAPACITY ACTING, WILL ACCEPT ANY LIABILITY WHATSOEVER TO NOTEHOLDERS IN RESPECT OF ANY FAILURE BY THE ISSUER TO PAY ANY AMOUNTS DUE UNDER THE NOTES.

CONTENTS

1. TRANSACTION OVERVIEW

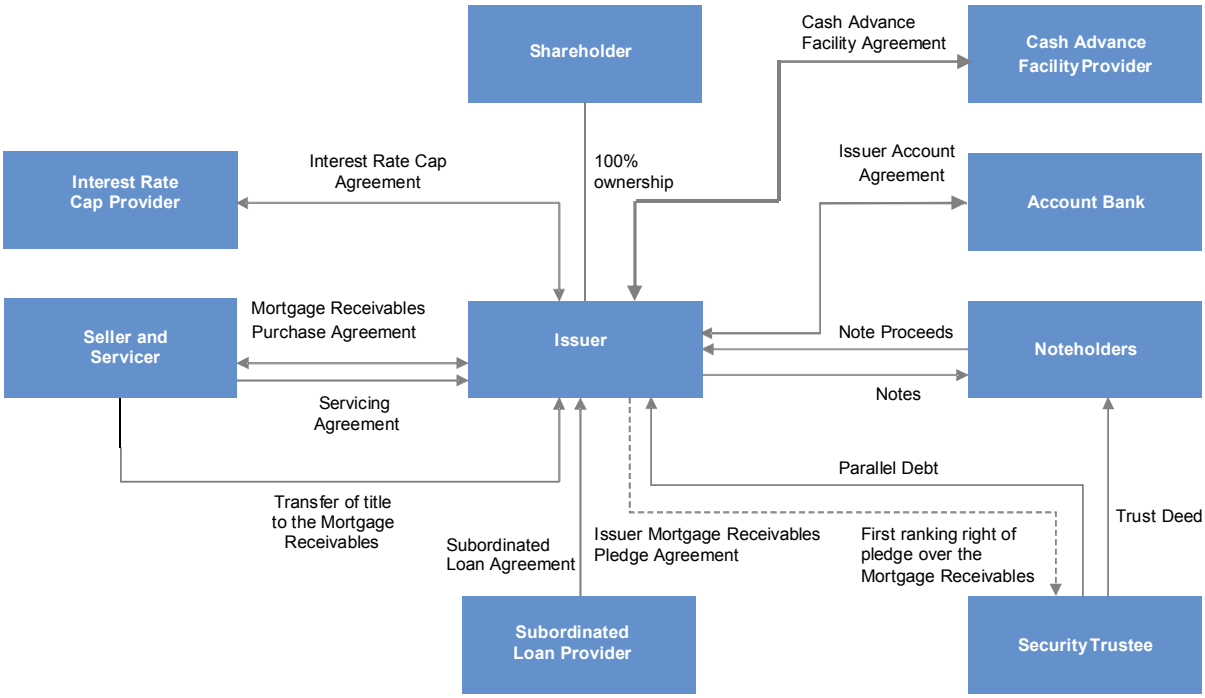
This overview must be read as an introduction to this Prospectus and any decision to invest in the Notes must be based on a consideration of this Prospectus as a whole, including any supplement hereto. This overview is not purported to be complete and should be read in conjunction with, and is qualified in its entirety, by the detailed information presented elsewhere in this Prospectus.

Unless otherwise indicated in this Prospectus or the context otherwise requires, capitalised terms used in this Prospectus shall have the meaning ascribed to them in paragraph 9.2 (Definitions) of the Glossary of Defined Terms set out in this Prospectus.

The principles of interpretation set out in paragraph 9.3 (Interpretation) of the Glossary of Defined Terms in this Prospectus shall apply to this Prospectus.

1.1 Structure Diagram

The following structure diagram provides an indicative summary of the principal features of the transaction. The diagram must be read in conjunction with, and is qualified in its entirety by, the detailed information presented elsewhere in this Prospectus.



1.2 Risk Factors

There are certain risk factors which the prospective Noteholders should take into account. These risk factors relate to, among other things, the Notes. One of the risk factors concerns the fact that the liabilities of the Issuer under the Notes are limited recourse obligations whereby the ability of the Issuer to meet such obligations will be dependent on its receipt of funds under the Mortgage Receivables, the proceeds of the sale of any Mortgage Receivables and/or its receipt of other funds. Despite certain mitigants in respect of these risks, there remains, among other things, a credit risk, liquidity risk, prepayment risk, maturity risk and interest rate risk relating to the Notes. Moreover, there are certain structural, legal and tax risks relating to the Mortgage Receivables and the Mortgaged Assets (see section 2 *Risk Factors* below).

Notes: The Notes (which expression, for the avoidance of doubt, does not refer to the beneficial interests therein whilst the Notes are evidenced by Global Registered Note Certificates) will be issued by the Issuer on the Closing Date.

Issue Price: The issue price of each Class of Notes will be as follows:

(i) the Class A Notes, 100.572 per cent.;

(ii) the Class B Notes, 100 per cent.; and

(iii) the Class C Notes, 100 per cent.

Global Registered Note Certificates: The Notes of each Class will be evidenced by a Global Registered Note Certificate.

It is expected that the Global Registered Note Certificates evidencing the Class A Notes will be deposited with the common safekeeper for Euroclear and Clearstream, Luxembourg (the **Common Safekeeper**) on or about the Closing Date.

It is expected that the Global Registered Note Certificates evidencing the Class B Notes and the Class C Notes, will be deposited with the common depositary for Euroclear and Clearstream, Luxembourg (the **Common Depositary**) on or about the Closing Date.

Registration and Transfer of Notes: The Notes will be in registered form. Interests in the Notes are transferred in accordance with Condition 1.3 (*Transfers*).

Except in limited circumstances, the Notes will not be evidenced by certificates in definitive form.

For so long as Notes are evidenced by a Global Registered Note Certificate held by the Common Safekeeper or Common Depositary, interests in such Notes will be transferable in accordance with the rules and procedures for the time being of Euroclear and Clearstream, Luxembourg.

Denomination: A minimum denomination of €100,000 and integral multiples of €1,000 in excess thereof up to and including €199,000.

Status and Ranking: The Notes rank *pari passu* and *pro rata* without any preference or priority among Notes of the same Class in respect of the Security proceeds and payments of principal. See further section 4.1 (*Terms and Conditions of the Notes*) below.

The Class A Excess Consideration payable to the Class A Noteholders will be subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero and (ii) replenish the Reserve Account up to the amount of the Reserve Account Target Level and may be limited as more fully described in section 4.1 (*Terms and Conditions of the Notes*).

The right to payment of principal on the Class B Notes will be subordinated to payment of principal amounts and interest amounts in respect of the Class A Notes, and as from but excluding the First Optional Redemption Date, the Class A Excess Consideration payable in respect of the Class A Notes if applicable, and may be limited as more fully described in section 4.1 (*Terms and Conditions of the Notes*).

The right to payment of principal on the Class C Notes will be subordinated to payment of principal amounts (through debiting of the Class A Principal Deficiency Ledger and, as from but excluding the First Optional Redemption Date, the Class A Additional Redemption Amounts or following delivery of an Enforcement Notice) and interest amounts in respect of the Class A Notes and as from but excluding the First Optional Redemption Date, the Class A Excess Consideration and payments of principal (through debiting of the Class B Principal Deficiency Ledger or following delivery of an Enforcement Notice) on the Class B Notes and may be limited as more fully described in section 4.1 (*Terms and Conditions of the Notes*).

The Class C Noteholders do not have the right to receive any amount pursuant to the Pre-Enforcement Principal Priority of Payments but will receive payments in accordance with the Pre-Enforcement Revenue Priority of Payments or Post-Enforcement Priority of Payments.

Interest: Interest on the Class A Notes will accrue from (and including) the Closing Date by reference to successive Interest Periods and will be payable quarterly in arrear in euro in respect of their Principal Amount Outstanding on each Notes Payment Date.

On each Notes Payment Date as from but excluding the First Optional Redemption Date, the Class A Noteholders will in accordance with the Pre-Enforcement Revenue Priority of Payments, on a pro rata and pari passu basis and in accordance with the amounts outstanding of the Class A Notes at such time, be entitled to the Class A Excess Consideration.

The Class A Excess Consideration will be subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero and (ii) replenish the Reserve Account up to the amount of the Reserve Account Target Level.

The Class B Notes and the Class C Notes will not carry any interest.

The interest will be calculated on the basis of the actual number of days elapsed in an Interest Period divided by 360 days.

Interest on the Class A Notes for the first Interest Period will accrue at an annual rate equal to the linear interpolation between EURIBOR for 3-month deposits in euro and EURIBOR for 6-month deposits in euro (determined in accordance with Condition 4) and interest on the Class A Notes, for each successive Interest Period up to (but excluding) the First Optional Redemption Date will accrue from and including the first Notes Payment Date at an annual rate equal to EURIBOR for three-month deposits in euro (determined in accordance with Condition 4), plus a margin per annum of 0.40% for the Class A Notes.

The rate of interest on the Class A Notes will not be lower than zero.

Payment of interest on the Class A Notes will only be made if and to the extent the Issuer or the Security Trustee, as the case may be, has sufficient funds available to it to satisfy such payment obligation in accordance with the relevant Priority of Payments.

Class A Step-up Consideration: On each Notes Payment Date after the First Optional Redemption Date, the Class A Noteholders will, in accordance with the Pre-Enforcement Revenue Priority of Payments, on a *pro rata* and *pari passu* basis and in accordance with the amounts outstanding of the Class A Notes at such time, be entitled to a step-up consideration equal to the relevant Principal Amount Outstanding of the Class A Notes multiplied by a margin per annum of 0.40% (the **Class A Step-up Consideration**).

The rate of interest on the Class A Notes will not be lower than zero.

Payment of interest on the Class A Notes will only be made if and to the extent the Issuer or the Security Trustee, as the case may be, has sufficient funds available to it to satisfy such payment obligation in accordance with the relevant Priority of Payments.

Final Maturity Date: Unless previously redeemed as provided below, the Issuer will, subject to and in accordance with the Conditions, redeem any remaining Notes outstanding on the Final Maturity Date at their respective Principal Amount Outstanding together with accrued interest, on such date, subject to and in accordance with the Conditions.

Amortisation of the Notes other than the Class C Notes: Prior to the delivery of an Enforcement Notice, the Issuer shall on each Notes Payment Date apply the Available Principal Funds, prior to the First Optional Redemption Date where applicable after payment of a Class A Revenue Shortfall Amount and/or satisfaction of the purchase price of any Further Advance Receivables, towards redemption, at their respective Principal Amount Outstanding, of (i) *first*, the Class A Notes until fully redeemed, and (ii) *second*, subject to Condition 9(a), the Class B Notes, until fully redeemed.

Following delivery of an Enforcement Notice any amounts to be distributed by the Security Trustee under the Trust Deed to the Secured Creditors (with certain exceptions) will be applied in accordance with the Post-

Enforcement Priority of Payments (see section *Credit Structure*).

Amortisation of the Class C Notes: Unless an Enforcement Notice is delivered, payment of principal on the Class C Notes will not be made until the earlier of (i) the Notes Payment Date on which all amounts of interest and principal on the Notes (other than the Class C Notes) will have been paid in full and (ii) the First Optional Redemption Date. On such Notes Payment Date or First Optional Redemption Date and on each Notes Payment Date thereafter payment of principal on the Class C Notes will be made, subject to and in accordance with the Conditions and the Pre-Enforcement Revenue Priority of Payments.

Following delivery of an Enforcement Notice any amounts to be distributed by the Security Trustee under the Trust Deed to the Secured Creditors (with certain exceptions) will be applied in accordance with the Post-Enforcement Priority of Payments (see section *Credit Structure*).

Mandatory Redemption: Subject to the Conditions, the Issuer will be obliged to apply the Available Principal Funds to redeem, whether in full or in part, at their respective Principal Amount Outstanding, the Notes (other than the Class C Notes) on each Notes Payment Date on a *pro rata* basis within a Class. The Notes will be redeemed in the following order:

(i) first, the Class A Notes, until fully redeemed, and thereafter

(ii) second, subject to Condition 9(a), the Class B Notes, until fully redeemed.

The Class C Notes are subject to redemption in accordance with Condition 6(f) and subject to Condition 9(a).

Optional Redemption of the Notes: The Issuer may, at its option, on giving not more than sixty (60) nor less than thirty (30) days written notice to the Security Trustee and the Noteholders in accordance with Condition 13, on the First Optional Redemption Date and on each Optional Redemption Date thereafter redeem, subject to Condition 9(a), all (but not only part of) the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes. From the Notes Payment Date falling in July 2026, (i) the Issuer may, in case the Seller or any of its group companies has decided not to purchase the Mortgage Receivables, sell the Mortgage Receivables for a price below their Outstanding Principal Amount (but subject always to being sufficient to satisfy in full the items ranking in priority to the Class A Notes as well as to redeem the Class A Notes in full and to pay any accrued and unpaid amounts of interest and any accrued and unpaid Class A Excess Consideration in respect of the Class A Notes) and will apply such proceeds to redeem all (but not only part) of the Class A Notes or (ii) the Class A Notes may be redeemed for a lower amount if it has been approved by an Extraordinary Resolution of the Class A Noteholders to sell the Mortgage Receivables at a price less than the amount required to redeem the Class A Notes in full together with accrued and unpaid interest and the Class A Excess Consideration Amount (and any higher ranking items in accordance with the Pre-Enforcement Revenue Priority of Payments) and subsequently the Class B Notes may be

redeemed at an amount equal to the higher of (a) the Available Principal Funds remaining after redemption of the Class A Notes together with accrued and unpaid interest thereon and the Class A Excess Consideration Amount and (b) zero. Any unpaid amount on the Class B Notes shall in such case cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

Redemption following regulatory call: On each Notes Payment Date, the Seller has the option but not the obligation to repurchase all (but not only part of) the Mortgage Receivables upon the occurrence of a Regulatory Change. The Issuer must use the proceeds to redeem the Notes at their Principal Amount Outstanding plus accrued but unpaid interest (if any) thereon, after payment of the amounts to be paid in priority to redemption of the Notes and subject to Condition 9(a).

Redemption following clean-up call: The Seller has the option (but is not obliged) to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables on any Notes Payment Date on which the principal amount due on the Mortgage Receivables then outstanding is less than 10% of the aggregate Outstanding Principal Amount of the Mortgage Receivables on the Cut-Off Date. On the Notes Payment Date following the date on which all Mortgage Receivables have been sold and assigned, the Issuer shall redeem, subject to Condition 9(a), all (but not only part) of the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

Redemption for tax reasons: On each Notes Payment Date the Issuer may (but is not obliged to) redeem all (but not only part of) the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus accrued but unpaid interest thereon up to and including the date of redemption after payment of the amounts to be paid in priority to redemption of the Notes, subject to and in accordance with the Conditions, if (a) the Issuer or the Paying Agents has become or would become obligated to make any withholding or deduction from payments in respect of any of the Notes (although the Issuer will not have any obligation to pay additional amounts in respect of any such withholding or deduction) and/or (b) the Issuer has become or would become subject to any limitation of the deductibility of interest on any of the Notes, as a result of (i) a change in any laws, rules or regulations or in the interpretation or administration thereof, or (ii) any act taken by any taxing authority on or after the issue of the Notes. No redemption pursuant to item (ii) may be made unless the Issuer receives an opinion of independent counsel that there is a probability that the act taken by the taxing authority leads to one of the events mentioned at (a) or (b).

Method of Payment: For as long as the Notes are evidenced by Global Registered Note Certificates, payments of principal and interest will be made in euro, to the Common Safekeeper or Common Depositary, as applicable, for the credit of the respective accounts of the Noteholders (see further *Form* in section *The Notes*).

Withholding tax: All payments of, or in respect of, principal and, if applicable, interest on the Notes will be made without withholding of, or deduction for any present or

future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the Netherlands or any authority therein or thereof having power to tax unless the withholding or deduction of such taxes, duties, assessments or charges are required by law. In that event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and shall not be obliged to pay any additional amounts to such Noteholders.

FATCA Withholding: If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the Conditions, be required to pay additional amounts as a result of the deduction or withholding. If FATCA Withholding is required, the provisions of Condition 6(g) (*Redemption for tax reasons*) may apply and the Issuer may redeem the Notes.

Use of proceeds: The Issuer will apply the net proceeds from the issue of the Notes (other than the Class C Notes) (i) towards payment of part of the Initial Purchase Price for the Mortgage Receivables to be transferred to the Issuer on the Closing Date and (ii) to make a deposit in an amount of € 391,192.22 for Construction Deposits as at the Cut-Off Date into the Construction Deposit Account, pursuant to the provisions of the Mortgage Receivables Purchase Agreement to be entered into on the Signing Date and made between the Seller, the Issuer and the Security Trustee. See *Purchase, Repurchase and Sale* in section *Portfolio Documentation*.

The net proceeds from the issue of the Class C Notes will be used to fund the Reserve Account.

Security for the Notes: The Noteholders together with the other Secured Creditors have the indirect benefit of the security created by the Issuer in favour of the Security Trustee pursuant to Trust Deed.

The Noteholders together with the other Secured Creditors have the indirect benefit of (i) a first ranking undisclosed right of pledge granted by the Issuer to the Security Trustee in connection with the Parallel Debt over the Mortgage Receivables, including all rights ancillary thereto in respect of the Mortgage Loans and the Beneficiary Rights relating thereto, (ii) a first ranking disclosed right of pledge granted by the Issuer to the Security Trustee over the Issuer Rights and (iii) a first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer's claims in respect of the Issuer Accounts.

After delivery of an Enforcement Notice, the amounts payable to the Noteholders and the other Secured Creditors will be limited to the amounts available for such purpose to the Security Trustee which, *inter alia*, will consist of amounts recovered by the Security Trustee in respect of such rights of pledge and amounts received by the Security Trustee as creditor under the Parallel Debt. Payments by the Security Trustee to the Secured Creditors will be made in accordance with the Post-Enforcement Priority of Payments.

Parallel Debt:	Under the Trust Deed the Issuer will undertake to pay to the Security Trustee, under the same terms and conditions, an amount equal to the aggregate of all its undertakings, liabilities and obligations to the Secured Creditors pursuant to the relevant Transaction Documents, provided that every payment in respect of such relevant Transaction Documents for the account of or made to the Secured Creditors directly shall operate in satisfaction *pro tanto* of the corresponding payment covenant in favour of the Security Trustee (such a payment undertaking and the obligations and liabilities resulting from it being referred to as the Parallel Debt).
Secured Creditors Agreement:	Under the Secured Creditors Agreement, each Secured Creditor agrees and confirms that the security provided pursuant to the provisions of the Security Documents shall, indirectly, through the Security Trustee, be for the exclusive benefit of the Secured Creditors (including for the avoidance of doubt, the Noteholders). Under the Secured Creditors Agreement, each Secured Creditor moreover agrees to be bound by the relevant terms and provisions of the Trust Deed including, but not limited to, the limited recourse and non-petition provisions contained therein.
Listing:	Application has been made to list the Class A Notes on Euronext Amsterdam. Listing is expected to take place on or before the Closing Date.
Rating:	It is a condition precedent to issuance that, upon issue, the Class A Notes be assigned an 'AAAsf' rating by Fitch and an 'AAA (sf)' rating by S&P. The Class B Notes and the Class C Notes will not, upon issue, be assigned a rating by Fitch and S&P. The identifier "sf" stands for "structured finance". The addition of the identifier "sf" (by Fitch) or "(sf)" (by S&P) indicates only that the instrument is deemed to meet the regulatory definition of "structured finance" as referred to in the CRA Regulation. In no way does it modify the meaning of the rating itself. Each Rating Agency is established in the European Union and registered under the CRA Regulation.
Governing Law:	The Transaction Documents (which also include the Notes), other than the Interest Rate Cap Agreement, and any non-contractual obligations arising out of or in relation to the Transaction Documents other than the Interest Rate Cap Agreement, will be governed by and construed in accordance with the laws of the Netherlands. The Interest Rate Cap Agreement and any non-contractual obligations arising out of or in relation to the Interest Rate Cap Agreement will be governed by and construed in accordance with English law.
Selling Restrictions:	There are selling restrictions in relation to the European Economic Area, France, Italy, the United Kingdom and the United States and there may also be other restrictions as required in connection with the offering and sale of the Notes. See 4.3 (*Subscription and Sale*). Persons into whose possession this Prospectus comes are required by the Issuer, the Manager and the Arranger to inform themselves about and to observe any such restriction.

1.5 Credit Structure

Available Funds: The Issuer will use receipts of principal and interest in respect of the Mortgage Receivables together with certain amounts it receives under the Cash Advance Facility Agreement, the Interest Rate Cap Agreement, the Participation Agreements and the amounts credited to the Issuer Transaction Account and the Reserve Account, to make payments of, *inter alia*, principal and interest (if applicable) due in respect of the Notes. See section *Credit Structure.*

Priority of Payments: The obligations of the Issuer in respect of the Notes will be subordinated to the obligations of the Issuer in respect of certain items set forth in the applicable Priority of Payments (see section *Credit Structure*). The right to payment of principal on the Class B Notes will be subordinated to, *inter alia* payments of principal amounts and following delivery of an Enforcement Notice interest amounts in respect of the Class A Notes, and as from the First Optional Redemption Date, the Class A Excess Consideration Revenue Shortfall Amount payable in respect of the Class A Notes if applicable. The right to payment of principal on the Class C Notes will be subordinated to, *inter alia*, payments of principal amounts (through debiting of the Class A Principal Deficiency Ledger or following delivery of an Enforcement Notice) and interest amounts in respect of the Class A Notes and as from the First Optional Redemption Date, the Class A Excess Consideration and the Class A Additional Redemption Amounts payable in respect of the Class A Notes if applicable, and payments of principal (through debiting of the Class B Principal Deficiency Ledger or following delivery of an Enforcement Notice upon Enforcement) on the Class B Notes and in each case may be limited as more fully described herein under section *Credit Structure* and *Terms and Conditions* in section *The Notes*.

Cash Advance Facility Agreement: The Issuer will enter into a Cash Advance Facility Agreement with the Cash Advance Facility Provider under which the Issuer will be entitled to make drawings in order to meet certain shortfalls in its Available Revenue Funds. See section *Credit Structure*.

Issuer Transaction Account: The Issuer shall maintain with the Issuer Account Bank the Issuer Transaction Account into which, *inter alia*, all amounts of interest and principal received under the Mortgage Receivables, will be transferred by the Servicer in accordance with the Servicing Agreement.

Reserve Account: The net proceeds of the Class C Notes will be credited to the Reserve Account held with the Issuer Account Bank. The purpose of the Reserve Account will be to enable the Issuer to meet the Issuer's payment obligations under items (a) up to and including (e) of the Pre-Enforcement Revenue Priority of Payments in the event of a shortfall of the Available Revenue Funds on a Notes Payment Date. If and to the extent that the Available Revenue Funds calculated on a Notes Calculation Date exceed the amounts required to meet items (a) up to and including (e) of the Pre-Enforcement Revenue Priority of Payments, such excess amount will be deposited in, or, as the case may be, used to replenish the Reserve Account by crediting such amount to the Reserve Account up to the Reserve Account Target Level on the immediately succeeding Notes Payment Date.

Interest Rate Cap Collateral Account:	The Issuer will maintain with the Issuer Account Bank the Interest Rate Cap Collateral Account to which only collateral (i.e. cash) pursuant to the Interest Rate Cap Agreement will be transferred, under which the Issuer Account Bank will agree to pay or charge a guaranteed rate of interest determined by reference to EONIA (or any replacement reference rate as agreed with the Issuer Account Bank in accordance with the Issuer Account Agreement) less a margin.
Construction Deposit Account:	The Issuer will maintain with the Issuer Account Bank the Construction Deposit Account into which an amount equal to the aggregate Construction Deposits will be deposited on the Closing Date or, thereafter, in case of purchase of Further Advance Receivables having a Construction Deposit attached to them, on the relevant Reconciliation Date. The Construction Deposit Account will be debited for (i) payments to the Seller upon Construction Deposits being paid out by the Seller or on behalf of the Borrowers and (ii) transfer to the Issuer Transaction Account in case the Issuer has no obligation to pay any further part of the Initial Purchase Price. The Issuer Accounts are more fully described in *Issuer Accounts* in section *Credit Structure*.
Issuer Account Agreement:	On the Signing Date, the Issuer, the Issuer Account Bank and the Security Trustee will enter into the Issuer Account Agreement, under which the Issuer Account Bank will agree to pay or charge a guaranteed rate of interest determined by reference to (i) EONIA (or any replacement reference rate as agreed with the Issuer Account Bank in accordance with the Issuer Account Agreement) less a margin, on the balance standing from time to time to the credit of the Issuer Transaction Account, the Construction Deposit Account and the Interest Rate Cap Collateral Account, or (ii) EURIBOR (or any replacement reference rate as agreed with the Issuer Account Bank in accordance with the Issuer Account Agreement) less a margin, on the balance standing from time to time to the credit of the Reserve Account.
Administration Agreement:	Under the Administration Agreement, the Issuer Administrator will agree to provide certain administration, calculation and cash management services for the Issuer on a day-to-day basis, including without limitation, all calculations to be made in respect of the Notes pursuant to the Conditions (see further *Administration Agreement* in section *Credit Structure*).
Interest Rate Cap Agreement:	On the Closing Date, the Issuer will enter into the Interest Rate Cap Agreement with the Interest Rate Cap Provider. The Interest Rate Cap Agreement, which will be effective from, and including, the Closing Date to, and including, July 2031, requires the Interest Rate Cap Provider, against payment of the Initial Interest Rate Cap Payment on the Closing Date, to make payments to the Issuer up to termination of the Interest Rate Cap Agreement on a quarterly basis if and to the extent that three-month EURIBOR for any Interest Period exceeds the cap strike rate of 4.0 per cent. (**Cap Strike Rate**). Such payments will amount to the product of (i) the part of the three-month EURIBOR for the relevant Interest Period exceeding the Cap Strike Rate, (ii) the applicable Cap Notional Amount and (iii) the actual number of days in the relevant Interest Period divided by

360. The Cap Notional Amount amortises in accordance with section 5.4 (*Hedging*) of this Prospectus.

Any payments received by the Issuer from the Interest Rate Cap Provider (excluding, for the avoidance of doubt, any Interest Rate Cap Collateral) will form part of the Available Revenue Funds.

Subordinated Loan Agreement: On the Closing Date, the Issuer will enter into the Subordinated Loan Agreement with the Subordinated Loan Provider and the Security Trustee for an amount of EUR 1,500,000. The proceeds of the Subordinated Loan will be used to pay certain start-up costs and expenses incurred by the Issuer in connection with the issue of the Notes including, but not limited to, the Initial Interest Rate Cap Payment to be paid on the Closing Date.

Mortgage Loans: The Mortgage Receivables to be sold by the Seller pursuant to the Mortgage Receivables Purchase Agreement will result from Mortgage Loans which are secured by a first-ranking mortgage right or, in case of mortgage loans (including any Further Advance, as the case may be) secured on the same mortgaged property, first and sequentially lower ranking mortgage rights over (a) real estate (*onroerende zaak*), (b) an apartment right (*appartementsrecht*), or (c) a long lease (*recht van erfpacht*) over property situated in the Netherlands and entered into by the Seller and a Borrower which meet the criteria for such Mortgage Loans set forth in the Mortgage Receivables Purchase Agreement and which will be selected prior to or on the Closing Date. On the Closing Date, the Seller will transfer the legal title to all Mortgage Receivables to the Issuer, by means of a private deed of assignment which is registered on the Closing Date with the Dutch tax authorities, without notification of the assignment to the Borrowers (*stille cessie*).

The Portfolio will consist of linear mortgage loans (*lineaire hypotheek*), interest-only mortgage loans (*aflossingsvrije hypotheek*), annuity mortgage loans (*annuïteitenhypotheek*), life mortgage loans (*levenhypotheek*), universal life mortgage loans (*levensloophypotheek*), including savings investment mortgage Loans, savings mortgage loans (*spaarhypotheek*) and bank savings mortgage loans (*bankspaarhypotheek*) or combinations of these types of loans.

See further Description of Mortgage Loans in section *Portfolio Information.*

Beneficiary Rights: The Seller has the benefit of Beneficiary Rights which entitles the Seller to receive final payment (*einduitkering*) under the relevant Insurance Policies, which payment is to be applied towards redemption of the Mortgage Receivables. Under the Mortgage Receivables Purchase Agreement, the Seller will to the extent possible assign all Beneficiary Rights to the Issuer and the Issuer will accept such assignment. See *The Issuer may not have the benefit of the Beneficiary Rights* in section *Risk Factors*.

Further Advances: The Mortgage Receivables Purchase Agreement provides that the Seller will up to but excluding the last calendar month of the Notes Payment Date immediately preceding the First Optional Redemption Date offer any Further Advance Receivable for sale to the Issuer on the first Reconciliation Date falling after the Mortgage Calculation Period in which the Further Advance is granted, provided that the Additional Purchase Conditions are met (as described under *Purchase, Repurchase and Sale* in section *Portfolio Documentation*).

The Issuer will, subject to and in accordance with the Conditions, and subject to sufficient principal funds being available on the Issuer Transaction Account, purchase the Further Advance Receivables and the Beneficiary Rights relating thereto (as described in *Purchase, Repurchase and Sale* in section *Portfolio Documentation*).

When a Further Advance is granted to the relevant Borrower and the Issuer purchases and accepts assignment of the relevant Further Advance Receivable and the Beneficiary Rights relating thereto, the Issuer will at the same time create a first right of pledge on such Further Advance Receivable and to the extent possible the Beneficiary Rights relating thereto in favour of the Security Trustee.

If (i) a Further Advance Receivable does not meet the Additional Purchase Conditions or (ii) the Further Advance is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date, the Seller shall repurchase and accept the re-assignment of the Mortgage Receivables resulting from the Mortgage Loan in respect of which a Further Advance is granted and the Beneficiary Rights relating thereto at a price which is at least equal to the aggregate principal outstanding amounts of such Mortgage Receivables together with accrued but unpaid interest.

NHG Guarantee: As per the Cut-Off Date 100% of the Loan Parts have the benefit of an NHG Guarantee. See further Description of Mortgage Loans in section *Portfolio Information* and *NHG Guarantee Programme* in section *Portfolio Information*.

1.7 Portfolio Documentation

Mortgage Receivables: In accordance with the terms of the Mortgage Receivables Purchase Agreement, the Issuer will purchase and accept the assignment of the Mortgage Receivables (including any Further Advance Receivables (for the avoidance of doubt, including any parts thereof corresponding with amounts credited to the Construction Deposits)) of the Seller under or in connection with certain selected mortgage loans (which may consist of one or more Loan Parts secured by a right of Mortgage).

Repurchase of Mortgage Receivables: In the Mortgage Receivables Purchase Agreement the Seller has undertaken to repurchase and accept re-assignment of a Mortgage Receivable sold by it to the Issuer:

(a) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which any of the representations and warranties given by the Seller in respect of the Mortgage Loan and/or the Mortgage Receivable, including the representation and warranty that the Mortgage Loan or, as the case may be, the Mortgage Receivables meet(s) the Mortgage Loan Criteria, proves to have been untrue or incorrect (subject to a remedy period if the breach is capable of being remedied);

(b) on the Notes Payment Date immediately following the date on which the Seller agrees with a Borrower to grant a Further Advance under the Mortgage Loan (i) if and to the extent that the Further Advance Receivable does not meet all of the Additional Purchase Conditions or (ii) if such Further Advance is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date;

(c) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms of the Mortgage Loan becomes effective as a result of which such Mortgage Loan no longer meets certain criteria set forth in the Mortgage Receivables Purchase Agreement and/or the Servicing Agreement (including the Mortgage Loan Criteria), unless such amendment is made as part of the enforcement procedures to be complied with upon a default by the Borrower under the Mortgage Loan or is otherwise made as part of a restructuring or renegotiation of the Mortgage Loan due to a deterioration of the credit quality of the Borrower of such Mortgage Loan;

(d) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which the Seller notifies the Issuer that it has consented to a request by a Borrower for the residential letting of the relevant Mortgaged Asset, such consent not to become effective prior to the repurchase and re-assignment of the Mortgage Receivable;

(e) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which (a) on or prior to foreclosure of the relevant Mortgage Loan, the relevant Mortgage

Loan no longer has the benefit of an NHG Guarantee or (b) following foreclosure of the relevant Mortgage Loan, the amount actually reimbursed under the NHG Guarantee is lower than the amount claimable under the terms of the NHG Guarantee, each time as a result of action taken or omitted to be taken by the Seller or the Servicer;

(f) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms of the relevant Mortgage Loan becomes effective and as a result of such amendment the NHG Guarantee in respect of such Mortgage Loan no longer applies; and

(g) on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which it appears that the duty of care in respect of a Mortgage Loan has not been complied with by an intermediary for which the Seller is responsible pursuant to the Wft.

In addition thereto, the Seller has undertaken in the Mortgage Receivables Purchase Agreement to repurchase and accept re-assignment of Mortgage Receivables sold by it to the Issuer as of the Notes Calculation Period following the First Optional Redemption Date, in the event that the weighted average interest rate of all Mortgage Loans that have been reset in a Notes Calculation Period following the First Optional Redemption Date is less than the average three-month EURIBOR + 1.00% for such Notes Calculation Period. The average three-month EURIBOR will be determined by the Issuer Administrator, by dividing the sum of all three-month EURIBOR rates as observed on each Business Day during such Notes Calculation Period by the number of Business Days in such Notes Calculation Period. The Seller will repurchase such number of Mortgage Receivables with the lowest interest rates required for the pool of Mortgage Receivables that have been reset in the relevant Notes Calculation Period to return to the minimum required weighted average interest rate.

In addition, the Seller may (without the obligation to do so) repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables upon the exercise of the Clean-up Call Option or the Regulatory Call Option or in the case of redemption of the Notes on any Optional Redemption Date or for tax reasons in accordance with Condition 6(g).

See for a description of the calculation of the repurchase price in each of the above situations *Purchase, Repurchase and Sale* in section *Portfolio Documentation*.

Sale of Mortgage Receivables / Alternative Funding:

On any Optional Redemption Date, the Issuer has the right to sell and assign (all but not only part of) the Mortgage Receivables to a third party, provided, however, that the Issuer shall before selling the Mortgage Receivables to a third party, first invite the Seller and/or any of its group companies to purchase the Mortgage Receivables. In addition, the Issuer may on any Optional Redemption Date obtain alternative funding to redeem the Notes (other than the Class C Notes). The Issuer shall be required to apply the proceeds of such sale or alternative funding, to the extent relating to principal, towards redemption of the Notes (other than the

Class C Notes) in accordance with Condition 6.

The (re)purchase price of each Mortgage Receivable shall be at least equal to the Outstanding Principal Amount of such Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the foreclosure value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that in each case, the aggregate purchase price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to the Notes.

From the Notes Payment Date falling in July 2026, the Issuer may, in case the Seller or any of its group companies has decided not to purchase the Mortgage Receivables, sell the Mortgage Receivables for (i) a price below their Outstanding Principal Amount (but subject always to being sufficient to satisfy in full the items ranking in priority to the Class A Notes as well as to redeem the Class A Notes in full and to pay any accrued and unpaid amounts of interest and any accrued and unpaid Class A Excess Consideration in respect of the Class A Notes) and will apply such proceeds to redeem all (but not only part) of the Class A Notes or (ii) the Class A Notes may be redeemed for a lower amount if it has been approved by an Extraordinary Resolution of the Class A Noteholders to sell the Mortgage Receivables at a price less than the amount required to redeem the Class A Notes in full together with accrued and unpaid interest and the Class A Excess Consideration Amount (and any higher ranking items in accordance with the Pre-Enforcement Revenue Priority of Payments) and subsequently the Class B Notes may be redeemed at an amount equal to the higher of (a) the Available Principal Funds remaining after redemption of the Class A Notes together with accrued and unpaid interest thereon and the Class A Excess Consideration Amount and (b) zero. Any unpaid amount on the Class B Notes shall in such case cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

Following the giving of an Enforcement Notice, the Security Trustee shall, without in any event affecting its right to notify the Borrowers of its right of pledge, make an offer (on behalf of the Issuer) to the Seller to purchase the Mortgage Receivables before the Security Trustee enforces its right of pledge by selling the Mortgage Receivables to a third party. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3)

Business Days.

In all instances, before the Issuer or the Security Trustee enters into any binding purchase agreement with a third party with respect to the Mortgage Receivables, it will first grant the possibility to the Seller and/or its group companies to purchase the Mortgage Receivables against payment of the same purchase price such third party would be willing to pay. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

The purchase price of the Mortgage Receivable shall in the event of a sale and assignment after the giving of an Enforcement Notice be at least equal to the Outstanding Principal Amount of each Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the foreclosure value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that the aggregate purchase price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, for the Class A Notes only, accrued interest due, costs and Class A Excess Consideration due as reflected in the Class A Excess Consideration Deficiency Ledger.

In the event of a sale and assignment after the giving of an Enforcement Notice, the Issuer, the Security Trustee and the Seller (or the third party purchasing the Mortgage Receivables) shall agree that the Seller (or the third party purchasing the Mortgage Receivables) shall pay the purchase price into the account designated for such purpose. The Security Trustee shall apply such amount in accordance with the Post-Enforcement Priority of Payments.

See for a further description of the calculation of the repurchase price *Purchase, Repurchase and Sale* in section *Portfolio Documentation*.

Participation Agreements:

On the Closing Date, the Issuer will enter into the Insurance Savings Participation Agreement with the Insurance Savings Participant. Furthermore, on the Closing Date, the Issuer will enter into the Bank Savings Participation Agreement with the Bank Savings Participant.

The main purpose of the Participation Agreements is to ensure the Issuer will receive on an ongoing basis the amounts paid by Borrowers as Savings Premium (under Savings Mortgage Loans), or Savings Investment Premium (under Universal Life Mortgage Loans) or the deposits made on the Bank Savings Accounts (under Bank Savings Mortgage Loans). In each

case such amounts economically serve as principal repayments and form part of the Available Principal Funds.

Under a Participation Agreement the relevant Participant will acquire an economic interest in the form of a contractual participation right against the Issuer in each of the relevant Savings Mortgage Receivables or Bank Savings Mortgage Receivables (as applicable).

The Insurance Savings Participant will undertake to pay to the Issuer on each Mortgage Collection Payment Date (i) all amounts received as Savings Premium on the Savings Insurance Policies or as Savings Investment Premium on the Savings Investment Insurance Policies, as well as (ii) the Switched Insurance Savings Participation plus (iii) the *pro rata* part, corresponding to the participation in the relevant Savings Mortgage Receivable or the relevant Savings Investment Mortgage Receivable, of the interest paid by the Borrower in respect of such Savings Mortgage Receivable or Savings Investment Mortgage Receivable in respect of the previous month. The amounts referred to in (i), (ii) and (iii) above will form part of the Available Principal Funds. The Issuer will in principle only be exposed to credit risk in respect of the then Outstanding Principal Amount of the Savings Mortgage Receivable or Savings Investment Mortgage Receivable, minus the relevant Savings Participation on such date in such Mortgage Receivable. In return, the Insurance Savings Participant is entitled to receive the Insurance Savings Participation Redemption Available Amount from the Issuer.

Under the Bank Savings Participation Agreement, the Bank Savings Participant will undertake to pay to the Issuer on each Mortgage Collection Payment Date (i) all amounts received as Monthly Bank Savings Deposit Instalments as well as (ii) the *pro rata* part, corresponding to the participation in the relevant Bank Savings Mortgage Receivable of the interest paid by the Borrower in respect of such Bank Savings Mortgage Receivable in respect of the previous month. The Bank Savings Participation increases by the same amount. The amounts referred to in (i) and (ii) above will form part of the Available Principal Funds. The Issuer will in principle only be exposed to credit risk in respect of the then Outstanding Principal Amount of the Bank Savings Mortgage Receivable minus the Bank Savings Participation on such date in such Mortgage Receivable. In return, the Bank Savings Participant is entitled to receive the Bank Savings Participation Redemption Available Amount from the Issuer.

Initial Participations on the Cut-Off Date:

The initial participations in the Bank Savings Mortgage Receivables on the Cut-Off Date amount to € 57,754,808.06.

The initial participations in the Insurance Savings Mortgage Receivables on the Cut-Off Date amount to € 7,945,242.42.

See further *Sub-Participation* in section *Portfolio Documentation*, including for a discussion of the Conversion Participations.

Construction Deposits:

Pursuant to the Mortgage Conditions, in respect of certain Mortgage Loans, the Borrower has the right to request that part of the Mortgage Loan will be applied towards construction of, or improvements to, the relevant Mortgaged Asset. In that case the Borrower has placed part of the monies

drawn down under the Mortgage Loan on deposit with the Seller, and the Seller has committed to pay out such deposits to or on behalf of the relevant Borrowers in order to enable them to pay for construction of, or improvements to, the relevant Mortgaged Asset, provided certain conditions are met (such mortgages are called construction mortgages (*bouwhypotheken*)). The aggregate of the Construction Deposits as at the Cut-Off Date is € 397,192.22.

On the Closing Date the Construction Deposit Account will be credited with an amount equal to the aggregate amount of Construction Deposits as at the Cut-Off Date. Thereafter, the Issuer will, in case of purchase of Further Advance Receivables having a Construction Deposit attached to it, on the relevant Reconciliation Date credit the Construction Deposit Account with an amount equal to the aggregate of such Construction Deposits. On each Mortgage Calculation Date, the Servicer will notify the Issuer of all payments made out of the Construction Deposits to or on behalf of the Borrowers during the immediately preceding Mortgage Calculation Period, and the Issuer shall pay on the immediately succeeding Reconciliation Date an equal amount from the Construction Deposit Account to the Seller in consideration of the assignment and transfer of the Mortgage Receivable to the extent the money drawn under the Mortgage Loan had been credited to the Construction Deposit.

Pursuant to the Mortgage Conditions a Construction Deposit must be paid out within twenty-four (24) months from the start date of the Mortgage Loan, provided, however, that the Seller and the Borrower may agree to another (longer) period. After such period, the remaining Construction Deposit will be set-off against the Mortgage Receivable up to the amount of the Construction Deposit in which case the Issuer will have no further obligation towards the Seller to pay the remaining part of the Initial Purchase Price and consequently any balance standing to the credit of the Construction Deposit Account will be used for redemption of the Notes (other than the Class C Notes) in accordance with Condition 6.

Interest accrued (if any) on the Construction Deposit Account will form part of the Available Revenue Funds.

Servicing Agreement: Under the Servicing Agreement to be entered into on the Signing Date between the Issuer, the Servicer, the Reporting Entity, the Issuer Administrator and the Security Trustee, the Servicer will agree to provide administration and management services in relation to the Mortgage Loans on a day-to-day basis, including, without limitation, the collection of payments of principal, interest and all other amounts in respect of the Mortgage Loans and the implementation of arrears procedures including, if applicable, the enforcement of Mortgages. (see further *Origination and Servicing* in section *Portfolio Information* and *Servicing Agreement* in section *Portfolio Documentation* and *Administration Agreement* in section *Credit Structure*).

1.8 General

Management Agreements:	The Issuer, the Shareholder and the Security Trustee will each enter into a Management Agreement with the relevant Director pursuant to which the relevant Director will undertake to act as a director of the Issuer, the Shareholder and the Security Trustee, respectively, and to perform certain services in connection therewith.
Transparency Reporting Agreement:	Under the Transparency Reporting Agreement, the Issuer (as SSPE) and Aegon Hypotheken B.V. (in its capacity as Seller, Servicer and originator under the STS Regulation) shall, in accordance with article 7(2) of the STS Regulation, designate amongst themselves the Seller as the Reporting Entity to fulfil the information requirements pursuant to points (a), (b), (d), (e), (f) and (g) of the first subparagraph of article 7(1) of the STS Regulation (see further section 5.8 (*Transparency Reporting Agreement*)).
Governing Law:	The Transaction Documents (which also include the Notes), other than the Interest Rate Cap Agreement, and any non-contractual obligations arising out of or in relation to the Transaction Documents other than the Interest Rate Cap Agreement, will be governed by and construed in accordance with the laws of the Netherlands. The Interest Rate Cap Agreement and any non-contractual obligations arising out of or in relation to the Interest Rate Cap Agreement, will be governed by and construed in accordance with English law.

2. RISK FACTORS

The Issuer believes that the following factors may affect its ability to fulfil its obligations under the Notes. Most of these factors are contingencies which may or may not occur and the Issuer is not in a position to express a view on the likelihood of any such contingency occurring. In addition, factors which are material for the purpose of assessing the market risks associated with the Notes are also described below. The Issuer believes that the factors described below represent the material risks inherent in investing in the Notes, but the inability of the Issuer to pay interest, principal or other amounts on or in connection with the Notes may occur for other reasons not known to the Issuer. The Issuer, the Manager and the Arranger make no representation that the statements below regarding the risks of holding any Notes are exhaustive. Prospective Noteholders should also read the information contained herein in conjunction with the detailed information set out elsewhere in this Prospectus and reach their own views prior to making any investment decision.

RISK RELATED TO THE NOTES

The Notes are limited recourse obligations of the Issuer

The Notes are obligations solely of the Issuer

The Notes are obligations solely of the Issuer. The Notes will not be obligations or responsibilities of, or guaranteed by, any other entity or person, acting in whatever capacity, including, without limitation, the Seller, the Servicer, the Issuer Administrator, the Arranger, the Manager, the Bank Savings Participant, the Insurance Savings Participant, the Conversion Participant, the Issuer Account Bank, the Cash Advance Facility Provider, the Subordinated Loan Provider, the Interest Rate Cap Provider, the Paying Agents, the Reference Agent, the Transfer Agent, the Registrar, the Listing Agent, the Directors or the Security Trustee. Upon enforcement of the rights of pledge created pursuant to the Security Documents (which is after delivery of an Enforcement Notice), the Security Trustee shall apply the net proceeds received or recovered towards satisfaction of all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. The Security Trustee shall subsequently distribute such net proceeds (after deduction of the amounts due and payable to the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant under the Participation Agreements which amounts will be paid in priority to all other amounts due and payable by the Issuer at that time under any of the other relevant Transaction Documents) to the Secured Creditors (other than the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant). All amounts to be so distributed by the Security Trustee to such Secured Creditors will be paid in accordance with the Post-Enforcement Priority of Payments (as set forth in Credit Structure).

Furthermore, none of such parties or any other person, acting in whatever capacity, other than the Security Trustee in respect of limited obligations under the Trust Deed, will accept any liability whatsoever to Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes. None of the Seller, the Cash Advance Facility Provider, the Subordinated Loan Provider, the Participants, the Servicer, the Issuer Administrator, the Directors, the Paying Agent, the Reference Agent, the Listing Agent, the Manager, the Arranger, the Issuer Account Bank, and the Security Trustee will be under any obligation whatsoever to provide additional funds to the Issuer (save in the limited circumstances pursuant to the Transaction Documents, such as the payments due under the Cash Advance Facility Agreement by the Cash Advance Facility Provider).

The Issuer has limited sources of funds to meet its obligations and its obligations are limited recourse obligations

The ability of the Issuer to meet its obligations to repay in full all principal or to pay all interest on the Class A Notes will be dependent on the receipt by it of funds under the Mortgage Receivables and the

Beneficiary Rights, the proceeds of the sale of any Mortgage Receivables, payments under the Interest Rate Cap Agreement and the Participation Agreements, interest in respect of the balances standing to the credit of the Issuer Accounts, the availability of the Reserve Account and the amounts to be drawn under the Cash Advance Facility. See further section *Credit Structure*. The Issuer does not have any other funds available to it to meet its obligations under the Notes. If such funds are insufficient, the shortfalls will be borne by the Noteholders and the other Secured Creditors subject to the applicable Priority of Payments.

The Noteholders shall only have recourse in respect of any claim against the Issuer in accordance with, and subject to, the relevant Priority of Payments. If at any time the Security created in respect of the Notes has been enforced and the foreclosure proceeds are, after payment of all claims ranking in priority in accordance with the Post-Enforcement Priority of Payments, insufficient to pay in full all amounts due and payable on a particular Class of Notes, then the unpaid amount shall cease to be due and payable by the Issuer and the relevant Noteholders of such Class shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts. For a discussion of the security rights created in respect of the Notes see *Security* in section *The Notes*.

If, due to defaults by Borrowers and after exercise by the Servicer of all available remedies in respect of the Mortgage Receivables, the Issuer does not receive the full amount due from such Borrowers, a Noteholder may receive, by way of principal repayment on the Notes, a lesser amount than the principal balance of any Note held by it and the Issuer may be unable to pay in full interest due on such Note (if applicable), in accordance with the provisions of Condition 9. On any Notes Payment Date, any such losses on the underlying Mortgage Loans will be allocated to the Noteholders of each Class as set out in section *Credit Structure*.

Investors will be exposed to a number of risks inherent to the Notes

(a) *Credit Risk*

There is a risk of non-payment of principal and interest on the Notes due to non-payment of principal and interest on the Mortgage Receivables and for reasons of subordination to higher ranking creditors (see *Notes of a Class may rank subordinated to other Classes*), despite the following:

(i) the fact that the Mortgage Loans have (i) the benefit of an NHG Guarantee (ii) been validly registered with the Stichting WEW and (iii) received a registration number from Stichting WEW;

(ii) in case of the Class A Notes, the subordinated ranking of the Class B Notes and the Class C Notes;

(iii) in case of the Class B Notes, the subordinated ranking of the Class C Notes;

(iv) the Reserve Account; and

(v) excess spread (if any).

(b) *Liquidity Risk*

There is a risk that interest and principal on the Mortgage Loans is not received on time, which could cause liquidity problems to the Issuer as it may consequently not be able to perform its payment obligations under the Notes. This risk is mitigated by the Cash Advance Facility. There can however be no assurance that the amount of late payments can always be covered by drawings under the Cash Advance Facility.

(c) *Prepayment Risk*

The level of prepayments by the Borrowers can vary and therefore result in an average life of the Notes which is shorter or longer than anticipated. The average life of the Notes is subject to some factors outside the control of the Issuer and consequently no assurance can be given that any estimates or assumptions will prove in any way to be accurate.

(d) *Risk that the Notes are not repaid upon maturity or on Optional Redemption Dates*

There is a risk that the Issuer will not have received sufficient funds to fully redeem the Notes on their Final Maturity Date.

There is a risk that the Issuer will not exercise its option to redeem the Notes on any Optional Redemption Date. If the Issuer does not exercise this option on the First Optional Redemption Date, the Class A Noteholders will, in accordance with the Pre-Enforcement Revenue Priority of Payments, on a pro rata and pari passu basis and in accordance with the amounts outstanding of the Class A Notes at such time, be entitled to the Class A Excess Consideration. Furthermore, the Issuer will, as from but excluding the First Optional Redemption Date, apply the Class A Additional Redemption Amounts towards redemption of the Class A Notes. Finally, after the Notes Payment Date falling in July 2026, the Issuer may sell the Mortgage Receivables at a price lower than the Outstanding Principal Amount of the Mortgage Receivables which increases the likelihood of the Class A Notes being redeemed either in full or, subject to an Extraordinary Resolution of the Class A Noteholders, in part (at the expense of the Class B Notes) (see *further Purchase, Repurchase and Sale*).

(e) *Interest Rate Risk*

The Issuer is exposed to the risk that the interest received in respect of the Mortgage Receivables is not sufficient to pay the interest on the Class A Notes which risk may for example materialise if, after interest rate resets in respect of certain Mortgage Receivables, the weighted average interest rate on the Mortgage Receivables falls below the interest rate payable on the Class A Notes.

This risk is partly mitigated and hedged under the Interest Rate Cap Agreement up to and including July 2031.

Pursuant to the Interest Rate Cap Agreement, the Interest Rate Cap Provider is obliged to make payments to the Issuer on a quarterly basis to the extent three-month EURIBOR for any Interest Period exceeds the Cap Strike Rate. A failure by the Interest Rate Cap Provider to make timely payments of amounts due under the Interest Rate Cap Agreement will constitute a default thereunder. The Interest Rate Cap Provider will be obliged to make payments under the Interest Rate Cap Agreement only to the extent that the Issuer pays the Initial Interest Rate Cap Payment. To the extent that the Interest Rate Cap Provider defaults on its obligations under the Interest Rate Cap Agreement to make payments to the Issuer, the Issuer will be exposed in the situation the three-month EURIBOR exceeds the Cap Strike Rate. Unless one or more comparable interest rate caps are entered into by the Issuer, the Issuer may have insufficient funds to make payments of interest due on the Class A Notes.

Any payments received by the Issuer from the Interest Rate Cap Provider (excluding any Interest Rate Cap Collateral) will be part of the Available Revenue Funds.

The Cap Notional Amount under the Interest Rate Cap Agreement equals on the Closing Date, the outstanding amount of the Class A Notes and is amortising over time. The amortisation is based on the amortisation profile of the Portfolio, which is determined using

the expected contractual redemptions plus a prepayment rate of 6 per cent. The prepayment rate of 6 per cent. per year is in line with recent prepayment rates and the pricing CPR applied for the transaction. However, there can be no assurance that the prepayment rate will not be below 6 per cent. per year, in which case the payments made by the Interest Rate Cap Provider may not be sufficient for the Issuer to meet its payment obligations.

The Interest Rate Cap Agreement is only effective up to and including the Notes Payment Date in July 2031. As a consequence, the risk that the interest received in respect of the Mortgage Receivables is not sufficient to pay the interest on the Class A Notes is no longer (partly) mitigated by the Interest Rate Cap Agreement as of the Notes Payment Date in October 2031. However as a mitigant, the Available Principal Funds may be applied to pay interest on the Class A Notes. Finally, it should be noted that the Seller has undertaken, in the Mortgage Receivables Purchase Agreement, (i) to use its best efforts, subject to applicable laws and regulations, including, without limitation, principles of reasonableness and fairness, to ensure that the interest rates of the Mortgage Receivables that have a reset date as from but excluding the First Optional Redemption Date will be reset at a rate of at least three-month EURIBOR plus one hundred basis points and (ii) to repurchase and accept re-assignment of Mortgage Receivables sold by it to the Issuer as of the Notes Calculation Period as from but excluding the First Optional Redemption Date, in the event that the weighted average interest rate of all Mortgage Loans that have been reset in a Notes Calculation Period following the First Optional Redemption Date is less than the average three-month EURIBOR rate + 1.00% for such Notes Calculation Period. The average three-month EURIBOR rate will be determined by the Issuer Administrator, by dividing the sum of all three-month EURIBOR rates as observed on each Business Day during such Notes Calculation Period by the number of Business Days in such Notes Calculation Period.

See further paragraph *"Part of the amounts payable in respect of the Class A Notes following the First Optional Redemption Date is subordinated to certain other payments*" and "*Changes or uncertainty in respect of EURIBOR or other interest rate benchmarks may affect the value or payment of interest under the Class A Notes*" below.

The Interest Rate Cap Provider has certain prior consent rights

The Interest Rate Cap Provider's consent is required to amend any Condition or any relevant Transaction Document if: (i) it would cause, in the reasonable opinion of the Interest Rate Cap Provider (A) the Interest Rate Cap Provider to pay more or receive less under the Interest Rate Cap Agreement or (B) a decrease (from the Interest Rate Cap Provider's perspective) in the value of the Interest Rate Cap Agreement; (ii) it would result in any of the Issuer's obligations to the Interest Rate Cap Provider under the Interest Rate Cap Agreement being further contractually subordinated, relative to the level of subordination of such obligations as of the Closing Date, to the Issuer's obligations to any other Secured Creditor; or (iii) if the Interest Rate Cap Provider were to replace itself as Interest Rate Cap Provider under the Interest Rate Cap Agreement it would be required to pay more or receive less in the reasonable opinion of the Interest Rate Cap Provider, in connection with such replacement, as compared to what the Interest Rate Cap Provider would have been required to pay or would have received had such amendment not been made, in each case unless either (x) the Interest Rate Cap Provider has provided its prior written consent, such consent not to be unreasonably withheld or delayed or (y) the Interest Rate Cap Provider has failed to provide its written response or to make the determinations required to be made by it under (i) above within fifteen (15) Business Days of written request by the Security Trustee.

In addition thereto, without prejudice to the paragraph above, the Interest Rate Cap Provider's consent is required to amend any Condition or any relevant Transaction Document if: (i) the amendment relates to the priority of payments or, (ii) the amendment intends to structure documents in such a way that it would have a material impact on the Interest Rate Cap Provider in the reasonable opinion of the

Interest Rate Cap Provider, in each case unless either (x) the Interest Rate Cap Provider has provided its prior written consent, such consent not to be unreasonably withheld or delayed or (y) in respect to (ii) only, the Interest Rate Cap Provider has failed to provide its written response or to make the determinations required to be made by it within 15 Business Days of written request by the Security Trustee (in which case the Security Trustee may make any amendments).

Therefore, the Interest Rate Cap Provider effectively can veto certain proposed modifications, amendments or waivers to the Conditions and the relevant Transaction Documents.

The Issuer has counterparty risk exposure

In order to perform its obligations under the Notes, the Issuer is to a large extent dependent on its counterparties performing their obligations under the Transaction Documents. The counterparties of the Issuer may not perform their obligations under the Transaction Documents, which may result in the Issuer not being able to meet its obligations under the Notes, including any payments on the Notes. In particular, the Issuer is dependent on the Cash Advance Facility Provider, the Interest Rate Cap Provider and the Seller to properly perform any payment obligations they owe or may owe to the Issuer under the Transaction Documents.

Risk that the ratings of the counterparties change

Certain counterparties of the Issuer are required to have a certain minimum rating pursuant to the Transaction Documents and if the rating of such counterparty falls below such rating, remedial actions are required to be taken, which may, for example, entail posting of collateral and/or the replacement of such counterparty. If a replacement counterparty must be appointed or another remedial action must be taken, it cannot be certain that a replacement counterparty will be found which complies with the criteria or is willing to perform such role, or that such remedial action will be available. In addition, such replacement or action when taken, may lead to higher costs and expenses, as a result of which the Issuer may have insufficient funds to pay its liabilities in full. Moreover, a deterioration of the credit quality of any of the Issuer's counterparties, a downgrade of any of their credit ratings and/or a failure to take remedial actions could have an adverse effect on the credit rating assigned to, and/or the value of, the Notes.

Credit ratings may not reflect all risks

The ratings assigned by Fitch and S&P address the likelihood of (a) timely payment of interest due to the Noteholders on each Notes Payment Date but for the avoidance of doubt, not the Class A Excess Consideration and (b) full payment of principal by a date that is not later than the Final Maturity Date. The Class B Notes and the Class C Notes will not be rated.

Any decline in the credit ratings of the Notes or changes in credit rating methodologies may affect the market value of the Notes. Furthermore, the credit ratings may not reflect the potential impact of all rights related to the structure, market, additional factors discussed above or below and other factors that may affect the value of the Notes.

A rating is not a recommendation to buy, sell or hold securities and may be subject to review, revision, suspension or withdrawal at any time and reflects only the views of the Credit Rating Agencies. There is no assurance that any rating will continue for any period of time or that they will not be reviewed, revised, suspended or withdrawn entirely by any of the Credit Rating Agencies as a result of changes in or unavailability of information or if, in any of the Credit Rating Agencies' judgment, circumstances so warrant. Future events which could have an adverse effect on the ratings of the Notes include events affecting the Interest Rate Cap Provider, the Issuer Account Bank or the Cash Advance Facility Provider and/or circumstances relating to the Mortgage Receivables and/or the Dutch residential mortgage loan market.

In general, European regulated investors are restricted under the CRA Regulation from using credit ratings for regulatory purposes, unless such ratings are issued by a credit rating agency established in the EU and registered under the CRA Regulation (and such registration has not been withdrawn or suspended), subject to transitional provisions that apply in certain circumstances while the registration application is pending. Such general restriction will also apply in the case of credit ratings issued by non-EU credit rating agencies, unless the relevant credit ratings are endorsed by an EU-registered credit rating agency or the relevant non-EU rating agency is certified in accordance with the CRA Regulation (and such endorsement action or certification, as the case may be, has not been withdrawn or suspended).

Credit ratings included or referred to in this Prospectus have been or, as applicable, may be issued by Fitch and/or S&P each of which as at the date of this Prospectus is a credit rating agency established in the European Community and registered under the CRA Regulation.

On the Signing Date, there remains uncertainty as to the potential consequences for the Issuer, related third parties and investors that would result from any potential non-compliance by the Issuer with the CRA Regulation.

Risk related to unsolicited credit ratings on the Notes

Other credit rating agencies that have not been engaged to rate the Notes by the Issuer may issue unsolicited credit ratings on the Notes at any time. Any unsolicited credit ratings in respect of the Notes may differ from the credit ratings expected to be assigned by Fitch and/or S&P and may not be reflected in this Prospectus. Issuance of an unsolicited credit rating which is lower than the credit ratings assigned by Fitch or S&P in respect of the Notes may adversely affect the market value and/or the liquidity of the Notes.

Disclosure Requirements

On 6 January 2015, Commission Delegated Regulation 2015/3 (**Regulation 2015/3**) on disclosure requirements for the issuer, originator and sponsor of structured finance instruments was published in the Official Journal of the EU.

Regulation 2015/3 contains regulatory technical standards adopted by the European Commission to implement provisions of the CRA Regulation. Regulation 2015/3 applies from 1 January 2017, with the exception of Article 6(2), which applies from 26 January 2015 and obliges ESMA to publish on its website at the latest on 1 July 2016 the technical instructions in accordance with which the reporting entity shall submit data files containing the information to be reported starting from 1 January 2017. To date ESMA has not published such technical instructions.

In the press release dated 27 April 2016, ESMA concluded that the reporting obligations under the CRA Regulation for structured finance instruments within the meaning of Commission Delegated Regulation (EU) 2015/3 of 30 September 2014 (**SFIs**) may possibly be replaced by obligations based on new rules to be adopted and to be included in the STS Regulation. Accordingly, pursuant to the obligations set forth in Article 7(2) of the STS Regulation, the originator, sponsor and securitisation special purpose entity (**SSPE**) of a securitisation shall designate amongst themselves one entity to submit the information set out in points (a), (b), (d), (e), (f) and (g) of the first subparagraph of Article 7(1) of the STS Regulation, which includes the prospectus issued in the context of the offer of notes in a securitisation transaction, to a regulated securitisation repository. The securitisation repository, which authorisation requirements are set out in chapter 4 of the STS Regulation, will in turn disclose information on securitisation transactions to the public. With the application of these provisions, it is assumed that the disclosure requirements of the CRA Regulation concerning SFI's are also addressed. None of the transitory provisions set out in the Securitisation Regulations provide for retroactive effect of the disclosure requirements as set out in Article 7 of the STS Regulation. Rather, it is

provided in the Securitisation Regulation that until the regulatory technical standards to be adopted by the Commission pursuant to Article 7(3) of the STS Regulation apply, originators, sponsors and SSPEs shall, for the purposes of the obligations set out in points (a) and (e) of the first subparagraph of Article 7(1) of the STS Regulation, make the information referred to in Annexes I to VIII of Regulation 2015/3 available in accordance with Article 7(2) of the STS Regulation which applies from 1 January 2019 in respect of securitisations the notes of which are issued on or after 1 January 2019. Consequently, the disclosure requirements of article 7 of the STS Regulation apply in respect of the Notes. Such disclosure requirements replace the disclosure requirements stemming from the provisions of law applicable prior to 1 January 2019, including the requirements stemming from the CRA Regulation concerning SFI's as a result of the repealing of article 8b of the CRA Regulation as set forth in article 40 of the STS Regulation. On 22 August 2018, ESMA published its Final Report on securitisation disclosure technical standards (RTS/ITS) which included draft reporting templates, but on 31 January 2019, ESMA published a document entitled 'Opinion regarding amendments to ESMA's draft technical standards on disclosure requirements under the STS Regulation which included revised draft reporting templates' (**Disclosure Technical Standards**). Such Disclosure Technical Standards are on the date of issue of the Notes subject to review by the European Commission and not yet adopted in a binding delegated regulation of the European Commission. The transitional provision of article 43(8) STS Regulation applies and, consequently, disclosures in respect of the Notes must be made in accordance with the requirements of Annexes I to VIII of Delegated Regulation (EU) 2015/3. In a joint statement of the European Supervisory Authorities published on 30 November 2018 (JC 2018 70), the European Supervisory Authorities confirmed that with the repealing of article 8b of the CRA Regulation effective since 1 January 2019 and until the ESMA reporting templates to be used to meet the reporting requirements under article 7 STS Regulation will be available, the competent authority will be required to make a case-by-case assessment when examining the compliance with the disclosure requirements of the STS Regulation, taking into account the type and extent of information being disclosed by the reporting entity. On the date of this Prospectus, there remains uncertainty as to the nature and detail of the information to be published, the manner in which it will need to be published and what the consequences would be for the Issuer, related third parties and investors resulting from any potential non-compliance by the Issuer with the reporting obligations.

Limitations of any Credit Rating Agency Confirmation

The relevant Transaction Documents provide that, upon the occurrence of certain events or matters the Security Trustee needs to obtain a Credit Rating Agency Confirmation before it is allowed to take any action or consent to an amendment of the relevant Transaction Documents.

The Security Trustee may, for the purposes of exercising any power, authority, duty or discretion under or in relation to the Conditions or any of the relevant Transaction Documents take the provision of a Credit Rating Agency Confirmation into account in determining whether such exercise will be materially prejudicial to the interest of any Class of Notes and the other Secured Creditors. By the Issuer or the Security Trustee obtaining a Credit Rating Agency Confirmation each of the Security Trustee, the Noteholders and the other Secured Creditors will be deemed to have agreed and/or acknowledged that (i) a credit rating is an assessment of credit only and does not address other matters that may be of relevance to the Noteholders or the other Secured Creditors, (ii) neither the Security Trustee nor the Noteholders nor the other Secured Creditors have any right of recourse to or against the relevant Credit Rating Agency in respect of the relevant Credit Rating Agency Confirmation which is relied upon by the Security Trustee and (iii) reliance by the Security Trustee on a Credit Rating Agency Confirmation does not create, impose on or extend to the relevant Credit Rating Agency any actual or contingent liability to any person (including, without limitation, the Security Trustee and/or the Noteholders and/or the other Secured Creditors) or create any legal relations between the relevant Credit Rating Agency and the Security Trustee, the Noteholders, the other Secured Creditors or any other person whether by way of contract or otherwise.

In addition, Noteholders should be aware that the definition of Credit Rating Agency Confirmation also covers, among other things, the circumstances where no positive or negative confirmation or indication is forthcoming from any Credit Rating Agency provided that 30 days have passed since such Credit Rating Agency was notified of the relevant matter and that reasonable efforts were made to obtain a confirmation or an indication from such Credit Rating Agency. In such circumstance a Credit Rating Agency Confirmation will, for the purpose of the relevant Condition or Transaction Document, be deemed to have been obtained. Credit Rating Agencies are not bound to the Conditions or the Transaction Documents and may take any action in relation to the credit ratings assigned to the Notes, also in circumstances where for the purposes of the Conditions or the Transaction Document a Credit Rating Agency Confirmation is (deemed to have been) obtained.

Risk from reliance on verification by PCS

The Seller, in its capacity as originator under the STS Regulation, and the Issuer, as SSPE, have used the services of PCS, a third party authorised pursuant to article 28 of the STS Regulation, to verify whether the securitisation transaction described in this Prospectus complies with (i) articles 19 to 22 of the STS Regulation and (ii) the criteria set forth in the CRR regarding STS-securitisations (i.e. the CRR Assessment and/or the LCR Assessment) and the compliance with such requirements is expected to be verified by PCS on the Closing Date. However, none of the Issuer, Aegon Hypotheken B.V. (in its capacity as the Seller and the Reporting Entity), the Issuer Administrator, the Manager and the Arranger gives any explicit or implied representation or warranty as to (i) inclusion in the list administered by ESMA within the meaning of article 27 of the STS Regulation, (ii) that the securitisation transaction described in this Prospectus does or continues to comply with the STS Regulation, (iii) that this securitisation transaction does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of article 18 of the STS Regulation after the date of this Prospectus and (iv) that the criteria set forth in the CRR regarding STS-securitisations (i.e. the CRR Assessment and/or the LCR Assessment) is complied with.

The verification by PCS does not affect the liability of the Seller, as originator under the STS Regulation, and the Issuer, as SSPE in respect of their legal obligations under the STS Regulation. Furthermore, the use of such verification by PCS shall not affect the obligations imposed on institutional investors as set out in article 5 of the STS Regulation. Notwithstanding PCS' verification of compliance of a securitisation with articles 19 to 22 of the STS Regulation, such verification by PCS does not ensure the compliance of a securitisation with the general requirements of the STS Regulation. A verification does not remove the obligation placed on investors to assess whether a securitisation labelled as 'STS' or 'simple, transparent and standardised' has actually satisfied the criteria. Investors must not solely or mechanistically rely on any STS notification or PCS' verification to this extent.

The Seller, in its capacity as originator under the STS Regulation, will include in its notification pursuant to article 27(1) of the STS Regulation, a statement that compliance of the securitisation described in this Prospectus with articles 19 to 22 of the STS Regulation has been verified by PCS.

The designation of the securitisation transaction described in this Prospectus as an STS-securitisation is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined under MiFID II and it is not a credit rating whether generally or as defined under the CRA Regulation or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended).

By designating the securitisation transaction described in this Prospectus as an STS-securitisation, no views are expressed about the creditworthiness of the Notes or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for the Notes.

Factors which might affect an investor's ability to make an informed assessment of the risks associated with Notes

The Notes are complex financial products. Investors in the Notes must be able to make an informed assessment of the Notes, based upon full knowledge and understanding of the facts and risks. Investors must determine the suitability of that investment in light of their own circumstances. The following factors might affect an investor's ability to appreciate the risk factors outlined in this Section 2 (*Risk Factors*), placing such investor at a greater risk of receiving a lesser return on its investment:

(i) if such an investor does not have sufficient knowledge and experience to make a meaningful evaluation of the Notes and the merits of investing in the Notes in light of the risk factors outlined in this Section 2 (Risk Factors);

(ii) if such an investor does not have access to, and knowledge of, appropriate analytical tools to evaluate, in the context of its particular financial situation, the significance of these risk factors and the impact the Notes will have on its overall investment portfolio;

(iii) if such an investor does not have sufficient financial resources and liquidity to bear all of the risks of an investment in the Notes, including where the currency for principal or interest payments is different from the investor's currency;

(iv) if such an investor does not understand thoroughly the terms of the Notes and is not familiar with the behaviour of any relevant indices in the financial markets (including the risks associated therewith) as such investor is more vulnerable to any fluctuations in the financial markets generally; and

(v) if such an investor is not able to evaluate (either alone or with the help of a financial adviser) possible scenarios for economic, interest rate and other factors that may affect his investment and his ability to bear the applicable risks.

The market valuation of the Notes may be adversely affected by a lack of liquidity in the secondary market

There is not, at present, an active and/or liquid secondary market for the Notes. There can be no assurance that such market will develop or, if a secondary market does develop, that it will provide the holders of such Notes with liquidity of investment or that it will continue for the life of the Notes. Consequently, any purchaser of the Notes must be prepared to hold the Notes until final redemption or earlier upon application in full of the proceeds of enforcement of the Security by the Security Trustee or alternatively such investor may only be able to sell its Notes at a discount to the original purchase price of those Notes.

The secondary market for the Notes has experienced severe disruptions resulting from reduced investor demand for mortgage loans and mortgage-backed securities and increased investor yield requirements for those loans and securities.

Limited liquidity in the secondary market for mortgage-backed securities has had a severe adverse effect on the market value of mortgage-backed securities. The conditions may again worsen in the future. Limited liquidity in the secondary market for mortgage-backed securities may have an adverse effect on the market valuation of mortgage-backed securities, especially those securities that are more sensitive to credit or interest rate risk and those securities that have been structured to meet the investment requirements of limited categories of investors. Consequently, investors may not be able to sell or acquire credit protection on their Notes readily. The market valuation of the Notes is likely

to fluctuate and may be difficult to determine. Any of these fluctuations may be significant and could result in significant losses to investors.

In addition, potential investors in the Notes should be aware of the prevailing global credit market conditions (which continue at the date of this Prospectus), whereby there is a general lack of liquidity in the secondary market for instruments similar to the Notes. In particular, it should be noted that the market for the Notes is likely to be affected by any restructuring of sovereign debt by Member States of the EU that have adopted the single currency in accordance with the Treaty establishing the European Community (signed in Rome on 25 March 1957) as amended (the **Eurozone**). Such lack of liquidity may result in investors suffering losses on the Notes in secondary trades even if there is no decline in the performance of the portfolio. The Issuer cannot predict whether these circumstances will change and whether, if and when they do change, there will be a more liquid market for the Notes and investments similar to the Notes at that time.

In September 2014, the ECB initiated an asset purchase programme whereby it envisages to bring inflation back to levels in line with the ECB's objective to maintain the price stability in the euro area and, also, to help enterprises across Europe to gain better access to credit, boost investments, create jobs and thus support the overall economic growth. On 14 June 2018, the ECB announced that net purchases under the programme will continue at its current monthly pace of EUR 30 billion until the end of September 2018. Thereafter, it is envisaged that the monthly pace of the net purchases will be reduced to EUR 15 billion until the end of December 2018 and, subsequently, will end. On 13 December 2018, the Governing Council of the ECB decided that net purchases under the asset purchase programme would end in December 2018. On 7 March 2019, the Governing Council indicated that it intends to continue reinvesting, in full, the principal payments from maturing securities purchased under the asset purchase programme for an extended period of time past the date when the Governing Council starts raising the key ECB interest rates, and in any case for as long as necessary to maintain favourable liquidity conditions and an ample degree of monetary accommodation. It remains to be seen what the effect of the purchase programme, and the termination thereof, ultimately will be on the volatility in the financial markets and economy generally.

Whilst central bank schemes, such as the ECB asset purchase programme, provide an important source of liquidity in respect of eligible securities, restrictions in respect of the relevant eligibility criteria for eligible collateral which apply and will apply in the future under such central bank schemes are likely to adversely impact secondary market liquidity for mortgage-backed securities in general, regardless of whether the Notes are eligible securities pursuant to such central bank schemes or not.

Notes of a Class may rank subordinate to other Classes

The obligations of the Issuer in respect of the Notes will be subordinated to the obligations of the Issuer in respect of certain items set forth in the applicable Priority of Payments (see section *Credit Structure*). The right to payment of principal on the Class B Notes will be subordinated to, *inter alia* payments of principal amounts and interest amounts in respect of the Class A Notes, and as from but excluding the First Optional Redemption Date, the Class A Excess Consideration Revenue Shortfall Amount payable in respect of the Class A Notes if applicable. The right to payment of principal on the Class C Notes will be subordinated to, *inter alia*, payments of principal amounts (through debiting of the Class A Principal Deficiency Ledger or following delivery of an Enforcement Notice) and interest amounts in respect of the Class A Notes and as from but excluding the First Optional Redemption Date, the Class A Excess Consideration and the Class A Additional Redemption Amounts payable in respect of the Class A Notes if applicable, and payments of principal (through debiting of the Class B Principal Deficiency Ledger or following delivery of an Enforcement Notice upon Enforcement) on the Class B Notes and in each case may be limited as more fully described herein under section *Credit Structure* and *Terms and Conditions* in section *The* Notes. All Notes rank subordinate to certain other creditors. See *Priority of Payments* in section *Credit Structure*.

Depending on the losses under the Mortgage Loans, the Issuer may not receive sufficient amounts to fully redeem the Notes. Losses will be allocated on each Notes Payment Date, to the Notes in reverse alphabetical order, as more fully described in *Credit Structure*.

Risk of redemption of Class B Notes and Class C Notes with a Principal Shortfall

In accordance with Condition 9(a), a Class B Note and a Class C Note may be redeemed in part, subject to a Class B Principal Shortfall or a Class C Principal Shortfall, respectively. As a consequence a holder of a Class B Note or a Class C Note may not receive the full Principal Amount Outstanding of such Note upon redemption in accordance with and subject to Condition 6. This applies not only to redemption of the Class B Notes or the Class C Notes on the Final Maturity Date, but also to redemption in accordance with Condition 6(b) (Mandatory Redemption of the Notes), Condition 6(d) (Optional Redemption) and Condition 6(e) (*Redemption for tax reasons*).

The Class A Notes may not be redeemed with a principal shortfall unless, as from and including the Notes Payment Date falling in July 2026 only, by way of an Extraordinary Resolution of the Class A Noteholders it is resolved that the Issuer may sell and transfer the Mortgage Receivables at a price less than the amount required to redeem the Class A Notes in full together with unpaid interest and the Class A Excess Consideration Amount (and any higher ranking items in accordance with the Pre-Enforcement Revenue Priority of Payments).

This means that, from the Notes Payment Date falling in July 2026 the Issuer has the right to sell the Mortgage Receivables at a price insufficient to redeem the Class B Notes in whole. In such case, the Class B Noteholders may not be redeemed in full or they may not receive any amount at all. Any unpaid amount on the Class B Notes shall in such case cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

Conflict of interests between holders of different Classes of Notes may result in the interest of one or more holders of lower ranking Classes of Notes being disregarded

Circumstances may arise when the interests of the holders of different Classes of Notes could conflict. The Trust Deed contains provisions requiring the Security Trustee to have regard to the interests of the Noteholders as regards all powers, trust, authorities, duties and discretions of the Security Trustee (except where expressly provided otherwise) each as a Class, but requiring the Security Trustee in any such case to have regard only to the interests of the holders of the most senior ranking Class of Notes at such time, if, in the Security Trustee's opinion, there is a conflict between the interests of this Class of Notes on one hand and the lower ranking Class or, as the case may be, Classes of Notes on the other hand. In addition, the Security Trustee shall have regard to the interests of the other Secured Creditors, provided that in case of a conflict of interest between the different Secured Creditors the Priority of Payments upon enforcement set forth in the Trust Deed and as set out in section *Credit Structure*, determines which interest of which Secured Creditor prevails.

An Extraordinary Resolution passed at any meeting of the Class A Noteholders shall be binding on all other Classes of Notes, irrespective of its effect upon them, except in case of an Extraordinary Resolution to sanction a Basic Terms Change, which shall not take effect unless it shall have been sanctioned by (i) an Extraordinary Resolution of the holders of the lower ranking Classes of Notes and (ii) the Security Trustee if the Security Trustee is of the opinion that it will not be materially prejudicial to the respective interests of the holders of the lower ranking Classes of Notes.

By way of an Extraordinary Resolution of the Class A Noteholders, the Class A Noteholders may, from the Notes Payment date falling in July 2026, resolve that the Issuer may sell and transfer the Mortgage Receivables at a price less than the amount required to redeem the Class A Notes in full together with unpaid interest and the Class A Excess Consideration Amount (and any higher ranking

items in accordance with the Pre-Enforcement Revenue Priority of Payments). There is a risk that the minority of Class A Noteholders will be bound by such Extraordinary Resolution and suffer a loss. As a consequence of such Extraordinary Resolution the Class B Notes may be redeemed at an amount equal to the higher of (i) the Available Principal Funds remaining after redemption of the Class A Notes together with accrued and unpaid interest thereon and the Class A Excess Consideration Amount and (ii) zero. Any unpaid amount on the Class B Notes shall in such case cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

An Extraordinary Resolution (other than a sanctioning Extraordinary Resolution referred to in the previous paragraph) passed at any meeting of a Class of Notes (other than the Class A Notes) or, as the case may be, Classes of Notes (other than the Class A Notes) shall not be effective, unless it shall have been sanctioned by (i) an Extraordinary Resolution of the Class A Noteholders or (ii) the Security Trustee if the Security Trustee is of the opinion that it will not be materially prejudicial to the interests of the Class A Noteholders.

Any Extraordinary Resolution duly passed shall be binding on all Noteholders of the relevant Class (whether or not they were present at the meeting at which such resolution was passed).

The Noteholders of any Class may adopt a resolution without the formalities for convening a meeting set out in the Trust Deed being observed, including an Extraordinary Resolution and/or an Extraordinary Resolution relating to a Basic Terms Change, provided that such resolution is unanimously adopted in writing - including by e-mail, facsimile or electronic transmission, or in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing – by all Noteholders of the relevant Class having the right to cast votes.

The Seller will purchase and initially hold the Retained Notes, subject to certain conditions precedent being satisfied, and on terms set out in the Subscription Agreement. The Seller is entitled to exercise the voting rights in respect of any Notes it holds including the Retained Notes, which may be prejudicial to other Noteholders.

The Security Trustee may or, in certain circumstances, shall agree to modifications, waivers or authorisations without the Noteholders' prior consent

Pursuant to the terms of the Trust Deed and in accordance with Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*), the Security Trustee may agree, without the consent of the Noteholders to, *inter alios*, (i) any modification of any of the provisions of the Trust Deed, the Notes or any other Transaction Document which is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification, and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Trust Deed, the Notes or any other Transaction Document which is in the opinion of the Security Trustee not materially prejudicial to the interests of the Noteholders and would not result in the transaction described in this Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the transaction described in this Prospectus is designated as a STS-securitisation, provided that a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such modification, authorisation or waiver and (iii) subject to certain requirements being satisfied, any modification that enables the Issuer to comply with the CRA3 Requirements, including any requirements imposed by the Securitisation Regulations or any other obligation which applies to it under the CRA3 Requirements, the Securitisation Regulations and/or any new regulatory requirements, subject to receipt by the Security Trustee of a certificate of the Issuer certifying to the Security Trustee that the amendments requested by the Issuer are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under the CRA3 Requirements the Securitisation Regulations and/or any new regulatory requirements. The full requirements in

relation to any modification, waiver or authorisation without the Noteholders' prior consent, have been set out in Condition 14.

Risk that the Class A Notes will not be eligible as Eurosystem Eligible Collateral

The Class A Notes are intended to be held in a manner which allows Eurosystem eligibility. The Class A Notes will upon issue be deposited with Euroclear or Clearstream, Luxembourg which are ICSDs, but this does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria as amended from time to time. On 15 December 2010, the Governing Council of the ECB decided to establish loan-by-loan information requirements for asset-backed securities in the Eurosystem collateral framework. On 28 November 2012, in the guideline of the ECB of 26 November 2012 amending guideline ECB/2011/14 on monetary policy instruments and procedures of the Eurosystem (ECB/2012/25), the ECB laid down the reporting requirements related to the loan-level data for asset-backed securities. Such reporting requirements have applied since 3 January 2013 in the case of residential-mortgage backed securities (RMBS). For asset-backed securities to become or to remain eligible for Eurosystem monetary policy operations, the Eurosystem requires comprehensive and standardised loan-level data on the pool of cash flow generating assets underlying an asset-backed security to be submitted by the relevant parties in the asset-backed security, as set out in appendix 8 (loan level data reporting requirements for asset-backed securities) of the guideline of the ECB of 26 November 2012 amending guideline ECB/2011/14 on monetary policy instruments and procedures of the Eurosystem (ECB/2012/25). Non-compliance with provision of loan-level data will lead to suspension of or refusal to grant eligibility to the asset-backed security transaction in question. On 22 March 2019, the ECB published a press release stating that the loan-level data reporting requirements of the Eurosystem collateral framework will converge towards the disclosure requirements and registration process for securitisation repositories specified in the STS Regulation. It has been agreed in the Transparency Reporting Agreement, that the Reporting Entity (or any agent on its behalf) will procure that such loan-by-loan information will be made available. Should such loan-by-loan information not comply with the European Central Bank's requirements or not be available at such time, the Class A Notes may not be recognised as Eurosystem Eligible Collateral. Application has been made to Euronext Amsterdam for the Notes to be admitted to the official list and trading on its regulated market on or about the Closing Date. However, there is no assurance that the Notes will be admitted to the official list and trading on the regulated market of Euronext Amsterdam. If the Class A Notes are not admitted to listing, they will not be recognised as Eurosystem Eligible Collateral.

Neither the Issuer, the Manager nor the Arranger gives a representation, warranty, confirmation or guarantee to any investor in the Class A Notes that the Class A Notes will, either upon issue, or at any or all times during their life, satisfy all or any requirements for Eurosystem eligibility from time to time and be recognised as Eurosystem Eligible Collateral. Any potential investors in the Class A Notes should make their own determinations and seek their own advice with respect to whether or not such Notes constitute Eurosystem Eligible Collateral. The Class B Notes and the Class C Notes are not intended to be recognised as Eurosystem Eligible Collateral.

Risk that the Issuer breaches the Wft if the Servicer ceases to be properly licensed

Under the Wft, a special purpose vehicle which services (*beheert*) and administers (*uitvoert*) loans granted to consumers, such as the Issuer, must have a license under that act. However, an exemption from the license requirement is available if the special purpose vehicle outsources the servicing of the mortgage loans and the administration thereof to an entity holding a license to service and administer loans to consumers. The Issuer has outsourced the servicing and administration of the Mortgage Loans to the Servicer. The Servicer holds the relevant license under the Wft and the Issuer will thus benefit from the exemption. However, if the appointment of the Servicer under the Servicing Agreement is terminated, the Issuer will need to outsource the servicing and administration of the

Mortgage Loans to another licensed entity or it needs to apply for and hold a license itself. In the latter case, the Issuer will have to comply with the applicable requirements under the Wft. If such appointment under the Servicing Agreement is terminated and the Issuer has not outsourced the servicing and administration of the Mortgage Loans to a licensed entity and, in such case, it will not hold a license itself, the Issuer will have to terminate its activities and settle (*afwikkelen*) its existing agreements itself. There are a number of licensed entities in the Netherlands to which the Issuer could outsource the servicing and administration activities. It remains, however, uncertain whether any of these entities will be willing and able to perform these activities on behalf of the Issuer, or if so against terms acceptable to the Issuer and the Security Trustee. If the Issuer cannot find an authorised servicer, it may be forced to sell the Mortgage Receivables which could result, among others, in early redemption of the Notes and repayment of principal in accordance with the Pre-Enforcement Principal Priority of Payments or the occurrence of an Event of Default and repayment of principal in accordance with the Post-Enforcement Priority of Payments and is in either case likely to result in proceeds being insufficient to pay Noteholders.

The Issuer will not be obliged to gross-up for taxes

As provided for in Condition 7, if any withholding of, or deductions for, or on account of, any present or future taxes, duties or charges of whatever kind is imposed by, or on behalf of, the Netherlands or any other jurisdiction or any political subdivision or any authority of the Netherlands or in the Netherlands having power to tax, the Issuer or the Paying Agents (as applicable) will make the required withholding or deduction of such taxes, duties or charges, as the case may be, and shall not be obliged to pay any additional amount to the Noteholders.

The performance of the Notes may be adversely affected by the recent conditions in the global financial markets (including but not limited to the UK's withdrawal from the EU (Brexit)) and these conditions may not improve in the near future

Global markets and economic conditions have been negatively impacted in recent years by the banking and sovereign debt crisis in the EU and globally. In particular, concerns have been raised with respect to continuing economic, monetary and political conditions in the region comprised of the Member States of the EU that have adopted the single currency in accordance with the Treaty establishing the European Community (signed in Rome on 25 March 1957) as amended (the Eurozone).

The market's anticipation of these (potential) impacts could have a material adverse effect on the business, financial condition and liquidity of the Seller, the Interest Rate Cap Provider, the Cash Advance Facility Provider and the Issuer Account Bank. In particular, these developments could disrupt payment systems, money markets, long-term or short-term fixed income markets, foreign exchange markets, commodities markets and equity markets, and adversely affect the cost and availability of funding. Certain impacts, such as increased spreads in money markets and other short term rates, have already been seen as a result of market expectations.

In the event of continued or increasing market disruptions and volatility (including as may be demonstrated by any default or restructuring of indebtedness by one or more Member States or institutions within those Member States and/or any changes to, including member states exiting the European Union or any break up of, the Eurozone), the Seller, the Interest Rate Cap Provider, the Cash Advance Facility Provider and the Issuer Account Bank may experience reductions in business activity, increased funding costs, decreased liquidity, decreased asset values, additional credit impairment losses and lower profitability and revenues, which may affect their ability to perform their respective obligations under the relevant Transaction Documents.

In this respect it is noted that, pursuant to a referendum held in June 2016, the UK has voted to leave the European Union and, on 29 March 2017, the UK Government invoked article 50 of the Lisbon

Treaty and officially notified the European Union of its decision to withdraw from the European Union. This commenced the formal two-year process of negotiations regarding the terms of the withdrawal and the framework of the future relationship between the UK and the European Union (the article 50 withdrawal agreement). As part of those negotiations, a transitional period has been agreed in principle which would extend the application of European Union law, and provide for continuing access to the European Union single market, until the end of 2020 and possibly longer.

The article 50 withdrawal agreement has not yet been ratified by the UK or the European Union. The parties have agreed to an extended time line which allows for ratification to take place any time prior to 31 October 2019. To the extent ratification does take place ahead of 31 October 2019, the UK would leave on the first date of the month following ratification. However, it remains uncertain whether the article 50 withdrawal agreement, or any alternative agreement, will be finalised and ratified by the UK and EU ahead of the deadline.

The uncertainty surrounding the implementation and effect of Brexit, including, the length of the Brexit negotiation period, the terms and conditions of Brexit, the uncertainty in relation to the legal and regulatory framework that would apply to the UK and its relationship with the remaining members of the EU (including, in relation to trade) during and after Brexit is being effected, has caused and is likely to cause increased economic volatility and adverse market uncertainty.

Changes to tax treatment of interest may impose various risks

The Dutch tax system allows borrowers to deduct, subject to certain limitations, mortgage interest payments for owner-occupied residences from their taxable income. The period allowed for deductibility is restricted to a term of 30 years. Since 2004, the Dutch income tax deductibility of mortgage interest payments has been restricted under the so-called additional borrowing regulation (*bijleenregeling*). On the basis of this regulation, if a home owner acquires a new home and realises a surplus value on the sale of his old home in respect of which Interest payments were deducted from taxable income, the interest deductibility is limited to the interest that relates to an amount equal to the purchase price of the new home less the net surplus value realized on the sale of the old home. Special rules apply to moving home owners that do not (immediately) sell their previous home.

As of 1 January 2013, deductibility of interest payments in respect of newly originated mortgage loans will only be available in respect of mortgage loans which amortise over 30 years or less and are repaid on at least an annuity basis.

In addition to these changes, two further restrictions on the deductibility of mortgage loan interest payments have entered into force.

The first restriction, which entered into force per 1 January 2014, gradually reduced the tax rate against which mortgage interest payments could be deducted at a rate of 0.5 per cent-point each year, which would have resulted in a reduction from the main income tax rate of 52 per cent. down to 38 per cent. in 2041.

The second restriction was part of the measures presented with the 2019 Tax Bill (*Belastingplan 2019*) and was enacted into law by the Dutch parliament on 18 December 2018.

From 1 January 2020, the annual 0.5 per cent. decrease of the interest deductibility for mortgage loans will be accelerated to 3% per year for a four-year period, until the rate is equal to the new first-bracket income tax rate of 37.05% in 2023.

These changes and any other or further changes in the tax treatment of mortgage loan interest payment deductibility could ultimately have an adverse impact on the ability of Borrowers to pay interest and principal on their Mortgage Loans. In addition, changes in tax treatment may lead to

different prepayment behaviour by Borrowers on their Mortgage Loans resulting in higher or lower prepayment rates of such Mortgage Loans.

Dutch tax risks related to the government's policy intentions for tax reform

On 10 October 2017, the Dutch government released their coalition agreement (*regeerakkoord*) 2017-2021, which included, amongst other items, certain policy intentions for tax reform.

One policy intention relates to the introduction of a conditional withholding tax on interest paid to creditors in low-tax jurisdictions or non-cooperative jurisdictions as of 2021 and may therefore become relevant in the context of the Dutch tax treatment of the Issuer, the Notes, and/or payments under the Notes. A legislative proposal that introduced a similar conditional withholding tax on dividends and the supporting parliamentary documents thereto mention that, like the conditional dividend withholding tax, this interest withholding tax would only apply to certain payments made by a Dutch entity directly or indirectly to a related entity in a low-tax or non-cooperative jurisdiction. However, it cannot be ruled out that it will have a wider application and, as such, it could potentially be applicable to payments in respect of the Notes.

Another policy intention relates to the introduction of a "thin capitalisation rule" that would limit the deductibility of interest payments for Dutch corporate income tax purposes relating to debt exceeding 92 per cent. of a taxpayer's commercial balance sheet total. Although the thin capitalisation rule is primarily aimed at banks and insurers, it may become applicable to other taxpayers, including the Issuer.

The proposed Financial transaction tax (FTT)

On 14 February 2013, the European Commission has published a proposal (the **Commission's Proposal**) for a Directive for a common FTT in Belgium, Germany, Estonia, Greece, Spain, France, Italy, Austria, Portugal, Slovenia and Slovakia (the **participating Member States**). However, Estonia has since stated that it will not participate.

The Commission's Proposal has very broad scope and could, if introduced in its current form, apply to certain dealings in Notes (including secondary market transactions) in certain circumstances.

Under the Commission's Proposal the FTT could apply in certain circumstances to persons both within and outside of the participating Member States. Generally, it would apply to certain dealings in the Notes where at least one party is a financial institution, and at least one party is established in a participating Member State. A financial institution may be, or be deemed to be, "established" in a participating Member State in a broad range of circumstances, including (a) by transacting with a person established in a participating Member State or (b) where the financial instrument which is subject to the dealings is issued in a participating Member State.

However, the FTT proposal remains subject to negotiation between the participating Member States. It may therefore be altered prior to any implementation, the timing of which remains unclear. Additional EU Member States may decide to participate.

Prospective holders of the Notes are advised to seek their own professional advice in relation to the FTT.

In certain circumstances, the Issuer and the Noteholders may be subject to U.S. withholding tax under FATCA

Pursuant to certain provisions of the U.S. Internal Revenue Code of 1986, commonly known as FATCA, a foreign financial institution (as defined by FATCA) may be required to withhold on certain

payments it makes (foreign passthru payments) to persons that fail to meet certain certification, reporting or related requirements. The Issuer may be a foreign financial institution for these purposes. A number of jurisdictions (including the Netherlands) have entered into, or have agreed in substance to, intergovernmental agreements with the United States to implement FATCA (**IGA**s), which modify the way in which FATCA applies in their jurisdictions. Under the provisions of IGAs as currently in effect, a foreign financial institution in an IGA jurisdiction would generally not be required to withhold under FATCA or an IGA from payments that it makes. Certain aspects of the application of the FATCA provisions and IGAs to instruments such as the Notes, including whether withholding would ever be required pursuant to FATCA or an IGA with respect to payments on instruments such as Notes, are uncertain and may be subject to change. Notes issued on or prior to the date that is six months after the date on which final regulations defining foreign passthru payments are filed with the U.S. Federal Register generally would be grandfathered for purposes of FATCA withholding unless materially modified after such date.

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding.

FATCA is particularly complex and its application is not fully certain at this time. The above description is based in part on regulations, official guidance and the U.S.-Netherlands IGA, all of which are subject to change or may be implemented in a materially different form. Prospective investors should consult their own tax advisers on how these rules may apply to the Issuer and to payments they may receive in connection with the Notes.

Valuations, risks of losses associated with declining property values and the effect on the housing market owing to weakening economic conditions

Valuations commissioned as part of the origination of Mortgage Loans, represent the analysis and opinion of the appraiser performing the valuation at the time the valuation is prepared or the outcome of a model based valuation report and are not guarantees of, and may not be indicative of, present or future value. There can be no assurance that another person or a different valuation model would have arrived at the same valuation, even if such person or model used the same general approach to and same method of valuing the property.

The security for the Notes created under the Pledge Agreements may be affected by, among other things, a decline in the value of those properties subject to the Mortgages securing the Mortgage Receivables and investments under the Insurance Policies. No assurance can be given that values of those properties have remained or will remain at the level at which they were on the date of origination of the related Mortgage Loans.

In addition, a forced sale of those properties may, compared to a private sale, result in a lower value of such properties. A decline in value may result in losses to the Noteholders if such security is required to be enforced. To the extent that specific geographic regions within the Netherlands have experienced or may experience in the future weaker economic conditions and housing markets than other regions, a concentration of the loans in such a region could exacerbate certain risks relating to the Mortgage Loans. These circumstances could affect receipts on the Mortgage Loans and ultimately result in losses on the Notes. See further sections 6.2 (*Description of Mortgage Loans*) and 6.4 (*Dutch residential mortgage market*).

Regulatory initiatives may have an adverse impact on the regulatory treatment of the Notes

In Europe, the United States and elsewhere there is increased political and regulatory scrutiny of the asset-backed securities industry. This has resulted in a raft of measures for increased regulation which

are currently at various stages of implementation and which may have an adverse impact on the regulatory position for certain investors in securitisation exposures and/or on the incentives for certain investors to hold asset-backed securities, and may thereby affect the liquidity of such securities. Investors in the Notes are responsible for analysing their own regulatory position and none of the Issuer, the Manager, the Arranger or the Seller makes any representation to any prospective investor or purchaser of the Notes regarding the regulatory treatment of their investment on the Closing Date or at any time in the future.

Investors should, among other things, be aware of the EU risk retention and due diligence requirements (amongst others, as set out in the STS Regulation) which currently apply, or are expected to apply in the future, in respect of various types of EU regulated investors including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings and UCITS funds. Amongst other things, such requirements restrict a relevant investor from investing in asset-backed securities unless (i) that investor is able to demonstrate that it has undertaken certain due diligence in respect of various matters including its note position, the underlying assets and (in the case of certain types of investors) the relevant sponsor or originator and (ii) the originator, sponsor or original lender in respect of the relevant securitisation has explicitly disclosed to the investor that it will retain, on an on-going basis, a net economic interest of not less than 5 per cent. in respect of certain specified credit risk tranches or asset exposures. Failure to comply with one or more of the requirements may result in various penalties including, in the case of those investors subject to regulatory capital requirements, the imposition of a penal capital charge on the notes acquired by the relevant investor. Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear.

In the United States, Section 941 of the Dodd-Frank Act amended the Exchange Act to require the "securitizer" of asset-backed securities to retain at least 5 per cent. of the credit risk to the assets collateralizing the asset-backed securities.

The risk retention and due diligence requirements described above apply, or are expected to apply, in respect of the Notes. With respect to the commitment of the Seller to retain a material net economic interest in the securitisation and with respect to the information to be made available by the Issuer or another relevant party, please see the statements set out in Section 4.4 (*Regulatory and Industry Compliance*) and Section 8 (*General*) for more details. Relevant investors are required to independently assess and determine the sufficiency of the information described above for the purposes of complying with any relevant requirements.

Prospective investors should therefore make themselves aware of the changes and requirements described above (and any corresponding implementing rules of their regulator), where applicable to them, in addition to any other applicable regulatory requirements with respect to their investment in the Notes. The matters described above and any changes to the regulation or regulatory treatment of the Notes for some or all investors may negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

Implementation of and/or changes to Basel III and Solvency II may affect the regulatory capital requirements and/or the liquidity associated with a holding of the Notes for certain investors

In Basel III, the Basel Committee on Banking Supervision (the **Basel Committee**) has made significant amendments to Basel II which aim at a substantial strengthening of capital rules, including new capital and liquidity requirements intended to reinforce capital standards and to establish minimum liquidity standards and a maximum leverage ratio for financial institutions. The changes refer to, amongst other things, new requirements for the capital base, measures to strengthen the capital requirements for counterparty credit exposures arising from certain transactions and the introduction of a leverage ratio as well as short-term and longer-term standards for funding and

liquidity (referred to as the **Liquidity Coverage Ratio** and the **Net Stable Funding Ratio**, respectively). The transitional provision phasing in the fulfilment of the Liquidity Coverage Ratio in four annual steps with the full applicability of the Liquidity Coverage Ratio requirements from 1 January 2018 has been waived by the Dutch Central Bank (**DNB**) for banks registered in the Netherlands. Dutch banks are required to maintain 100% of the Liquidity Coverage Ratio from 1 January 2016. The mandatory requirements for the Net Stable Funding Ratio would have applied from 1 January 2018, in principle, but based on November 2016 proposals for revision of CRR and CRD IV (as set out below) it is now expected that the mandatory requirements for the Net Stable Funding Ratio will become applicable from mid 2020 at the earliest.

The European authorities have indicated that they support Basel III in general. The capital rules of Basel III have been implemented through CRD IV, which replaced the directives 2006/48/EC and 2006/49/EC, as amended by directive 2009/111/EC. CRD IV entered into force on 1 January 2014, with full implementation by January 2019. However, CRD IV allows individual Member States to implement a stricter definition and/or level of capital more quickly than is envisaged under Basel III. On 1 August 2014, CRD IV was implemented in Dutch legislation. The EU authorities are seeking to facilitate the final implementation of Basel III through further amendments to CRD IV. The European Commission put forward significant draft proposals to amend CRD IV in November 2016 (with the amended Capital Requirements Regulation to be known as **CRR 2** and the amended Capital Requirements Directive to be known as **CRD V**).

In December 2013, the Basel Committee issued a second consultative document on revisions to the securitisation framework, including draft standards text. The second consultative document follows the first consultative document published in December 2012. The major changes in the second consultative document in relation to the first consultative document include (i) changes to the hierarchy of approaches and (ii) changes to calibration and other clarifications (including the proposal of the Basel Committee to set a 15 per cent. risk-weight floor for all approaches, instead of the 20 per cent. floor originally proposed). Comments on the consultative document and the proposed standards text were due on 21 March 2014.

In December 2014, the Basel Committee published a final document presenting the revised securitisation framework (the **Final Document**) to address a number of shortcomings in the Basel II securitisation framework and to strengthen the capital standards for securitisation exposures held in the banking book. No significant changes were made to the hierarchy of approaches relative to the hierarchy proposed in the second consultative document. The main changes in the Final Document in relation to the second consultative document include (i) the incorporation of tranche maturity as an additional risk driver and the application of a haircut in order to smooth the impact of maturity on capital charges when legal maturity is used, (ii) the reduction of the risk weights for longer-maturity tranches assigned under the securitisation external ratings-based approach and (iii) the abandonment of a proposal to include a granularity adjustment in respect of credit ratings.

On 11 July 2016, the Basel Committee published an updated standard for the regulatory capital treatment of securitisation exposures. By including the regulatory capital treatment for simple, transparent and comparable securitisations (**STC securitisations**, the Basel Committee's equivalent for securitisations under the STS Regulation), this standard amends the Basel Committee's 2014 capital standards for securitisations. The updated standard published on 11 July 2016 sets out additional criteria for differentiating the capital treatment of STC securitisations from that of other securitisation transactions. The additional criteria, for example, exclude (i) loans in the pool of underlying exposures that have loan-to-value ratio higher than 100% at the time of inclusion in the securitisation and (ii) transactions in which the standardised risk weights for the underlying assets exceed certain levels. From the updated standard it also follows that the risk weight for senior exposures under a STC securitisation has scaled down from 15 per cent. to 10 per cent.

Furthermore, pursuant to the directive of the European Parliament and of the Council of the European Union of 25 November 2009 on the taking-up and pursuit of the business of Insurance and Reinsurance (Solvency II), more stringent rules have applied for European insurance companies since January 2016 in respect of instruments such as the Notes in order to qualify as regulatory capital (*toetsingsvermogen c.q. solvabiliteitsmarge*). On 18 January 2015, the Solvency II Regulation entered into force. The implementing rules set out more detailed requirements for individual insurance undertakings as well as for groups, based on the provisions set out in Solvency II.

Based on Commission Delegated Regulation (EU) 2018/1221 of 1 June 2018 the existing provisions of Solvency II on calibration for 'type 1 securitisation' are, effective 1 January 2019, replaced by a more risk-sensitive calibration for STS-securitisations covering all possible tranches that also meet additional requirements in order to minimise risks.

Basel II, Basel III and to an even greater extent Solvency II affect the risk-weighting of the Notes in respect of certain investors if those investors are regulated in a manner which will be affected by these rules. Consequently, prospective investors should consult their own advisers as to the consequences of and the effect on them of the application of Basel II, Basel III and Solvency II, as implemented by their own regulator, to their holding of any Notes. It cannot be excluded that further amendments will be proposed and will have to be implemented in the legislation of the relevant EU Member States which may have a further impact on, among other things, the risk weighting, liquidity and value of the Notes. Neither the Issuer, the Manager nor the Security Trustee are responsible for informing Noteholders of the effects on the changes to risk weighting of the Notes which may result, among other reasons, from the adoption by their own regulator of Basel II, Basel III or Solvency II (whether or not in its current form or otherwise).

Non-compliance with STS status may result in higher capital requirements for investors

The EU has introduced securitisation reforms through the implementation of a new regime regulating securitisations, the STS Regulation, which in general applies from 1 January 2019 (although some legislative measures necessary for the full implementation of the new regime have not yet been finalised and compliance with certain new requirements is subject to the application of transitional provisions). Among other things, the new regime sets out the new criteria and procedures applicable to EU securitisations seeking the designation as "simple, transparent and standardised" (**STS**) securitisations, and includes provisions that harmonise and replace the risk retention and due diligence requirements applicable to certain EU-regulated investors. If the STS Regulation regime applies with respect to the issuance of the Notes, then certain EU-regulated investors are restricted from investing in such Notes unless that investor is able to demonstrate that it has undertaken certain due diligence assessments and verified various matters.

The Seller, in its capacity as originator under the STS Regulation, may procure an STS notification (an **STS Notification**) to be submitted to ESMA, in accordance with Article 27 of the STS Regulation, and subsequently to the DNB, that the requirements of Articles 19 to 22 of the STS Regulation (the **STS Requirements**) have been satisfied with respect to the issuance of the Notes. The STS Requirements may change over time and therefore no assurance can be given that the Notes, if they meet the STS Requirements at the time the initial STS Notification is published by ESMA, will remain compliant. No assurance can be given on how competent authorities will interpret and apply the STS Requirements (and international or national regulatory guidance may change) or other related regulations such as the (i) Regulation (EU) 2017/2401 of the European Parliament and of the Council (the **CRR Amendment Regulation** and together with the STS Regulation being referred to as the **Securitisation Regulations**) and (ii) Commission Delegated Regulation (EU) 2015/61 of 10 October 2014 supplementing Regulation (EU) 575/2013 with regard to the Liquidity Coverage Requirement for Credit Institutions, as amended (the **LCR Delegated Regulation**), and what is or will be required to demonstrate compliance to national regulators remains unclear, please see *Securitisation positions*

qualifying as High Quality Liquid Asset below. In addition, the STS status of the Notes is not static and prospective investors should verify the current status of such Notes on ESMA's website.

Moreover, with respect to the Notes, the Seller may obtain a verification of compliance of such Notes with the STS Requirements (an **STS Assessment**), as well as with relevant provisions of Article 243 and Article 270 of the CRR Amendment Regulation and/or Article 7 and Article 13 of the LCR Delegated Regulation, from a third party verification agent authorised under Article 28 of the STS Regulation (an **Authorised Verification Agent**). If an Authorised Verification Agent is appointed to prepare an STS Assessment with respect to the Notes, the name of such agent will be disclosed in the STS Notification and the corresponding STS Assessment will be publicly available.

Although the securitisation transaction described in this Prospectus has been structured to comply with the requirements for STS-securitisations, and STS compliance is expected to be verified by PCS on the Closing Date (see section 4.4 *Regulatory and industry compliance*), no guarantee can be given that it has (by virtue of such verification alone) or will continue to have this status throughout its lifetime. Non-compliance with such status may result in higher capital requirements for investors. Furthermore, non-compliance could result in various administrative sanctions and/or remedial measures being imposed on the Issuer or the Seller which may be payable or reimbursable by the Issuer or the Seller. As each of the Priority of Payments do not foresee a reimbursement of the Issuer for the payment of any of such administrative sanctions and/or remedial measures, the repayment of the Notes may be adversely affected.

An STS Assessment is not an opinion on the creditworthiness of the Notes nor on the level of risk associated with an investment in the Notes. In addition, it is not an indication of the suitability of the Notes for any investor and/or a recommendation to buy, sell or hold Notes. Institutional investors that are subject to the due diligence requirements of the STS Regulation, when assessing STS compliance of the Notes, may not solely rely on any STS Assessment, the STS Notification or other disclosed information, and must make their own independent assessment.

Securitisation positions qualifying as High Quality Liquid Asset

On 13 July 2018 the European Commission published the final draft Commission Delegated Regulation amending Delegated Regulation (EU) 2015/61 of 10 October 2014 to supplement Regulation (EU) No 575/2013 of the European Parliament and the Council with regard to liquidity coverage requirement for credit institutions. This proposal for amendment aims to integrate the STS criteria for securitisations in the LCR Delegated Regulation. Securitisations can be counted as Level 2B high quality liquid assets (**HQLA**) only if they fulfil the conditions laid down in Article 13 of the LCR Delegated Regulation. In the revised provision of Article 13 LCR Delegated Regulation, a reference is made to the requirement that securitisation positions will only qualify as HQLA if the designation 'STS' or 'simple, transparent and standardised' or a designation that refers directly or indirectly to those terms is permitted to be used for the securitisation in accordance with the STS Regulation and is also being so used. The STS Regulation sets out a list of criteria which defines "STS" securitisations.

The criteria laid down in the LCR Delegated Regulation for securitisation positions qualifying as Level 2B assets have been supplemented by a reference to the Securitisation Regulations in the legislative proposal as published on 13 July 2018. Those specific to liquidity (such as the criteria regarding the issue size, the types of underlying exposures or the rating) have been retained in the legislative proposal as published in January 2018. In the revised provision of article 13 LCR Delegated Regulation, a reference is made to the requirement that securitisation positions will only qualify as HQLA if the securitisation positions have been issued and an STS-notification has been made with and processed by ESMA. It may be established that to the extent the Notes meet the requirements of the LCR Delegated Regulation as they applied prior to 1 January 2019, they will qualify as HQLA even after 1 January 2019. No assurance can be provided that the Notes qualify as

HQLA beyond 30 April 2020, being the date of application of the revised provisions of the LCR Delegated Regulation.

Neither the Issuer, the Seller, the Security Trustee nor the Arranger are responsible for informing any Noteholders of the effects on the changes to risk-weighting of the Notes or the qualification as Level 2B HQLA which, amongst others, may result from the suspension, delay or withdrawal of this STS-securitisation from the list published by ESMA on its website pursuant to article 27(5) of the STS Regulation or the adoption, interpretation or application by their own regulator of CRR, Solvency II or the LCR Delegated Regulation (whether or not in their current form or otherwise). Prospective investors should assess independently and where relevant should consult their own advisors as to the effects of the changes to risk weights of the Notes referred to above or the qualification as Level 2B HQLA. The matters described above and any other changes to the regulation or regulatory treatment of the Notes for some or all investors may severely impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

Investor compliance with due diligence requirements under the STS Regulation

Investors should be aware of the due diligence requirements under article 5 of the STS Regulation that apply to institutional investors with an EU nexus (including credit institutions, authorised alternative investment fund managers, investment firms, insurance and reinsurance undertakings, institutions for occupational retirement provision and UCITS funds).

Amongst other things, such requirements restrict an institutional investor (other than the originator, sponsor or original lender within the meaning of the STS Regulation) from investing in securitisation positions unless, prior to holding the securitisation position:

(a) that institutional investor has verified that:

  (i) for certain originators, certain credit-granting standards were met in relation to the origination of the underlying exposures;

  (ii) the risk retention requirements set out in article 6 of the STS Regulation are being complied with; and

  (iii) information required by article 7 of the STS Regulation has been made available; and

(b) that institutional investor has carried out a due diligence assessment which enables it to assess the risks involved, which shall include at least (among other things) the risk characteristics of its securitisation position and the underlying exposures of the securitisation, and all the structural features of the transaction that can materially impact the performance of its securitisation position.

In addition, under article 5(4) of the STS Regulation, an institutional investor (other than the originator, sponsor or original lender) holding a securitisation position shall at least establish appropriate written procedures that are proportionate to the risk profile of the securitisation position and, where relevant, to the institutional investor's trading and non-trading book, in order to monitor, on an ongoing basis, compliance with its due diligence requirements and the performance of the securitisation position and of the underlying exposures. Depending on the approach in the relevant EU Member State, failure to comply with one or more of the due diligence requirements may result in penalties including fines, other administrative sanctions and possibly criminal sanctions. In the case of those institutional investors subject to regulatory capital requirements, capital charges may also be imposed on the securitisation position (i.e., notes) acquired by the relevant institutional investor.

The institutional investor due diligence requirements described above apply in respect of the Notes. Relevant institutional investors are required to independently assess and determine the sufficiency of the information described elsewhere in this Prospectus for the purposes of complying with article 5 of the STS Regulation and any corresponding national measures which may be relevant to investors.

Aspects of the requirements and what is or will be required to demonstrate compliance to national regulators remain unclear and are still evolving. Prospective investors who are uncertain as to the requirements that will need to be complied with in order to avoid the consequences of the non-compliance should seek guidance from their regulator. See Section 4.4 (*Regulatory and industry compliance*) below.

Applicability of risk retention requirements

As at the Closing Date, the Seller in its capacity as the "originator" within the meaning of article 2(3) of the STS Regulation has undertaken to the Issuer, the Security Trustee and the Arranger that it will comply with the Securitisation Retention Requirements, by holding the entire interest in the first loss tranche of the securitisation transaction described in this Prospectus (held through the Class B Notes and the Class C Notes) in accordance with paragraph 3 item (d) of article 6 of the STS Regulation. In addition, the Seller shall provide Noteholders with all relevant information that such Noteholders may require to comply with their obligations under the applicable provisions of the STS Regulation, including to make appropriate disclosures, or to procure that appropriate disclosures are made, to Noteholders about the retained net economic interest in the securitisation transaction and to ensure that the Noteholders have readily available access to the information required by article 5 of the STS Regulation. The Seller has been advised that it may be classified as an 'originator' within the meaning of article 2(3) of the STS Regulation and may satisfy the requirement to retain a five (5) per cent. or higher net economic interest in the transaction. For the purpose of this risk factor, all such requirements, together with article 6 of the STS Regulation, are referred to as the **Securitisation Retention Requirements**.

Although the European Banking Authority report on securitisation risk retention, due diligence and disclosure dated 22 December 2014 and the legislative proposals of the European Commission relating to the draft securitisation regulation published on 30 September 2015 as amended by the EU Council Compromise achieved in December 2015 provide further guidance on the Securitisation Retention Requirements there remains considerable uncertainty with respect to the Securitisation Retention Requirements and it is not clear what will be required to demonstrate compliance to national regulators. Similar requirements to those set out in the Securitisation Retention Requirements will apply to securitisations by EEA undertakings for collective investment in transferable securities under the STS Regulation.

Investors should be aware that the regulatory treatment of any investment in the Notes will be determined by the interpretation which an investor's regulator places on the provisions of the Securitisation Regulations, or other applicable rules and guidance. Accordingly, investors who are uncertain as to the requirements that will need to be complied with in order to avoid the additional regulatory charges for non-compliance with the Securitisation Retention Requirements should seek guidance from their regulator.

The Securitisation Retention Requirements described above and any other changes to the regulation or regulatory treatment of the Notes may for some or all investors negatively impact the regulatory position of individual investors and, in addition, have a negative impact on the price and liquidity of the Notes in the secondary market.

U.S. risk retention requirements

Section 941 of the Dodd-Frank Act amended the Exchange Act to generally require the "securitiser" of a "securitisation transaction" to retain at least 5 per cent. of the "credit risk" of "securitised assets", as such terms are defined for purposes of that act, and generally prohibit a securitiser from directly or indirectly eliminating or reducing its credit exposure by hedging or otherwise transferring the credit risk that the securitiser is required to retain. The U.S. Risk Retention Rules came into effect on 24 December 2015 for residential-mortgage backed securities and 24 December 2016 with respect to all other classes of asset-backed securities. The U.S. Risk Retention Rules provide that the securitiser of an asset backed securitisation is its sponsor. The U.S. Risk Retention Rules also provide for certain exemptions from the risk retention obligation that they generally impose.

The Seller does not intend to retain at least 5 per cent. of the credit risk of the Issuer for the purposes of the U.S. Risk Retention Rules, but rather intends to rely on an exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions. Such non-U.S. transactions must meet certain requirements, including that (1) the transaction is not required to be and is not registered under the Securities Act; (2) no more than 10 per cent. of the dollar value (or equivalent amount in the currency in which the securities are issued) of all classes of securities issued in the securitisation transaction are sold or transferred to U.S. persons (in each case, as defined in the U.S. Risk Retention Rules) or for the account or benefit of U.S. persons (as defined in the U.S. Risk Retention Rules and referred to in this Prospectus as Risk Retention U.S. Persons); (3) neither the sponsor nor the issuer is organised under U.S. law or is a branch located in the United States of a non-U.S. entity; and (4) no more than 25 per cent. of the underlying collateral was acquired from a majority-owned affiliate or branch of the sponsor or issuer organised or located in the United States.

The Seller has advised the Issuer that it has not acquired, and it does not intend to acquire more than 25 per cent. of the assets from an affiliate or branch of the Seller or the Issuer that is organised or located in the United States.

Prospective investors should note that the definition of "U.S. person" in the U.S. Risk Retention Rules is different from the definition of "U.S. person" under Regulation S. The definition of U.S. person in the U.S. Risk Retention Rules is excerpted below. Particular attention should be paid to clauses (b) and (h), which are different than comparable provisions from Regulation S.

Under the U.S. Risk Retention Rules, and subject to limited exceptions, "U.S. person" (and "Risk Retention U.S. Person" as used in this Prospectus) means any of the following:

(a) any natural person resident in the United States;

(b) any partnership, corporation, limited liability company, or other organisation or entity organised or incorporated under the laws of any State or of the United States;[2]

(c) any estate of which any executor or administrator is a U.S. person (as defined under any other clause of this definition);

(d) any trust of which any trustee is a U.S. person (as defined under any other clause of this definition);

(e) any agency or branch of a foreign entity located in the United States;

[2] The comparable provision from Regulation S is "(ii) any partnership or corporation organised or incorporated under the laws of the United States."

(f) any non-discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary for the benefit or account of a U.S. person (as defined under any other clause of this definition);

(g) any discretionary account or similar account (other than an estate or trust) held by a dealer or other fiduciary organised, incorporated, or (if an individual) resident in the United States; and

(h) any partnership, corporation, limited liability company, or other organisation or entity if:

(A) organised or incorporated under the laws of any foreign jurisdiction; and

(B) formed by a U.S. person (as defined under any other clause of this definition) principally for the purpose of investing in securities not registered under the Securities Act.[3]

Consequently, the Notes may not be purchased by any person except for persons that are not Risk Retention U.S. Persons. Each holder of a Note or a beneficial interest acquired in the initial distribution of the Notes, by its acquisition of a Note or a beneficial interest in a Note, will be deemed to represent to the Issuer, the Seller and the Manager that it (1) is not a Risk Retention U.S. Person, (2) is acquiring such Note or a beneficial interest therein for its own account and not with a view to distribute such Note and (3) is not acquiring such Note or a beneficial interest therein as part of a scheme to evade the requirements of the U.S. Risk Retention Rules (including acquiring such Note through a non-Risk Retention U.S. Person, rather than a Risk Retention U.S. Person, as part of a scheme to evade the 10 per cent. Risk Retention U.S. Person limitation in the exemption provided for in Section 20 of the U.S. Risk Retention Rules described herein).

The Seller, the Issuer and the Manager are relying on the deemed representations made by purchasers of the Notes and may not be able to determine the proper characterisation of potential investors for such restriction or for determining the availability of the exemption provided for in Section 20 of the U.S. Risk Retention Rules, and neither the Manager nor any person who controls it or any director, officer, employee, agent or affiliate of the Manager accepts any liability or responsibility whatsoever for any such determination or characterisation.

There can be no assurance that the exemption provided for in Section 20 of the U.S. Risk Retention Rules regarding non-U.S. transactions will be available. Failure on the part of the Seller to comply with the U.S. Risk Retention Rules (regardless of the reason for such failure to comply) could give rise to regulatory action against the Seller which may adversely affect the Notes and the ability of the Seller to perform its obligations under the Transaction Documents. Furthermore, a failure by the Seller to comply with the U.S. Risk Retention Rules could negatively affect the value and secondary market liquidity of the Notes.

Risk relating to European Market Infrastructure Regulation (EMIR)

The Issuer will be entering into the Interest Rate Cap Agreement which is a derivatives transaction.

The Interest Rate Cap Agreement will likely qualify as an OTC derivative having a conditional notional amount and therefore may not be subject to the clearing obligation under Regulation (EU) No 648/2012 of the European Parliament and of the Council of 4 July 2012 on OTC derivatives, central counterparties and trade repositories (as amended from time to time) (**EMIR**). EMIR entered into force on 16 August 2012 and establishes certain requirements for OTC derivatives contracts, including a mandatory clearing obligation, margin posting and other risk-mitigation techniques for

[3] The comparable provision from Regulation S "(vii)(B) formed by a U.S. person principally for the purpose of investing in securities not registered under the Securities Act, unless it is organised or incorporated, and owned, by accredited investors (as defined in 17 CFR 230.501(a)) who are not natural persons, estates or trust

OTC derivatives contracts not cleared by a central counterparty, and reporting and record-keeping requirements.

Under EMIR, (i) financial counterparties and (ii) non-financial counterparties whose positions, together with the positions of all other non-financial counterparties in its "group" (as defined in EMIR), in OTC derivatives (excluding hedging positions) exceed a specified clearing threshold ((i) and (ii) together, the **In-scope Counterparties**), must clear OTC derivatives contracts that are entered into on or after the effective date for the clearing obligation for that counterparty pair and class of derivatives (the **Clearing Start Date**). In addition, some market participants will have to, from the relevant Clearing Start Date, clear relevant transactions entered into during a given period leading up to the relevant Clearing Start Date, a requirement known as "frontloading". Contracts which are declared subject to the clearing obligation will have to be cleared through an authorised or recognised central counterparty (**CCP**) when they trade with each other or with equivalent third country entities unless an exemption applies. Subject to certain conditions, intragroup transactions will not be subject to the clearing obligation. At this moment CCPs have been authorised to offer services and activities in the European Union in accordance with EMIR and following the entry into force on 21 December 2015 of the delegated regulation (the **IRS Clearing RTS**) relating to the introduction of the mandatory clearing obligation for certain interest rate swap or cap transactions in USD, EUR, GBP and JPY (**G4 IRS Contracts**), there is now a concrete timeframe for the first classes of transactions subject to mandatory clearing and frontloading. The IRS Clearing RTS include a further categorisation of in-scope counterparties by splitting in-scope counterparty types into Category 1, 2, 3 and 4. This further categorisation impacts the relevant Clearing Start Date and whether frontloading applies. The clearing obligation for this first wave of contracts started from 21 June 2016 for Category 1 counterparties, from 21 December 2016 for Category 2 counterparties from 21 June 2017 for Category 3 counterparties and from 21 December 2018 for Category 4 counterparties.

The Interest Rate Cap Agreement will likely qualify as an OTC derivative having a conditional notional amount and therefore may not be subject to the clearing obligation. However, OTC derivatives contracts that are not cleared by a central counterparty are subject to certain other risk management procedures, including arrangements for timely confirmation of OTC derivatives contracts, portfolio reconciliation, dispute resolution and arrangements for monitoring the value of outstanding OTC derivatives contracts. Certain of these risk mitigation requirements impose obligations on the Issuer in relation to the Interest Rate Cap Agreement.

EMIR also contains requirements for In-scope Counterparties with respect to margining, and the regulatory technical standards relating to the collateralisation obligations in respect of OTC derivatives contracts which are not cleared are now in force. The obligation for In-scope Counterparties to margin uncleared OTC derivatives contracts was phased in from the first quarter of 2017 with variation margin obligations applying to all transactions entered into by In-scope Counterparties from 1 March 2017. It is unclear whether the Issuer would qualify as an In-scope Counterparty. However, even if the Issuer would qualify as such, the Issuer would not need to post margin under the Interest Rate Cap Agreement, as it would always be the Issuer having an exposure to the Interest Rate Cap Provider.

In addition, under EMIR, counterparties must report all their OTC and exchange traded derivatives contracts to an authorised or recognised trade repository or to ESMA. The Interest Rate Cap Provider undertakes that it shall ensure that the details of the Interest Rate Cap Transaction will be reported to the trade repository. If the Interest Rate Cap Provider is subject to the variation margin obligations, it must in principle request its counterparty to post variation margin, unless it provided in its risk management procedures that no collateral is exchanged in relation to non-centrally cleared OTC derivative contracts entered into with non-financial counterparties that do not meet the conditions of Article 10(1)(b) of EMIR in accordance with Article 24 of Commission Delegated Regulation (EU) 2016/2251.

Pursuant to Article 12(3) of EMIR any failure by a party to comply with the rules under Title II of EMIR should not make the Interest Rate Cap Transaction invalid or unenforceable. However, if any party fails to comply with the rules under EMIR it may be liable for a fine. If such a fine is imposed on the Issuer, the Issuer may have insufficient funds to pay its liabilities in full.

It should be noted that the STS Regulation (which applies in general from 1 January 2019), among other things, makes provisions for the development of technical standards in connection with the EMIR regime. The final draft technical standards have been prepared by the European Supervisory Authorities and submitted to the European Commission in December 2018 and these are now subject to the EU political negotiation process. As a result, the time of entry into force and the date of application of the new technical standards is unknown at this point.

Changes or uncertainty in respect of EURIBOR or other interest rate benchmarks may affect the value or payment of interest under the Class A Notes

Various interest rate benchmarks (including EURIBOR) are the subject of recent national and international regulatory guidance and proposals for reform. Some of these reforms are already effective, including the EU Benchmark Regulation (Regulation (EU) 2016/1011) (the **Benchmarks Regulation**), whilst others are still to be implemented.

Under the Benchmarks Regulation, which applies from 1 January 2018 in general, new requirements apply with respect to the provision of a wide range of benchmarks (including EURIBOR), the contribution of input data to a benchmark and the use of a benchmark within the European Union. In particular, the Benchmarks Regulation has imposed, among other things, the following conditions (i) a requirement on benchmark administrators to be authorised or registered (or, if non-EU-based, to be subject to an equivalent regime or otherwise recognised or endorsed) and to comply with extensive requirements in relation to the administration of benchmarks and (ii) restrict certain uses by EU-supervised entities of benchmarks of administrators that are not authorised or registered (or, if non-EU-based, deemed equivalent or recognised or endorsed). On 25 February 2019 it has been communicated to the market that the EU institutions agreed to grant providers of "critical benchmarks"- interest rates such as EURIBOR or EONIA – two additional years (until 31 December 2021) to comply with the requirements under the Benchmark Regulation. Furthermore, the Euro short-term rate (ESTER) is to replace the current EONIA benchmark rate produced by the private sector commencing October 2019. It will reflect the wholesale EUR unsecured overnight borrowing costs of Eurozone banks.

Additionally, in March 2017, the European Money Markets Institute (formerly EURIBOR-EBF) (the **EMMI**) published a position paper referring to certain proposed reforms to EURIBOR, which reforms aim to clarify the EURIBOR specification, to develop a transaction-based methodology for EURIBOR and to align the relevant methodology with the Benchmarks Regulation, the IOSCO Principles for Financial Benchmarks and other regulatory recommendations. The EMMI has since indicated that there has been a "change in market activity as a result of the current regulatory requirements and a negative interest rate environment" and "under the current market conditions it will not be feasible to evolve the current EURIBOR methodology to a fully transaction-based methodology following a seamless transition path". It is the current intention of the EMMI to develop a hybrid methodology for EURIBOR.

These reforms and other pressures may cause one or more interest rate benchmarks to disappear entirely, to perform differently than in the past (as a result of a change in methodology or otherwise), create disincentives for market participants to continue to administer or participate in certain benchmarks or have other consequences which cannot be predicted.

In the event that the EURIBOR benchmark referenced in the Conditions, the Interest Rate Cap Agreement and the other Transaction Documents ceases to exist then the fall-back EURIBOR

Reference Banks position set out in Condition 4(e) (*EURIBOR*) may not operate as intended as it would be dependent on the provision of quotations by major banks selected by the Issuer for the rate at which euro deposits are offered. In such case the EURIBOR rate applicable to the Class A Notes during the relevant Interest Period will be the last determined EURIBOR rate. This mechanism is not suitable for determining the interest rate payable on the Class A Notes on a long-term basis. Accordingly, in the event that EURIBOR is permanently discontinued the Issuer may in certain circumstances modify or amend the EURIBOR rate in respect of the Class A Notes to an Alternative Base Rate without the Noteholders' prior consent as provided in Condition 14(D). See further risk factor *The Security Trustee may agree to modifications, authorisations and waivers without consent of Noteholders.*

While an amendment may be made under Condition 14(D)(E), to change the EURIBOR rate on the Class A Notes to an Alternative Base Rate under certain circumstances broadly related to EURIBOR disruption or discontinuation and subject to certain conditions, there can be no assurance that any such amendment will be made or, if made, that it will (i) fully or effectively mitigate interest rate risks or result in an equivalent methodology for determining the interest rates on the Class A Notes or (ii) be made prior to any date on which any of the risks described in this risk factor may become relevant.

The party that will determine the rate in accordance with Conditions 4(e), (f) and (h) may be considered an 'administrator' under the Benchmarks Regulation. This is the case if it is considered to be in control over the provision of the Floating Rate of Interest and/or the determined rate of interest on the basis of the Floating Rate of Interest and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fall-back scenario. This would mean that the Rate Determination Agent has control over the (i) administration of the arrangements for determining such rate, including any Adjustment Spread, (ii) collection, analysis or processes of input data for the purposes of determining such rate and (iii) determination of such rate through the application of a method of calculation or by an assessment of input data for that purpose. Furthermore, for the Rate Determination Agent to be considered an 'administrator' under the Benchmarks Regulation, the Floating Rate of Interest and/or the determined rate of interest on the basis of the Floating Rate of Interest and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fall-back scenario may be a benchmark (index) within the meaning of the Benchmarks Regulation. This may be the case if the Floating Rate of Interest and/or the determined rate of interest on the basis of the Floating Rate of Interest and any adjustments made thereto by the Rate Determination Agent and/or otherwise in determining the applicable rate of interest in the context of a fall-back scenario, is published or made available to the public and regularly determined by the application of a method of calculation or by an assessment, and on the basis of certain values or surveys.

The Conditions also provide that an Adjustment Spread may be determined by the Rate Determination Agent to be applied to the Alternative Base Rate. The aim of the Adjustment Spread is to reduce or eliminate, so far as practicable, any economic prejudice or benefit (as the case may be) to Noteholders as a result of the replacement of the base rate on the Notes with the Alternative Base Rate. However there is no guarantee that such an Adjustment Spread will be determined or applied, or that the application of the Adjustment Spread will either reduce or eliminate economic prejudice to Noteholders. If no Adjustment Spread is determined, the Alternative Base Rate may nonetheless be used to determine the interest rate. However, due to the uncertainty concerning the availability of an Alternative Base Rate, including any Adjustment Spread, the relevant fall-back provisions may not operate as intended at the relevant time.

The Benchmarks Regulation stipulates that each administrator of a benchmark regulated thereunder or the benchmark itself must be registered, authorized, recognized or endorsed, as applicable, in accordance with the Benchmarks Regulation. There is a risk that administrators (which may include

the Rate Determination Agent in the circumstances as described above) of certain benchmarks will fail to obtain such registration, authorization, recognition or endorsement, preventing them from continuing to provide such benchmarks, or may otherwise choose to discontinue or no longer provide such benchmark. As a result, a fixed rate based on the rate which applied in the previous period when EURIBOR, or any other interest rate benchmark was available, may apply to the Notes until the time that registration, authorised registration or endorsement of the relevant administrator has been completed or a substitute or successor rate for the reference rate is available.

Moreover, any significant change to the setting or existence of EURIBOR or any other relevant interest rate benchmark could affect the ability of the Issuer to meet its obligations under the Notes and could have a material adverse effect on the value or liquidity of, and the amount payable under, the Notes.

Investors should consider these recent developments when making their investment decision with respect to the Notes.

The rating of the Class A Notes may be affected by downgrade of the sovereign rating of the Dutch State

Given that the level of credit enhancement applied to the Notes has been determined taking into account the existence of NHG Guarantees in respect of the Mortgage Receivables, there can be no assurance that, in the event that the Dutch State ceases to be rated 'AAA' by S&P and/or 'AAA' by Fitch, this will not result in a review by a Credit Rating Agency of the Class A Notes and result in a corresponding downgrade of the Class A Notes.

Regulatory Call Option

The Issuer has the right to redeem all (but not only part) of the Notes upon the occurrence of a Regulatory Change, provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes (see Condition 6(h)).

There can be no assurance whether or not such Regulatory Change – which relates to Aegon Group as a whole (see the definition of Regulatory Change) - will occur and if so, when it may occur. If it does occur, the Notes may be redeemed earlier than they would otherwise have been.

On each Notes Payment Date, the Seller has the option but not the obligation to repurchase the Mortgage Receivables upon the occurrence of a Regulatory Change. The Issuer must use the proceeds to redeem the Notes at their Principal Amount Outstanding plus accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

Change of law may adversely impact the position of Noteholders

The structure of the issue of the Notes is based on Dutch law and, to the extent it relates to the Interest Rate Cap Agreement, English law, in effect as at the date of this Prospectus. No assurance can be given as to the impact of any possible change in Dutch law, English law or any laws of other jurisdictions or administrative practice in the Netherlands, England and Wales or any other jurisdictions after the date of this Prospectus on the structure and thus on the ratings which will have been assigned to the Notes.

Risk that counterparties of the Issuer fail to perform their obligations under the Transaction Documents

Counterparties to the Issuer may not perform their obligations under the Transaction Documents, which may result in the Issuer not being able to meet its obligations. It should be noted that there is a risk that, *inter alia*, (i) (a) Aegon Hypotheken B.V. in its capacity as Originator, Seller and Servicer, (b) Aegon Levensverzekering N.V. in its capacity as Insurance Savings Participant, Insurance Savings Participant and Conversion Participant, (c) Rabobank in its capacity as Arranger, Interest Rate Cap Provider and Listing Agent (d) BNG Bank N.V. in its capacity as Issuer Account Bank and Cash Advance Facility Provider, (e) Citibank, N.A. London Branch in its capacity as Principal Paying Agent, Paying Agent, Registrar, Transfer Agent and Reference Agent and (f) Aegon Bank N.V. as Bank Savings Participant, will not perform their respective obligations vis-à-vis the Issuer and (ii) Intertrust Management B.V. as Director of the Issuer and the Shareholder, IQ EQ Structured Finance B.V. as Director of the Security Trustee and Intertrust Administrative Services B.V. as Issuer Administrator, will not perform their obligations under the relevant Management Agreement and the Administration Agreement, respectively.

Bankruptcy of the Servicer may adversely affect (i) collections on the mortgage loans and (ii) the indemnification in case of breach of the Mortgage Loan Criteria and certain representations and warranties relating to the Mortgage Receivables, which may ultimately lead to delays or reductions in distributions on, or other losses with respect to, the Notes

If the Servicer were to go into bankruptcy or a suspension of payments is declared, it may lose its licenses and/or stop performing its functions as servicer and it may be difficult to find a third party to act as successor servicer. Alternatively, the Servicer may take the position that unless the amount of its compensation is increased or the terms of its obligations are otherwise altered, it will stop performing its functions as Servicer. If a termination event occurs pursuant to the terms of the Servicing Agreement, then the Issuer and/or the Security Trustee will be entitled to terminate the appointment of the Servicer and appoint new servicer(s) in its place. There can be no assurance that a substitute servicer with sufficient experience of administering mortgage loans of residential properties would be found who is willing and able to service the Mortgage Receivables on the terms of the Servicing Agreement.

The occurrence of any of these events could result (i) in delays or reductions in distributions on the Notes or (ii) other losses with respect to the Notes. Regardless of any specific adverse determinations in a bankruptcy or suspension of payments of the Servicer, the fact that such a proceeding has been commenced could have an adverse effect on the value of the Mortgage Receivables and the liquidity and value of the Notes. The Servicer does not have any obligation itself to advance payments that Borrowers fail to make in a timely fashion. Noteholders will have no right to consent to or approve of any actions taken by the Servicer under the Servicing Agreement.

Risk that the Seller fails to repurchase the Mortgage Receivables

The Seller is obliged under certain limited circumstances to repurchase Mortgage Receivables from the Mortgage Loans that are in breach of the warranties made by the Seller in the Mortgage Receivables Purchase Agreement. Furthermore, as described elsewhere in this Prospectus, if the weighted average interest rate of the pool of Mortgage Receivables that have been reset in the relevant Notes Calculation Period drops below a certain agreed floor the Seller has undertaken to repurchase Mortgage Receivables sufficient to ensure the weighted average interest rate returns to a level at or above the agreed floor. If the Seller is unable to repurchase loans or perform its ongoing obligations under the transactions described in this Prospectus, the performance of the Notes may be adversely affected.

Noteholders may not receive and may not be able to trade Definitive Registered Note Certificates

It is possible that the Notes may be traded in amounts that are not integral multiples of €100,000. In such a case, a holder who, as a result of trading such amounts, holds an amount which is less than €100,000 in its account with the relevant clearing system in case Definitive Registered Note Certificates are issued may not receive a Definitive Registered Note Certificate in respect of such holding (should Definitive Registered Note Certificates be issued) and may need to purchase a principal amount of Notes such that its holding amounts to at least €100,000. If Definitive Registered Note Certificates are issued, holders should be aware that Definitive Registered Note Certificates which have a denomination that is not an integral multiple of €100,000 may be illiquid and difficult to trade.

Holders of beneficial interests in respect of the Notes evidenced by Global Registered Note Certificates are subject to certain limitations

As long as the Notes are evidenced by Global Registered Note Certificates, the Common Safekeeper and Common Depository will be the registered legal owners of the Notes. Holders of beneficial interests in the Notes through securities accounts held with (participants of) Euroclear or Clearstream, Luxembourg will not be regarded as Noteholders. After payment to the Principal Paying Agent, the Issuer will not have responsibility or liability for the payment of interest, principal or other amounts to Euroclear or Clearstream, Luxembourg or to holders of beneficial interests in the Notes (See *Form* in section The Notes).

Payments of principal and interest on, and other amounts due in respect of, Notes evidenced by Global Registered Note Certificates will be made by the Principal Paying Agent to the Common Depositary and Common Safekeeper (as common nominee for Euroclear and Clearstream, Luxembourg) in the case of the Notes. Upon receipt of any payment from the Principal Paying Agent, Euroclear and Clearstream, Luxembourg, as applicable, will promptly credit accounts of participants in Euroclear or Clearstream, Luxembourg with payment in amounts proportionate to their respective ownership of beneficial interests as shown on their records. The Issuer expects that payments by participants or indirect participants to holders in respect of such beneficial interests held through such participants or indirect participants will be governed by standing customer instructions and customary practices, as is now the case with the securities held for the accounts of customers registered in a street name, and will be the responsibility of such participants or indirect participants. None of the Issuer, the Security Trustee, any Paying Agent or the Registrar will have any responsibility or liability for any aspect of the records relating to, or payments made on account of, the beneficial interests or for maintaining, supervising or reviewing any records relating to such beneficial interests.

Unlike Noteholders, holders of the beneficial interests will not have the right under the Trust Deed to act upon solicitations by or on behalf of the Issuer for consents or requests by or on behalf of the Issuer for waivers or other actions from Noteholders. Instead, a holder of beneficial interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg (as the case may be) and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of beneficial interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default, holders of beneficial interests will be restricted to acting through Euroclear and Clearstream, Luxembourg unless and until Note Certificates are issued in accordance with the relevant provisions described herein under Terms and Conditions of the Notes. There can be no assurance that the procedures to be implemented by Euroclear and Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Although Euroclear and Clearstream, Luxembourg have agreed to certain procedures to facilitate transfers of beneficial interests among account holders of Euroclear and Clearstream, Luxembourg, they are under no obligation to perform or continue to perform such procedures, and such procedures may be discontinued at any time. None of the Issuer, the Security Trustee or any of their agents will have any responsibility for the performance by Euroclear or Clearstream, Luxembourg or their respective participants or account holders of their respective obligations under the rules and procedures governing their operations.

PRIIPs Regulation

Regulation (EU) No 1286/2014 of the European Parliament and the Council of 26 November 2014 on Key Information Documents for packaged retail and insurance-based investment products (the **PRIIPs Regulation**) regulates the (i) pre-contractual transparency requirements for packaged retail and insurance-based investment products (**PRIIPs**) in the form of a Key Information Document (**KID**) and (ii) specific competences for the European Insurance and Occupational Pensions Authority (**EIOPA**) as regards insurance-based investment products and for the competent authorities generally in respect of all types of PRIIPs to supervise markets and to intervene as regards the offering and distribution of PRIIPs if there are concerns as regards the protection of retail customers to whom such PRIIPs are to be sold. Such rights of intervention may require the offerors or distributors of the PRIIPs to observe certain conditions or requirements when offering and distributing PRIIPs. The Life Insurance Policies, the Savings Insurance Policies and the Savings Investment Insurance Policies are likely to qualify as PRIIPs within the meaning of the PRIIPs Regulation. It cannot be excluded that the PRIIPs Regulation will have an impact on the ability of the Insurance Savings Participant to make changes to life insurance policies, such as the Life Insurance Policies, including, but not limited to, altering their risk and reward profile or the costs associated with them without being subject to the requirement to provide the standardized information referred to above and being subject to the enhanced supervision pursuant to the PRIIPs Regulation. Currently, there is uncertainty whether or not the Notes qualify as PRIIPs. The Joint Committee of European Supervisory Authorities' Q&A on the PRIIPs KID dated 18 August 2017 (JC 2017-49) does not contain any further guidance as regards the potential qualification of the Notes as PRIIPs.

On 8 March 2017 the European Commission adopted the PRIIPs Delegated Regulation, which also regulates the entry into force date and the date of application. The PRIIPs Regulation will apply to the addressees of the provisions of the PRIIPs Regulation and the PRIIPs Delegated Regulation with effect from 1 January 2018. The PRIIPs Regulation is applicable as of 1 January 2018 to PRIIPs offered and distributed as of 1 January 2018. Therefore, if the Notes were to qualify as PRIIPs, it cannot be excluded that the Issuer will be required to prepare a KID in relation to the Notes and incur costs and liabilities in relation thereto. An investor that would purchase the Notes with the objective of their professional onward distribution on the secondary market, might be subject to compliance obligations under the PRIIPs Regulation. In such scenario the liquidity of the Notes in the secondary market might be negatively affected.

On 30 May 2017, the Second Chamber of Dutch Parliament adopted the Dutch act implementing the PRIIPs Regulation in the Dutch legislation (**Dutch PRIIPs Implementation Act**). On 6 June 2017 the First Chamber of Dutch Parliament adopted the Dutch PRIIPs Implementation Act. The Dutch PRIIPs Implementation Act entered into force with effect from 1 January 2018. The Dutch PRIIPs Implementation Act provides the AFM with powers as referred to in Article 17 of the PRIIPs Regulation to prohibit the offer or distribution of insurance-based investment products to retail investors. From the text of the Dutch PRIIPs Implementation Act it is unclear whether the Notes qualify as PRIIPs. Since 1 January 2018 neither EIOPA nor the AFM have provided further guidance as to whether or not securitisation transactions may qualify as PRIIPs.

RISK FACTORS REGARDING THE MORTGAGE RECEIVABLES

The representations and warranties of the Seller and Servicer are subject to limited independent investigation and may not be accurate.

None of the Issuer, the Manager or the Security Trustee has or will make any investigations or searches or other actions to (i) verify the legal characteristics and details of any of the purchased Mortgage Receivables, the Mortgage Loans, the Beneficiary Rights (or the Seller's rights and interest with respect thereto), the borrowers or the solvency of any of the borrowers as each of the Issuer, the Manager and the Security Trustee, have and will rely solely on the accuracy of the representations made, and on the warranties given, by the Seller and the Servicer regarding, among other things, the purchased Mortgage Receivables, the Mortgage Loans, the Beneficiary Rights (or the Seller's rights and interest with respect thereto) and the borrowers or (ii) establish the creditworthiness of any borrower or any other party to the Transaction Documents.

The Manager, the Security Trustee and the Issuer will only be supplied with general aggregated information in relation to the borrowers and the underlying agreements relating to the Mortgage Receivables none of which the Manager or the Issuer has taken or will take steps to verify. Further, the Security Trustee will not have any right to inspect the internal records of the Seller.

Risk related to payments received by the Seller prior to notification of the assignment to the Issuer

Until notification of the transfer of legal title has been made to the Borrowers, the Borrowers can only validly discharge their obligations (*bevrijdend betalen*) under the Mortgage Loan by making a payment to the Seller. The Seller has undertaken in the Mortgage Receivables Purchase Agreement to transfer or procure transfer of any (estimated) amounts received during the immediately preceding Mortgage Calculation Period in respect of the Mortgage Receivables to the Issuer Transaction Account.

However, receipt of such amounts by the Issuer is subject to such payments actually being made. If the Seller is declared bankrupt, subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the recovery and resolution insurers act (*Wet herstel en afwikkeling van verzekeraars*, **Whav**) and the SRM-Regulation or subject to preliminary suspension of payments prior to making such payments and prior to the notification of the relevant assignment, the relevant collections form part of the bankruptcy estate of the Seller. In respect of these payments, the Issuer will be a creditor of the estate (*boedelschuldeiser*) of the Seller where the collections are trapped, and will receive payment prior to (*unsecured*) creditors with ordinary claims, but after preferred creditors of the estate and after deduction of the general bankruptcy costs (*algemene faillissementskosten*), which may be material.

In case of a bankruptcy of the Seller, the Issuer will notify the Borrowers under the Mortgage Loans of the assignment of the Mortgage Receivables by the Seller to the Issuer. Upon receipt of such notification, the Borrowers will be obliged to pay interest and principal due under the Mortgage Loans to the Issuer. The same analysis applies mutatis mutandis in respect of the Security Trustee as pledgee after the occurrence of a Pledge Notification Event. In such case the Security Trustee may notify all Borrowers of the assignment of the Mortgage Receivables by the Seller to the Issuer.

Set-off by Borrowers may affect the proceeds under the Mortgage Receivables

Under Dutch law a debtor has a right of set-off if it has a claim which corresponds to its debt to the same counterparty and it is entitled to pay its debt as well as to enforce payment of its claim. Subject to these requirements being met, each Borrower will, prior to notification of the assignment of the

Mortgage Receivable to the Issuer having been made, be entitled to set off amounts due and payable by the Seller to it (if any) with amounts it owes in respect of the Mortgage Receivable. As a result of the set-off of amounts due and payable by the Seller to the Borrower with amounts the Borrower owes in respect of the Mortgage Receivable, the Mortgage Receivable will, partially or fully, be extinguished (*gaat teniet*). Set-off by Borrowers could thus lead to losses under the Notes.

The Seller has represented in the Mortgage Receivables Purchase Agreement that the Mortgage Conditions provide that payments by the Borrower should be made without any deduction or set-off. However, under Dutch law a provision in general conditions is voidable (*vernietigbaar*) if the provision, taking into account the nature and the further contents of the agreement, the way in which the general conditions have been agreed upon, the mutually apparent interests of the parties and the other circumstances of the matter, is unreasonably onerous for the party against whom the general conditions are used. A clause containing a waiver of set-off rights is, subject to proof to the contrary, assumed to be unreasonably onerous, irrespective of the circumstances referred to in the preceding sentence, if the party against which the general conditions are used, does not act in the conduct of its profession or trade. Should, in view of the above, the set-off rights of the Borrowers not have been effectively waived, a Borrower will, provided the statutory requirements for set-off have been met, be entitled to set off any amounts due by the Seller to the Borrower with the Mortgage Receivables prior to and in limited circumstances also following notification of the assignment or pledge. As a result of the set-off of amounts due by the Seller to the Borrower with amounts owed by the Borrower to the Seller under the Mortgage Loan, the Mortgage Receivable will extinguish (*tenietgaan*) up to the amount so set off.

After assignment of the Mortgage Receivables to the Issuer and notification thereof to a Borrower, such Borrower will also have set-off rights vis-à-vis the Issuer, provided that the legal requirements for set-off are met (see above), and further provided that (i) the counterclaim of the Borrower results from the same legal relationship as the relevant Mortgage Receivable or (ii) the counterclaim of the Borrower has been originated (*opgekomen*) and become due (*opeisbaar*) prior to the assignment of the Mortgage Receivable to the Issuer and notification thereof to the relevant Borrower. The question whether a court will come to the conclusion that the Mortgage Receivable and the claim of the Borrower against the Seller result from the same legal relationship will depend on all relevant facts and circumstances involved. But even if these would be held to be different legal relationships, set-off will be possible if the counterclaim of the Borrower has been originated and become due prior to notification of the assignment, and, further, provided that all other requirements for set-off have been met (see above).

If notification of the assignment of the Mortgage Receivables is made after the bankruptcy, any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation or suspension of payments involving the Seller having become effective, it is defended in legal literature that the Borrower will, irrespective of the notification of the assignment, have, or continue to have, the broader set-off rights afforded to it pursuant to the Dutch Bankruptcy Act (*Faillissementswet*). Under the Dutch Bankruptcy Act (*Faillissementswet*) a person which is both debtor and creditor of the bankrupt entity can set off its debt with its claim if both the debt and the claim (i) came into existence prior to the moment at which the bankruptcy became effective or (ii) resulted from transactions with the bankrupt entity concluded prior to the bankruptcy becoming effective. A similar provision applies in case of suspension of payments or any intervention, recovery and resolution measures that may be taken pursuant to the BRRD or Solvency II.

Claims of a Borrower against the Seller could, *inter alia*, result from Construction Deposits of such Borrower.

The Mortgage Receivables Purchase Agreement provides that if a Borrower sets off amounts due to it by the Seller against the Mortgage Receivable and, as a consequence thereof, the Issuer does not

receive the amount which it would otherwise have been entitled to receive in respect of such Mortgage Receivable, the Seller will pay to the Issuer an amount equal to the difference between (i) the amount which the Issuer would have received in respect of the Mortgage Receivable if no set-off had taken place and (ii) the amount actually received by the Issuer in respect of such Mortgage Receivable. Receipt of such amount by the Issuer from the Seller is subject to the ability of the Seller to actually make such payments. There is a risk that the Seller cannot make such payments.

For specific set-off issues relating to Life Mortgage Loans, Universal Life Mortgage Loans, Savings Mortgage Loans, Savings Investment Mortgage Loans and Bank Savings Mortgage Loans, reference is made to *The Issuer may not have the benefit from the proceeds of Insurance Policies and may not recover the full amount under the Mortgage Receivables if the Insurance Savings Participant defaults in the performance of its obligations under the related Insurance Policies* below.

The analysis set out in this paragraph applies mutatis mutandis to the set-off rights of Borrowers as against the Security Trustee after notification to such Borrowers of its right of pledge over the Mortgage Receivables.

Risks of losses associated with declining values of Mortgaged Assets

The security created in favour of the Security Trustee under the Issuer Mortgage Receivables Pledge Agreement may be affected by, among other things, a decline in the value of the Mortgaged Assets. No assurance can be given that values of the Mortgaged Assets remained or will remain at the level at which they were on the date of origination of the related Mortgage Loans. In addition, a forced sale of the Mortgaged Assets may, compared to a private sale, result in a lower value of the Mortgaged Assets. A decline in value may result in losses to the Noteholders if such security is required to be enforced. The Seller will not be liable for any losses incurred by the Issuer in connection with the Mortgage Receivables.

Loan to Foreclosure Value Ratio

The appraisal foreclosure value (*executiewaarde*) of the Mortgaged Assets on which a mortgage right is vested is normally lower than the market value (*vrije verkoopwaarde*) of the relevant Mortgaged Assets. There can be no assurance that, on enforcement, all amounts owed by a Borrower under a Mortgage Receivable can be recovered from the proceeds of the foreclosure on the relevant Mortgaged Asset or that the proceeds upon foreclosure will be at least equal to the estimated foreclosure value of such Mortgaged Asset.

Underwriting criteria and procedures may not identify or appropriately assess repayment risks

The Seller has represented that, when originating Mortgage Loans it did so in accordance with underwriting criteria and procedures it has established. The underwriting criteria and procedures may not have identified or appropriately assessed the risk whether the interest and principal payments due on a Mortgage Loan will be repaid when due, or at all, or whether the value of the Mortgaged Asset will be sufficient to otherwise provide for recovery of such amounts. To the extent exceptions were made to the Seller's underwriting criteria and procedures in originating a Mortgage Loan, although the Mortgage Loan must meet the eligibility criteria, those exceptions may increase the risk that principal and interest amounts may not be received or recovered and compensating factors, if any, which may have been the premise for making an exception to the underwriting criteria and procedures may not in fact compensate for any additional risk.

The Issuer may not have the benefit from the proceeds of Insurance Policies and may not recover the full amount under the Mortgage Receivables if the Insurance Savings Participant defaults in the performance of its obligations under the related Insurance Policies

The Mortgage Loans which in whole or in part consist of a Life Mortgage Loan, Universal Life Mortgage Loan (including Savings Investment Mortgage Loans) or Savings Mortgage Loan have the benefit of a Life Insurance Policy, Savings Investment Insurance Policy or Savings Insurance Policy, respectively. All other Mortgage Loans will have the benefit of a Risk Insurance Policy if so required by the NHG Conditions. In the following paragraphs, certain legal issues relating to the effects of the assignment of the Mortgage Receivables on the Insurance Policies are set out. Investors should be aware that it is possible that (i) the Issuer will not benefit from the Insurance Policies and/or (ii) the Issuer may not be able to recover any amounts from the relevant Borrower if the Insurance Savings Participant defaults on its obligations as further described in this risk factor. As a consequence thereof the Issuer may not have a claim for such amounts on the Borrower and may, therefore, not have the benefit of the Mortgage securing such claim. The issues raised with respect to the Savings Mortgage Loans apply *mutatis mutandis* to the Savings Investment Mortgage Loans.

The pledge over the Insurance Policies may not be effective

Many of the Mortgage Loans have the benefit of an Insurance Policy. All rights of a Borrower under the Insurance Policies have been pledged to the Seller. Under Dutch law there is no general rule to determine whether a claim arising from an insurance policy is an existing claim or a future claim. A distinction can be made between capital insurances (*kapitaalverzekeringen*) and risk insurances (*schadeverzekeringen*). In respect of risk insurances it is noted that the Issuer has been advised that it is probable that the right to receive payment under the Insurance Policies (other than those relating to capital premiums already paid under a capital insurance), including the commutation payment (*afkoopsom*) before the insured event occurs, will be regarded by a Dutch court as a future right (*toekomstig recht*). Under Dutch law the pledge of a future right is not effective if the pledger, i.e. the Borrower/policyholder, is declared bankrupt or is granted a moratorium of payments of the relevant Borrower/policyholder. Consequently, it is uncertain whether and to what extent the pledges of receivables under said Risk Insurance Policies by the Borrowers are effective. In respect of capital insurances it is likely that the beneficiary's claims against the insurer corresponding with premiums which have already been paid to the insurer are existing claims, while claims relating to periods for which no premiums have yet been paid may very well be future claims. The Issuer has been advised that the Borrower Pledges will follow the Mortgage Receivables upon their assignment to the Issuer and/or upon their pledge by the Issuer to the Security Trustee.

The Issuer may not have the benefit of the Beneficiary Rights

The Seller has been appointed as beneficiary (*begunstigde*) under the Insurance Policies up to the amount owed by the Borrower under the mortgage deed and/or under any further advances granted to the Borrower, except for cases where another beneficiary has been appointed who will rank ahead of the Seller. In such cases there must be a Borrower Insurance Proceeds Instruction pursuant to which the Insurance Savings Participant is irrevocably authorised by such beneficiary to apply the insurance proceeds in satisfaction of the Mortgage Receivable.

It is unlikely that the Beneficiary Rights will follow the Mortgage Receivables upon assignment or pledge thereof to the Seller, Issuer or the Security Trustee, respectively. The Beneficiary Rights owned by the Seller have to the extent legally possible, been assigned by the Seller to the Issuer and will be pledged by the Issuer to the Security Trustee (see under *Security* in section The Notes), but it is uncertain whether this assignment and pledge will be effective. In addition, the assignment and pledge of the Beneficiary Rights will only be completed upon notification to the Insurance Company, which is not expected to occur prior to the occurrence of an Assignment Notification Event.

Because of the uncertainty as to whether the Issuer becomes beneficiary of the Insurance Policies and whether the assignment and pledge of the Beneficiary Rights is effective and for the situation that no irrevocable payment authorisation exists, the Issuer will at the Signing Date enter into the Beneficiary Waiver Agreement with the Seller, the Insurance Savings Participant and the Security Trustee, under which the Seller, subject to the condition precedent of the occurrence of an Assignment Notification Event, appoints in its place as first beneficiary:

(i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event as referred to in Clause 7 of the Issuer Mortgage Receivables Pledge Agreement relating to the Issuer; and

(ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event as referred to in Clause 7 of the Issuer Mortgage Receivables Pledge Agreement relating to the Issuer,

and, to the extent such appointment is ineffective, waives its rights as beneficiary under the Insurance Policies.

It is, however, uncertain whether such waiver and appointment will be effective, mainly because it is unclear whether or not the right to change the appointment is included in the rights of the Seller as pledgee or as beneficiary under the Insurance Policies. In view hereof the Seller and the Insurance Savings Participant will in the Beneficiary Waiver Agreement undertake following an Assignment Notification Event to use their best efforts to obtain the co-operation from all relevant parties to appoint the Issuer or the Security Trustee, as the case may be, as first beneficiary under the Insurance Policies. It is uncertain whether such co-operation will be forthcoming.

If a Borrower Insurance Proceeds Instruction has been given, the Issuer has been advised that it is uncertain whether the payment instruction authorises the Insurance Savings Participant to pay to the Issuer rather than the Seller upon assignment of the Mortgage Receivable. In as far as the Insurance Savings Participant is not authorised to pay the proceeds to the Issuer, the Seller and the Insurance Savings Participant will in the Beneficiary Waiver Agreement undertake, following an Assignment Notification Event, to use its best efforts, to change the payment instruction in favour of (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer. Such change would require the cooperation of the relevant Borrower and it is uncertain whether such cooperation will be forthcoming.

If the Issuer or the Security Trustee, as the case may be, has not become beneficiary of the Insurance Policies or recipient of the final payment pursuant to the (amended) Borrower Insurance Proceeds Instruction and the pledge and the waiver of the Beneficiary Rights are not effective, any proceeds under the Insurance Policies will be payable to the Seller, or to another beneficiary, instead of to the Issuer or the Security Trustee, as the case may be.

Risk of set-off or defences under Life Mortgage Loans, Universal Life Mortgage Loans, Savings Mortgage Loans, Savings Investment Mortgage Loans and Bank Savings Mortgage Loans

General

The intention of the Insurance Policies and Bank Savings Deposits is that at maturity of the related Mortgage Loan, the proceeds of the savings or investments can be used to repay the Mortgage Loan, whether in full or in part. If the amounts payable under the Insurance Policies do not serve as a reduction of the Mortgage Receivable in case the Issuer does not receive the proceeds because it does not have the Beneficiary Rights (see *The Issuer may not have the benefit of the Beneficiary Rights*) or in case the Insurance Savings Participant is no longer able to meet its obligations under the Insurance

Policies, the Borrower may try to invoke a right of set-off of the amount due under the Mortgage Receivable with amounts payable under or in connection with the relevant Insurance Policy. Similarly, if the balance standing to the Bank Savings Account is not applied towards redemption of the Bank Savings Mortgage Loan, the Borrower may try to invoke a right of set-off of the amount due under the Mortgage Receivable with amounts payable under the Bank Savings Deposit. Borrowers may also try to invoke defences should set-off not be successful.

As set out above in *Risk that set-off by a Borrower may affect the collections under the Mortgage Receivables*, the Mortgage Conditions provide that the payments by the Borrowers should be made without set-off. However, it is uncertain whether such waiver is effective. If the waiver is not effective, the Borrowers will in order to invoke a right of set-off, need to comply with the applicable legal requirements.

Risk of set-off or defences under Life Mortgage Loans, Savings Mortgage Loans and Savings Investment Mortgage Loans

One of the Dutch statutory requirements for set-off is that the Borrower should have a claim, which corresponds to his debt to the same counterparty. The Insurance Policies are contracts between the Insurance Savings Participant and a Borrower on the one hand and the Mortgage Loans are contracts between the Seller and the Borrower on the other hand.

In respect of Life Mortgage Loans, Universal Life Mortgage Loans, Savings Investment Mortgage Loans and Savings Mortgage Loans, in view of the factual circumstances involved, in particular that the Seller is a group company of the Insurance Savings Participant and that the Mortgage Loans are typically offered with the Insurance Policies as one package, the risk cannot be excluded (*risico kan niet worden uitgesloten*) that the courts will honour set-off or other defences by a Borrower, as described above, if in case of bankruptcy or intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation in respect of the Insurance Savings Participant, the Borrowers which are insured were unable to (fully) recover their claims under their Insurance Policies. A successful set-off or defence may lead to the Issuer not having sufficient funds available to make payments in respect of the Notes.

Furthermore, the Borrowers should have a counterclaim resulting from the same legal relationship as the Mortgage Receivable. If the Insurance Savings Participant is declared bankrupt or subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation, the Borrower will have the right to unilaterally terminate the Insurance Policy and to receive a commutation payment (*afkoopsom*). These rights are subject to a right of pledge over the Insurance Policies (such right of pledge is a **Borrower Pledge**). However, despite this Borrower Pledge it may be argued that the relevant Borrower will be entitled to invoke a right of set-off for the commutation payment. Apart from the right to terminate the Insurance Policies, the Borrowers are also likely to have the right to rescind the Insurance Policies and to claim restitution of premiums paid and/or supplementary damages. It is uncertain whether such claim is subject to the Borrower Pledge. If not, the Borrower Pledge would not obstruct a right of set-off with such claim by the Borrowers.

Even if the Borrowers cannot invoke a right of set-off, they may invoke other defences vis-à-vis the Seller, the Issuer and/or the Security Trustee. The Borrowers could, *inter alia*, argue that it was the intention of the parties involved – at least that they could rightfully interpret the mortgage documentation and the promotional materials in such manner – that the Mortgage Loan and the relevant Insurance Policy are to be regarded as one interrelated legal relationship and could on this basis claim a right of annulment or rescission of the Mortgage Loan or that the Mortgage Receivable would be (fully or partially) repaid by means of the proceeds of the relevant Insurance Policy and that, failing such proceeds, the Borrower is not obliged to repay the (corresponding part of) the Mortgage

Receivable. On the basis of similar reasoning, Borrowers could also argue that the Mortgage Loans and the Insurance Policies were entered into as a result of 'error' (*dwaling*) or that it would be contrary to principles of reasonableness and fairness (*redelijkheid en billijkheid*) for a Borrower to be obliged to repay the Mortgage Receivable to the extent that he has failed to receive the proceeds of the Insurance Policy. If this defence were to be successful, this could lead to a reduction of the relevant Borrower's payments under the Mortgage Receivables equal to the damages incurred by the relevant Borrowers.

In respect of the Savings Investment Mortgage Loans and Savings Mortgage Loans, the Insurance Savings Participation Agreement will provide that in case of set-off or other defences by a Borrower, including but not limited to a right of set-off or defence based upon a default in the performance by the Insurance Savings Participant of its obligations under the relevant Savings Investment Insurance Policy or Savings Insurance Policy, as a consequence whereof the Issuer will not have received the full amount due and outstanding, the relevant Insurance Savings Participation will be reduced by an amount equal to the amount which the Issuer has failed to receive as a result of such set-off or defence. The amount of the Insurance Savings Participation is equal to the amount of all Savings Premiums received by the Issuer, plus the accrued yield on such amount (see under *Sub-Participation* in section *Portfolio Documentation*) and the claim of the Borrower under the Savings Insurance Policy will in principle not exceed the amount of the Insurance Savings Participation, normally the Issuer would not suffer any loss if the Borrower was to invoke any such right of set-off or defence, if and to the extent that the amount for which the Borrower was to invoke set-off or defences did not exceed the amount of the relevant Insurance Savings Participation. Unlike the amount of the Insurance Savings Participation, the amount of the Conversion Participation may not be equal to the value of the underlying investments in investment funds as the value of such underlying investments may fluctuate. As a result the claim of the Borrower under the Savings Investment Insurance Policy may exceed the amount of the Conversion Participation. There can be no assurance that the amount for which the Borrower can invoke set-off or defences cannot exceed the amount of the relevant Insurance Savings Participation.

Risk of set-off or defences regarding Bank Savings Mortgage Loans

Each Bank Savings Mortgage Loan has the benefit of the balance standing to the credit of the relevant Bank Savings Account which is held with Aegon Bank N.V. in its capacity as the Bank Savings Participant. It is the intention that at the maturity of the relevant Bank Savings Mortgage Loan, the balance of the Bank Savings Account will be used to repay the relevant Bank Savings Mortgage Loan, whether in full or in part. If the Bank Savings Participant is no longer able to meet its obligations in respect of the relevant Bank Savings Account, for example as a result of bankruptcy, this could result in the balance standing to the credit of the relevant Bank Savings Account either not, or only partly, being available for application in reduction of the Mortgage Receivable resulting from the relevant Bank Savings Mortgage Loan. This may lead to the Borrower trying to invoke set-off rights and defences against the Seller, the Issuer or the Security Trustee, as the case may be, which may result in the Mortgage Receivables being, fully or partially, extinguished (*tenietgaan*) or not being recovered for other reasons, which could lead to losses under the Notes.

The analysis for such set-off or defences by Borrowers is similar to the risk described in the paragraph *Risk of set-off or defences under Life Mortgage Loans, Savings Mortgage Loans and Savings Investment Mortgage Loans* above.

In respect of Bank Savings Mortgage Loans, it is noted that amounts standing to a bank savings account will if certain conditions are met, by operation of law be set off against the related Bank Savings Mortgage Loan, irrespective of whether the Bank Savings Mortgage Loan is owed to the Bank Savings Participant or a third party such as the Seller or the Issuer if (i) the deposit guarantee scheme is activated in respect of the Bank Savings Participant by DNB, or (ii) the Bank Savings Participant is declared bankrupt (*failliet*), or (iii) subjected to any intervention, recovery and

resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation. In these three limited circumstances set-off between the Bank Savings Mortgage Loan and the Bank Savings Deposit will by operation of law occur irrespective of whether the mutuality requirement for set-off is complied with or not. In other circumstances, the Issuer has been advised that, although the Bank Savings Participant and the Seller are not the same legal entity and the mutuality requirement for set-off under Dutch law is therefore not met, given the strong link between the two products, there is a considerable risk (*een aanmerkelijk risico*) that, even if set-off were to be unsuccessful based on the absence of mutuality, a defence would be successful. In view of such risk, on the Closing Date, the Bank Savings Participation Agreement will be entered into, which will be materially in the same form as the Insurance Savings Participation Agreement (see also *Sub-Participation* in section *Portfolio Documentation*). Given that the amount of the claim of a Borrower in respect of the Bank Savings Deposit will in principle not exceed an amount equal to the Bank Savings Participation in the Bank Savings Mortgage Loan, normally the Issuer would not suffer any damages if the Borrower would invoke any such right of set-off or defences, if and to the extent that the amount for which the Borrower would invoke set-off or defence does not exceed the amount of the relevant Bank Savings Participation. There can be no assurance that the amount for which the Borrower can invoke set-off or defences cannot exceed the amount of the relevant Bank Savings Participation.

Borrower Bank Savings Deposit Pledge may be ineffective

A right of pledge over a future right is, under Dutch law, not effective if the pledger is declared bankrupt or granted a suspension of payments or has become subject to debt restructuring, prior to the moment such right comes into existence.

The Issuer has been advised that the increases in rights of the Borrower in connection with the Bank Savings Accounts which have been pledged in favour of the Seller are future rights and any increases of the balance after bankruptcy of the Borrower will not be covered by the Borrower Bank Savings Deposit Pledge (see *The pledge over the Insurance Policies may not be effective* above).

Reduced value of investments and transparency issues may affect the financial condition of Aegon Levensverzekering N.V. and lead to reduced payments under the Mortgage Loans and losses under the Notes

The value of investments made by the Insurance Savings Participant in connection with the Life Insurance Policies and Savings Investment Insurance Policies may not provide the Borrower with sufficient proceeds to fully repay the related Mortgage Receivables at their maturity. Further, if the development of the value of these investments is not in line with the expectations of a Borrower, such Borrower may try to invoke set-off or be entitled to other defences against the Seller or the Issuer, as the case may be, by arguing that he has not been properly informed of the risks involved in the investments. Apart from the general obligation of contracting parties to provide information, there are several provisions of Dutch law applicable to offerors of financial products, such as Life Mortgage Loans and Universal Life Mortgage Loans. In addition, several codes of conduct apply on a voluntary basis. On the basis of these provisions offerors of these products (and intermediaries) have a duty, *inter alia*, to provide the customers with accurate, complete and non-misleading information about the product, the costs and the risks involved. These requirements have become more strict over time. A breach of these requirements may lead to a claim for damages from the customer on the basis of breach of contract or tort or the relevant contract may be dissolved (*ontbonden*) or nullified on the basis of misrepresentation (*bedrog*) or error (*dwaling*) or a Borrower may claim set-off or defences against the Seller or the Issuer (or the Security Trustee). The merits of any such claim will, to a large extent, depend on the manner in which the Mortgage Loans have been marketed by the Seller and/or its intermediaries and the promotional material provided to the Borrower. Depending on the relationship between the offeror and any intermediary involved in the marketing and sale of the product, the offeror may be liable for actions of the intermediaries which have led to a claim. The risk

of such claims being made increases, if the value of investments made under Savings Investment Mortgage Loans or Life Insurance Policies or Savings Investment Insurance Policies is not sufficient to redeem the Mortgage Loans.

In this respect it is further of note that, in the summer of 2006, the Dutch Authority for the Financial Markets published a report on so-called unit-linked insurance products whereby the premiums are invested in certain investment funds selected by the insured. The proceeds of the insurance policy are (largely) dependent on the return of such investment funds. According to the report the promotional material provided by some of the insurance companies to its customers was not complete and misleading in some respects (i.e. in respect of transparency of costs). The report was followed by a letter of the Dutch Minister of Finance and a report issued by the Committee De Ruiter in December 2006 containing recommendations for insurance companies to improve the information provided to the customers and to compensate the customers which were misled. In connection therewith, several customer interest groups have been established, such as the *Stichting Woekerpolis Claim* and the *Stichting Verliespolis*, an initiative of, inter alia, the Dutch Association of House Owners (*Vereniging Eigen Huis*) and the Dutch Association of Stock Owners (*Vereniging van Effectenbezitters*).

On 4 March 2008, the Financial Services Ombudsman and Chairman of the Complaint Institute for Financial Services (*Klachteninstituut Financiële Dienstverlening*) issued a recommendation concluding that insurers in general have not provided sufficient transparency concerning the costs of unit-linked insurance products. This may, however, vary per insurer. He recommended insurers to compensate customers of products of which the costs over the duration of the policy are higher than an annual rate of 3.5 per cent. of the gross fund output at least for the incremental costs.

On the basis of this recommendation, most insurance companies, including the Insurance Savings Participant, entered into a settlement agreement with *Stichting Verliespolis* and *Stichting Woekerpolis Claim* in July 2009. The settlement provides for a further limitation of the costs charged in unit-linked products. In May 2012, the Insurance Savings Participant announced to bring forward the measures agreed as part of the settlement and to reduce future costs for its customers with unit-linked insurance policies. With these measures, Aegon Levensverzekering N.V. committed to an appeal by the Dutch Ministry of Finance to apply 'best of class' principles to certain existing unit-linked products. As a result of this acceleration, Aegon Levensverzekering N.V. took a one-off charge of EUR 265 million before tax. In addition, Aegon Levensverzekering N.V. decided to reduce future policy costs from 2013 onward for the large majority of its unit-linked portfolio. This is expected to decrease income before tax over the remaining duration of the policies by approximately EUR 125 million in aggregate, based on the present value at the time of the decision.

Generally speaking, media, political and regulatory attention regarding unit-linked policies (*beleggingsverzekeringen*) stays. Individual customers, as well as policyholder advocate groups and their representatives, continue to focus on the fees and charges included in products, as well as transparency aspects. Exposure and attention will be stimulated by court cases on Dutch and European level.

In this respect the European Court of Justice rendered a decision on an individual case related to unit-linked products (not related to the Insurance Company). Although the insurer complied with the applicable rules of public law, the policyholder believed he should have received additional information from the insurance company on individual costs and the risk premiums. The European Court ruled that member states may impose obligations of transparency of disclosure on insurers in addition to those existing under European law, provided that those additional obligations are sufficiently clear and concrete as well as known to an insurer in advance. The European Court has left it to the national court to decide in specific cases whether the obligations under Dutch law meet those principles. It is possible that a judgment based thereon, although it would address a question of legal principle only and would be rendered in a case against another insurer, may ultimately be used by plaintiffs against the Insurance Company or to support potential claims against the Insurance

Company. Future claims based on emerging legal theories could have a material adverse effect on the Insurance Company's businesses, results of operations and financial condition.

In recent years up to the date of this Prospectus, the Complaint Institute for Financial Services (*Klachteninstituut Financiële Dienstverlening* or **KiFID**) has handled claims regarding unit-linked products. KiFID is an independent body that offers an alternative forum for customers to file complaints or claims regarding financial services. In 2017 the Appeal Committee of KIFID rendered decisions against other insurers. There are claims pending with KIFID filed by customers over Aegon's products that arguably include similar allegations. At this time the decisions of KIFID and courts are far from homogenous. If KiFID were to finally decide unfavorably, there can be no assurances that ultimately the aggregate exposure to Aegon Levensverzekering N.V., of such adverse decisions would not have a material adverse effect on Aegon Levensverzekering N.V.'s results of operations or financial position if the principles underlying any such decision were to be applied also to Aegon Levensverzekering N.V.'s products.

In September 2014, consumer interest group *Vereniging Woekerpolis.nl* filed a claim against Aegon Levensverzekering N.V. in court. The claim related to a range of unit-linked products that Aegon Levensverzekering N.V. sold in the past, including products involved in earlier litigation. In June 2017 (and revised in December 2017), the court issued a verdict which upheld the principle that disclosures must be evaluated according to standards prevailing at the time when the relevant products were placed in-force. Most of the claims of Vereniging Woekerpolis.nl were dismissed under this standard, although the court found that Aegon Levensverzekering N.V. did not adequately disclose certain charges on a limited set of policies. The court did not give a judgment about the reasonableness of the cost levels and whether the previous compensation arrangements provide sufficient compensation. Both Vereniging Woekerpolis.nl and Aegon Levensverzekering N.V. have appealed against this court decision. Aegon Levensverzekering N.V. expects the claims and litigation on unit-linked products to continue for the foreseeable future. Developments in similar cases against other Dutch insurers currently before regulators and courts may also affect Aegon Levensverzekering N.V. At this time it is not practicable for Aegon Levensverzekering N.V. to quantify a range or maximum liability, if any.

Moreover, in the Netherlands, there is ongoing discussion and litigation regarding the disclosure of contingent costs, commissions and premiums and other transparency issues. As for the mortgage lending business, the discussion in particular concerns the duty of care (*zorgplicht*) and pricing of mortgage loans. The Insurance Savings Participant, in its capacity as mortgage lender, may be affected by the outcome of these discussions and litigation.

It is not yet possible to determine the direction or outcome of any further debate, discussion or alleged claims, including what actions, if any, the Insurance Savings Participant may take in response thereto, or the impact that any such actions or claims may have on the Insurance Savings Participant's business, results of operations and financial position. Any such actions, whether triggered by legal requirements or commercial necessity, any substantial legal liability or a significant regulatory action could have a material adverse effect on the Insurance Savings Participant's business, results of operations and financial condition. The Life Insurance Policies and the Savings Investment Insurance Policies may qualify as unit-linked products referred to in the paragraphs above. These Life Insurance Policies and Savings Investment Insurance Policies are linked to Life Mortgage Loans and Universal Life Mortgage Loans granted by the Seller. If Life Insurance Policies or Savings Investment Insurance Policies related to the Mortgage Loans would for the reasons described in the paragraphs above be dissolved, nullified or otherwise terminated, this will affect the collateral granted to secure these Mortgage Loans (e.g. the Beneficiary Rights would cease to exist). The Issuer has been advised that, depending on the circumstances involved, in such case the Mortgage Loans connected thereto can possibly also be dissolved or nullified. Even if the Mortgage Loan is not affected, the Borrower/insured may invoke set-off or other defences against the Issuer. The analysis in that

situation is similar to the situation in case of insolvency of the insurer, except if the Seller is itself liable, whether jointly with the insurer or separately, vis-à-vis the Borrower/insured (see for a description of risks in relation to the bankruptcy of an insurer *Risk of set-off or defences under Life Mortgage Loans, Savings Mortgage Loans and Savings Investment Mortgage Loans* above). In this situation set-off or defences against the Issuer could be invoked, which will probably only become relevant in case of bankruptcy or any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation in respect of the Seller and/or the Seller not indemnifying the Borrower. Any such set-off or defences may lead to losses under the Notes.

Litigation and regulatory investigations may adversely affect Aegon Levensverzekering N.V.'s business, results of operations and financial condition

Aegon Levensverzekering N.V. faces significant risks of litigation and regulatory investigations and actions in connection with its activities as an insurer, mortgage lender, securities issuer, investor and taxpayer, among others. This could affect the performance of Aegon Levensverzekering N.V. in its capacity as Insurance Savings Participant and Conversion Participant.

Insurance companies are routinely the subject of litigation, investigation and regulatory activity by various governmental and enforcement authorities, individual claimants and policyholder advocate groups involving wide-ranging subjects such as transparency issues and the charges included in products, employment or third party relationships, adequacy of operational processes, environmental matters, anti-competition, privacy, information security and intellectual property infringement.

In addition, insurance companies are generally the subject of litigation, investigations and regulatory activity concerning common industry practices such as the disclosure of costs, both costs incurred upon inception of the policy as well as over the duration thereof, commissions and premiums and other issues relating to the transparency relating to certain products and services. In particular when these costs and charges apply for or take effect over a longer duration, as is the case for many of Aegon Levensverzekering N.V.'s products. This litigation, investigations and regulatory activity may extend to its mortgage lending business. Adequate transparency of product features and cost levels is important for customer satisfaction especially when they apply for, or take effect over, a longer duration such as many of Aegon Levensverzekering N.V.'s products. In addition, many of Aegon Levensverzekering N.V.'s products offer returns that are affected by, among other things, fluctuations in equity markets as well as interest rates movements. As a result, such returns may prove to be volatile and occasionally disappointing. From time to time this results in disputes that lead to litigation and complaints to regulatory bodies. Complaints like these may lead to inquiries or investigations, regardless of their merit.

Aegon Levensverzekering N.V. cannot predict at this time the effect litigation, investigations and actions will have on the insurance industry, the mortgage lending industry or Aegon Levensverzekering N.V.'s business. Lawsuits, including class actions and regulatory actions, may be difficult to assess or quantify, and may seek recovery of very large and/or indeterminable amounts, and their existence and magnitude may remain unknown for substantial periods of time. Claimants may allege damages that are not quantifiable or supportable and may bear little relationship to their actual economic losses, or amounts they ultimately receive, if any.

Legal proceedings may take years to conclude. Parties are generally allowed to institute appeal from a decision in first instance. A decision in appeal may qualify for appeal to the Dutch Supreme Court. Also, Dutch law, by illustration, does not provide for a statutory basis for a plaintiff to claim damages on behalf of a class. Only once a plaintiff, in its capacity as member of a class, has obtained a ruling on the merits of a case, it can claim damages on an individual basis. Alternatively, negotiations between the defendant and customer interest groups may lead to a form of collective monetary settlement. This settlement can then be declared binding by the court and applied to the entire class.

In the Netherlands, certain current and former customers, and groups representing customers, have initiated litigation and certain groups are encouraging others to bring lawsuits against Aegon Levensverzekering N.V. and other insurers regarding the appropriateness of premiums and policy costs, in respect of certain products, including securities leasing products and unit-linked products (so called *'beleggingsverzekeringen'*). Since 2005, unit-linked products in particular started to become the subject of public debate. Allegations started to emerge that products and services hadn't been transparent, were too costly or delivered a result different from what was agreed to. Customer interest groups were formed specifically in this context. Also, regulators as well as the Dutch Parliament have paid attention to this matter since, principally aimed at achieving an equitable resolution for customers.

Aegon Levensverzekering N.V. has defended and intends to continue defending itself vigorously when it believes claims are without merit. Aegon Levensverzekering N.V. has also sought and will continue to seek to settle certain claims including via policy modifications in appropriate circumstances. Aegon Levensverzekering N.V. refers to the settlement Aegon Levensverzekering N.V. reached in 2009 with two major customer interest groups in the Netherlands, Stichting Verliespolis and Stichting Woekerpolis Claim. In 2012, Aegon accelerated certain product improvements that reduce future costs and increase policy value for its customers with unit-linked insurance policies as further described above in *Reduced value of investments and transparency issues may lead to reduced payments under the Mortgage Loans and losses under the Notes*. A substantial legal liability or a significant regulatory action could have a material adverse effect on Aegon Levensverzekering N.V.'s business, results of operations and financial condition.

Litigation and regulatory investigations and actions may adversely affect Aegon Hypotheken B.V.'s business, results of operations and financial condition

Aegon Hypotheken B.V. faces risks of litigation and regulatory investigations and actions in connection with its activities as a mortgage lender and taxpayer.

Mortgage lenders are from time to time the subject of litigation, investigation and regulatory activity by various governmental and enforcement authorities, individual claimants or third parties, in particular concerning duty of care (*zorgplicht*) and pricing of mortgage loans. See also *Reduced value of investments and transparency issues may lead to reduced payments under the Mortgage Loans and losses under the Notes* and *Litigation and regulatory investigations may adversely affect Aegon Levensverzekering N.V.'s business, results of operations and financial condition* above.

Aegon Hypotheken B.V. cannot predict at this time the effect such litigation, regulatory investigations and actions will have on the mortgage lending industry or Aegon Hypotheken B.V.'s business, results of operations and financial condition.

Risk that the Mortgages on long leases may cease to exist

The Mortgages securing the Mortgage Loans may be vested on a long lease (*erfpacht*), as further described under Description of Mortgage Loans in section *Portfolio Information*.

A long lease will, *inter alia*, end as a result of expiration of the long lease term (in the case of a fixed period), or termination of the long lease by the leaseholder or the landowner. In such event the mortgage right will, by operation of law, cease to exist. The landowner can terminate the long lease in the event the leaseholder has not paid the remuneration due for a period exceeding two (2) consecutive years or commits a serious breach of other obligations under the long lease. If the long lease ends, the landowner will have the obligation to compensate the leaseholder. The amount of the compensation will, *inter alia*, be determined by the conditions of the long lease and may be less than the Market Value of the long lease reduced with unpaid leasehold instalments. In such event the mortgage right will, by operation of law, be replaced by a right of pledge on the claim of the (former)

leaseholder against the landowner for such compensation. For the avoidance of doubt, the claim pledged in favour of the mortgagee may be less than the Market Value of the long lease, since the landowner may set-off this claim with the unpaid leasehold instalments which have become due over the last two consecutive years.

The Seller has represented in the Mortgage Receivables Purchase Agreement that when underwriting a Mortgage Loan to be secured by a mortgage right on a long lease, the Seller has taken into consideration certain conditions, such as the term of the long lease and that, on the basis of the Mortgage Conditions, the Mortgage Loan becomes immediately due and payable if, *inter alia*, the leaseholder has not paid the remuneration in relation to the long lease, the leaseholder breaches any obligation under the long lease, or the long lease is dissolved or terminated. In such event there is a risk that the Issuer will upon enforcement receive less than the market value of the long lease, which could lead to losses under the Notes.

Risk related to interest rate averaging

The Seller allows Borrowers to apply for interest rate averaging (*rentemiddeling*). In case of interest rate averaging (*rentemiddeling*) a Borrower is offered a new fixed interest rate whereby the (agreed-upon) fixed interest will be reduced taking into account the current interest rate offered by such offeror for the relevant period, the risk profile, the break costs for the fixed interest. Interest rate averaging may be favourable for a Borrower in case the agreed-upon fixed interest rate in force at that time is (substantially) higher than the current market interest rate. It should be noted that interest rate averaging (*rentemiddeling*) may have a downward effect on the interest received on the relevant Mortgage Loans, which could lead to losses under the Notes.

On 20 March 2017 the AFM published guidelines with principles for calculating the prepayment penalty that may be charged in case of a prepayment of a mortgage loan (*Leidraad Vergoeding voor vervroegde aflossing van de hypotheek*). Although the guidelines do not directly apply to interest rate averaging, the AFM expects providers of mortgage loans to act in the best interest of the borrower. Furthermore, the AFM announced that it will investigate whether providers of mortgage loans always act in accordance with the borrowers' interest. In this respect, the AFM could decide to argue for adjustment of the legislation concerning interest rate averaging, which depending on the adjustment may have a downward effect on the interest received on the relevant Mortgage Loans, which could lead to losses under the Notes.

Risk that (automatic) risk class adjustments may lead to reduction in cash flow under the Mortgage Receivables

The Dutch residential mortgage lending market is a regulated market. Mortgage lenders have a duty of care towards the consumers. In 2018, there was a discussion with one of the Dutch supervisory authorities and the sector as to the extent to which mortgage lenders should, as part of their duty of care, pro-actively adjust the risk class and interest rate of a mortgage loan if due to repayment and prepayment the mortgage loan migrates to a lower risk class (so called "automatic risk class adjustment"). In view hereof, the AFM has published a module for the risk premium regarding mortgage loans (*Klantbelang Dashboardmodule risico-opslagen bij hypotheken Normenkader 2018*), in which the AFM sets out its view on the principles mortgage lenders should take into account in its policies in this respect.

In order to comply with duty of care expectations of the supervisory authority in this respect, Aegon announced in December 2018 that it will amend its policy as a result of the discussion. This means that in the course of 2019 Aegon will not only automatically adjust the risk class and interest rate due to prepayments (which was already Aegon policy), but will also automatically adjust the risk class and interest rates due to repayments in annuity and linear mortgage loans (or loan parts as the case may be). Automatic risk class adjustment will not be implemented for (i) Savings Mortgage Loans (or

Loan Parts as the case may be), (ii) Bank Savings Mortgage Loans (or Loan Parts as the case may be) and (iii) Universal Life Mortgage Loans with an investment in the LHR (or Loan Parts as the case may be), but will only be done after approval from the borrower. With respect to Mortgage Loans consisting of more than one Loan Part, all Loan Parts other than mentioned under (i), (ii) and (iii), will be subject to automatic risk class adjustment. As a result thereof, the rate of interest in respect of part of the Mortgage Receivables with a fixed interest rate will become subject to (automatic) risk class adjustment which shall result in reduced interest proceeds under the relevant Mortgage Receivables. Under the Mortgage Receivables Purchase Agreement the Seller has the right, but not the obligation to repurchase affected Mortgage Receivables in such event. Investors should be aware that the policy of the Seller with respect to automatic risk class adjustment may change over time. For avoidance of doubt, automatic risk class adjustment does currently not relate to NHG loans and there are currently no intentions to change this policy in the near future.

Risk that claims under an NHG Guarantee (if applicable) may be set aside or be insufficient to fully recover losses under the related Mortgage Receivable

All Mortgage Loan Receivables have the benefit of an NHG Guarantee see Description of Mortgage Loans in section *Portfolio Information*. However, pursuant to the terms and conditions (*voorwaarden en normen*) of the NHG Guarantee, the guarantor, Stichting Waarborgfonds Eigen Woningen (Stichting **WEW**), has no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee. There is a risk that in respect of one or more Mortgage Loan Receivables, the Seller has not complied with the terms and conditions of the NHG Guarantee in which case the NHG Guarantee will not serve as additional credit support for such Mortgage Loan Receivable(s).

Furthermore, the terms and conditions of the NHG Guarantee (irrespective of the type of redemption of the relevant Mortgage Loan) stipulate that the guaranteed amount is reduced on a monthly basis by an amount which is equal to the amount of the monthly repayments plus interest as if the mortgage loan were to be repaid on a thirty year annuity basis. The actual redemption structure of a Mortgage Loan can be different (see Description of Mortgage Loans in section *Portfolio Information*). This may result in the Issuer not being able to fully recover any loss incurred with the Stichting WEW under the NHG Guarantee and may lead to a Realised Loss in respect of such Mortgage Loan Receivable and consequently in the Issuer not being able to fully repay the Notes.

In respect of mortgage loans offered as of 1 January 2014, the NHG Conditions stipulate that in determining the loss incurred by a lender after a private or a forced sale of the mortgaged property, an amount of 10 per cent. will be deducted from such loss and thus from the payment to be made by Stichting WEW to the lender. As pursuant to the NHG Conditions such lender in principle is not entitled to recover the remaining amount under the relevant mortgage loan in such case (see section 6.5 (*NHG Guarantee Programme*)), this may consequently lead to the Issuer not having sufficient funds to fully repay the Notes.

Furthermore, the NHG Conditions stipulate that an NHG Guarantee of Stichting WEW will terminate upon expiry of a period of 30 years after the establishment of such NHG Guarantee.

Considerations relating to the Parallel Debt

The Noteholders and the other Secured Creditors will benefit from the security granted in favour of the Security Trustee pursuant to the Pledge Agreements. Under the terms of the Trust Deed, the Issuer will undertake to pay to the Security Trustee, on the same terms and conditions, an amount equal to the aggregate of all amounts from time to time due and payable by the Issuer to the Secured Creditors (including, but not limited to, the Noteholders) in accordance with the terms and conditions of the

relevant Transaction Documents (such payment undertaking and the obligations and liabilities resulting from it being referred to as the Parallel Debt).

The Parallel Debt represents an independent claim of the Security Trustee to receive payment thereof from the Issuer, provided that (a) the aggregate amount that may become due under the Parallel Debt will never exceed the aggregate amount that may become due under all of the Issuer's obligations to the Secured Creditors, including the Noteholders, pursuant to the Transaction Documents and (b) every payment in respect of such Transaction Documents for the account of or made to the Secured Creditors directly in respect of such undertaking shall operate in satisfaction *pro tanto* of the corresponding covenant in favour of the Security Trustee. The Parallel Debt is secured by the Pledge Agreements. Upon the occurrence of an Event of Default under the Notes, the Security Trustee may give notice to the Issuer that the amounts outstanding under the Notes (and under the Parallel Debt) are immediately due and payable and that it will enforce the Pledge Agreements. The Security Trustee will apply the amounts recovered upon enforcement of the Pledge Agreements in accordance with the provisions of the Trust Deed. The amounts payable to the Noteholders and other Secured Creditors under the Trust Deed will be limited to the amounts available for such purpose to the Security Trustee. Payments under the Trust Deed to the Secured Creditors (other than to the Participants) and to the Security Trustee will be made in accordance with the Post-Enforcement Priority of Payments as set forth in the Trust Deed.

It is generally assumed that under Dutch law a right of pledge cannot be validly created in favour of a person who is not the creditor of the claim that the right of pledge purports to secure. The Parallel Debt is included in the Trust Deed to address this issue. It is noted that there is no statutory law or case law available on the validity or enforceability of a parallel covenant such as the Parallel Debt or the security provided for such debts. However, the Issuer has been advised that there are no reasons why a parallel covenant such as the Parallel Debt will not create a claim of the pledgee (the Security Trustee) thereunder which can be validly secured by a right of pledge such as the rights of pledge created pursuant to the Pledge Agreements.

Enforcement of Dutch security rights

The Noteholders and other Secured Creditors indirectly have the benefit of (i) a first ranking undisclosed right of pledge granted by the Issuer to the Security Trustee over the Mortgage Receivables, (ii) a first ranking disclosed pledge by the Issuer to the Security Trustee over the Issuer's rights under or in connection with the Mortgage Receivables Purchase Agreement, the Interest Rate Cap Agreement, the Servicing Agreement, the Issuer Account Agreement, the Cash Advance Facility Agreement, the Participation Agreements, the Beneficiary Waiver Agreement and in respect of the Issuer Accounts. Notification of the undisclosed right of pledge in favour of the Security Trustee can be validly made after bankruptcy or the granting of a suspension of payments in respect of the Issuer. Under Dutch law the Security Trustee can, in the event of bankruptcy or suspension of payments of the Issuer, exercise the rights afforded by law to pledgees (such as the Security Trustee) as if there were no bankruptcy or suspension of payments. However, bankruptcy or suspension of payments involving the Issuer would adversely affect the position of the Security Trustee as pledgee with respect to the Mortgage Receivables in some respects, the most important of which are: (i) payments made by the Borrowers to the Seller or, after notification of the assignment, to the Issuer, prior to notification of the right of pledge over the Mortgage Receivables but after the Seller being declared bankrupt, subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation or suspension of payments, as applicable, or the Issuer being declared bankrupt or granted suspension of payments, as the case may be, will form part of the bankruptcy estate of the Seller or the Issuer, although the pledgee has the right to receive such amounts as a preferential creditor after deduction of certain bankruptcy-related costs, (ii) a mandatory freezing-period of up to four (4) months may apply in the case of bankruptcy, subjected to any

intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD or Solvency II, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation or suspension of payments, which, if applicable, would delay the exercise of certain rights associated with the right of pledge on the Mortgage Receivables and (iii) the pledgee (such as the Security Trustee) may be obliged to enforce its right of pledge within a reasonable period as determined by the judge-commissioner (*rechter-commissaris*) appointed by the court in the case of bankruptcy of the Seller or the Issuer, as the case may be.

To the extent that the receivables pledged by the Issuer to the Security Trustee are future receivables, the right of pledge on such future receivable cannot be invoked against the estate of the Issuer if such future receivable comes into existence after the Issuer has been declared bankrupt or has been granted a suspension of payments. The Issuer has been advised that the assets pledged to the Security Trustee under the Issuer Rights Pledge Agreement and Issuer Accounts Pledge Agreement may be regarded as future receivables. This would for example apply to amounts paid to the relevant Issuer Accounts following the Issuer's bankruptcy or suspension of payments.

Risk that the Issuer does not have the authority to reset interest rates and that cooperation of the Seller will be required

The interest rate of the fixed rate Mortgage Loans resets from time to time. The Issuer has been advised that a good argument can be made that the right to reset the interest rate on the Mortgage Loans after the termination of the fixed interest period should be considered as an ancillary right and follows the Mortgage Receivables upon their assignment by the Seller to the Issuer and the pledge to the Security Trustee, but that in the absence of case law or legal literature this is not certain. To the extent the interest rate reset right passes upon the assignment of the Mortgage Receivables to the Issuer or upon the pledge of the Mortgage Receivables to the Security Trustee, such assignee or pledgee will be bound by the contractual provisions and principles of reasonableness and fairness relating to the reset of interest rates. If the interest reset right remains with the Seller, the co-operation of the bankruptcy trustee (in bankruptcy) or administrator (in suspension of payments) would be required to reset the interest rates. It is uncertain whether or when such co-operation will be forthcoming.

In this respect it is noted that the Seller has undertaken in the Mortgage Receivables Purchase Agreement to repurchase and accept re-assignment of Mortgage Receivables sold by it to the Issuer as of the Notes Calculation Period as from but excluding the First Optional Redemption Date, in the event that the weighted average interest rate of all Mortgage Loans that have been reset in a Notes Calculation Period following the First Optional Redemption Date is equal to or less than the average three-month EURIBOR + 1.00% for such Notes Calculation Period. The average three-month EURIBOR will be determined by the Issuer Administrator, by dividing the sum of all three-month EURIBOR rates as observed on each Business Day during such Notes Calculation Period by the number of Business Days in such Notes Calculation Period. The Mortgage Receivables with the lowest interest rate levels which were subject to any interest rate reset in the relevant Notes Calculation Period will be repurchased until the weighted average interest rate of the pool of Mortgage Receivables that reset in the relevant Notes Calculation Period exceeds the weighted average of three-months EURIBOR + 1.00%.

3. PRINCIPAL PARTIES

3.1 Issuer

SAECURE 18 NHG B.V. is incorporated under Dutch law as a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*). The corporate seat (*statutaire zetel*) of the Issuer is in Amsterdam, the Netherlands and its registered office is at Prins Bernhardplein 200, 1097 JB Amsterdam, the Netherlands and its telephone number is +31 20 5214 777. The Issuer is registered with the Trade Register under number 75033046. The legal entity identifier (**LEI**) of the Issuer is 724500HJUV1CXK2U1P19.

The Issuer is a special purpose vehicle, whose objectives are (a) to acquire, to purchase, to manage, to alienate and to encumber assets and to exercise any rights connected to these assets, (b) to acquire funds to finance the acquisition of the assets mentioned under (a) by way of issuing bonds or by way of entering into loan agreements, (c) to invest, including to lend, any funds held by the Issuer, (d) to limit interest rate and other financial risks, amongst others by entering into derivatives agreements, such as swaps and options, (e) in connection with the foregoing, (i) to borrow funds against the issue of bonds or by entering into loan agreements, inter alia to repay the obligations under the securities mentioned under (b), (ii) to grant security rights and (iii) to enter into agreements relating to bank accounts, administration, custody, asset management and sub participation; and (f) to perform all activities which are, in the widest sense of the word, incidental to or which may be conducive to the attainment of these objectives.

The Issuer was established for the limited purposes of the issuing of the Notes, the acquisition of the Mortgage Receivables and certain related transactions described elsewhere in this Prospectus. The Issuer operates under Dutch law, provided that it may enter into contracts which are governed by the laws of another jurisdiction than the Netherlands.

The Issuer has an issued share capital of €1.00 which is fully paid-up. All shares of the Issuer are held by the Shareholder.

Statement by managing director of the Issuer

Since its incorporation there has been no material adverse change in the financial position or prospects of the Issuer and the Issuer has not (i) commenced operations, no profits and losses have been made or incurred and it has not declared or paid any dividends nor made any distributions, save for the activities related to its establishment and the securitisation transaction described in this Prospectus nor (ii) prepared any financial statements. There are no legal, arbitration or governmental proceedings which may have, or have had, significant effects on the Issuer's financial position or profitability nor, so far as the Issuer is aware, are any such proceedings pending or threatened against the Issuer.

The Issuer has the corporate power and capacity to issue the Notes, to acquire the Mortgage Receivables and to enter into and perform its obligations under the Transaction Documents.

The sole managing director of each of the Issuer and the Shareholder is Intertrust Management B.V. The managing directors of Intertrust Management B.V. are E.M. van Ankeren, A.T. O'Shea, E. Wind and D.H. Schornagel. The managing directors of Intertrust Management B.V. have chosen domicile at the office address of Prins Bernhardplein 200, 1097 JB Amsterdam, telephone number +31 20 521 47 77.

The objectives of Intertrust Management B.V. are (a) advising of and mediation with respect to financial and related transactions, (b) finance company, and (c) management of legal entities. Intertrust Management B.V. is also the Shareholder Director.

The Issuer Director has entered into the Issuer Management Agreement with the Issuer and the Security Trustee. In the Issuer Management Agreement the Issuer Director agrees and undertakes, among other things, that it shall (i) manage the affairs of the Issuer in accordance with proper and prudent Dutch business practice and in accordance with the requirements of Dutch law and Dutch accounting practice with the same care that it exercises or would exercise in connection with the administration of similar matters held for its own account or for the account of third parties and (ii) refrain from any action detrimental to any of the Issuer's rights and obligations under the Transaction Documents.

The Issuer Management Agreement may be terminated by the Issuer (with the consent of the Security Trustee) or the Security Trustee upon the occurrence of certain termination events, including, but not limited to, a default by the Issuer Director (unless remedied within the applicable grace period), dissolution and liquidation of the Issuer Director or the Issuer Director being declared bankrupt or granted a suspension of payments, provided that the Credit Rating Agencies are notified of such default and after consultation with the Secured Creditors, other than the Noteholders. Furthermore, the Issuer Management Agreement can be terminated by the Issuer Director or the Security Trustee on behalf of the Issuer upon ninety (90) days prior written notice. The Issuer Director shall resign upon termination of the Issuer Management Agreement, provided that such resignation shall only be effective as from the moment (a) a new director reasonably acceptable to the Security Trustee has been appointed and (b) a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such appointment.

There are no potential conflicts of interest between any duties of the Issuer Director to the Issuer and private interests or other duties of the Issuer Director or its managing directors except that Intertrust Management B.V., the sole managing director of both the Issuer and the Shareholder, belong to the same group of companies as Intertrust Administrative Services B.V., the Issuer Administrator. Therefore a conflict of interests may in theory arise. In this respect it is of note that in the relevant Management Agreement entered into by each of the Directors with the entity of which it has been appointed managing director (*statutair directeur*), each of the Directors agrees and undertakes to, among other things, (i) do all that an adequate managing director (*statutair directeur*) should do and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents. In addition each of the Directors agrees in the relevant Management Agreement that it shall not agree to any modification of any agreement including, but not limited to, the Transaction Documents to which the Issuer and/or the Shareholder is a party, or enter into any agreement, other than in accordance with the Trust Deed and the other Transaction Documents.

The financial year of the Issuer coincides with the calendar year. The first financial year shall end on 31 December 2019.

Wft

The Issuer is not subject to any banking licence requirement under Section 2:11 of the Wft as amended, due to the fact that the Notes will be offered solely to Non-Public Lenders.

The Issuer is not subject to any licence requirement under Section 2:60 of the Wft, as and for as long as the Issuer has outsourced the servicing and administration of the Mortgage Loans to the Servicer and for as long as the Servicer holds a license referred to in the next sentence. As at the date of this Prospectus, the Servicer holds a license under the Wft and the Issuer will thus benefit from the relevant exemption.

3.2 Shareholder

Stichting Holding SAECURE 18 NHG is established under Dutch law as a foundation (*stichting*) having its official seat in Amsterdam, the Netherlands and registered with the Trade Register under number 75030772.

The objectives of the Shareholder are (i) to acquire shares in the capital of the Issuer in its own name and to hold such shares whether or not for its own account, whether or not in exchange for depositary receipts issued for such shares, (ii) to exercise the voting rights and other rights attributable to such shares, (iii) to collect dividends and other distributions due on account of such shares, (iv) to borrow monies and (v) to acquire any other form of financing in view of the acquisition of such shares and to do all that is connected or may be conducive to the foregoing, all to be interpreted in the widest sense.

Intertrust Management B.V., the sole managing director of both the Issuer and the Shareholder, belong to the same group of companies as Intertrust Administrative Services B.V., the Issuer Administrator. Therefore a conflict of interests may arise. In this respect it is of note that in the relevant Management Agreement entered into by each of the Directors with the entity of which it has been appointed managing director (*statutair directeur*), each of the Directors agrees and undertakes to, among other things, (i) do all that an adequate managing director (*statutair directeur*) should do and (ii) refrain from taking any action detrimental to the obligations under any of the Transaction Documents. In addition each of the Directors agrees in the relevant Management Agreement that it will procure that the relevant entity will not enter into any agreement in relation to the Issuer, the Security Trustee and/or the Shareholder, other than the Transaction Documents to which it is a party, unless permitted under the Transaction Documents, without the prior written consent of the Security Trustee and that the Security Trustee will only enter into any agreement other than the Transaction Documents to which it is a party, under certain conditions.

The Shareholder Director has entered into the Shareholder Management Agreement with the Shareholder, the Issuer and the Security Trustee pursuant to which the Director agrees and undertakes to, among other things, (i) manage the affairs of the Shareholder in accordance with proper and prudent Dutch business practice and in accordance with the requirements of Dutch law and Dutch accounting practices, and (ii) refrain from any action detrimental to the Issuer's ability to meet its obligations under any of the Transaction Documents. Pursuant to the articles of association of the Shareholder an amendment of the articles of association of the Shareholder requires the prior written consent of the Security Trustee. Moreover, the Director shall only be authorised to dissolve the Shareholder after (i) receiving the prior written consent of the Security Trustee and (ii) the Issuer has been fully discharged for all its obligations by virtue of the relevant Transaction Documents.

3.3 Security Trustee

Stichting Security Trustee SAECURE 18 NHG is established under Dutch law as a foundation (*stichting*) having its official seat in Amsterdam, the Netherlands and registered with the Trade Register under number 75030837. It has its corporate seat (*statutaire zetel*) in Amsterdam, the Netherlands and its registered office at Hoogoorddreef 15, 1101 BA, Amsterdam, the Netherlands.

The objectives of the Security Trustee are (a) to act as agent and/or trustee of the Noteholders and any other creditor of the Issuer under the relevant Transaction Documents, (b) to acquire, keep and administer security rights in its own name, and if necessary to enforce such security rights, for the benefit of the creditors of the Issuer, including the holders of the Notes to be issued by the Issuer, and to perform acts and legal acts, including the acceptance of a parallel debt obligation from, *inter alia*, the Issuer, which are conducive to the holding of the abovementioned security rights, (c) to borrow money and (d) to perform any and all acts which are related, incidental or which may be conducive to the above.

The sole managing director of the Security Trustee is IQ EQ Structured Finance B.V., a private company with limited liability (*besloten vennootschap met beperkte aansprakelijkheid*) incorporated under the laws of the Netherlands and having its corporate seat (*statutaire zetel*) in Amsterdam, the Netherlands. The managing directors of IQ EQ Structured Finance B.V. are Jasper van der Sluis and Luc Louis Egied Hollman.

The Security Trustee shall not be liable for any action taken or not taken by it or for any breach of its obligations under or in connection with the Trust Deed or any other Transaction Document to which it is a party, except in the event of its wilful misconduct (*opzet*), gross negligence (*grove nalatigheid*), fraud or bad faith, and it shall not be responsible for any act or negligence of persons or institutions selected by it with due care.

The Security Trustee Director has entered into the Security Trustee Management Agreement with the Security Trustee and the Issuer. In the Security Trustee Management Agreement the Security Trustee Director undertakes, among other things, that it shall (i) manage the affairs of the Security Trustee in accordance with proper and prudent Dutch business practice and in accordance with the requirements of Dutch law and Dutch accounting practice with the same care that it exercises or would exercise in connection with the administration of similar matters held for its own account or for the account of third parties and in such manner as to not adversely affect the then current ratings assigned to the Notes and (ii) refrain from taking any action detrimental to the Security Trustee's rights and the ability to meet its obligations under or in connection with the Transaction Documents. In addition the Security Trustee Director undertakes in the Security Trustee Management Agreement that it will not agree to any alteration of any agreement including, but not limited to, the Transaction Documents other than in accordance with the Trust Deed.

The Trust Deed provides that the Security Trustee shall not retire or be removed from its duties under the Trust Deed until all amounts payable to the Secured Creditors under the Transaction Documents have been paid in full. However, the Noteholders of the Most Senior Class shall have the power, exercisable only by an Extraordinary Resolution, to remove the Security Trustee Director as director of the Security Trustee. The Security Trustee Management Agreement with the Security Trustee Director may be terminated by the Security Trustee (or the Issuer on its behalf) upon the occurrence of certain termination events, including, but not limited to, a default by the Security Trustee Director (unless remedied within the applicable grace period), dissolution and liquidation of the Security Trustee Director or the Security Trustee Director being declared bankrupt or granted a suspension of payments, provided that the Credit Rating Agencies are notified of such default and after consultation with the Secured Creditors, other than the Noteholders. Furthermore, the Security Trustee Management Agreement can be terminated by the (a) Security Trustee Director or (b) Security Trustee, provided that a Credit Rating Agency Confirmation in respect of each Credit Rating Agency

is available in connection with such termination, upon ninety (90) days prior written notice given by the (i) Security Trustee Director to the Security Trustee or (ii) Security Trustee to the Security Trustee Director and the other parties to the Security Trustee Management Agreement. In the event of termination, the Security Trustee Director shall fully co-operate with the other parties to the Security Trustee Management Agreement and do all such acts as are necessary to appoint a new director. The Security Trustee Director shall resign upon termination of the Security Trustee Management Agreement, provided that such resignation shall only be effective as from the moment (a) a new director reasonably acceptable to the Issuer, after having consulted with the Secured Creditors (other than the Noteholders) has been appointed and (b) that a Credit Rating Agency Confirmation in respect of each Credit Rating Agency is available in respect of such appointment.

4. THE NOTES

4.1 Terms and Conditions

*The following are the terms and conditions (the **Conditions**) which will be applicable to the Notes, including the Notes which are evidenced by Global Registered Note Certificates but only to the extent that such terms and conditions are appropriate for such Notes evidenced by Global Registered Note Certificates. The Conditions will be attached to the Note Certificates. See Form in section* The Notes.

The issue of the €512,350,000 Class A mortgage-backed notes 2019 due 2092 (the **Class A Notes**), the €32,704,000 Class B mortgage-backed notes 2019 due 2092 (the **Class B Notes**) and the €5,451,000 Class C subordinated notes 2019 due 2092 (the **Class C Notes** and together with the Class A Notes and the Class B Notes, the **Notes**) was authorised by a resolution of the managing director of SAECURE 18 NHG B.V. (the **Issuer**) passed on 2 July 2019. The Notes have been issued under the Trust Deed between the Issuer, Stichting Holding SAECURE 18 NHG and Stichting Security Trustee SAECURE 18 NHG (the **Security Trustee**).

Under the Paying Agency Agreement, provision is made for, among other things, the payment of principal and interest in respect of the Notes.

The statements in these Conditions include summaries of, and are subject to, the detailed provisions of (i) the Paying Agency Agreement, (ii) the Trust Deed, which will include the form of the Definitive Registered Note Certificates and the forms of the Global Registered Note Certificates, (iii) the Mortgage Receivables Purchase Agreement, (iv) the Servicing Agreement, (v) the Administration Agreement, (vi) the Issuer Mortgage Receivables Pledge Agreement, (vii) the Issuer Rights Pledge Agreement and (viii) the Issuer Accounts Pledge Agreement. A reference to a Transaction Document shall be construed as a reference to such Transaction Document as the same may have been, or may from time to time be, replaced, amended, restated, novated or supplemented and a reference to any party to a Transaction Document shall include references to its successors, assigns and any person deriving title under or through it.

Certain words and expressions used in these Conditions are defined in a master definitions agreement dated 5 July 2019 (the **Master Definitions Agreement**) between the Issuer, the Security Trustee, the Seller and certain other parties. Such words and expressions shall, except where the context requires otherwise, have the same meanings in these Conditions.

Copies of the Mortgage Receivables Purchase Agreement, the Trust Deed, the Secured Creditors Agreement, the Paying Agency Agreement, the Servicing Agreement, the Pledge Agreements, the Master Definitions Agreement and the other relevant Transaction Documents are available for inspection free of charge by holders of the Notes at the specified office of the Paying Agents and the current office of the Security Trustee, being at the date hereof Hoogoorddreef 15, 1101BA Amsterdam, the Netherlands. The Noteholders are entitled to the benefit of, are bound by, and are deemed to have notice of, all the provisions of the Trust Deed, the Paying Agency Agreement, the Pledge Agreements, the Secured Creditors Agreement and the Master Definitions Agreement.

1. Form, Denomination, Register, Title and Transfers

1.1 Form and denomination

(a) *Form*

The Notes are in registered form (*vorderingen op naam*), evidenced by Note Certificates without interest coupons, talons or principal receipts attached.

(b) *Global Registered Note Certificates*

The Notes are initially evidenced by the Global Registered Note Certificates.

(c) If, while any Notes are evidenced by Global Registered Note Certificates:

(i) Euroclear and/or Clearstream, Luxembourg, as the case may be, is closed for business for a continuous period of fourteen (14) days (other than by reason of holiday, statutory or otherwise) or announces an intention permanently to cease business or has in fact done so and no alternative or successor clearing system acceptable to the Security Trustee is available; or

(ii) as a result of any amendment to, or change in (a) the laws or regulations of the Netherlands (or of any political sub-division thereof) or of any authority therein or thereof having power to tax or (b) the interpretation or administration of such laws or regulations, which becomes effective on or after the Closing Date, the Issuer is or a Paying Agent is or will be required to make any deduction or withholding from any payment in respect of the Notes which would not be required were the Notes evidenced by Note Certificates in definitive form,

(each an **Exchange Event**) then the Issuer will, within thirty (30) days of the occurrence of the relevant event, in exchange for the whole outstanding interest in that Global Registered Note Certificate to the extent permitted by law, issue definitive registered note certificates in an aggregate principal amount equal to the Principal Amount Outstanding of the Notes evidenced by the Global Registered Note Certificates (**Definitive Registered Note Certificates**).

A Definitive Registered Note Certificate will be issued to each Noteholder in respect of its registered holding. Each Definitive Registered Note Certificate will be serially numbered with an identifying number which will be recorded in the Register.

(d) *Denomination*

(i) As long as the Notes are evidenced by Global Registered Note Certificates and Euroclear and/or Clearstream, Luxembourg so permit the interests in the Notes will be tradable only in minimum denominations of EUR 100,000 and in integral multiples of EUR 1,000 in excess thereof up to and including EUR 199,000.

(ii) Definitive Registered Note Certificates, if issued, will only be printed and issued in a minimum authorised denomination of EUR100,000 in each case increased with any amount in excess thereof in integral multiples of EUR 1,000 up to and including EUR 199,000. No Definitive Registered Note Certificates will be issued with a denomination above EUR 199,000.

(e) *Notes and Noteholder*

(i) References to **Notes** shall mean the claims (*vorderingsrechten*) against the Issuer as evidenced by the Note Certificates.

(ii) In these Conditions, **Noteholder** or **holder of a Note** means the person in whose name a Note is registered and capitalised terms have the meanings given to them herein.

(f) The Class A Notes are issued under the new safekeeping structure (the **NSS**).

(g) For so long as any Notes are evidenced by a Global Registered Note Certificate, transfers and exchanges of beneficial interests in such Notes and entitlement to payments thereunder will be effected subject to and in accordance with the rules and procedures from time to time of Euroclear or Clearstream, Luxembourg, as the case may be.

1.2 Title and Register

(a) *Title*

The person registered in the Register as the holder of any Note will, to the fullest extent permitted by law, be deemed and treated by all persons and for all purposes as the absolute owner of such Note (whether or not payment under such Note shall be overdue and notwithstanding any notice of ownership or writing on, or any notice of previous loss or theft of the related Note Certificate), including for the making of payments, and no person shall be liable for so treating such person.

(b) *Register*

The Issuer shall cause to be kept at the specified offices of the Registrar, a register on which the names and addresses of the holders of the Notes and the particulars of the Notes and of all transfers and redemptions of the Notes shall be entered.

The Issuer will procure that, as long as any of the Notes remains outstanding, there will at all times be a Registrar.

1.3 Transfers

(a) No transfer shall be valid unless and until entered in the Register.

(b) Title to a Note may pass by (i) due execution and completion of a written instrument (a **Transfer Certificate**) in the form attached to the Note Certificate, (ii) delivery of the Transfer Certificate together with the relevant Note Certificate to the Registrar and the Issuer (which delivery shall constitute notification to the Issuer), together with such evidence as the Registrar may reasonably require and (iii) registration of the transfer in the Register. In case of a transfer of part only of a Note evidenced by a Note Certificate, a new Note Certificate shall be issued to the transferee in respect of the part transferred and a further new Note Certificate in respect of the balance of the holding not transferred shall be issued to the transferor.

(c) A Note may only be transferred in the minimum denominations specified in Condition 1.1 (*Form and denomination*).

(d) A new Definitive Registered Note Certificate, to be issued upon transfer of a Note evidenced by a Definitive Registered Note Certificate will, within five (5) Business Days of such surrender of the old Note Certificate, be available for delivery at the specified office of the Registrar as stipulated in the request for transfer. The Registrar will register the transfer in question and deliver a new Note Certificate evidencing the transferred (part of the) Note to the relevant holder at its specified office.

(e) The transfer of a Note will be effected without charge by the Registrar, but subject to payment of (or the giving of such indemnity as the Registrar may require for) any tax or other governmental charges which may be imposed in relation to it.

(f) Noteholders may not require transfers of Notes to be registered during the period of fifteen (15) days ending on the due date for any payment of principal or interest in respect of the Notes.

(g) All transfers of Notes and entries on the Register are subject to the detailed regulations concerning the transfer of Notes scheduled to the Paying Agency Agreement. The regulations may be changed by the Issuer with the prior written approval of the Security Trustee and the Registrar. A copy of the current regulations will be mailed (free of charge) by the Registrar to any Noteholder who requests in writing a copy of such regulations.

2. Status, Relationship between the Notes and Security

(a) *Status*

The Notes of each Class are direct and unconditional obligations of the Issuer and rank *pari passu* and rateably without any preference or priority among Notes of the same Class. In accordance with the provisions of Conditions 4, 6 and 9 and the Trust Deed the right to payment of principal on the Class B Notes will be subordinated to, *inter alia* payments of principal amounts and following delivery of an Enforcement Notice interest amounts in respect of the Class A Notes, and as from but excluding the First Optional Redemption Date, the Class A Excess Consideration Revenue Shortfall Amount payable in respect of the Class A Notes if applicable. The right to payment of principal on the Class C Notes will be subordinated to, *inter alia*, payments of principal amounts (through debiting of the Class A Principal Deficiency Ledger or following delivery of an Enforcement Notice) and interest amounts in respect of the Class A Notes and as from but excluding the First Optional Redemption Date, the Class A Excess Consideration and the Class A Additional Redemption Amounts payable in respect of the Class A Notes if applicable, and payments of principal (through debiting of the Class B Principal Deficiency Ledger or following delivery of an Enforcement Notice upon Enforcement) on the Class B Notes.

(b) *Security*

The Secured Creditors, including, inter alia, the Noteholders, indirectly benefit from the Security for obligations of the Issuer towards the Security Trustee, which will be created pursuant to, and on the terms set out in, the Trust Deed and the Pledge Agreements, which will create, inter alia, the following security rights:

(i) a first ranking undisclosed right of pledge by the Issuer to the Security Trustee over the Mortgage Receivables and the Beneficiary Rights;

(ii) a first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer Rights; and

(iii) a first ranking disclosed right of pledge by the Issuer to the Security Trustee over the Issuer's claims in respect of the Issuer Accounts.

The Trust Deed contains provisions requiring the Security Trustee to have regard to the interests of each of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders each as a Class as regards all powers, trust, authorities, duties and discretions of the Security Trustee (except where expressly provided otherwise) and the Security Trustee need not have regard to the consequences of such exercise for individual Noteholders but is required in any such case to have regard only to the interests of the Class A Noteholders if, in the Security Trustee's opinion, there is a conflict between the interests of the Class A Noteholders on the one hand and the Class B Noteholders or the Class C Noteholders on the

other hand and, if no Class A Notes are outstanding, to have regard only to the interests of the Class B Noteholders if, in the Security Trustee's opinion, there is a conflict between the interests of the Class B Noteholders on the one hand and the Class C Noteholders on the other hand. In addition, the Security Trustee shall have regard to the interests of the other Secured Creditors, provided that, in the case of a conflict of interest between the Secured Creditors, the relevant Priority of Payments set forth in the Trust Deed determines which interest of which Secured Creditor prevails.

3. Covenants of the Issuer

As long as any of the Notes remain outstanding, the Issuer shall carry out its business in accordance with proper and prudent Netherlands business practice and in accordance with the requirements of Dutch law and accounting practice, and shall not, except (i) to the extent permitted by the relevant Transaction Documents or (ii) with the prior written consent of the Security Trustee:

(a) carry out any business other than as described in the Prospectus and as contemplated in the relevant Transaction Documents;

(b) incur any indebtedness in respect of borrowed money whatsoever or give any guarantee or indemnity in respect of any indebtedness, except as contemplated in the relevant Transaction Documents;

(c) create or promise to create any mortgage, charge, pledge, lien or other security interest whatsoever over any of its assets, or use, invest, sell, transfer or otherwise dispose of or grant any options or rights to any part of its assets except as contemplated by the relevant Transaction Documents;

(d) consolidate or merge with any other person or convey or transfer its properties or assets substantially or as an entirety to any persons;

(e) permit the validity or effectiveness of the relevant Transaction Documents, or the priority of the security created thereby or pursuant thereto to be amended, terminated, waived, postponed or discharged, or permit any person whose obligations form part of such security rights to be released from such obligations or consent to any waiver except as contemplated in the relevant Transaction Documents;

(f) have any employees or premises or have any subsidiary or subsidiary undertaking;

(g) have an interest in any bank account other than (i) the Issuer Accounts or (ii) any accounts into which collateral under the Interest Rate Cap Agreement is transferred, unless all rights in relation to such account (other than the account(s) into which collateral under the Interest Rate Cap Agreement is transferred) will have been pledged to the Security Trustee as provided in Condition 2(b)(iii);

(h) take any action which will cause its 'centre of main interest' within the meaning of the insolvency regulation to be located outside the Netherlands;

(i) amend, supplement or otherwise modify or waive any terms of its articles of association or other constitutive documents or the Transaction Documents;

(j) pay any dividend or make any other distribution to its shareholder(s), other than in accordance with the applicable Priority of Payments or issue any further shares; or

(k) engage in any activity whatsoever which is not incidental to or necessary in connection with, any of the activities which the relevant Transaction Documents provide or envisage that the Issuer will engage in.

4. Interest

(a) *Period of Accrual*

(i) The Class A Notes shall bear interest on their Principal Amount Outstanding from and including the Closing Date. Each such Class A Note (or, in the case of the redemption of only part of a Class A Note, that part only of such Class A Note) shall cease to bear interest from its due date for redemption unless, upon due presentation, payment of the relevant amount of principal or any part thereof is improperly withheld or refused. In such event, interest will continue to accrue thereon (before and after any judgment) at the rate applicable to such Class A Note up to but excluding the date on which, on presentation of such Class A Note, payment in full of the relevant amount of principal is made or (if earlier) the seventh day after notice is duly given by the Paying Agents to the holder thereof (in accordance with Condition 13) that upon presentation thereof, such payments will be made, provided that upon such presentation payment is in fact made. Whenever it is necessary to compute an amount of interest in respect of any Note for any period, such interest shall be calculated on the basis of the actual number of days elapsed in the Interest Period divided by 360 days.

(ii) The Class B Notes and Class C Notes will not bear interest.

(b) *Interest Periods and Notes Payment Dates*

Interest on the Class A Notes shall be payable in euro by reference to each successive Interest Period and will be payable in arrear in respect of the Principal Amount Outstanding of such Class A Notes, respectively, on each Notes Payment Date, subject to Condition 9(a).

(c) *Interest on the Class A Notes up to but excluding the First Optional Redemption Date*

Except for the first Interest Period in respect of which interest will accrue from the Closing Date at an annual rate equal to the linear interpolation between the Euro Interbank Offered Rate (**EURIBOR**) for 2-month deposits in euro and EURIBOR for 3-month deposits in euro, interest on the Class A Notes) for each Interest Period up to (but excluding) the First Optional Redemption Date will accrue at an annual rate equal to EURIBOR for three-month deposits in euro, plus a margin per annum of 0.40%.

The rate of interest on the Class A Notes will not be lower than zero.

(d) *Interest and Class A Excess Consideration on the Class A Notes from and including the First Optional Redemption Date*

As from (and including) the First Optional Redemption Date, the rate of interest applicable to the Class A Notes will be equal to the sum of EURIBOR for three-month deposits in euro up to the Euribor Agreed Rate, payable by reference to Interest Periods on each Notes Payment Date plus a margin per annum of 0.40%.

The rate of interest on the Class A Notes will not be lower than zero.

In addition thereto, as from (and including) the First Optional Redemption Date, the Class A Noteholders will be entitled to a step-up consideration equal to the relevant Principal Amount Outstanding of the Class A Notes multiplied by 0.40% (the **Class A Step-up Consideration**). Furthermore, if three-month EURIBOR exceeds the EURIBOR Agreed Rate, the Class A Noteholders will be entitled to an amount equal to the relevant Principal Amount Outstanding of the Class A Notes multiplied by the relevant three-month EURIBOR rate to the extent it exceeds the EURIBOR Agreed Rate (the **EURIBOR Excess Consideration**). The Class A Step-up Consideration and the EURIBOR Excess Consideration are together referred to as the **Class A Excess Consideration**.

(e) *EURIBOR*

For the purposes of Conditions 4(c) and 4(d), EURIBOR will be determined as follows:

(i) the Reference Agent will obtain for each Interest Period the rate equal to EURIBOR for three-month deposits in euros. The Reference Agent shall use the EURIBOR rate as determined and published by the European Money Markets Institute (**EMMI**) and which appears for information purposes on the Reuters Screen EURIBOR01, (or, if not available, any other display page on any screen service maintained by any registered information vendor for the display of the EURIBOR rate selected by the Reference Agent) as at or about 11:00 am (Central European Time) on the day that is two (2) Business Days preceding the first day of each Interest Period (each an **Interest Determination Date**);

(ii) if, on the relevant Interest Determination Date, such EURIBOR rate is not determined and published by EMMI, or if it is not otherwise reasonably practicable to calculate the rate under (i) above, the Reference Agent will use its reasonable efforts to, and provided that such arrangements are in compliance with the Benchmark Regulation Requirements:

(A) request the principal Euro-zone office of each of four (4) major banks selected by the Issuer in the Euro-zone interbank market (the **EURIBOR Reference Banks**) to provide a quotation for the rate at which three month euro deposits are offered by it in the Euro-zone interbank market at approximately 11.00 am (Central European Time) on the relevant Interest Determination Date to prime banks in the Euro-zone interbank market in an amount that is representative for a single transaction at that time; and

(B) if at least two quotations are provided, determine the arithmetic mean (rounded, if necessary, to the fifth decimal place with 0.000005 being rounded upwards) of such quotations as provided;

(iii) if fewer than two such quotations are provided as requested, the Reference Agent will determine the arithmetic mean (rounded, if necessary to the fifth decimal place with 0.000005 being rounded upwards) of the rates quoted by major banks selected by the Issuer, of which there shall be at least two in number, in the Euro-zone selected by the Reference Agent, at approximately 11.00 am (Central European Time) on the relevant Interest Determination Date for three months deposits to leading Euro-zone banks in an amount that is representative for a single transaction in that market at that time; and

(iv) if the Reference Agent is unable to determine EURIBOR in accordance with the provisions under (ii) and (iii) above, the Issuer shall use its best efforts, to, at its discretion and provided that such arrangements are in compliance with the

Benchmark Regulation Requirements, determine EURIBOR in accordance with (ii) and (iii) above itself (provided it shall not determine such rate on a regular basis) or appoint a third party to perform such determination and inform the Reference Agent in writing of EURIBOR applicable for the relevant Interest Period and each such determination or calculation shall be final and binding on all parties;

and EURIBOR for such Interest Period shall be the rate per annum equal to EURIBOR for three month euro deposits as determined in accordance with this paragraph (e), provided that if the Reference Agent and/or the Issuer is unable to determine EURIBOR in accordance with the above provisions in relation to any Interest Period, EURIBOR applicable to the Class A Notes during such Interest Period will be equal to EURIBOR last determined in relation thereto, until EURIBOR can be determined again on a subsequent Interest Determination Date.

(f) *Determination of Floating Rate of Interest and Calculation of the Floating Interest Amount*

The Reference Agent will, as soon as practicable after 11.00 am (Central European Time) for the relevant class of Notes, on each relevant Interest Determination Date, (i) determine the floating rates of interest referred to in paragraphs (c) and (d) above for each relevant Class of Notes (the Floating Rate of Interest) and (ii) calculate the amount of interest payable, subject to Condition 9(a), on each of the relevant class of Notes for the following Interest Period (the Floating Rate Interest Amount) by applying the relevant Floating Rate of Interest to the Principal Amount Outstanding of the Notes, as applicable. The determination of the relevant Floating Rate of Interest and the Floating Rate Interest Amount by the Reference Agent shall (in the absence of manifest error) be final and binding on all parties.

(g) *Notification of the Floating Rate of Interest and the Floating Rate Interest Amount*

The Reference Agent will cause the relevant Floating Rate of Interest and the relevant Floating Rate Interest Amount and the Notes Payment Date applicable to each relevant Class of Notes to be notified to the Issuer, the Security Trustee, the Paying Agents, the Issuer Administrator and to the holders of such Class of Notes. As long as the Class A Notes are admitted to the official list and trading on the regulated market of Euronext Amsterdam or by any other competent authority, stock exchange and/or quotation system, notice shall also be published in such other place as may be required by the rules and regulations of such competent authority, stock exchange and/or quotation system, as soon as possible after the determination. The Floating Rate Interest Amount and Notes Payment Date so published may subsequently be amended (or appropriate alternative arrangements made by way of adjustment) without notice in the event of an extension or shortening of the Interest Period.

(h) *Determination or Calculation by Security Trustee*

If the Reference Agent at any time for any reason does not determine the relevant Floating Rate of Interest or does not receive EURIBOR from the Issuer based on Condition 4(e)(iv) or fails to calculate the relevant Floating Rate Interest Amount in accordance with Condition 4(f) above, the Security Trustee shall, or a party so appointed by the Security Trustee shall on behalf of the Security Trustee acting in accordance with Benchmark Regulation Requirements, determine the relevant Floating Rate of Interest at such rate as, in its absolute discretion (having such regard as it shall think fit to the procedure described in Condition 4(e) and 4(f) above), it shall deem fair and reasonable under the circumstances, or, as the case may be, the Security Trustee shall calculate the Floating Rate Interest Amount in accordance with Condition 4(f) above, and each such determination or calculation shall be final and binding on all parties.

(i) *Reference Agent*

The Issuer will procure that, as long as any of the Notes remains outstanding, there will at all times be a Reference Agent. The Issuer has, subject to obtaining the prior written consent of the Security Trustee, the right to terminate the appointment of the Reference Agent by giving at least ninety (90) days' notice in writing to that effect. Notice of any such termination will be given to the holders of the relevant Class of Notes in accordance with Condition 13. If any person shall be unable or unwilling to continue to act as the Reference Agent or if the appointment of the Reference Agent shall be terminated, the Issuer will, with the prior written consent of the Security Trustee, appoint a successor reference agent to act in its place, provided that neither the resignation nor removal of the Reference Agent shall take effect until a successor approved in writing by the Security Trustee has been appointed.

5. Payment

(a) Payment of principal and, if applicable, interest and Class A Excess Consideration in respect of Note Certificates will be made by transfer to a euro account maintained by the payee with a bank in the Netherlands, as the holder of a Note may specify. All such payments will be subject in all cases to any applicable fiscal or other laws and regulations.

(b) If the relevant Notes Payment Date is not a Local Business Day, the holder of a Note thereof shall not be entitled to payment until the next following Local Business Day, or to any interest or other payment in respect of such delay, provided that in the case of payment by transfer to a euro account as referred to above, the Paying Agents shall not be obliged to credit such account until the Local Business Day immediately following the day on which banks are open for business in the Netherlands. The name of each of the Paying Agents and details of its office are set out below.

(c) The Issuer reserves the right at any time to vary or terminate the appointment of the Paying Agent and to appoint additional or other paying agents provided that no paying agents located in the United States of America will be appointed and that the Issuer will at all times maintain a paying agent having a specified office in a jurisdiction within Europe provided that, in respect of any such additional paying agent, the Issuer will not be required to withhold or deduct any tax pursuant to any applicable law. Notice of any termination or appointment of a Paying Agent will be given to the Noteholders in accordance with Condition 13.

6. Redemption

(a) *Final Redemption*

Unless previously redeemed as provided below, the Issuer will, subject to Condition 9(a), redeem any remaining Notes at their respective Principal Amount Outstanding on the Final Maturity Date.

(b) *Mandatory Redemption prior to delivery of an Enforcement Notice*

Subject to Condition 9(a) and provided that no Enforcement Notice has been served in accordance with Condition 10, the Issuer shall on each Notes Payment Date apply the Available Principal Funds in accordance with the Pre-Enforcement Principal Priority of Payments.

The Redemption Amount so redeemable in respect of each Note (other than the Class C Notes) (each a **Principal Redemption Amount**), on the relevant Notes Payment Date, shall be the Available Principal Funds on the Notes Calculation Date relating to that Notes

Payment Date available to redeem such Class of Notes in accordance with the Pre-Enforcement Principal Priority of Payments, divided by the number of Notes of the relevant Class subject to such redemption (rounded down to the nearest euro), provided always that the Principal Redemption Amount may never exceed the Principal Amount Outstanding of the relevant Note. Following application of the Principal Redemption Amount to redeem a Note, the Principal Amount Outstanding of such Note shall be reduced accordingly.

(c) *Determination of Principal Redemption Amount and Principal Amount Outstanding:*

(i) On each Notes Calculation Date, the Issuer shall determine (or cause the Issuer Administrator to determine) (a) the Principal Redemption Amount and (b) the Principal Amount Outstanding of the relevant Note on the first day following the relevant Notes Payment Date. Each determination by or on behalf of the Issuer of any Principal Redemption Amount or the Principal Amount Outstanding of a Note shall in each case (in the absence of manifest error) be final and binding on all persons.

(ii) On each Notes Calculation Date, the Issuer will cause each determination of the Redemption Amount due in respect of each Class, the Available Principal Funds and Principal Amount Outstanding of Notes to be notified forthwith to the Security Trustee, the Paying Agents, the Reference Agent, Euronext Amsterdam and to the holders of Notes and, as long as the Notes are evidenced by a Global Registered Note Certificate, Euroclear and Clearstream, Luxembourg and notice thereof shall be published in accordance with Condition 13. If no Principal Redemption Amount is due to be made on the Notes on any applicable Notes Payment Date a notice to this effect will be given to the Noteholders in accordance with Condition 13.

(iii) If the Issuer does not at any time for any reason determine (or cause the Issuer Administrator to determine) the Redemption Amount or the Principal Amount Outstanding of a Note, such Redemption Amount or such Principal Amount Outstanding shall be determined by the Security Trustee in accordance with this Condition 6(c) and Condition 6(b) above (but based upon the information in its possession as to the Available Principal Funds) and each such determination or calculation shall be deemed to have been made by the Issuer and (in the absence of manifest error) be final and binding on all persons.

(d) *Optional redemption*

The Issuer may, at its option, on giving not more than sixty (60) nor less than thirty (30) days' written notice to the Security Trustee and the Noteholders in accordance with Condition 13, on the First Optional Redemption Date, and on each Optional Redemption Date thereafter redeem, subject to Condition 9(a) all (but not only part of) the Class A Notes and the Class B Notes at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon and, if applicable, in respect of the Class A Notes the Class A Excess Consideration Amount, after payment of the amounts to be paid in priority to redemption of the Notes provided that, from the Notes Payment Date falling in July 2026, the Issuer may, in case the Seller or any of its group companies has decided not to purchase the Mortgage Receivables, sell the Mortgage Receivables for (i) a price below their Outstanding Principal Amount (but subject always to being sufficient to satisfy in full the items ranking in priority to the Class A Notes as well as to redeem the Class A Notes in full and to pay any accrued and unpaid amounts of interest and any accrued and unpaid Class A Excess Consideration in respect of the Class A Notes), after payment of items ranking higher in the Pre-Enforcement Priority of Payments, and will apply such proceeds to redeem all (but not only part) of the Class A Notes and any unpaid interest and unpaid Class A Excess Consideration thereon or (ii) the Class A Notes may be redeemed for a lower amount if it has been approved by an Extraordinary

Resolution of the Class A Noteholders to sell the Mortgage Receivables at a price less than the amount required to redeem the Class A Notes in full together with accrued and unpaid interest and the Class A Excess Consideration Amount (and any higher ranking items in accordance with the Pre-Enforcement Revenue Priority of Payments) and subsequently the Class B Notes may be redeemed at an amount equal to the higher of (a) the Available Principal Funds remaining after redemption of the Class A Notes together with accrued and unpaid interest thereon and the Class A Excess Consideration Amount and (b) zero. Any unpaid amount on the Class B Notes shall in such case cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

(e) *Redemption following clean-up call*

The Seller has the option to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables on any Notes Payment Date on which the principal amount due on the Mortgage Receivables then outstanding is less than 10% of the aggregate Outstanding Principal Amount of the Mortgage Receivables on the Cut-Off Date (the **Clean-up Call Option**), provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon after payment of the amounts to be paid in priority to redemption of the Notes (other than the Class C Notes). On the Notes Payment Date following the exercise by the Seller of the Clean-up Call Option, the Issuer shall redeem, subject to Condition 9(a), all (but not only part of) the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon and accrued but unpaid Class A Excess Consideration, after payment of the amounts to be paid in priority to redemption of the Notes.

(f) *Redemption of Class C Notes*

Provided that no Enforcement Notice has been served, the Issuer will be obliged, as from and including the earlier of (i) the Notes Payment Date on which all amounts of interest, Class A Excess Consideration and principal on the Notes (other than the Class C Notes) will have been paid in full and (ii) the First Optional Redemption Date, to apply the Available Revenue Funds, if and to the extent that all payments ranking above item (k) in the Pre-Enforcement Revenue Priority of Payments set forth in the Trust Deed have been made in full, to redeem (or partially redeem) on a *pro rata* basis the Class C Notes on each Notes Payment Date until fully redeemed. Any amount so redeemed will be deemed to be a Principal Redemption Amount for the purpose of calculating the Principal Amount Outstanding of each of the Class C Notes in accordance with Condition 6(c).

(g) *Redemption for tax reasons*

The Issuer may (but is not obliged to) on giving not less than thirty (30) nor more than sixty (60) days prior notice to the Noteholders and the Security Trustee, redeem all the Notes (other than the Class C Notes) (but not only part of), at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon up to and including the date of redemption, subject to and in accordance with the Conditions including, without limitation, Condition 9(a), if (a) the Issuer or the Paying Agents has become or would become obligated to make any withholding or deduction from payments in respect of any of the Notes (although the Issuer will not have any obligation to pay additional amounts in respect of any such withholding or deduction) and/or (b) the Issuer has become or would become subject to any limitation of the deductibility of interest on any of the Notes, as a result of (i) a change in any laws, rules or regulations or in the interpretation or administration thereof, or (ii) any act taken by any taxing authority on or after the Closing Date. No redemption pursuant to sub-

clause (ii) may be made unless the Issuer receives an opinion of independent counsel that there is a probability that the act taken by the taxing authority leads to one of the events mentioned at (a) or (b), provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon and accrued but unpaid Class A Excess Consideration after payment of the amounts to be paid in priority to redemption of the Notes (other than the Class C Notes).

(h) *Redemption for regulatory reasons*

The Seller has the option to repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables on a Notes Payment Date upon the occurrence of a Regulatory Change provided that in each case, the Issuer has sufficient funds to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon and accrued but unpaid Class A Excess Consideration after payment of the amounts to be paid in priority to redemption of the Notes (other than the Class C Notes). On the Notes Payment Date following the exercise by the Seller of the Regulatory Call Option, the Issuer shall redeem, subject to Condition 9(a), all (but not only part of) the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, if applicable, accrued but unpaid interest thereon, after payment of the amounts to be paid in priority to redemption of the Notes.

7. Taxation

(a) *General*

All payments of, or in respect of, principal and (in respect of the Class A Notes) interest on the Notes will be made without withholding of, or deduction for, or on account of any present or future taxes, duties, assessments or charges of whatsoever nature imposed or levied by or on behalf of the Netherlands or any other jurisdiction, any authority therein or thereof having power to tax unless the withholding or deduction of such taxes, duties, assessments or charges are required by law. In that event, the Issuer will make the required withholding or deduction of such taxes, duties, assessments or charges for the account of the Noteholders, as the case may be, and shall not pay any additional amounts to such Noteholders.

(b) *FATCA Withholding*

Sections 1471 through 1474 of the U.S. Internal Revenue Code of 1986 impose a certain reporting regime and due diligence requirements on foreign financial institutions and, potentially, a 30 per cent. withholding tax with respect to (i) certain payments from sources within the United States, (ii) "foreign passthru payments" made to certain non-U.S. financial institutions that do not comply with this new reporting regime, and (iii) payments to certain investors that do not provide identification information with respect to interests issued by a participating non-U.S. financial institution.

If an amount in respect of FATCA Withholding were to be deducted or withheld either from amounts due to the Issuer or from interest, principal or other payments made in respect of the Notes, neither the Issuer nor any paying agent nor any other person would, pursuant to the conditions of the Notes, be required to pay additional amounts as a result of the deduction or withholding.

8. Prescription

Claims against the Issuer for payment in respect of the Notes shall become prescribed and become void unless made within five (5) years from the date on which such payment first becomes due.

9. Subordination

(a) *Principal*

Prior to service of an Enforcement Notice, until the date on which the Principal Amount Outstanding and the Class A Excess Consideration Amount of all Class A Notes is reduced to zero, the holders of the Class B Notes will not be entitled to any repayment of principal in respect of the Class B Notes. As from that date the Principal Amount Outstanding of the Class B Notes will be redeemed in accordance with the provisions of Condition 6, provided that if, on any Notes Payment Date, there is a balance on the Class B Principal Deficiency Ledger, then notwithstanding any other provisions of these Conditions, the principal amount payable on redemption of each Class B Note on such Notes Payment Date shall not exceed its Principal Amount Outstanding less the relevant Principal Shortfall on such date. The Class B Noteholders shall have no further claim against the Issuer for the Principal Amount Outstanding on the Class B Notes after the earlier of (i) the Final Maturity Date and (ii) the date on which the Issuer no longer holds any Mortgage Receivables and there are no balances standing to the credit of the Issuer Accounts and the Issuer has no further rights under or in connection with any of the Transaction Documents.

If on any Notes Calculation Date all amounts of interest and principal that are or may become due in respect of the Notes, except for principal in respect of the Class C Notes, have been paid or will be available for payment on the Notes Payment Date immediately following such Notes Calculation Date, the Reserve Account Target Level will be reduced to zero and any amount standing to the credit of the Reserve Account will on the Notes Payment Date immediately succeeding such Notes Calculation Date form part of the Available Revenue Funds and will, *inter alia*, be available to redeem or partially redeem the Class C Notes.

If on the Notes Payment Date on which all amounts of interest and principal due in respect of the Notes, except for principal in respect of the Class C Notes, have been paid or will be paid (i) there is no balance standing to the credit of the Reserve Account in excess of the Reserve Account Target Level, then notwithstanding any other provisions of these Conditions the Class C Noteholders will not be entitled to any repayment of principal in respect of the Class C Notes, or (ii) there is a balance standing to the credit of the Reserve Account in excess of the Reserve Account Target Level, then notwithstanding any other provisions of these Conditions the amount to be applied towards satisfaction of the Principal Amount Outstanding of each Class C Note on such date shall not exceed the balance standing to the credit of the Reserve Account in excess of the Reserve Account Target Level, divided by the number of Class C Notes then outstanding. The Class C Noteholders shall have no further claim against the Issuer for the Principal Amount Outstanding on the Class C Notes after the earlier of (i) the Final Maturity Date and (ii) the date on which the Issuer no longer holds any Mortgage Receivables and there are no balances standing to the credit of the Issuer Accounts and the Issuer has no further rights under or in connection with any of the Transaction Documents.

(b) *Interest*

In the event that on any Notes Payment Date the Issuer has insufficient funds available to it to satisfy its obligations in respect of amounts of interest due on the Class A Notes (which does

not include Class A Excess Consideration) on such Notes Payment Date and such interest is not paid within fifteen (15) calendar days from the relevant Notes Payment Date, this will constitute an Event of Default in accordance with Condition 10(a).

(c) *Class A Excess Consideration*

The obligation to pay the Class A Excess Consideration is subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero and (ii) replenish the Reserve Account up to the amount of the Reserve Account Target Level, in accordance with the Pre-Enforcement Revenue Priority of Payments.

In the event that on any Notes Payment Date prior to redemption in full of the Class A Notes the Issuer has insufficient funds available to it to satisfy its obligations in respect of Class A Excess Consideration due on such Notes Payment Date, the amount available (if any) shall be applied towards satisfaction of the Class A Excess Consideration due on such Notes Payment Date to the holders of the Class A Notes on a *pro rata* and *pari passu* basis in accordance with the respective amount of Class A Excess Consideration to be distributed to the Class A Notes at such time. In the event of a shortfall the Issuer shall credit the Class A Excess Consideration Deficiency Ledger with an amount equal to the amount by which the aggregate amount of Class A Excess Consideration paid to the Class A Notes on any Notes Payment Date in accordance with this Condition falls short of the aggregate amount of Class A Excess Consideration payable on the Class A Notes in accordance with Condition 4. Such shortfall shall not be treated as due on that date for the purpose of Condition 4 and treated for the purpose of these Conditions as if it were Class A Excess Consideration due, subject to this Condition, on the Class A Notes on the next succeeding Notes Payment Date.

If, on the Notes Payment Date on which the Issuer expects the Class A Notes to be redeemed in full in accordance with Condition 6(b) any Class A Excess Consideration is due but unpaid, the Issuer shall, by no later than 30 calendar days prior to the relevant Notes Payment Date, notify the Noteholders:

(a) by delivery through the Paying Agent of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication to the relevant account holders; or

(b) if at such time the Notes are evidenced by Definitive Note Certificates, by publication as required by Condition 13;

of the fact that the Class A Notes will be redeemed in full on the next succeeding Notes Payment Date in accordance with Condition 6(b) and that any then due but unpaid Class A Excess Consideration may not be paid in full on such Notes Payment Date and that each Class A Noteholder will be required to (i) disclose their held position(s) in the Class A Notes to the Issuer with a copy to the Registrar as per the Record Date immediately preceding such Notes Payment Date, along with, on such Record Date, (x) such evidence of ownership as the Issuer may request; (y) details of a euro account maintained by such Noteholder and (z) any materials as may reasonably be requested by the Issuer to facilitate the payment being made free of withholding tax. The Issuer will be discharged of its obligation to pay the Class A Excess Consideration to a relevant Class A Noteholder by transferring the Class A Excess Consideration to which such Class A Noteholder as identified under (i) above is entitled, to the bank account notified by such Class A Noteholder.

(d) *General*

If the Security in respect of the Notes has been fully enforced and the proceeds of such enforcement, after payment of all other claims ranking under the Trust Deed in priority to a Class are insufficient to pay in full all principal and interest and other amounts whatsoever due in respect of such Class, the Noteholders of such Class shall have no further claim against the Issuer (or, for the avoidance of doubt, the Security Trustee) in respect of any such unpaid amounts.

10. Events of Default

The Security Trustee at its discretion may or, if so directed by an Extraordinary Resolution of the Most Senior Class (subject, in each case, to being indemnified to its satisfaction) (in each case, the **Relevant Class**) shall (but in the case of the occurrence of any of the events mentioned in subparagraph (b), only if the Security Trustee shall have certified in writing to the Issuer that such an event is, in its opinion, materially prejudicial to the Noteholders of the Relevant Class) give an Enforcement Notice to the Issuer that the Notes are, and each Note shall become, immediately due and payable at their or its Principal Amount Outstanding, together with, if applicable, accrued interest, if any of the following (each an **Event of Default**) shall occur:

(a) the Issuer is in default for a period of fifteen (15) calendar days or more in the payment (excluding the Class A Excess Consideration) on the due date of any amount due in respect of the Notes of the Relevant Class; or

(b) the Issuer fails to perform any of its other obligations binding on it under the Notes of the Relevant Class, the Trust Deed, the Paying Agency Agreement or the Pledge Agreements and, except where such failure, in the reasonable opinion of the Security Trustee, is incapable of remedy, such default continues for a period of thirty (30) calendar days after written notice by the Security Trustee to the Issuer requiring the same to be remedied; or

(c) if a conservatory attachment (*conservatoir beslag*) or an executory attachment (*executoriaal beslag*) on any major part of the Issuer's assets is made and not discharged or released within a period of thirty (30) calendar days of its first being made; or

(d) if any order shall be made by any competent court or other authority or a resolution passed for the dissolution or winding-up of the Issuer or for the appointment of a liquidator or receiver of the Issuer in respect of all or substantially all of its assets; or

(e) it is or will become unlawful for the Issuer to perform or comply with any of its obligations under or in respect of the Notes, the Trust Deed or the Security; or

(f) the Issuer has taken any winding-up resolution, has been declared bankrupt (*failliet*), or has applied for general settlement or composition with creditors (*akkoord*), or suspension of payments (*surseance van betaling*) or reprieve from payment,

provided that, if more than one Class of Notes is outstanding, no Enforcement Notice may or shall be given by the Security Trustee to the Issuer in respect of any Class ranking junior to the Most Senior Class irrespective of whether an Extraordinary Resolution is passed by the holders of such Class or Classes ranking junior to the Most Senior Class, unless an Enforcement Notice in respect of the Most Senior Class has been given by the Security Trustee. In exercising its discretion as to whether or not to give an Enforcement Notice to the Issuer in respect of the Most Senior Class, the Security Trustee shall not be required to have

regard to the interests of the holders of any Class of Notes ranking junior to the Most Senior Class.

The issuance of an Enforcement Notice will be reported to the Noteholders without undue delay in accordance with Condition 13.

11. Enforcement

(a) *Enforcement*

Without prejudice to Condition 11(d), at any time after the obligations under the Notes of any Class become due and payable, the Security Trustee may, at its discretion and without further notice, take such steps and/or institute such proceedings as it may think fit to enforce the Security pursuant to the terms of the Trust Deed, the Secured Creditors Agreement and the Pledge Agreements, including the making of a demand for payment thereunder, but it need not take any such proceedings unless (i) it shall have been directed by an Extraordinary Resolution of the Most Senior Class and (ii) it shall have been indemnified to its satisfaction. The Security Trustee will enforce the security created by the Issuer in favour of the Security Trustee pursuant to the terms of the Trust Deed and the Pledge Agreements for the benefit of all Secured Creditors, including, but not limited to, the Noteholders, and will apply the net proceeds received or recovered towards satisfaction of the Parallel Debt. The Security Trustee shall distribute such net proceeds in accordance with the Post-Enforcement Priority of Payments set forth in the Trust Deed.

(b) *No direct action against Issuer by Noteholders*

No Noteholder may proceed directly against the Issuer unless the Security Trustee, having become bound so to proceed, fails to do so within a reasonable time and such failure is continuing.

(c) *Undertaking by Noteholders and Security Trustee*

The Noteholders and the Security Trustee may not institute against, or join any person in instituting against, the Issuer any bankruptcy, winding-up, reorganisation, arrangement, insolvency or liquidation proceeding until the expiry of a period of at least one (1) year after the last maturing Note is paid in full.

(d) *Offer to sell*

Following the giving of an Enforcement Notice, the Security Trustee shall, without in any event affecting its right to notify the Borrowers of its right of pledge, make an offer (on behalf of the Issuer) to the Seller and its group companies to purchase the Mortgage Receivables before the Security Trustee enforces its right of pledge by selling the Mortgage Receivables to a third party. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

In all instances, before the Issuer or the Security Trustee enters into any binding purchase agreement with a third party with respect to the Mortgage Receivables, it will first grant the possibility to the Seller and/or its group companies to purchase the Mortgage Receivables against payment of the same purchase price such third party has indicated to be willing to pay. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

(e) *Limitation of Recourse*

The Noteholders accept and agree that the only remedy of the Security Trustee against the Issuer after any of the Notes have become due and payable pursuant to Condition 10 above is to enforce the Security. The proceeds will be applied in accordance with the Post-Enforcement Priority of Payments. If the foreclosure proceeds are insufficient, after payment of all other claims ranking in priority to a Class of Notes, to fully pay the amounts due and payable in respect of such Class, the unpaid amount shall cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

12. Indemnification of the Security Trustee

The Trust Deed contains provisions for the indemnification of the Security Trustee and for its relief from responsibility.

13. Notices

Notices to the Noteholders will, if Notes are in definitive form, be deemed to be validly given if published in at least one widely circulated newspaper in London, the United Kingdom and in the Netherlands and on the DSA website, being at the time www.dutchsecuritisation.nl, or, if such website shall cease to exist or timely publication thereon shall not be practicable, in such manner as the Security Trustee shall approve. Any such notice shall be deemed to have been given on the first date of such publication. If publication as provided above is not practicable, a notice will be given in such other manner, and will be deemed to have been given at such date, as the Security Trustee shall approve.

So long as the Notes are admitted to the official list and trading on the regulated market of Euronext Amsterdam all notices to the Noteholders will be valid if published in a manner which complies with the rules and regulations of Euronext Amsterdam (which includes delivering a copy of such notice to Euronext Amsterdam) and any such notice shall be deemed to have been given on the first date of such publication.

14. Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors

The Trust Deed contains provisions for convening meetings of Noteholders of any Class or one or more Classes jointly to consider matters affecting the interests, including the sanctioning by Extraordinary Resolution, of such Noteholders of the relevant Class of a change of any of these Conditions or any provisions of the relevant Transaction Documents.

The Noteholders of any Class may adopt a resolution without the formalities for convening a meeting set out in the Trust Deed being observed, including an Extraordinary Resolution and/or an Extraordinary Resolution relating to a Basic Terms Change, provided that such resolution is unanimously adopted in writing – including by email, facsimile or electronic transmission, or in the form of a message transmitted by any accepted means of communication and received or capable of being produced in writing – by all Noteholders of the relevant Class having the right to cast votes.

(a) *Meeting of Noteholders*

The Trust Deed contains provisions for convening meetings of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders to consider matters affecting the interests, including the sanctioning by Extraordinary Resolution,

of such Noteholders of the relevant Class of a change of any of these Conditions or any provisions of the relevant Transaction Documents, provided that no change of certain terms by the Noteholders of any Class including the date of maturity of the Notes of the relevant Class, or a change which would have the effect of accelerating or postponing any day for payment of interest in respect of such Notes, increasing, reducing or cancelling the amount of principal or rate of interest payable in respect of such Notes unless such reduction or cancellation results from the change to an Alternative Base Rate as referred to under Clause 14(b)(D) below or altering the majority required to pass an Extraordinary Resolution or any alteration of the date or priority of redemption of such Notes (any such change in respect of any such class of Notes referred to below as a **Basic Terms Change**) shall be effective except that, (A) if the Security Trustee is of the opinion that such a Basic Terms Change is being proposed by the Issuer as a result of, or in order to avoid, an Event of Default, such Basic Terms Change may be sanctioned by an Extraordinary Resolution of the Noteholders of the relevant Class as described below or (B) a Basic Terms Change may be sanctioned by a resolution unanimously adopted in writing by all Noteholders of the relevant Class having the right to cast votes without a meeting having been convened, provided that in each case the Issuer has agreed thereto.

A meeting as referred to above may be convened by the Issuer, the Seller or by Noteholders of any Class holding at least 10% of the Principal Amount Outstanding of the Notes of such Class. The quorum for any meeting convened to consider an Extraordinary Resolution for any Class of Notes will be 66.67% of the Principal Amount Outstanding of the Notes of the relevant Class, as the case may be, and at such a meeting an Extraordinary Resolution shall be adopted with not less than a two-third majority of the validly cast votes, except that the quorum required for an Extraordinary Resolution including the sanctioning of a Basic Terms Change shall be at least 75% of the Principal Amount Outstanding of the Notes of the relevant Class and the majority required shall be at least 75% of the validly cast votes in respect of that Extraordinary Resolution. If at such meeting the aforesaid quorum is not represented, a second meeting of Noteholders will be held within one month, with due observance of the same formalities for convening the meeting which governed the convening of the first meeting; at such second meeting an Extraordinary Resolution can be adopted with not less than a two-thirds majority of the validly cast votes, except that for an Extraordinary Resolution including a sanctioning of a Basic Terms Change the majority required shall be 75% of the validly cast votes, regardless of the Principal Amount Outstanding of the Notes of the relevant Class then represented.

An Extraordinary Resolution passed at any meeting of the Class A Noteholders shall be binding on all other Classes of Notes, irrespective of its effect upon them, except in case of an Extraordinary Resolution to sanction a Basic Terms Change, which shall not take effect unless it shall have been sanctioned by (i) an Extraordinary Resolution of the lower ranking Classes of Notes and (ii) a resolution thereto by the Security Trustee if the Security Trustee is of the opinion that the relevant Basic Terms Change will not be materially prejudicial to the respective interests of all lower ranking Classes of Notes.

An Extraordinary Resolution (other than a sanctioning Extraordinary Resolution referred to in the previous paragraph) passed at any meeting of a Class of Notes (other than the Class A Notes) or, as the case may be, Classes of Notes (other than the Class A Notes) shall not be effective, unless it shall have been sanctioned by (i) an Extraordinary Resolution of the Class A Noteholders or (ii) a resolution thereto by the

Security Trustee if the Security Trustee is of the opinion that it will not be materially prejudicial to the interests of the Class A Notes.

Any Extraordinary Resolution duly passed shall be binding on all Noteholders of the relevant Class (whether or not they were present at the meeting at which such resolution was passed).

(b) *Voting*

Every Voter (as defined in the Trust Deed) shall have one vote in respect of (i) each €1.00 or (ii) such other amount as the Security Trustee may in its absolute discretion stipulate in Principal Amount Outstanding of the Notes represented or held by such Voter. The Issuer and its affiliates may not vote on any Notes held by them directly or indirectly. Such Notes will not be taken into account in calculating the aggregate outstanding amount of the Notes. The Seller is entitled to vote in respect of the Retained Notes held by it.

(c) *Modification, authorisation and waiver without consent of Noteholders*

(A) The Security Trustee may agree with the other parties to any Transaction Document, without the consent of the Noteholders, to (i) any modification of any of the provisions of the Transaction Documents which is of a formal, minor or technical nature or is made to correct a manifest error, and (ii) any other modification, and any waiver or authorisation of any breach or proposed breach, of any of the provisions of the Transaction Documents, which is in the opinion of the Security Trustee not materially prejudicial to the interests of the Noteholders and not in breach of the Securitisation Regulations, provided that a Credit Rating Agency Confirmation with respect to each Credit Rating Agency is available in connection with such modification, authorisation or waiver. Any such modification, authorisation, or waiver shall be binding on the Noteholders and, if the Security Trustee so requires, such modification shall be notified to the Noteholders in accordance with Condition 13 as soon as practicable thereafter. In addition, the Security Trustee may agree, without the consent of the Noteholders, to any modification of any Transaction Document which is required or necessary in connection therewith.

(B) The Security Trustee shall agree with the other parties to any Transaction Document, without the consent of the Noteholders, to any modification of the relevant Transaction Documents (including the Interest Rate Cap Agreement) in order to enable the Issuer and/or the Interest Rate Cap Provider to comply with any obligation which applies to it under Articles 9, 10 and 11 of Regulation (EU) 648/2012 of the European Parliament and of the Council on OTC derivatives, central counterparties and trade repositories dated 4 July 2012 (including, without limitation, any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the **EMIR Requirements**) or any other obligation which applies to it under the EMIR Requirements and/or any new regulatory requirements, subject to receipt by the Security Trustee of a certificate of the Issuer or the Interest Rate Cap Provider certifying to the Security Trustee that the amendments requested by the Issuer or the Interest Rate Cap Provider, as the case may be, are to be made solely for the purpose of enabling the Issuer or the Interest Rate Cap Provider, as the case may be, to satisfy its requirements under EMIR, provided that the Security Trustee shall not be

obliged to agree to any modification which, in the reasonable opinion of the Security Trustee, would have the effect of (A) exposing the Security Trustee to any additional liability or (B) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Security Trustee in respect of the Notes, the relevant Transaction Documents and/or the Conditions, (C) the transaction described in this Prospectus not complying with the requirements set out in the Securitisation Regulations in the event the transaction described in this Prospectus is designated as a "STS" securitisation, in each case, further provided that the Security Trustee has received written confirmation from the Interest Rate Cap Provider in respect of the Interest Rate Cap Agreement that it has consented to such amendment.

(C) The Security Trustee shall agree with the other parties to any Transaction Document, without the consent of the Noteholders, to any modification of the relevant Transaction Documents in order to enable the Issuer to comply with any obligation which applies to it under Regulation (EC) No 1060/2009 of the European Parliament and of the Council of 16 September 2009 on credit rating agencies and Commission Delegated Regulation (EU) 2015/3 (including, without limitation, any associated regulatory technical standards and advice, guidance or recommendations from relevant supervisory regulators) (the **CRA3 Requirements**), including any requirements imposed by the Securitisation Regulations or any other obligation which applies to it under the CRA3 Requirements, the Securitisation Regulations and/or any new regulatory requirements, subject to receipt by the Security Trustee of a certificate of the Issuer certifying to the Security Trustee that the amendments requested by the Issuer are to be made solely for the purpose of enabling the Issuer to satisfy its requirements under the CRA3 Requirements, the Securitisation Regulations and/or any new regulatory requirements provided that the Security Trustee shall not be obliged to agree to any modification which, in the reasonable opinion of the Security Trustee, would have the effect of (i) exposing the Security Trustee to any additional liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Security Trustee in respect of the Notes, the relevant Transaction Documents and/or the Conditions or (iii) the transaction described in this Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the transaction described in this Prospectus is designated as a "STS" securitisation. Each other party to any relevant Transaction Document shall cooperate to the extent reasonably practicable with the Issuer in amending such Transaction Documents to enable the Issuer to comply with the CRA3 Requirements and/or the Securitisation Regulations and/or new regulatory requirements.

(D) The Security Trustee shall agree with the other parties to any Transaction Document, without the consent of the Noteholders, to any modification to these Conditions or any of the relevant Transaction Documents in order to enable the Issuer to change the base rate on the Notes from EURIBOR to an alternative base rate (any such rate, an **Alternative Base Rate**) including the application of any Adjustment Spread (and such other amendments as are necessary or advisable in the reasonable judgment of the Issuer to facilitate such change) to the extent there has been or there is reasonably expected to be a material disruption or cessation to EURIBOR, provided that:

the Security Trustee receives a certificate of the Issuer certifying to the Security Trustee that:

(A) such modification is being undertaken due to:

(i) a material disruption to EURIBOR, an adverse change in the methodology of calculating EURIBOR or EURIBOR ceasing to exist or be published;

(ii) a public statement by the administrator of EURIBOR that it will cease publishing EURIBOR permanently or indefinitely (in circumstances where no successor administrator for EURIBOR has been appointed that will continue publication of EURIBOR) and such cessation is reasonably expected by the Issuer to occur prior to the Final Maturity Date;

(iii) a public statement by the competent authority supervising the administrator of EURIBOR that EURIBOR has been or will be permanently or indefinitely discontinued or will be changed in an adverse manner and such cessation is reasonably expected by the Issuer to occur prior to the Final Maturity Date;

(iv) a public statement by the competent authority supervising the administrator of EURIBOR that means EURIBOR may no longer be used or that its use is subject to restrictions or adverse consequences; or

(v) the reasonable expectation of the Issuer that any of the events specified in sub-paragraphs (i), (ii), (iii) or (iv) will occur or exist within six months of the proposed effective date of such modification;

and, in each case, has been drafted solely to such effect; and

provided that:

(B) such Alternative Base Rate is:

(1) a base rate published, endorsed, approved or recognised by the AFM, any regulator in the European Union or any stock exchange on which the Notes are listed or any relevant committee or other body established, sponsored or approved by any of the foregoing and in compliance with the Benchmark Regulation Requirements; or

(2) a base rate utilised in a material number of publicly-listed new issues of Euro-denominated asset backed floating rate notes prior to the effective date of such modification (for these purposes, unless agreed otherwise by the Security Trustee, such issues shall be considered material); or;

(3) a base rate utilised in a publicly-listed new issue of Euro-denominated asset backed floating rate notes where the originator of the relevant assets is the Seller;

and, in each case, the change to the Alternative Base Rate will not, in its opinion, be materially prejudicial to the interest of the Noteholder or resulting in the Transaction described in this Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the transaction described in this Prospectus is designated as a "STS" securitisation; and

provided further that:

(C)

i. the party proposing the modification to a Transaction Document, if possible and if necessary with the cooperation of the Issuer, obtains from each of the Credit Rating Agencies written confirmation (or certifies in writing to the Issuer and the Security Trustee that the Credit Rating Agencies have been informed of the proposed modification and none of the Credit Rating Agencies has indicated that such modification would result in a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of Notes by such Credit Rating Agency and would not result in any Credit Rating Agency placing any Notes on rating watch negative (or equivalent)) that such modification would not result in a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of Notes by such Credit Rating Agency and would not result in any Credit Rating Agency placing any Notes on rating watch negative (or equivalent) and, if relevant, delivers a copy of each such confirmation to the Issuer and the Security Trustee; or

ii. the Issuer certifies in writing to the Security Trustee that the Credit Rating Agencies have been informed of the proposed modification and none of the Credit Rating Agencies has indicated within 30 Business Days after being informed thereof that such modification would result in (x) a downgrade, withdrawal or suspension of the then current ratings assigned to any Class of the Notes by such Credit Rating Agency or (y) such Credit Rating Agency placing any Notes on rating watch negative (or equivalent); and

provided further that the Security Trustee shall not be obliged to agree to any modification which, in the reasonable opinion of the Security Trustee, would have the effect of (i) exposing the Security Trustee to any additional liability or (ii) adding to or increasing the obligations, liabilities or duties, or decreasing the protections, of the Security Trustee in respect of the Notes, the relevant Transaction Documents and/or the Conditions. Each other party to any relevant Transaction Document shall cooperate to the extent reasonably practicable with the Issuer in amending such Transaction Documents

to enable the Issuer to change the base rate on the Notes from EURIBOR to an Alternative Base Rate, including the application of any Adjustment Spread (and such other amendments as are necessary or advisable in the reasonable judgment of the Issuer to facilitate such change) to the extent there has been or there is reasonably expected to be a material disruption or cessation to EURIBOR; and

(E) The Security Trustee shall agree with the other parties to any Transaction Document, without the consent of the Noteholders, to any modification of the relevant Transaction Documents (including the Interest Rate Cap Agreement) for the purpose of (i) complying with any changes in the requirements of article 6 of the STS Regulation or Section 15G of the Securities Exchange Act of 1934 (as amended), as added by section 941 of the Dodd-Frank Act, after the Closing Date, including as a result of the adoption of regulatory technical standards in relation to the STS Regulation or any other risk retention legislation or regulations or official guidance in relation thereto or (ii) complying with any risk retention requirements which may replace any of the requirements of article 6 of the STS Regulation or Section 15G of the Securities Exchange Act of 1934 (as amended), as added by section 941 of the Dodd-Frank Act, provided that the party proposing the modification to a Transaction Document, supported by the Issuer (provided that the Issuer believes such proposal is not prejudicial to its interest and would not result in the transaction described in this Prospectus no longer satisfying the requirements set out in the Securitisation Regulations, in the event the transaction described in this Prospectus is designated as a "STS" securitisation) if requested by the party proposing the modification, certifies to the Security Trustee in writing that such modification is required solely for such purpose and has been drafted solely to such effect.

Additional Right of Modification

Notwithstanding the other provisions of this Condition 14(b) (Voting), the Security Trustee shall be obliged, without any consent or sanction of the Noteholders, or, any of the other Secured Creditors, to concur with the Issuer in making any modification (other than in respect of a Basic Terms Change) to these Conditions or the provisions of any other Transaction Document to which it is a party or in relation to which it holds security that the Issuer considers necessary for the purpose of complying with, or implementing or reflecting, any change in the criteria of one or more of the Credit Rating Agencies which may be applicable from time to time, provided that:

(i) the Issuer certifies in writing to the Security Trustee (and to the parties to the relevant Transaction Documents in respect of modifications in respect of Transaction Documents), that such modification is necessary to comply with such criteria or, as the case may be, is solely to implement and reflect such criteria;

(ii) such modification would not result in the Transaction described in the Prospectus not complying with the requirements set out in the Securitisation Regulations, in the event the Transaction described in the Prospectus is designated as a "STS" securitisation; and

(iii) in the case of any modification to a Transaction Document proposed by any of the Interest Rate Cap Provider, the Issuer Account Bank or the Cash Advance Facility Provider in order (x) to remain eligible to perform its role in

such capacity in conformity with such criteria and/or (y) to avoid taking action which it would otherwise be required to take to enable it to continue performing such role (including, without limitation, posting collateral or advancing funds): (A) the Interest Rate Cap Provider, the Issuer Account Bank or the Cash Advance Facility Provider, as the case may be, certifies in writing to the Issuer or the Security Trustee that such modification is necessary for the purposes described in paragraph (ii)(x) and/or (y) above (and in the case of a certification provided to the Issuer, the Issuer shall certify to the Security Trustee that it has received the same from the Interest Rate Cap Provider, the Issuer Account Bank, or the Cash Advance Facility Provider, as the case may be); and (B) the Issuer or, unless agreed otherwise, the Interest Rate Cap Provider, the Issuer Account Bank or the Cash Advance Facility Provider, as the case may be, obtains from each of the Credit Rating Agencies a Credit Rating Agency Confirmation and, if relevant, delivers a copy of each such Credit Rating Agency Confirmation to the Issuer; and (C) the Issuer pays all costs and expenses (including legal fees) incurred by the Issuer and the Security Trustee in connection with such modification, unless otherwise provided for in the relevant Transaction Document,

(the certificate to be provided by the Issuer, the Interest Rate Cap Provider, the Issuer Account Bank or the Cash Advance Facility Provider, as the case may be, pursuant to paragraphs (i) or (ii) above being a **Modification Certificate**), provided that:

(A) at least 30 calendar days' prior written notice of any such proposed modification has been given to the Security Trustee;

(B) the Modification Certificate in relation to such modification shall be provided to the Security Trustee both at the time the Security Trustee is notified of the proposed modification and on the date that such modification takes effect; and

(C) the consent of each Secured Creditor which is party to the relevant Transaction Document or which has a right to consent to such modification pursuant to the provisions of these Conditions has been obtained by either the Issuer or the Security Trustee; and

(D) the Issuer certifies in writing to the Security Trustee (which certification may be in the Modification Certificate) that the Issuer has provided at least 30 calendar days' notice to the Noteholders of each class of the proposed modification in accordance with Condition 13 (*Notices*) and by publication on Bloomberg on the "Company News" screen relating to the Notes, and Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class have not contacted the Issuer or Paying Agent in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within such notification period notifying the Issuer or Paying Agent that such Noteholders do not consent to the modification.

If Noteholders representing at least 10 per cent. of the aggregate Principal Amount Outstanding of the Most Senior Class have notified the Paying Agent or the Issuer in writing (or otherwise in accordance with the then current practice of any applicable clearing system through which such Notes may be held) within the notification period referred to above that they do not consent to the modification, then such modification will not be made unless an Extraordinary Resolution of the Most Senior Class is

passed in favour of such modification in accordance with Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*).

Objections made in writing other than through the applicable clearing system must be accompanied by evidence to the Issuer's satisfaction (having regard to prevailing market practices) of the relevant Noteholder's holding of the Notes.

Other than where specifically provided in this paragraph (*Additional Right of Modification*) of Condition 14(b) or any Transaction Document:

(a) when implementing any modification pursuant to this paragraph (*Additional Right of Modification*) of Condition 14(b) (save to the extent the Security Trustee considers that the proposed modification would constitute a Basic Terms Modification), the Security Trustee shall not consider the interests of the Noteholders, any other Secured Creditor or any other person and shall act and rely solely and without further investigation on any certificate or evidence provided to it by the Issuer or the relevant Transaction Party, as the case may be, pursuant to this paragraph (*Additional Right of Modification*) of Condition 14(b) and shall not be liable to the Noteholders, any other Secured Creditor or any other person for so acting or relying, irrespective of whether any such modification is or may be materially prejudicial to the interests of any such person; and

(b) the Security Trustee shall not be obliged to agree to any modification which, in the sole opinion of the Security Trustee would have the effect of (i) exposing the Security Trustee to any liability against which it has not been indemnified and/or secured and/or pre-funded to its satisfaction or (ii) increasing the obligations or duties, or decreasing the rights or protection, of the Security Trustee in the Transaction Documents and/or these Conditions.

Any such modification shall be binding on all Noteholders and shall be notified by the Issuer as soon as reasonably practicable to:

(i) so long as any of the Notes rated by the Rating Agencies remains outstanding, each Credit Rating Agency;

(ii) the Secured Creditors; and

(iii) the Noteholders in accordance with Condition 13 (*Notices*).

(d) *Interest Rate Cap Provider's consent*

The Interest Rate Cap Provider's consent is required to amend any Condition or the provisions of any relevant Transaction Document if: (i) it would cause, in the reasonable opinion of the Interest Rate Cap Provider (A) the Interest Rate Cap Provider to pay more or receive less under the Interest Rate Cap Agreement or (B) a decrease (from the Interest Rate Cap Provider's perspective) in the value of the Interest Rate Cap Agreement; (ii) it would result in any of the Issuer's obligations to the Interest Rate Cap Provider under the Interest Rate Cap Agreement to be further contractually subordinated, relative to the level of subordination of such obligations as of the Closing Date, to the Issuer's obligations to any other Secured Creditor; or (iii) if the Interest Rate Cap Provider were to replace itself as Interest Rate Cap Provider under the Interest Rate Cap Agreement it would be required to pay more or receive less in the reasonable opinion of the Interest Rate Cap Provider, in connection with such replacement, as compared to what the Interest Rate Cap Provider would

have been required to pay or would have received had such amendment not been made unless either (x) the Interest Rate Cap Provider has provided its prior written consent, such consent not to be unreasonably withheld or delayed or (y) the Interest Rate Cap Provider has failed to provide its written response or to make the determinations required to be made by it under (i) above within fifteen (15) Business Days of written request by the Security Trustee.

In addition thereto, without prejudice to the paragraph above, the Interest Rate Cap Provider's consent is required to amend any Condition or the provisions of any relevant Transaction Document if: (i) the amendment relates to the priority of payments (without Interest Rate Cap Provider consent), (ii) the amendment intends to structure documents in such a way that it would have a material impact on the Interest Rate Cap Provider in the reasonable opinion of the Interest Rate Cap Provider (without Interest Rate Cap Provider consent) unless either (x) the Interest Rate Cap Provider has provided its prior written consent, such consent not to be unreasonably withheld or delayed or (y) in respect to (ii) only, the Interest Rate Cap Provider has failed to provide its written response or to make the determinations required to be made by it within 15 Business Days of written request by the Security Trustee (in which case the Security Trustee may make any amendments).

(e) *Indemnification for individual Noteholders*

In connection with the exercise of its functions (including but not limited to those referred to in this Condition) the Security Trustee shall have regard to the interests of the Class A Noteholders and the Class B Noteholders and the Class C Noteholders each as a Class and shall not have regard to the consequences of such exercise for individual Noteholders and the Security Trustee shall not be entitled to require, nor shall any Noteholder be entitled to claim, from the Issuer any indemnification or payment in respect of any tax consequence of any such exercise upon individual Noteholders.

(f) *Removal of managing director of Security Trustee*

The Most Senior Class may by Extraordinary Resolution of a meeting of such Class remove any or all of the managing directors of the Security Trustee, provided that the other Secured Creditors have been consulted. Any managing director so removed will not be responsible for any costs or expenses arising from any such removal. Before any managing directors of the Security Trustee are so removed, the Issuer will procure that successor managing directors are appointed in accordance with the Security Trustee's articles of association as soon as reasonably practicable. The removal of a managing director of the Security Trustee will not become effective until a successor managing director is appointed.

15. Replacements of Note Certificates

Should any Note Certificate be lost, stolen, mutilated, defaced or destroyed, it may be replaced at the specified office of the Principal Paying Agent upon payment by the claimant of the expenses incurred in connection therewith and on such terms as to evidence and indemnity as the Issuer may reasonably require. Mutilated or defaced Note Certificates must be surrendered before replacements will be issued.

16. Governing Law

The Notes, and any non-contractual obligations arising out of or in relation to the Notes, are governed by, and will be construed in accordance with, the laws of the Netherlands. In relation to any legal action or proceedings arising out of or in connection with the Notes the Issuer irrevocably submits to the jurisdiction of the Court of first instance (*rechtbank*) in Amsterdam, the Netherlands. This submission is made for the exclusive benefit of the holders of the Notes and the Security Trustee and shall not affect their right to take such action or bring such proceedings in any other courts of competent jurisdiction.

4.2 Form

Global Registered Note Certificates

The Notes constitute registered claims (*vorderingen op naam*). As such, as a matter of Dutch law, the Notes are not embodied in the Note Certificates. A Note Certificate serves as documentary evidence of the holding of the Note(s) of the Class to which it relates, but the persons registered in the Register are deemed to be the holders of the Notes.

The Notes of each Class are sold to non-U.S. persons in an offshore transaction in reliance on Regulation S and will be evidenced on issue by a Global Registered Note Certificate relating to each such Class. Beneficial interests in Notes evidenced by Global Registered Note Certificates may only be held through Euroclear or Clearstream, Luxembourg or their participants at any time.

Deposit of Global Registered Note Certificates

Common Safekeeper for Euroclear and Clearstream, Luxembourg – the Class A Notes

The Global Registered Note Certificates evidencing the Class A Notes will be deposited with the Common Safekeeper for Euroclear and Clearstream, Luxembourg on the Closing Date and registered in the name of a nominee of the Common Safekeeper. Reference to Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Security Trustee.

Common Depositary for Euroclear and Clearstream, Luxembourg – Notes other than the Class A Notes

The Global Registered Note Certificates evidencing the Notes other than the Class A Notes, will be deposited on behalf of the subscribers of such Notes with a Common Depositary on the Closing Date and registered in the name of a nominee of the Common Safekeeper. Reference to Euroclear or Clearstream, Luxembourg shall, whenever the context so permits, be deemed to include a reference to any additional or alternative clearing system approved by the Issuer and the Security Trustee.

Beneficial interests in respect of the Notes evidenced by Global Registered Note Certificates

Upon confirmation by the Common Depositary that it has custody of the Global Registered Note Certificates (other than the Global Registered Note Certificates in respect of the Class A Notes), Euroclear or Clearstream, Luxembourg, as the case may be, will record the beneficial interests in the Notes of the relevant Classes attributable thereto.

Upon confirmation by the Common Safekeeper that it has custody of the Class A Global Registered Note Certificates, Euroclear or Clearstream, Luxembourg, as the case may be, will record the beneficial interests in the Class A Notes attributable thereto.

Ownership of beneficial interests will be limited to persons that have accounts with Euroclear, Clearstream, Luxembourg (**participants**) or persons that hold interests in respect of the Notes evidenced by the Global Registered Note Certificates through participants (**indirect participants**), including, as applicable, banks, brokers, dealers and trust companies that clear through or maintain a custodial relationship with Euroclear or Clearstream, Luxembourg, either directly or indirectly. Indirect participants shall also include persons that hold beneficial interests through such indirect participants. Euroclear and Clearstream, Luxembourg, as applicable, will credit the participants' accounts with the respective amount of Notes in respect of which such participants own a beneficial interest on each of their respective book-entry registration and transfer systems. The accounts to be initially credited in respect of the Notes shall be designated by the Manager. Beneficial interests will

be shown on, and transfers of book-entry interests or the interest therein will be effected only through, records maintained by Euroclear or Clearstream, Luxembourg (with respect to the interests of their participants) and on the records of participants or indirect participants (with respect to the interests of their indirect participants). The laws of some jurisdictions or other applicable rules may require that certain purchasers of securities take physical delivery of such securities in definitive form. The foregoing limitations may therefore impair the ability to own, transfer or pledge book-entry interests.

So long as a nominee of the Common Safekeeper or Common Depositary (as applicable) is the registered holder of the Notes evidenced by such Global Registered Note Certificates to which the beneficial interests relate, the nominee of the Common Safekeeper or Common Depositary (as applicable) will be considered the sole Noteholder of the Notes evidenced by such Global Registered Note Certificates for all purposes under the Trust Deed.

Except as set forth under "*Issue of Definitive Registered Note Certificates*" in this sub-section *Form* in section The Notes, participants and indirect participants will not be entitled to have Notes registered in their names, will not receive or be entitled to receive physical delivery of Note Certificates in definitive registered form and will not be considered the holders of the Notes evidenced thereby under the Trust Deed. Accordingly, each person holding a beneficial interest must rely on the rules and procedures of Euroclear or Clearstream, Luxembourg, as the case may be, and indirect participants must rely on the procedures of the participants or indirect participants through which such person owns its interest in the relevant beneficial interests, to exercise any rights and obligations of a holder of Notes under the Trust Deed.

The Trust Deed will provide a mechanism for relevant account holders with Euroclear or Clearstream, Luxembourg to whose securities account(s) with such clearing system(s) the beneficial interests in the Notes evidenced by such Global Registered Note Certificate are credited to be able to enforce rights directly against the Issuer in certain limited circumstances as set out in the Trust Deed.

An election under the provisions of Annex 3 to Schedule 3 of the Trust Deed may however not be made on or before an exchange date in connection with the occurrence of an Exchange Event (an **Exchange Date**) fixed in accordance with a Global Registered Note Certificate with respect to the Notes to which that Exchange Date relates.

Unlike legal owners or registered holders of the Notes, holders of the beneficial interests will not have the right under the Trust Deed to act upon solicitations by the Issuer or consents or requests by the Issuer for waivers or other actions from Noteholders. Instead, a holder of beneficial interests will be permitted to act only to the extent it has received appropriate proxies to do so from Euroclear or Clearstream, Luxembourg, as the case may be, and, if applicable, their participants. There can be no assurance that procedures implemented for the granting of such proxies will be sufficient to enable holders of beneficial interests to vote on any requested actions on a timely basis. Similarly, upon the occurrence of an Event of Default under the Notes, holders of beneficial interests will be restricted to acting through Euroclear or Clearstream, Luxembourg unless and until Definitive Registered Note Certificates are issued in accordance with the Conditions. There can be no assurance that the procedures to be implemented by Euroclear or Clearstream, Luxembourg under such circumstances will be adequate to ensure the timely exercise of remedies under the Trust Deed.

Payments in respect of the Notes evidenced by Global Registered Note Certificates

Principal and interest on the Notes evidenced by a Global Registered Note Certificate will be made in euro. Payments will be made on behalf of the Issuer in each case payable to the registered holder thereof appearing in the Register (i) where in global form, at the close of the business day (being for this purpose a day on which Euroclear and Clearstream, Luxembourg are open for business) before the relevant due date, and (ii) where in definitive form, at the close of business on the fifteenth day (whether or not such fifteenth day is a Business Day) before the relevant due date (the **Record Date**)

at his address shown in the Register on the Record Date and at his risk and such registered holder will be the only person entitled to receive payments in respect of such Global Registered Note Certificate and the Issuer will be discharged by payment to, or to the order of the registered holder of such Global Registered Note Certificates in respect of each amount so paid. No person other than the registered holder of the Notes evidenced by a Global Registered Note Certificate shall have any claim against the Issuer in respect of any payment due on such Global Registered Note Certificate.

All amounts of principal and interest in respect of the Notes evidenced by Global Registered Note Certificates shall be paid by the Principal Paying Agent on behalf of the Issuer to the Common Depositary or Common Safekeeper (as applicable) (or their nominees) as the registered holders of the other Notes. Each holder of a beneficial interest must look solely to the Common Depositary or the Common Safekeeper or their nominees (as applicable) in respect of payments relating to those beneficial interests.

The Issuer expects that, in accordance with the rules and procedures for the time being of Euroclear or, as the case may be, Clearstream, Luxembourg, after receipt of any payment from the Principal Paying Agent to the order of the Common Safekeeper or Common Depositary (as applicable) in respect of a Global Registered Note Certificate held by the Common Depositary or Common Safekeeper (as applicable) for Euroclear and Clearstream, Luxembourg, the respective systems will promptly credit their participants' accounts with payments in amounts proportionate to their respective beneficial interests in the Notes evidenced by such Global Registered Note Certificate as shown in the records of Euroclear or of Clearstream, Luxembourg.

The Issuer expects that payments by participants to owners of beneficial interests in respect of the Notes held through such participants or indirect participants will be governed by standing customer instructions and customary practices. Any payments by the participants or indirect participants will be the responsibility of such participants or indirect participants. None of the Issuer, the Security Trustee or any of their respective agents will have any responsibility or liability for any aspect of the records relating to or payments made on account of a participant's ownership of beneficial interests in such Notes or for maintaining, supervising or reviewing any records relating to a participant's ownership of beneficial interests in such Notes.

Transfers

Title to Notes evidenced by Global Registered Note Certificates will pass by transfer and registration. The Common Depositary, the Common Safekeeper or their nominees, as applicable, may only transfer the Notes evidenced by the Global Registered Note Certificates and in respect of which they are the registered holder, to their successor.

For so long as Notes are evidenced by a Global Registered Note Certificate held through Euroclear or Clearstream, Luxembourg, as appropriate, the beneficial interests in respect of such Notes will be transferable in accordance with the rules and procedures for the time being of Euroclear or Clearstream, Luxembourg, as appropriate. Beneficial owners will not receive definitive registered note certificates evidencing their holding unless an Exchange Event occurs.

Eurosystem eligibility

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes are issued under the NSS and are intended upon issue to be deposited with one of the ICSDs and/or CSDs that fulfils the minimum standard established by the European Central Bank as Common Safekeeper. It does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. The Class B Notes and the Class C Notes are not intended to be recognised as Eurosystem Eligible Collateral.

Information Regarding Euroclear and Clearstream, Luxembourg

The Issuer has been advised in respect of Euroclear and Clearstream, Luxembourg as follows:

Euroclear and Clearstream, Luxembourg each hold securities for their account holders and facilitate the clearance and settlement of securities transactions by electronic book-entry transfer between their respective account holders, thereby eliminating the need for physical movements of certificates and any risk from lack of simultaneous transfers of securities.

Euroclear and Clearstream, Luxembourg each provide various services including safekeeping, administration, clearance and settlement of internationally traded securities and securities lending and borrowing. Euroclear and Clearstream, Luxembourg each also deal with domestic securities markets in several countries through established depository and custodial relationships. The respective systems of Euroclear and Clearstream, Luxembourg have established an electronic bridge between their two systems across which their respective account holders may settle trades with each other.

Account holders in both Euroclear and Clearstream, Luxembourg are world-wide financial institutions including underwriters, securities brokers and dealers, banks, trust companies and clearing corporations. Indirect access to both Euroclear and Clearstream, Luxembourg is available to other institutions that clear through or maintain a custodial relationship with an account holder of either system.

An account holder's overall contractual relations with either Euroclear or Clearstream, Luxembourg are governed by the respective rules and operating procedures of Euroclear or Clearstream, Luxembourg and any applicable laws. Both Euroclear and Clearstream, Luxembourg act under such rules and operating procedures only on behalf of their respective account holders, and have no record of or relationship with persons holding through their respective account holders.

The Issuer understands that under existing industry practices, if either the Issuer or the Security Trustee requests any action of owners of beneficial interests in Global Registered Note Certificates or if an owner of a beneficial interest in Notes evidenced by a Global Registered Note Certificate desires to give instructions or take any action that a holder is entitled to give or take under the Trust Deed, Euroclear or Clearstream, Luxembourg, as the case may be, would authorise the participants owning the relevant beneficial interest in the Notes evidenced by the Global Registered Note Certificate to give instructions or take such action, and such participants would authorise indirect participants to give or take such action or would otherwise act upon the instructions of such indirect participants.

Issue of Definitive Registered Note Certificates

The Issuer will within thirty (30) days of the occurrence of an Exchange Event, issue serially numbered Definitive Registered Note Certificates and as applicable, in fully registered form in exchange for the whole outstanding interest in the Notes evidenced by the relevant Global Registered Note Certificates.

Any Note issued evidenced by a Definitive Registered Note Certificate in exchange for a beneficial interest in a Global Registered Note Certificate will be registered by the Registrar in such name or names as the Issuer shall instruct the Principal Paying Agent based on the instructions of Euroclear or Clearstream, Luxembourg, as the case may be. It is expected that such instructions will be based on directions received from the participants of Euroclear or Clearstream, Luxembourg, as applicable, in respect of the relevant beneficial interests.

Notices

For so long as all of the Notes are represented by the Global Registered Note Certificates and such Global Registered Note Certificates are held on behalf of Euroclear and/or Clearstream, Luxembourg, notices to Noteholders may be given by delivery of the relevant notice to Euroclear and/or Clearstream, Luxembourg for communication to the relevant accountholders rather than by publication as required by Condition 13 (provided that, in the case any publication is required by a stock exchange, the Issuer shall ensure that the stock exchange agrees or, as the case may be, that any other publication requirement of such stock exchange will be met). Any such notice delivered on or prior to 4.00 p.m. (local time) on a Business Day in the city in which it was delivered shall be deemed to have been given to the holder of the Global Notes on such Business Day. A notice delivered after 4.00 p.m. (local time) on a Business Day in the city in which it was delivered will be deemed to have been given to the holders of the Global Notes on the next following Business Day in such city.

4.3 Subscription and Sale

The Manager has, pursuant to the Subscription Agreement, agreed with the Issuer, subject to certain conditions precedent being satisfied, to subscribe and pay, or procure the subscription and payment for the Class A Notes at their Issue Price. The Seller has, pursuant to the Subscription Agreement, agreed with the Issuer, subject to certain conditions precedent being satisfied, to subscribe and pay, or procure the subscription and payment for the Class B Notes and the Class C Notes at their respective issue prices. The Issuer has agreed to indemnify and reimburse the Manager against certain liabilities and expenses in connection with the issue of the Notes.

Prohibition of Sales to EEA Retail Investors

The Manager has represented and agreed that it has not offered, sold or otherwise made available and will not offer, sell or otherwise make available any Notes to any retail investor in the European Economic Area. For the purposes of this provision:

(a) the expression "retail investor" means a person who is one (or more) of the following:

(i) a retail client as defined in point (11) of Article 4(1) of Directive 2014/65/EU (as amended, **MiFID II**); or

(ii) a customer within the meaning of Directive 2016/97/EU (the **Insurance Distribution Directive**), where that customer would not qualify as a professional client as defined in point (10) of Article 4(1) of MiFID II; or

(iii) not a qualified investor as defined in the Prospectus Directive; and

(b) the expression "offer" includes the communication in any form and by any means of sufficient information on the terms of the offer and the Notes to be offered so as to enable an investor to decide to purchase or subscribe the Notes.

United Kingdom

The Manager has represented and agreed that

(a) it has only communicated or caused to be communicated and will only communicate or cause to be communicated an invitation or inducement to engage in investment activity (within the meaning of Section 21 of the Financial Services and Markets Act 2000 (FSMA) received by it in connection with the issue or sale of any Notes in circumstances in which Section 21(1) of the FSMA would not, if the Issuer was not an authorised person, apply to the Issuer; and

(b) it has complied and will comply with all applicable provisions of the FSMA with respect to anything done by it in relation to any Notes in, from or otherwise involving the United Kingdom.

France

The Manager has represented and agree that it has not offered or sold and will not offer or sell, directly or indirectly, Notes to the public in France, and has not made and will not make any communication by any means about the offer to the public in France, and has not distributed, released or issued or caused to be distributed, released or issued and will not distribute, release or issue or cause to be distributed, released or issued to the public in France, or used in connection with any offer for subscription or sale of the Notes to the public in France, this Prospectus, or any other offering material relating to the Notes, and that such offers, sales, communications and distributions have been

and shall be made in France only to (a) authorised providers of investment services relating to portfolio management for the account of third parties (*personnes fournissant le service d'investissement de gestion de portefeuille pour compte de tiers*) and/or (b) qualified investors (*investisseurs qualifiés*) other than individuals or (c) a restricted circle of investors (*cercle restreint d'investisseurs*), in each case, acting for their own account, all as defined in, and in accordance with, Articles L.411-1, L.411-2 and D.411-1 to D.411-4 of the French *Code monétaire et financier*.

In addition, pursuant to Article 211-4 of the *Règlement Général* of the French *Autorité des Marchés Financiers* (**AMF**), the Manager must disclose to any investors in a private placement as described in the above that: (i) the offer does not require a prospectus to be submitted for approval to the AMF, (ii) persons or entities mentioned in Article L. 411-1 of the French *Code monétaire et financier* (i.e., qualified investors (*investisseurs qualifiés*) or a restricted circle of investors (*cercle restraint d'investisseurs*) mentioned above) may take part in the offer solely for their own account, as provided in Articles D. 411-1, D. 411-2, D. 734-1, D. 744-1, D. 754-1 and D. 764-1 of the French Code monétaire et financier and (iii) the financial instruments thus acquired cannot be distributed directly or indirectly to the public otherwise than in accordance with Articles L. 411-1, L. 411-2, L. 412-1 and L. 621-8 to L. 621-8-3 of the French *Code monétaire et financier*.

Italy

No application has been or will be made by any person to obtain an authorization from Commissione Nazionale per le Società e la Borsa (**CONSOB**) for the public offering (*offerta al pubblico*) of the Notes in the Republic of Italy. Accordingly, no Notes may be offered, sold or delivered, nor may copies of this Prospectus or of any other document relating to the Notes be distributed in the Republic of Italy, except:

(i) to qualified investors (investitori qualificati), as defined pursuant to Article 100 of Legislative Decree No. 58 of 24 February 1998, as amended (the **Financial Services Act**) and Article 34-ter, first paragraph, letter (b) of CONSOB Regulation No. 11971 of 14 May 1999, as amended from time to time (**Regulation No. 11971**); or

(ii) in any other circumstances where an express exemption from compliance with the rules relating to public offers of financial products (offerta al pubblico di prodotti finanziari) provided for by the Financial Services Act and the relevant implementing regulations (including Regulation No. 11971).

Any offer, sale or delivery of the Notes or distribution of copies of the Prospectus or any other document relating to the Notes in the Republic of Italy under (i) or (ii) above must:

(a) be made by an investment firm, bank or financial intermediary permitted to conduct such activities in the Republic of Italy in accordance with the Financial Services Act, CONSOB Regulation No. 16190 of 29 October 2007 (as amended from time to time) and Legislative Decree No. 385 of 1 September 1993, as amended (the **Banking Act**); and

(b) comply with any other applicable laws and regulations or requirements imposed by CONSOB, the Bank of Italy (including the reporting requirements, where applicable, pursuant to Article 129 of the Banking Act and the implementing guidelines of the Bank of Italy, as amended from time to time) and/or any other Italian authority.

United States

The Notes have not been and will not be registered under the Securities Act or the securities laws of any state or other jurisdiction of the United States and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the

Securities Act and as defined under the U.S Risk Retention Rules) except in certain transactions exempt from or not just subject to the registration requirements of the Securities Act and/or permitted under the "foreign safe harbor" exemption under the U.S. Risk Retention Rules. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

The Manager has agreed that it will not offer, sell or deliver the Notes (i) as part of its distribution at any time or (ii) otherwise until forty (40) days after the completion of the distribution as determined and certified by the Manager within the United States or to, or for the account or benefit of, U.S. persons except in accordance with Regulation S of the Securities Act and subject to compliance with the U.S. Risk Retention Rules and it will have sent to each distributor, dealer or person receiving a selling concession, fee or other remuneration to which it sells Notes during the distribution compliance period (as defined in Regulation S) a confirmation or other notice setting forth the restrictions on offers and sales of the Notes within the United States or to, or for the account or benefit of, U.S. persons. Terms used in this paragraph have the meaning given to them by Regulation S under the Securities Act.

In addition, until forty (40) days after the commencement of the offering of the Notes, an offer or sale of the Notes within the United States by any dealer (whether or not participating in the offering) may violate the registration requirements of the Securities Act if such offer or sale is made otherwise than in accordance with available exemptions from registration under the Securities Act.

In order to comply with the safe harbor for certain foreign-related transactions set forth in the U.S. Risk Retention Rules, the Notes may not be sold or transferred to Risk Retention U.S. Persons.

General

The distribution of this Prospectus and the offering and sale of the Notes in certain jurisdictions may be restricted by law; persons into whose possession this Prospectus comes are required by the Issuer to inform themselves about and to observe any such restrictions. No action has been taken by the Issuer, the Arranger or the Manager, which would or has been intended to permit a public offering of the Notes, or possession or distribution of this Prospectus or other offering material relating to the Notes, in any country or jurisdiction where action for that purpose is required. This Prospectus or any part thereof does not constitute an offer, or an invitation to sell or a solicitation of an offer to buy the Notes in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction.

The Manager has undertaken not to offer or sell directly or indirectly any Notes, or to distribute or publish this Prospectus or any other material relating to the Notes in or from any country or jurisdiction, except under circumstances that will result in compliance with any applicable laws and regulations.

4.4 Regulatory & Industry Compliance

Securitisation Risk Retention Requirements

The Seller, in its capacity as the "originator" within the meaning of article 2(3) of the STS Regulation, has (i) undertaken to the Issuer, the Security Trustee and the Manager to retain, on an ongoing basis, an interest that qualifies as a material net economic interest of not less than 5 per cent. in the securitisation transaction and, (ii) represented and agreed *inter alia*, that (a) it is and, for so long as it is required to hold a material net economic interest in the securitisation transaction, it, shall continue to be an "originator" within the meaning of article 2(3) of the STS Regulation and will continue to retain a material net economic interest in the securitisation transaction in such capacity, (b) it will only transfer its material net economic interest in the securitisation transaction if and to the extent such transfer would not cause the transaction described in this Prospectus to cease to be compliant with the Securitisation Retention Requirements and (c) that the material net economic interest in the securitisation transaction will not be subjected to any credit risk mitigation, short positions, other hedge or sale whereby the Seller is hedged against the credit risk of the randomly selected exposures in breach of the Securitisation Retention Requirements.

As at the Closing Date, such material net economic interest will be held in accordance with paragraph 3 item (d) of article 6 of the STS Regulation by holding the entire interest in the first loss tranche of the securitisation transaction described in this Prospectus (held through the Class B Notes and the Class C Notes).

The Seller has undertaken to the Issuer and the Security Trustee in the Subscription Agreement that it will comply with the requirements set forth in article 6 and 9 of the STS Regulation. In addition to the information set out herein and forming part of this Prospectus, the Seller has undertaken to make materially relevant information available to investors with a view to such investor complying with article 5 of the STS Regulation.

Reporting under the STS Regulation

For the purposes of article 7(2) of the STS Regulation, the Seller as originator within the meaning of article 2(3) of the STS Regulation has been designated as the Reporting Entity for compliance with the requirements of Article 7 and will either fulfil such requirements itself or shall procure that such requirements are complied with on its behalf.

The Reporting Entity (or any agent on its behalf) will:

(a) from the Signing Date and prior to the Transparency Template Effective Date:

  (i) publish a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Investor Report by no later than one month after the Notes Payment Date; and

  (ii) publish on a quarterly basis certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Data Tape by no later than one month after the Notes Payment Date;

(b) following the Transparency Template Effective Date:

(i) publish a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided in the form of the Transparency Investor Report by no later than one month after the Notes Payment Date; and

(ii) publish on a quarterly basis certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided in the form of the Transparency Data Tape by no later than one month after the Notes Payment Date,

(c) publish any information required to be reported pursuant to Articles 7(1)(f) or 7(1)(g) (as applicable) of the STS Regulation without delay; and

(d) make available copies of the Transaction Documents and this Prospectus (in draft form, if applicable) prior to the pricing of the Notes (and in final form, if applicable, no later than 15 days after the Closing Date).

The Reporting Entity (or any agent on its behalf) will publish or make otherwise available the reports and information referred to in paragraphs (a) to (e) (inclusive) above as required under article 7 and article 22 of the STS Regulation by means of:

(a) once there is a SR Repository registered under article 10 of the STS Regulation and appointed by the Reporting Entity for the securitisation transaction described in this Prospectus, the SR Repository; or

(b) while no SR Repository has been registered and appointed by the Reporting Entity, the external website of https://edwin.eurodw.eu/edweb/, being an external website that conforms to the requirements set out in the fourth paragraph of article 7(2) of the STS Regulation.

The Reporting Entity will make the information referred to above available to the holders of any of the Notes, relevant competent authorities and, upon request, to potential investors in the Notes.

In addition and without prejudice to information to be made available by the Reporting Entity in accordance with article 7 of the STS Regulation, the Issuer Administrator, on behalf of the Issuer, will prepare quarterly investor reports wherein relevant information with regard to the Mortgage Loans and Mortgage Receivables will be disclosed publicly together with information on the retention of the material net economic interest by the Seller. The Issuer and the Seller may agree at any time in the future that the Issuer Administrator, on behalf of the Issuer, will no longer have to publish investor reports based on the templates published by the DSA.

The quarterly investor reports can also be obtained at http://cm.intertrustgroup.com and/or www.loanbyloan.eu and/or the website of the DSA: www.dutchsecuritisation.nl.

Investors to assess compliance

Each investor should consult with its own legal, accounting, regulatory and other advisors and/or its regulator before committing to acquire any Notes to determine whether, and to what extent, the information set out in this Prospectus and in any investor report provided in relation to the transaction is sufficient for the purpose of satisfying such requirements. Investors are required to independently assess and determine the sufficiency of such information for the purposes of complying with Article 5 of the STS Regulation. None of the Issuer, the Seller, the Issuer Administrator, the Arranger or the Security Trustee, their respective affiliates or any other person makes any representation, warranty or guarantee that any such information is sufficient for such purposes or any other purpose or that the

structure of the Notes and the transactions described herein are compliant with the Securitisation Retention Requirements and the related due diligence requirements or any other applicable legal regulatory or other requirements and no such person shall have any liability to any prospective investor or any other person with respect to any deficiency in such information or any failure of the transactions contemplated thereby to comply with or otherwise satisfy such requirements.

Each prospective investor is required to independently assess and determine the sufficiency of the information described above for the purposes of complying with article 5 of the STS Regulation and none of the Issuer, the Seller, the Servicer, the Issuer Administrator nor the Arranger makes any representation that the information described above is sufficient in all circumstances for such purposes.

STS-securitisation

Pursuant to article 18 of the STS Regulation a number of requirements must be met if the originator and the SSPE's wish to use the designation 'STS' or 'simple, transparent and standardised' for securitisation transactions initiated by them. The Seller has submitted an STS notification to ESMA in accordance with article 27 of the STS Regulation, pursuant to which compliance with the requirements of articles 19 to 22 of the STS Regulation has been notified with the intention that the securitisation transaction described in this Prospectus is to be included in the list administered by ESMA within the meaning of article 27 of the STS Regulation on the website of ESMA (https://www.esma.europa.eu/policy-activities/securitisation/simple-transparent-and-standardised-sts-securitisation). However, none of the Issuer, Aegon Hypotheken B.V. (in its capacity as the Seller, the Originator and the Reporting Entity), the Issuer Administrator and the Arranger give any explicit or implied representation or warranty as to (i) inclusion in the list administered by ESMA within the meaning of article 27 of the STS Regulation, (ii) that the securitisation transaction described in this Prospectus does or continues to comply with the STS Regulation and (iii) that this securitisation transaction does or continues to be recognised or designated as 'STS' or 'simple, transparent and standardised' within the meaning of article 18 of the STS Regulation after the date of this Prospectus.

Without prejudice to the above the Seller and the Issuer confirm the following to the extent relating to it, which confirmations are made on the basis of the information available with respect to the Securitisation Regulations and related regulations and interpretations (including, without limitation, the EBA STS Guidelines Non-ABCP Securitisations) and regulations and interpretations (including in draft form) at the time of this Prospectus (including, without limitation, the RTS Homogeneity, which has been adopted by the European Commission on 28 May 2019 but still need to be adopted by European Parliament and the Council), and are subject to any changes made therein after the date of this Prospectus:

(a) For the purpose of compliance with article 20(1) of the STS Regulation, the Seller and the Issuer confirm that pursuant to the Mortgage Receivables Purchase Agreement the Issuer will purchase and accept from the Seller the assignment of the Mortgage Receivables and the Beneficiary Rights relating thereto by means of a registered Deed of Assignment and Pledge as a result of which legal title to the Mortgage Receivables and the Beneficiary Rights relating thereto is transferred to the Issuer and such purchase and assignment will be enforceable against the Seller and third parties of the Seller, subject to any applicable bankruptcy laws or similar laws affecting the rights of creditors and as a result thereof the requirement stemming from article 20(5) of the STS Regulation is not applicable (see also section 7.1 (*Purchase, repurchase and sale*)).

(b) For the purpose of compliance with article 20(2) of the STS Regulation, the Seller and the Issuer confirm that the Dutch Bankruptcy Act (*Faillissementswet*) does not contain severe clawback provisions as referred to in article 20(2) of the STS Regulation and the Seller will represent on the relevant purchase date to the Issuer in the Mortgage Receivables Purchase

Agreement that (a) its centre of main interest is situated in the Netherlands and (b) it is not subject to any one or more of the insolvency and winding-up proceedings listed in Annex A to the Insolvency Regulation in any EU Member State and has not been dissolved (*ontbonden*) or declared bankrupt (*failliet verklaard*) (see also section 3.4 (*Seller and Originator*)).

(c) For the purpose of compliance with the relevant requirements, among other provisions, stemming from articles 20(6), 20(7), 20(8), 20(10), 20(11) and 20(12) of the STS Regulation, the Seller and the Issuer confirm that only Mortgage Receivables resulting from Mortgage Loans which satisfy the Mortgage Loan Criteria and, if applicable, the Additional Purchase Conditions and the representations and warranties made by the Seller in the Mortgage Receivables Purchase Agreement and as set out in section 7.2 (*Representations and warranties*) will be purchased by the Issuer (see also section 7.1 (*Purchase, repurchase and sale*) section 7.3 (*Mortgage Loan Criteria*)).

(d) For the purpose of compliance with the requirements stemming from article 20(6) of the STS Regulation, reference is made to the representation and warranty set forth in section 7.2 (*Representations and warranties*), subparagraph (d).

(e) For the purpose of compliance with the requirements stemming from article 20(7) of the STS Regulation, the Issuer and the Seller are of the view that the Transaction Documents do not allow for active portfolio management of the Mortgage Loan Receivables on a discretionary basis (see also section 7.1 (*Purchase, repurchase and sale*)).

(f) For the purpose of compliance with the requirements stemming from article 20(8) of the STS Regulation, the Mortgage Receivables are homogeneous in terms of asset type, taking into account the cash flows, credit risk and prepayment characteristics of the Mortgage Receivables within the meaning of article 20(8) of the STS Regulation and the Mortgage Loans satisfy the homogeneity conditions as set out in the RTS Homogeneity (see also section 6.1 (*Stratification tables*)). In addition, for the purpose of compliance with the relevant requirements stemming from article 20(8) of the STS Regulation, reference is made to the representations and warranties set forth in section 7.2 (*Representations and warranties*), subparagraphs (h) and (pp) (see also Mortgage Loan Criteria set forth in section 7.3 (*Mortgage Loan Criteria*), subparagraphs (a) and (i) (see also section 6.2 (*Description of Mortgage Loans*). Furthermore, for the purpose of compliance with the relevant requirement stemming from article 20(8) of the STS Regulation, a transferable security, as defined in Article 4(1), point 44 of Directive 2014/65/EU of the European Parliament and of the Council will not meet the Mortgage Loan Criteria and as a result thereof the underlying exposures to be sold and assigned to the Issuer shall not include such transferable securities (see also section 7.3 (*Mortgage Loan Criteria*)).

(g) For the purpose of compliance with article 20(9) of the STS Regulation, a securitisation position as defined in the STS Regulation will not meet the Mortgage Loan Criteria and as a result thereof the underlying exposures to be sold and assigned to the Issuer shall not include such securitisation positions (see also section 7.3 (*Mortgage Loan Criteria*)).

(h) For the purpose of compliance with the requirements stemming from article 20(10) of the STS Regulation, the Mortgage Loans have been originated in accordance with the ordinary course of the Originator's origination business pursuant to underwriting standards that are no less stringent than those that the Originator applied at the time of origination to similar mortgage receivables that are not securitised by means of the securitisation transaction described in this Prospectus (see also section 7.2 (*Representations and warranties*), subparagraph (i)). In addition, for the purpose of compliance with the relevant requirements stemming from article 20(10) of the STS Regulation, (i) the Mortgage Receivables have been

selected by the Seller from a larger pool of mortgage loans that meet the Mortgage Loan Criteria applying a random selection method (see also section 6.1 (*Stratification tables*)), (ii) a summary of the underwriting standards is disclosed in this Prospectus and the Seller has undertaken in the Mortgage Receivables Purchase Agreement to fully disclose to the Issuer any material change to such underwriting standards pursuant to which the Mortgage Loans are originated without undue delay and the Issuer has undertaken in the Trust Deed to fully disclose such information to potential investors without undue delay upon having received such information from the Seller (see also Section 6.3 (*Origination and servicing*)), (iii) pursuant to the Mortgage Loan Criteria none of the Mortgage Loans may qualify as a Self-Certified Mortgage Loan (see section 7.2 (*Representations and warranties*), subparagraph (ii)), (iv) the Seller will represent on the relevant purchase date in the Mortgage Receivables Purchase Agreement that in respect of each Mortgage Loan, the assessment of the Borrower's creditworthiness was done in accordance with the Seller's underwriting criteria and meets the requirements set out in paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or of Article 8 of Directive 2008/48/EC (see also section 7.2 (*Representations and warranties*), subparagraph (qq)) and (v) the Seller is of the opinion that it has the required expertise in originating mortgage loans which are of a similar nature as the Mortgage Loans within the meaning of article 20(10) of the STS Regulation, as it has a license in accordance with the Wft and a minimum of 5 years' experience in originating mortgage loans (see also sections 3.4 (*Seller and Originator*) and 6.3 (*Origination and servicing*)).

(i) For the purpose of compliance with the relevant requirements stemming from article 20(11) of the STS Regulation, reference is made to the representations and warranties set forth in section 7.2 (*Representations and warranties*), subparagraphs (aa), (rr), (ss) and (tt) and the Mortgage Loan Criteria set forth in section 7.3 (*Mortgage Loan Criteria*), subparagraphs (j) and (r). The Mortgage Receivables forming part of the pool purported to be sold and assigned on the Closing Date do not include any exposures to Restructured Borrowers. To the extent any exposures to Restructured Borrowers are sold and assigned on a purchase date after the Closing Date, the Seller undertakes in the Mortgage Receivables Purchase Agreement that it shall comply with the disclosure requirement set forth in article 20(11)(a)(ii) of the STS Regulation in respect of such exposures. In addition, for the purpose of compliance with the relevant requirements stemming from article 20(11) of the STS Regulation, (i) the Mortgage Receivables forming part of the pool have been selected on the Cut-Off Date and shall be assigned by the Seller to the Issuer no later than on the Closing Date and (ii) any Further Advance Receivables that will be assigned to the Issuer after the Closing Date on any Reconciliation Date will result from Further Advances that have been granted during the immediately preceding Mortgage Calculation Period and each such assignment therefore occurs in the Seller's view without undue delay (see also section 6.1 (*Stratification tables*) and section 7.1 (*Purchase, repurchase and sale*)).

(j) For the purpose of compliance with the requirements stemming from article 20(12) of the STS Regulation, reference is made to the Mortgage Loan Criterion set forth in section 7.3 (*Mortgage Loan Criteria*), subparagraph (d).

(k) For the purpose of compliance with the requirements stemming from article 20(13) of the STS Regulation, the repayments to be made to the Noteholders have not been structured to depend predominantly on the sale of the Mortgaged Assets securing the Mortgage Loans (see also section 6.2 (*Description of Mortgage Loans*)).

(l) For the purpose of compliance with the requirements stemming from article 21(1) of the STS Regulation, the Mortgage Receivables Purchase Agreement includes a representation and warranty and undertaking of the Seller (as originator under the STS Regulation) as to its

compliance with the requirements set forth in article 6 of the STS Regulation (see also the paragraph entitled *Securitisation Risk Retention Requirements* under this section 4.4).

(m) For the purpose of compliance with the requirements stemming from article 21(2) of the STS Regulation, the Issuer will hedge the interest rate exposure by entering into the Interest Rate Cap Agreement in order to appropriately mitigate such interest rate exposure and to reduce the potential interest rate mismatch between the interest payable by Borrowers on the Mortgage Receivables and interest payable on the Class A Notes. Pursuant to the Interest Rate Cap Agreement, the Interest Rate Cap Provider is obliged to make payments to the Issuer on a quarterly basis to the extent three-month EURIBOR for any Interest Period exceeds the Cap Strike Rate. The Interest Rate Cap Agreement is only effective up to and including the Notes Payment Date in July 2031. However as a mitigant, the Available Principal Funds may be applied to pay interest on the Class A Notes. Finally, it should be noted that the Seller has undertaken, in the Mortgage Receivables Purchase Agreement, (i) to use its best efforts, subject to applicable laws and regulations, including, without limitation, principles of reasonableness and fairness, to ensure that the interest rates of the Mortgage Receivables that have a reset date as from but excluding the First Optional Redemption Date will be reset at a rate of at least three-month EURIBOR plus one hundred basis points and (ii) to repurchase and accept re-assignment of Mortgage Receivables sold by it to the Issuer as of the Notes Calculation Period as from but excluding the First Optional Redemption Date, in the event that the weighted average interest rate of all Mortgage Loans that have been reset in a Notes Calculation Period following the First Optional Redemption Date is less than the average three-month EURIBOR + 1.00% for such Notes Calculation Period (see also section 2 (*Risk Factors*), the paragraph titled *Investors will be exposed to a number of risks inherent to the Notes – Interest rate risk* and section 5.4 (*Hedging*)). In addition, for the purpose of compliance with the relevant requirements stemming from article 21(2) of the STS Regulation, other than the Interest Rate Cap Agreement, no derivative contracts are entered into by the Issuer and the underlying exposures to be sold and assigned to the Issuer shall not include derivatives (see also 5.4 (*Hedging*) and section 7.3 (*Mortgage Loan Criteria*)). Furthermore, there is no currency risk as the Notes will be denominated in euro, the interest on the Notes will be payable quarterly in arrear in euro and the Mortgage Loans are denominated in euro. (see also Condition 1 (*Form, Denomination Register, Title and Transfer*), Condition 4(b) (*Interest Periods and Notes Payment Dates*). Finally, the Interest Rate Cap Agreement will be documented on the basis of the standard ISDA documentation.

(n) For the purpose of compliance with the requirements stemming from article 21(3) of the STS Regulation, any referenced interest payments under the Mortgage Loans and the rate of interest applicable to the Class A Notes are based on generally used market interest rates, or generally used sectoral rates reflective of the cost of funds, and do not reference complex formulae or derivatives (see section 6.2 (*Description of Mortgage Loans*)).

(o) For the purpose of compliance with the requirements stemming from article 21(4) of the STS Regulation, the Seller and the Issuer confirm that upon the issuance of an Enforcement Notice, (i) no amount of cash shall be trapped in the Issuer Accounts and (ii) no automatic liquidation for market value of the Mortgage Receivables is required under the Transaction Documents (see also Conditions 6 (*Redemption*), 10 (*Events of Default*) and 11 (*Enforcement*) and section 5.2 (*Priorites of Payment*)). In addition, for the purpose of compliance with article 21(4) and article 21(9) of the STS Regulation, the issuance of an Enforcement Notice, delivery of which by the Security Trustee will trigger a change in the priorities of payments upon Enforcement, will be reported to the Noteholders without undue delay (see also Condition 10 (*Events of Default*) and section 5.2 (*Priority of Payment*)).

(p) Prior to the delivery of an Enforcement Notice by the Security Trustee, the Available Principal Funds will be applied by the Issuer in accordance with the Pre-Enforcement Revenue Priority of Payments and as a result thereof the requirements stemming from article 21(5) of the STS Regulation are not applicable (see also section 5.1 (*Available Funds*) and section 5.2 (*Priority of Payment*)).

(q) For the purpose of compliance with the requirements stemming from article 21(7) of the STS Regulation, the contractual obligations, duties and responsibilities of the Servicer are set forth in the Servicing Agreement (including the processes and responsibilities to ensure that a substitute servicer shall be appointed upon the occurrence of a termination event under the Servicing Agreement), a summary of which is included in section 7.5 (*Servicing Agreement*), the contractual obligations, duties and responsibilities of the Issuer Administrator are set forth in the Administration Agreement, a summary of which is included in section 3.6 (*Administrator*) and 5.7 (*Administration Agreement*), the contractual obligations, duties and responsibilities of the Security Trustee are set forth in the Trust Deed, a summary of which is included in section 3.3 (*Security Trustee*) and section 4.1 (*Terms and Conditions*), the provisions that ensure the replacement of the Cash Advance Facility Provider are set forth in the Cash Advance Facility Agreement (see also section 5.5 *(Liquidity support*)), the provisions that ensure the replacement of the Issuer Account Bank are set forth in the Issuer Account Agreement (see also section 5.6 (*Issuer Accounts*)) and the relevant rating triggers for potential replacements are set forth in the definition of Requisite Credit Rating.

(r) The Servicer is of the opinion that it has the required expertise in servicing mortgage loans which are of a similar nature as the Mortgage Loans within the meaning of article 21(8) of the STS Regulation, as it has a license in accordance with the Wft and a minimum of 5 years' experience in servicing mortgage loans. The Servicer is of the opinion that it has well documented and adequate policies, procedures and risk management controls relating to the servicing of mortgage receivables since the Servicer is part of a group that is subject to capital and prudential regulation (see also section 6.3 (*Origination and servicing*)).

(s) For the purpose of compliance with the requirements stemming from article 21(9) of the STS Regulation, remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, losses, charge offs, recoveries and other asset performance remedies are set out in section 6.3 (*Origination and servicing*).

(t) For the purpose of compliance with the requirements stemming from article 21(10) of the STS Regulation, the Trust Deed and Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*) contain provisions for convening meetings of Noteholders, the maximum timeframe for setting up a meeting or conference call, voting rights of the Noteholders, the procedures in the event of a conflict between Classes and the responsibilities of the Security Trustee in this respect (see also Condition 14 (*Meetings of Noteholders; Modification; Consents; Waiver; Removal of Managing Directors*)).

(u) The Seller has provided to potential investors (i) the information regarding the Mortgage Receivables pursuant to article 22(1) of the STS Regulation over the past 5 years as set out in section 6.3 (*Origination and servicing*), a draft of which was made available to such potential investors prior to the pricing of the Notes and (ii) the liability cash flow model as referred to in article 22(3) of the STS Regulation published by Bloomberg and Intex prior to the pricing of the Notes and will, after the date of this Prospectus, on an ongoing basis make the liability cash flow model published by Bloomberg and Intex available to Noteholders and, upon request, to potential investors in accordance with article 22(3) of the STS Regulation.

(v) For the purpose of compliance with the requirements stemming from article 22(2) of the STS Regulation, a sample of Mortgage Receivables has been externally verified by an appropriate

and independent party prior to the date of this Prospectus (see also section 6.1 (*Stratification tables*)). The Seller confirms no significant adverse findings have been found.

(w) For the purpose of compliance with the requirements stemming from article 22(4) of the STS Regulation, the Seller confirms that the CRA3 Data Tape used in the absence of the Transparency Data Tape does not allow for reporting on the environmental performance of the Mortgage Receivables and as a result the Seller is, until the Transparency Template Effective Date, unable to report on such environmental performance. However, the Seller is currently using its best efforts to prepare itself so that it is technically able to source such information on the environmental performance of the Mortgage Receivables as soon as possible from the Transparency Template Effective Date in accordance with article 22(4) of the STS Regulation.

(x) Each of the Seller and the Issuer undertake to make the relevant information pursuant to article 7 of the STS Regulation, to the extent applicable, available to the Noteholders, the competent authorities referred to in article 29 of the STS Regulation and, upon request, potential investors. Copies of the final Transaction Documents and the Prospectus shall be published on https://edwin.eurodw.eu/edweb/ no later than 15 days after the Closing Date. For the purpose of compliance with article 7(2) of the STS Regulation, the Seller (as originator under the STS Regulation) and the Issuer (as SSPE) have, in accordance with article 7(2) of the STS Regulation, designated amongst themselves the Seller as the Reporting Entity to take responsibility for compliance with Article 7 of the STS Regulation and to fulfil the information requirements pursuant to points (a), (b), (d), (f) and (g) of article 7(1) of the STS Regulation (see also section 5.8 (*Transparency Reporting Agreement*)). As to the pre-pricing information, each of the Seller and the Issuer confirm that they have made available to potential investors before pricing the information under point (a) of article 7, paragraph 1, of the STS Regulation upon request and the information under points (b) and (d) of article 7, paragraph 1, of the STS Regulation in draft form. As to the post-closing information, the Seller as Reporting Entity will (or will procure that any agent will on its behalf) for the purposes of article 7 of the STS Regulation (i) from the Signing Date and prior to the Transparency Template Effective Date, publish on a simultaneous basis by no later than one month after the Notes Payment Date (a) a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Investor Report by no later than one month after the Notes Payment Date and (b) certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Data Tape and (ii) following the Transparency Template Effective Date, publish on a simultaneous basis by no later than one month after the Notes Payment Date (a) a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided in the form of the Transparency Investor Report and (b) certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided in the form of the Transparency Data Tape. In addition, the Reporting Entity (or any agent on its behalf) will publish or make otherwise available the reports and information referred to above as required under article 7 and article 22 of the STS Regulation by means of, once there is a SR Repository registered under article 10 of the STS Regulation and appointed by the Reporting Entity for the securitisation transaction described in this Prospectus, the SR Repository or while no SR Repository has been registered and appointed by the Reporting Entity, https://edwin.eurodw.eu/edweb/, being an external website that conforms to the requirements set out in the fourth paragraph of article 7(2) of the STS Regulation.

(y) The Reporting Entity shall make the information described in subparagraphs (f) and (g) of article 7(1) of the STS Regulation available without delay.

The designation of the securitisation transaction described in this Prospectus as an STS-securitisation is not a recommendation to buy, sell or hold securities. It is not investment advice whether generally or as defined under MiFID II and it is not a credit rating whether generally or as defined under the CRA Regulation or Section 3(a) of the United States Securities Exchange Act of 1934 (as amended).

By designating the securitisation transaction described in this Prospectus as an STS-securitisation, no views are expressed about the creditworthiness of the Notes or their suitability for any existing or potential investor or as to whether there will be a ready, liquid market for the Notes. No assurance can be provided that the securitisation position described in this Prospectus does or continues to qualify as an STS-securitisation under the STS Regulation.

Dutch Securitisation Standard

This Prospectus follows the template table of contents and the template glossary of defined terms (save as otherwise indicated in this Prospectus), and the Investor Reports to be published by the Issuer Administrator (on behalf of the Issuer) in addition and without prejudice to the information to be made available by the Reporting Entity in accordance with article 7 of the STS Regulation, will (i) contain a glossary of the defined terms used in such investor report and (ii) follow the applicable template Investor Report (save as otherwise indicated in the relevant Investor Report), each as published by the DSA on its website www.dutchsecuritisation.nl as at the date of this Prospectus. As a result the Notes comply with the standard created for residential mortgage-backed securities by the DSA (the **Dutch Securitisation Standard**). This has also been recognised by Prime Collateralised Securities (PCS) UK Limited as the Domestic Market Guideline for the Netherlands in respect of this asset class.

The Issuer Administrator on behalf of the Issuer will disclose (i) in the first Notes and Cash Report (a) the amount of the Class A Notes privately-placed and/or publicly-placed with investors which are not in the same group as the Seller, (b) retained by a member of the group of the Seller and (c) publicly-placed with investors which are not in the group of the Seller and (ii) to the extent permissible, in the Notes and Cash Report following placement of any Notes initially retained by a member of the same group as the Seller, but subsequently placed with investors which are not in the same group as the Seller, the amount of Notes placed with such investors. The Seller shall disclose to the Issuer each such sale of any Notes initially retained by a member of the same group as the Seller. In addition, until the Class A Notes are redeemed in full, a cash flow model shall be made available (directly or indirectly) to investors, potential investors and firms that generally provide services to investors.

CRR Assessment, LCR Assessment and STS Verification

Application has been made to PCS to assess compliance of the Notes with the criteria set forth in the CRR regarding STS-securitisations (i.e. the CRR Assessment and the LCR Assessment). There can be no assurance that the Notes will receive the CRR Assessment and/or the LCR Assessment (either before issuance or at any time thereafter) and that the criteria set forth in the CRR regarding STS-securitisations (i.e. the CRR Assessment and/or the LCR Assessment) is complied with. In addition, an application has been made to PCS for the securitisation transaction described in this Prospectus to receive a report from PCS verifying compliance with the criteria stemming from article 18, 19, 20, 21 and 22 of the STS Regulation (the **STS Verification**). There can be no assurance that the securitisation transaction described in this Prospectus will receive the STS Verification (either before issuance or at any time thereafter) and if the securitisation transaction described in this Prospectus does receive the STS Verification, this shall not, under any circumstances, affect the liability of the originator and SSPE in respect of their legal obligations under the STS Regulation, nor shall it affect the obligations imposed on institutional investors as set out in article 5 of the STS Regulation.

Volcker Rule

The Issuer is not, and solely after giving effect to any offering and sale of the Notes and the application of the proceeds thereof will not be, a "covered fund" for purposes of regulations adopted under Section 13 of the Bank Holding Company Act of 1956, as amended (commonly known as the Volcker Rule). In reaching this conclusion, although other statutory or regulatory exclusions and/or exemptions under the Investment Company Act of 1940, as amended (the **Investment Company Act**) and under the Volcker Rule and its related regulations may be available, the Issuer has relied on the determinations that (i) the Issuer would satisfy all of the elements of the exemption from registration under the Investment Company Act provided by Section 3(c)(5)(C) thereunder, and, accordingly, (ii) the Issuer may rely on the exemption from the definition of a "covered fund" under the Volcker Rule made available to entities that do not rely solely on Section 3(c)(1) or Section 3(c)(7) of the Investment Company Act for their exclusion and/or exemption from registration under the Investment Company Act.

4.5 Use of Proceeds

The aggregate proceeds of the Notes to be issued on the Closing Date amount to €553,435,642.

The net proceeds from the issue of the Notes (other than the Class C Notes) will be applied on the Closing Date:

(i) to pay part of the Initial Purchase Price for the Mortgage Receivables purchased by the Issuer pursuant to the Mortgage Receivables Purchase Agreement on the Closing Date; and

(ii) to deposit an amount equal to € 397,192.22 for Construction Deposits as at the Cut-Off Date into the Construction Deposit Account.

Furthermore, the Issuer will receive an amount of € 7,945,242.42 as consideration for the Initial Savings Participation as at the Cut-Off Date granted to the Insurance Savings Participant in the Savings Mortgage Receivables and Savings Investment Mortgage Receivables, and € 57,754,808.06 as at the Cut-Off Date as consideration for the Initial Bank Savings Participation granted to the Bank Savings Participant in the Bank Savings Mortgage Receivables.

The proceeds of the issue of the Class C Notes will be used to fund the Reserve Account on the Closing Date.

The proceeds of the Subordinated Loan, in the amount of €1,500,000 will be used by the Issuer to pay certain initial costs and expenses in connection with the issue of the Notes, including but not limited to the Initial Interest Rate Cap Payment to be paid on the Closing Date.

4.6 Taxation in the Netherlands

General

The following summary outlines the principal Netherlands tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes, but does not purport to be a comprehensive description of all Netherlands tax considerations that may be relevant. For purposes of Netherlands tax law, a holder of Notes may include an individual or entity who does not have the legal title of these Notes, but to whom nevertheless the Notes or the income thereof is attributed based on specific statutory provisions or on the basis of such individual or entity having an interest in the Notes or the income thereof. This summary is intended as general information only and each prospective investor should consult a professional tax adviser with respect to the tax consequences of the acquisition, holding, settlement, redemption and disposal of the Notes.

This summary is based on tax legislation, published case law, treaties, regulations and published policy, in each case as in force as of the date of this Prospectus, and does not take into account any developments or amendments thereof after that date whether or not such developments or amendments have retroactive effect.

This summary does not address the Netherlands corporate and individual income tax consequences for:

(i) investment institutions (*fiscale beleggingsinstellingen*);

(ii) pension funds, exempt investment institutions (*vrijgestelde beleggingsinstellingen*) or other entities that are not subject to or, in whole or in part, exempt from Netherlands corporate income tax;

(iii) holders of Notes holding a substantial interest (*aanmerkelijk belang*) or deemed substantial interest (*fictief aanmerkelijk belang*) in the Issuer and holders of Notes of whom a certain related person holds a substantial interest in the Issuer. Generally speaking, a substantial interest in the Issuer arises if a person, alone or, where such person is an individual, together with his or her partner (statutorily defined term), directly or indirectly, holds, or is deemed to hold, (i) an interest of 5% or more of the total issued capital of the Issuer or of 5% or more of the issued capital of a certain class of shares of the Issuer, (ii) rights to acquire, directly or indirectly, such interest or (iii) certain profit sharing rights in the Issuer;

(iv) persons to whom the Notes and the income from the Notes are attributed based on the separated private assets (*afgezonderd particulier vermogen*) provisions of the Netherlands Income Tax Act 2001 (*Wet inkomstenbelasting 2001*);

(v) individuals to whom the Notes or the income therefrom are attributable to employment activities which are taxed as employment income in the Netherlands; and

(vi) entities which are a resident of Aruba, Curacao or Sint Maarten that have an enterprise which is carried on through a permanent establishment or a permanent representative on Bonaire, Sint Eustatius or Saba and the Notes are attributable to such permanent establishment or permanent representative.

Where this summary refers to the Netherlands, such reference is restricted to the part of the Kingdom of the Netherlands that is situated in Europe and the legislation applicable in that part of the Kingdom.

Withholding Tax

All payments made by the Issuer under the Notes may be made free of withholding or deduction for any taxes of whatsoever nature imposed, levied, withheld or assessed by the Netherlands or any political subdivision or taxing authority thereof or therein.

Corporate and Individual Income Tax

Residents of the Netherlands

Corporate entities

If a holder of Notes is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands corporate income tax purposes and is fully subject to Netherlands corporate income tax or is only subject to Netherlands corporate income tax in respect of an enterprise to which the Notes are attributable, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are generally taxable in the Netherlands (in 2019 at a rate of 19 per cent. for taxable profits up to and including EUR200,000 and at a rate of 25 per cent. for the remainder).

Individuals

If an individual is a resident of the Netherlands or deemed to be a resident of the Netherlands for Netherlands individual income tax purposes, income derived from the Notes and gains realised upon the redemption, settlement or disposal of the Notes are taxable at the progressive rates (at up to a maximum rate of 51.75 per cent. in 2019), if:

(i) the individual is an entrepreneur (*ondernemer*) and has an enterprise to which the Notes are attributable or the individual has, other than as a shareholder, a co-entitlement to the net worth of an enterprise (*medegerechtigde*), to which enterprise the Notes are attributable; or

(ii) such income or gains qualify as income from miscellaneous activities (*resultaat uit overige werkzaamheden*), which includes activities with respect to the Notes that exceed regular, active portfolio management (*meer dan normaal, actief vermogensbeheer*).

If neither condition (i) nor condition (ii) above applies, an individual that holds the Notes, must determine taxable income with regard to the Notes on the basis of a deemed return on income from savings and investments (*sparen en beleggen*), rather than on the basis of income actually received or gains actually realised. This deemed return on income from savings and investments is fixed at a percentage of the individual's yield basis (*rendementsgrondslag*) at the beginning of the calendar year (1 January), insofar as the individual's yield basis exceeds a certain threshold (*heffingvrij vermogen*). The individual's yield basis is determined as the fair market value of certain qualifying assets held by the individual less the fair market value of certain qualifying liabilities on 1 January. The fair market value of the Notes will be included as an asset in the individual's yield basis. The deemed return percentage to be applied to the yield basis increases progressively depending on the amount of the yield basis. The deemed return on savings and investments is taxed at a rate of 30 per cent.

Non-residents of the Netherlands

If a person is neither a resident of the Netherlands nor is deemed to be a resident of the Netherlands for Netherlands corporate or individual income tax purposes, such person is not liable to Netherlands income tax in respect of income derived from the Notes and gains realised upon the settlement, redemption or disposal of the Notes, unless:

Corporate entities

(i) the person is not an individual and such person (1) has an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Notes are attributable, or (2) is (other than by way of securities) entitled to a share in the profits of an enterprise or a co-entitlement to the net worth of an enterprise, which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

This income is subject to Netherlands corporate income tax at a rate of 19 per cent. for taxable profits up to and including EUR 200,000 and 25 per cent. for the remainder (in 2019)).

Individuals

(i) the person is an individual and such individual (1) has an enterprise or an interest in an enterprise that is, in whole or in part, carried on through a permanent establishment or a permanent representative in the Netherlands to which permanent establishment or permanent representative the Notes are attributable, or (2) realises income or gains with respect to the Notes that qualify as income from miscellaneous activities in the Netherlands which includes activities with respect to the Notes that exceed regular, active portfolio management (*meer dan normaal, actief vermogensbeheer*), or (3) is other than by way of securities entitled to a share in the profits of an enterprise which is effectively managed in the Netherlands and to which enterprise the Notes are attributable.

Income derived from the Notes as specified under (1) and (2) is subject to individual income tax at progressive rates up to a maximum rate of 51.75 per cent. Income derived from a share in the profits of an enterprise as specified under (3) that is not already included under (1) or (2) will be taxed on the basis of a deemed return on income from savings and investments (as described above under "Residents of the Netherlands"). The fair market value of the share in the profits of the enterprise (which includes the Notes) will be part of the individual's Netherlands yield basis.

Gift and Inheritance Tax

Netherlands gift or inheritance taxes will not be levied on the occasion of the transfer of a Note by way of gift by, or on the death of, a holder of a Note, unless:

(i) the holder of a Note is, or is deemed to be, resident in the Netherlands for the purpose of the relevant provisions; or

(ii) in the case of a gift of Notes by an individual who at the date of the gift was neither resident nor deemed to be resident in the Netherlands, such individual dies within 180 days after the date of the gift, while being resident or deemed to be resident in the Netherlands.

Value Added Tax

In general, no value added tax will arise in respect of payments in consideration for the issue of the Notes or in respect of a cash payment made under the Notes, or in respect of a transfer of Notes.

Other Taxes and Duties

No registration tax, customs duty, transfer tax, stamp duty or any other similar documentary tax or duty will be payable in the Netherlands by a holder in respect of or in connection with the subscription, issue, placement, allotment, delivery or transfer of the Notes.

Residence

A Holder of Notes will not be and will not be deemed to be resident in the Netherlands for Dutch tax purposes and, subject to the exceptions set out above, will not otherwise become subject to Dutch taxation, by reason only of acquiring, holding or disposing of Notes, or the execution, performance, delivery and/or enforcement of Notes.

4.7 Security

The Noteholders and the other Secured Creditors have the indirect benefit of security granted to the Security Trustee, acting as security trustee for the Secured Creditors. The Issuer will agree in the Trust Deed to pay to the Security Trustee any amounts equal to the aggregate of all its liabilities to all the Secured Creditors from time to time due in accordance with the terms and conditions of the relevant Transaction Documents, including, without limitation, the Notes (the **Principal Obligations**), which payment undertaking and the obligations and liabilities resulting therefrom is herein referred to as the **Parallel Debt**.

The Parallel Debt represents an independent claim of the Security Trustee to receive payment thereof from the Issuer, provided that (i) the aggregate amount that may become due under the Parallel Debt will never exceed the aggregate amount that may become due under all of the Principal Obligations and (ii) every payment in respect of such Principal Obligations for the account of or made to the Secured Creditors directly in respect of such undertaking shall operate in satisfaction *pro tanto* of the Parallel Debt.

The Parallel Debt of the Issuer to the Security Trustee will be secured by (i) a first ranking pledge by the Issuer to the Security Trustee over the Mortgage Receivables (including any parts thereof which are balanced by Construction Deposits) pursuant to the Issuer Mortgage Receivables Pledge Agreement and the Beneficiary Rights relating thereto, (ii) a first ranking pledge by the Issuer to the Security Trustee over the Issuer Rights and (iii) a first ranking pledge by the Issuer to the Security Trustee over the Issuer's claims in respect of the Issuer Accounts.

The Issuer and the Security Trustee will enter into the Issuer Mortgage Receivables Pledge Agreement pursuant to which a first ranking undisclosed right of pledge (*stil pandrecht eerste in rang*) will be granted by the Issuer to the Security Trustee over the Mortgage Receivables and a first ranking disclosed right of pledge (*openbaar pandrecht eerste in rang*) will be granted by the Issuer to the Security Trustee over the Beneficiary Rights relating thereto in order to create security for all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. Pursuant to the Issuer Mortgage Receivables Pledge Agreement, the Issuer further undertakes, in respect of any Further Advance Receivables, to grant to the Security Trustee a first ranking right of pledge on the relevant Further Advance Receivables (unless the Mortgage Receivables resulting from a Mortgage Loan in respect of which a Further Advance is granted are being repurchased and re-assigned by the Seller) and any associated Beneficiary Rights on the relevant purchase date.

The pledge over the Mortgage Receivables provided in the Issuer Mortgage Receivables Pledge Agreement will not be notified to the Borrowers except in the case of certain Pledge Notification Events. Prior to notification of the pledge to the Borrowers, the pledge will be an undisclosed right of pledge (*stil pandrecht*) within the meaning of Section 3:239 of the Dutch Civil Code. The pledge of the Beneficiary Rights will be disclosed to the Insurance Savings Participant and will, therefore, be a disclosed right of pledge (*openbaar pandrecht*) within the meaning of Section 3:236(2) in conjunction with Section 3:94(1) of the Dutch Civil Code.

In addition, pursuant to the Issuer Rights Pledge Agreement, the Issuer will vest a right of pledge over the Issuer Rights in favour of the Security Trustee. This right of pledge secures all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. Furthermore, on the Closing Date, pursuant to the Issuer Accounts Pledge Agreement, the Issuer will vest, in favour of the Security Trustee, a right of pledge in respect of any and all current and future monetary claims of the Issuer vis-à-vis the Issuer Account Bank in respect of the Issuer Account Agreement and the Issuer Accounts. The pledge pursuant to each of the Issuer Rights Pledge Agreement and the Issuer Accounts Pledge Agreement will be notified to the relevant obligors and will, therefore be a disclosed right of pledge (*openbaar*

pandrecht) within the meaning of Section 3:236(2) in conjunction with Section 3:94(1) of the Dutch Civil Code.

Upon enforcement of the rights of pledge created pursuant to the Security Documents (which is after delivery of an Enforcement Notice), the Security Trustee shall apply the net proceeds received or recovered towards satisfaction of all liabilities of the Issuer to the Security Trustee in connection with the Trust Deed, including the Parallel Debt and any of the other relevant Transaction Documents. The Security Trustee shall subsequently distribute such net proceeds (after deduction of the amounts due and payable to the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant under the Participation Agreements which amounts will be paid in priority to all other amounts due and payable by the Issuer at that time under any of the other relevant Transaction Documents) to the Secured Creditors (other than the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant). All amounts to be so distributed by the Security Trustee to such Secured Creditors will be paid in accordance with the Post-Enforcement Priority of Payments (as set forth in *Credit Structure*).

The Security provided pursuant to the provisions of the Security Documents shall indirectly, through the Security Trustee, serve as security for the benefit of the Secured Creditors, including, without limitation, each of the Class A Noteholders, the Class B Noteholders and the Class C Noteholders, but amounts owing to the Class B Noteholders will rank junior to Class A Noteholders and amounts owing to the Class C Noteholders will rank junior to the Class A Noteholders and the Class B Noteholders (see *Credit Structure*).

The amounts payable to the Noteholders and other Secured Creditors under the Trust Deed will be limited to the amounts available for such purpose to the Security Trustee and the amounts will be paid in accordance with the Post-Enforcement Priority of Payments as set forth in the Trust Deed, except in respect of certain payments to the Participants and the Interest Rate Cap Provider which are made outside the relevant Priority of Payments.

The Security Trustee has not undertaken and will not undertake any investigations, searches or other actions in respect of the Mortgage Receivables and any other assets pledged pursuant to the Security Documents and will rely instead on, *inter alia*, the warranties given in relation thereto in the relevant Security Documents.

4.8 Other

Weighted Average Lives of the Notes

The WALs of the Notes will be influenced by, among other things, the actual rates of repayment and prepayment of the Mortgage Loans. The WALs of the Notes cannot be stated, as the actual rates of repayment and prepayment of the Mortgage Loans and a number of other relevant factors are unknown. However, calculations of the possible WALs of the Notes can be made based on certain assumptions.

The model used for the Mortgage Loans represents an assumed CPR each month relative to the then current principal balance of a pool of mortgage loans. CPR does not purport to be either a historical description of the prepayment experience of any pool of loans or a prediction of the expected rate of prepayment of any loans, including the Mortgage Loans to be included in the Portfolio. The pricing CPR assumed for the transaction described in this Prospectus is 6 per cent.

The following tables were prepared based on the characteristics of the Mortgage Loans included in the Portfolio and the following additional assumptions:

(a) Class A Additional Redemption Amounts are not taken into account for the calculation of the WALs of the Notes;

(b) the Issuer exercises its option to redeem the Notes on the First Optional Redemption Date, in the first scenario, or the Issuer does not exercise its option to redeem the Notes on or after the First Optional Redemption Date, in the second scenario;

(c) there is no exercise of the Regulatory Call Option and no redemption of the Notes for tax reasons;

(d) the Clean-up Call Option is exercised in the second scenario and not in the first scenario;

(e) the net principal balance of the Mortgage Loans (i.e. net of Participations) continue to be fully performing and there are no arrears or enforcements, i.e. no losses;

(f) no Mortgage Receivable is sold by the Issuer;

(g) there is no debit balance on the Principal Deficiency Ledger on any Notes Payment Date;

(h) the Seller is not in breach of the terms of the Mortgage Receivables Purchase Agreement;

(i) no Mortgage Loan is required to be repurchased by the Seller;

(j) no Further Advance Receivables are purchased in respect of the Portfolio;

(k) at the Closing Date, the Class A Notes represent approximately EUR 512,350,000 of the capital structure;

(l) at the Closing Date, the Class B Notes represent approximately EUR 32,704,000 and the Class C Notes represent approximately EUR 5,451,000 of the capital structure;

(m) the Notes are issued on 9 July 2019 and all payments on the Notes are received on the 28th day of every January/April/July/October, commencing from 28 October 2019;

(n) the Final Maturity Date of the Notes is April 2092;

(o) the WALs have been calculated on an Actual/360 basis;

(p) the WALs have been modelled on the net principal balance of the Mortgage Loans;

(q) all Construction Deposits are paid out by the Seller to or on behalf of the Borrowers on the Closing Date;

(r) the Savings Mortgage Loans and Bank Savings Mortgage Loans will be assumed to be Annuity Mortgage Loans due to the Participation Agreements;

(s) the day in the month of the origination date of the Mortgage Loan will be the same day in the month as the maturity date of the Mortgage Loan;

(t) the Notes will be redeemed in accordance with the Conditions;

(u) no Security has been enforced;

(v) the assets of the Issuer are not sold by the Security Trustee except as may be necessary to enable the Issuer to realise sufficient funds to exercise its option to redeem the Notes;

(w) no Enforcement Notice has been served on the Issuer and no Event of Default has occurred; and

(x) the Portfolio as of the Cut-Off Date will be purchased on the Closing Date.

The actual characteristics and performance of the Mortgage Loans are likely to differ from the assumptions. The following tables are hypothetical in nature and are provided only to give a general sense of how the principal cash flows might behave under varying prepayment scenarios. For example, it is not expected that the Mortgage Loans will prepay at a constant rate until maturity, that all of the Mortgage Loans will prepay at the same rate or that there will be no defaults or delinquencies on the Mortgage Loans. Moreover, the diverse remaining terms to maturity and mortgage rates of the Mortgage Loans could produce slower or faster principal distributions than indicated in the tables at the various percentages of CPR specified. Any difference between such assumptions and the actual characteristics and performance of the Mortgage Loans, or actual prepayment or loss experience, will affect the percentage of the initial amount outstanding of the Notes which are outstanding over time and cause the WALs of the Notes to differ (which difference could be material) from the corresponding information in the tables for each indicated percentage CPR.

The first scenario of assumption (a) above reflects the current intention of the Issuer and the Seller, but no assurance can be given that such assumption will occur as described. The WALs of the Notes are subject to factors largely outside the control of the Issuer and consequently no assurance can be given that the assumptions and estimates above will prove in any way to be realistic. They must therefore be viewed with considerable caution.

5. CREDIT STRUCTURE

The structure of the credit arrangements for the proposed issue of the Notes may be summarised as follows.

5.1 Available Funds

Available Revenue Funds

Prior to the delivery of an Enforcement Notice by the Security Trustee, the sum of the following amounts, calculated as at each Notes Calculation Date as being received by the Issuer during the Notes Calculation Period immediately preceding such Notes Calculation Date or expected to be received or drawn by the Issuer on the immediately succeeding Notes Payment Date (items (i) up to and including (xvi) *less* (y) an amount equal to the prevailing Dutch corporate income tax rate in each given year of the higher of (A) €2,500 and (B) 10% of the amount due and payable per annum by the Issuer to its Director, pursuant to item (b) of the Pre-Enforcement Revenue Priority of Payments (representing taxable income for corporate income tax purposes in the Netherlands which will be paid as dividend to the Shareholder) and (z) any Disruption Overpaid Amount to the extent it relates to amounts payable in respect of the Notes and referred to under items (i) to (xv) (inclusive) of this definition and to the immediately preceding Notes Payment Date, being hereafter referred to as the **Available Revenue Funds**):

(i) interest on the Mortgage Receivables, less, with respect to each Participation-Linked Mortgage Receivable an amount equal to the Participation Fraction;

(ii) interest credited to the Issuer Accounts (other than the Interest Rate Cap Collateral Account);

(iii) proceeds received by the Seller under any mortgage credit insurance to the extent relating to interest;

(iv) Prepayment Penalties and penalty interest (*boeterente*) in respect of the Mortgage Receivables;

(v) Net Foreclosure Proceeds in respect of any Mortgage Receivables, to the extent such proceeds do not relate to principal, less, with respect to each Participation-Linked Mortgage Receivable, an amount equal to the proceeds received multiplied by the Participation Fraction;

(vi) amounts to be drawn under the Cash Advance Facility (other than a Cash Advance Facility Stand-by Drawing) or from the Cash Advance Facility Stand-by Ledger on the immediately succeeding Notes Payment Date;

(vii) amounts received under the Interest Rate Cap Agreement (excluding any Interest Rate Cap Collateral transferred pursuant to the Interest Rate Cap Agreement);

(viii) amounts to be drawn from the Reserve Account on the immediately succeeding Notes Payment Date;

(ix) amounts received in connection with a repurchase or sale of Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed, as the case may be, or any other amounts received pursuant to the Mortgage Receivables Purchase Agreement to the extent such amounts do not relate to principal, less, with respect to each Participation-Linked Mortgage Receivable, an amount equal to the amount received multiplied by the Participation Fraction;

(x) amounts received as post-foreclosure proceeds on the Mortgage Receivables;

(xi) amounts received which prior to receipt thereof have been recorded as Realised Losses under item (d) of the definition thereof;

(xii) after all amounts of interest and principal that have or may become due in respect of the Notes, other than principal in respect of the Class C Notes, have been paid on the immediately preceding Notes Payment Date or will be available for payment on the immediately succeeding Notes Payment Date, any amount standing to the credit of the Reserve Account and of any other Issuer Account, excluding any Excess Interest Rate Cap Collateral or Tax Credit;

(xiii) any Additional Available Revenue Funds;

(xiv) after redemption of the Class A Notes, any amounts taken from the Available Principal Funds as Class A Excess Consideration Revenue Shortfall Amount;

(xv) the Available Termination Amount to be drawn from the Interest Rate Cap Termination Payment Ledger; and

(xvi) any Disruption Underpaid Amount to the extent it relates to amounts payable in respect of the Notes and referred to under items (i) to (xv) (inclusive) of this definition and to the immediately preceding Notes Payment Date,

will pursuant to the term of the Trust Deed be applied on the immediately succeeding Notes Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments.

Available Principal Funds

Prior to the delivery of an Enforcement Notice by the Security Trustee, the sum of the following amounts, calculated as at each Notes Calculation Date as being received or held by the Issuer during the Notes Calculation Period immediately preceding such Notes Calculation Date or expected to be received or drawn by the Issuer on the immediately succeeding Notes Payment Date (items (i) up to and including (xi) *less (a)* any Disruption Overpaid Amount to the extent it relates to amounts payable in respect of the Notes and referred to under items (i) to (xi) (inclusive) of this definition and to the immediately preceding Notes Payment Date being hereafter referred to as the **Available Principal Funds**):

(i) repayment and full prepayment of principal under the Mortgage Receivables, from any person, whether by set-off or otherwise, but, for the avoidance of doubt, excluding Prepayment Penalties, if any, up to, with respect to each Participation-Linked Mortgage Receivable, the Net Outstanding Principal Amount of such Participation-Linked Mortgage Receivable;

(ii) proceeds received by the Seller under any mortgage credit insurance to the extent relating to principal;

(iii) Net Foreclosure Proceeds in respect of any Mortgage Receivables, to the extent such proceeds relate to principal, up to, with respect to each Participation-Linked Mortgage Receivable, the Net Outstanding Principal Amount of such Participation-Linked Mortgage Receivable;

(iv) amounts received in connection with a repurchase or sale of Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed, as the case may be, or any other amounts received pursuant to the Mortgage Receivables Purchase Agreement to the

extent such amounts relate to principal, up to, with respect to each Participation-Linked Mortgage Receivable, the Net Outstanding Principal Amount of such Participation-Linked Mortgage Receivable;

(v) amounts to be credited to the Principal Deficiency Ledger on the immediately succeeding Notes Payment Date;

(vi) Further Participation Amounts;

(vii) Switched Insurance Savings Participation Amounts to the extent such amounts exceed the relevant then existing Conversion Participation, if any, held by the Insurance Savings Participant in respect of the relevant Savings Investment Mortgage Loan;

(viii) partial prepayments in respect of Mortgage Receivables, excluding Prepayment Penalties, if any, up to, with respect to each Participation-Linked Mortgage Receivable, the Net Outstanding Principal Amount of such Participation-Linked Mortgage Receivable;

(ix) amounts no longer payable to the Seller which were standing to the credit of the Construction Deposit Account in accordance with the Mortgage Receivables Purchase Agreement;

(x) any part of the Available Principal Funds calculated on the immediately preceding Notes Calculation Date which has not been applied in accordance with the Pre-Enforcement Principal Priority of Payments on the immediately preceding Notes Payment Date; and

(xi) any Class A Additional Redemption Amounts until the date on which the Class A Notes have been fully redeemed in accordance with the Conditions as received under item (i) of the Pre-Enforcement Revenue Priority of Payment; and

(xii) any Disruption Underpaid Amount to the extent it relates to amounts payable in respect of the Notes and referred to under items (i) to (xi) (inclusive) of this definition and to the immediately preceding Notes Payment Date,

will, pursuant to the terms of the Trust Deed be applied by the Issuer on the immediately succeeding Notes Payment Date in accordance with the Pre-Enforcement Principal Priority of Payments.

Cash Collection Arrangements

Payments by the Borrowers under the Mortgage Loans are due on the first day of each calendar month, interest being payable in arrear. All payments made by Borrowers will be paid into the Originator Collection Account. The balance on these accounts is not pledged to any party, other than to the bank at which the account is established pursuant to the applicable general terms and conditions. The Originator Collection Account will also be used for the collection of monies paid in respect of mortgage loans other than Mortgage Loans and in respect of other monies belonging to the Originator.

If at any time the Originator Collection Account Bank does not have the Originator Collection Account Provider Requisite Credit Ratings, Aegon Nederland N.V. will, as soon as reasonably possible, but at least within a period of thirty (30) days after the occurrence of such event, to maintain the then current rating assigned to the Class A Notes either: (i) ensure that payments to be made in respect of amounts received on the Originator Collection Account relating to the Mortgage Receivables will be guaranteed by a party having at least the Originator Collection Account Provider Requisite Credit Ratings; or (ii) (a) open an account with a party having at least the Originator Collection Account Provider Requisite Credit Ratings, and (b) transfer to such account an amount equal to the highest single amount of principal and interest (including, for the avoidance of doubt,

interest penalties) received in respect of the Mortgage Receivables since the Closing Date on the Issuer Transaction Account during one Mortgage Calculation Period; or (iii) find another solution which is suitable in order to maintain the then current ratings assigned to the Notes.

On each Mortgage Collection Payment Date, the Seller shall transfer to the Issuer Transaction Account (i) all amounts of principal and interest scheduled to be received by the Seller under the Mortgage Loans with respect to the Mortgage Calculation Period in which such Mortgage Collection Payment Date falls and (ii) 120% of all amounts of prepayments of principal received by the Seller in respect of the Mortgage Loans during the Mortgage Calculation Period immediately preceding the relevant Mortgage Collection Payment Date, except for the first Mortgage Collection Payment Date after the Closing Date, in which case it will be 120% of all amounts of prepayments of principal received by the Seller in respect of the Mortgage Loans within the calendar month June 2019. On each Reconciliation Date the Seller shall transfer (or procure that the Servicer shall transfer on its behalf) to the Issuer Transaction Account, an amount equal to the result of, if positive (a) the sum of all amounts actually received or recovered by the Seller in respect of the Mortgage Loans during the immediately preceding Mortgage Calculation Period *minus* (b) the amounts deposited into the Issuer Transaction Account on the immediately preceding Mortgage Collection Payment Date by the Seller on account of principal and interest scheduled to be received in the relevant Mortgage Calculation Period. If such result is negative, the Issuer shall on the relevant Reconciliation Date repay to the Seller an amount equal to the absolute value of such negative difference.

Following an Assignment Notification Event as described under *Purchase, Repurchase and Sale* in section *Portfolio Documentation*, the Borrowers will be required to pay all amounts due by them under the Mortgage Loans directly to the Issuer Transaction Account (or such other bank account as may be designated by the Issuer or the Security Trustee).

5.2 Priority of Payments

Priority of Payments in respect of interest (prior to Enforcement Notice)

Provided that no Enforcement Notice has been served, the Available Revenue Funds will, pursuant to the terms of the Trust Deed (and less any amounts which have been applied towards payment of amounts in the relevant Notes Calculation Period in accordance with the Trust Deed outside of any Priority of Payment), be applied by the Issuer on the immediately succeeding Notes Payment Date as follows (in each case only if and to the extent that payments of a higher order of priority have been or can be made in full) (the **Pre-Enforcement Revenue Priority of Payments**):

(a) *First*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the fees and expenses due and payable to the Issuer Administrator under the Administration Agreement and (ii) the fees and expenses due and payable to the Servicer under the Servicing Agreement;

(b) *Second*, in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the fees or other remuneration due and payable to the Directors in connection with the Management Agreements and (ii) the fees or other remuneration and indemnity payments (if any) due and payable to the Security Trustee and any costs, charges, liabilities and expenses incurred by the Security Trustee under or in connection with the relevant Transaction Documents (including the fees and expenses payable to any legal advisors, accountants and auditors appointed by the Security Trustee);

(c) *Third,* in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the amounts due and payable (but not yet paid prior to the relevant Notes Payment Date) to third parties under obligations incurred in the Issuer's business (other than under the relevant Transaction Documents), including, without limitation, in or towards satisfaction of amounts or provisions for any payment of the Issuer's liability, if any, to tax, (ii) the fees and expenses due and payable to the Paying Agents, the Reference Agent, the Registrar, the Transfer Agent, the Cash Advance Facility Provider, the Common Safekeeper, the Common Depositary and any other agent designated under any of the relevant Transaction Documents, (iii) any amounts due and payable to the Issuer Account Bank, (including negative interest on the Issuer Accounts); (iv) the amounts due and payable to the Credit Rating Agencies and (v) the fees and expenses due and payable to any legal advisors, accountants and auditors appointed by the Issuer;

(d) *Fourth*, (i) in or towards satisfaction of any amounts due and payable to the Cash Advance Facility Provider under the Cash Advance Facility Agreement other than fees and expenses payable under (c) above and (ii) during a Cash Advance Facility Stand-by Drawing Period, in or towards satisfaction of sums to be credited to the Cash Advance Facility Stand-by Ledger, but (in both cases) excluding any gross up amounts or additional amounts due under the Cash Advance Facility and payable under (l) below;

(e) *Fifth*, (i) up to (and including) the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu*, of interest due on the Class A Notes in respect of the previous Interest Period and (ii) from (but excluding) the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu*, of interest due on the Class A Notes up to the EURIBOR Agreed Rate plus a margin of 0.40% per annum;

(f) *Sixth,* in or towards making good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero;

(g) *Seventh*, in or towards satisfaction of any sums required to be deposited into the Reserve Account or, as the case may be, to replenish the Reserve Account up to the amount of the Reserve Account Target Level;

(h) *Eighth*, from (but excluding) the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu*, of the Class A Excess Consideration due and unpaid (including, for the avoidance of doubt, amounts standing to the credit of the Class A Excess Consideration Deficiency Ledger) in respect of the Class A Notes;

(i) *Ninth*, from (but excluding) the First Optional Redemption Date and until the date on which the Class A Notes have been fully redeemed in accordance with the Conditions, in or towards satisfaction of any Class A Additional Redemption Amounts, such amounts to be applied as Available Principal Funds as item (xi) of the definition of Available Principal Funds;

(j) *Tenth*, in or towards making good any shortfall reflected in the Class B Principal Deficiency Ledger until the debit balance, if any, on the Class B Principal Deficiency Ledger is reduced to zero;

(k) *Eleventh*, but only after the earlier of (i) the Notes Payment Date on which all amounts of interest and principal on the Notes (other than the Class C Notes) will have been paid in full and (ii) the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu*, of principal due on the Class C Notes until the Class C Notes are fully redeemed;

(l) *Twelfth*, in or towards satisfaction of any gross-up amounts or additional amounts, if any, due under the Cash Advance Facility Agreement;

(m) *Thirteenth*, in or towards satisfaction of principal due and payable but unpaid in respect of the Subordinated Loan; and

(n) *Fourteenth*, on or towards satisfaction of the Deferred Purchase Price to the Seller pursuant to the Mortgage Receivables Purchase Agreement.

Priority of Payments in respect of principal (prior to Enforcement Notice)

Provided that no Enforcement Notice has been served the Available Principal Funds (minus amounts which have been applied towards payment of amounts in the relevant Notes Calculation Period in accordance with the Trust Deed, including towards the purchase of Further Advance Receivables), will, on each Notes Payment Date, be applied in accordance with the Pre-Enforcement Principal Priority of Payments as follows (and in each case only if and to the extent that payments or provisions of a higher priority have been or can be made in full) (the **Pre-Enforcement Principal Priority of Payments**):

(a) *First*, up to an amount equal to the Class A Revenue Shortfall Amount towards application as part of the Available Revenue Funds as Additional Available Revenue Funds;

(b) *Second*, up to (but excluding) the First Optional Redemption Date in or towards satisfaction of the purchase price of any Further Advance Receivables, subject to the Additional Purchase Conditions being met;

(c) *Third*, in or towards satisfaction of principal amounts due on the Class A Notes, until fully redeemed in accordance with the Conditions;

(d) *Fourth,* following redemption of the Class A Notes in full, an amount equal to cover any Class A Excess Consideration Revenue Shortfall Amount in or towards satisfaction of

payment of the Class A Excess Consideration to each Class A Noteholder who has identified itself to the Issuer in accordance with Condition 9(c);

(e) *Fifth*, in or towards satisfaction of principal amounts due on the Class B Notes, until fully redeemed in accordance with the Conditions.

Payments outside Priority of Payments

Prior to the delivery of an Enforcement Notice by the Security Trustee, any amount due and payable to third parties (other than pursuant to any of the Transaction Documents) under obligations incurred in the Issuer's business at a date which is not a Notes Payment Date and any amount due and payable to the Insurance Savings Participant, the Conversion Participant or the Bank Savings Participant under the Participation Agreements may be made by the Issuer on the relevant due date from the Issuer Transaction Account to the extent that the funds available on the Issuer Transaction Account are sufficient to make such payments and in respect of amounts paid out by the Seller to the Borrowers from the Construction Deposits in a Mortgage Calculation Period the Issuer shall pay on the immediately succeeding Mortgage Collection Payment Date an equal amount from the Construction Deposit Account to the Seller in consideration of the assignment and transfer of the Mortgage Receivable to the extent the money drawn under the Mortgage Loan had been credited to a Construction Deposit and provided that the relevant part of the Mortgage Loan had been assigned to the Issuer.

The Mortgage Receivables Purchase Agreement provides that the Seller will up to but excluding the last calendar month of the Notes Payment Date immediately preceding the First Optional Redemption Date offer any Further Advance Receivable for sale to the Issuer on the first Reconciliation Date falling after the Mortgage Calculation Period in which the Further Advance is granted, provided that the Additional Purchase Conditions are met. On such Reconciliation Date Available Principal Funds may be used to satisfy the purchase price of such Further Advance Receivables.

Pursuant to the Interest Rate Cap Agreement, any Excess Interest Rate Cap Collateral will be returned to the Interest Rate Cap Provider outside of any Priority of Payments. Such amounts may be transferred on a daily basis.

Any Tax Credit shall also be paid by the Issuer to the Interest Rate Cap Provider outside of any Priority of Payments pursuant to the terms of the relevant Interest Rate Cap Agreement. Such amounts may be transferred on a daily basis.

Any amounts received by the Issuer from the Interest Rate Cap Provider (whether or not through application of any collateral standing to the credit of the Interest Rate Cap Collateral Account) upon early termination of the Interest Rate Cap Agreement will be held on the Issuer Transaction Account with a corresponding credit to the Interest Rate Cap Termination Payment Ledger. Amounts standing to the credit of the Interest Rate Cap Termination Payment Ledger will be available to make an Initial Interest Rate Cap Payment to a replacement interest rate cap provider on any date other than a Notes Payment Date and such amounts and any excess premium required will at all times be paid directly to such replacement interest rate cap provider outside of any Priority of Payments. The Available Termination Amount will be drawn from the Interest Rate Cap Termination Payment Ledger on a Notes Payment Date and will form part of the Available Revenue Funds.

Post-Enforcement Priority of Payments

Following delivery of an Enforcement Notice any amounts to be distributed by the Security Trustee under the Trust Deed to the Secured Creditors (including the Noteholders, but excluding the Bank Savings Participant, the Insurance Savings Participant and the Conversion Participant and, to the extent Excess Interest Rate Cap Collateral and Tax Credits are concerned, the Interest Rate Cap

Provider, which shall be entitled outside, and with priority over, this Priority of Payments upon enforcement to receive an amount equal to the relevant Participation in each of the Participation-Linked Mortgage Receivables or, if the amount recovered is less than the relevant Participation, then an amount equal to the amount actually recovered or the Excess Interest Rate Cap Collateral or Tax Credits, as applicable) will be applied in the following order of priority (and in each case only if and to the extent payments of a higher priority have been made in full) (the **Post-Enforcement Priority of Payments**):

(a) *First*, in or towards repayment of any Cash Advance Facility Stand-by Drawing due and payable but unpaid under the Cash Advance Facility Agreement;

(b) *Second,* in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of the fees and expenses due and payable to the Issuer Administrator and the Servicer under the Administration Agreement and Servicing Agreement, respectively;

(c) *Third,* in or towards satisfaction, *pro rata*, according to the respective amounts thereof, of (i) the fees or other remuneration due and payable to the Directors in connection with the Management Agreements, (ii) the fees or other remuneration and indemnity payments (if any) due and payable to the Security Trustee and any costs, charges, liabilities and expenses incurred by the Security Trustee under and in connection with the relevant Transaction Documents, (iii) amounts due and payable to the Credit Rating Agencies, (iv) the fees and expenses due and payable to the Paying Agents, the Registrar, the Transfer Agent and the Reference Agent under the provisions of the Paying Agency Agreement and (v) the costs and expenses due and payable to the Issuer Account Bank (including negative interest on the Issuer Accounts) under the provisions of the Issuer Account Agreement;

(d) *Fourth,* in or towards satisfaction of any amounts due and payable to the Cash Advance Facility Provider under the Cash Advance Facility (other than the amount as referred to under item (a) above), but excluding any gross up amounts or additional amounts due under the Cash Advance Facility and payable under item (j);

(e) *Fifth*, up to (but excluding) the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu*, of interest due or interest accrued but unpaid on the Class A Notes and from the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu,* of interest due or interest accrued but unpaid on the Class A Notes up to a maximum of the EURIBOR Agreed Rate plus a margin of 0.40% per annum;

(f) *Sixth*, in or towards satisfaction, *pro rata* and *pari passu*, of all amounts of principal due but unpaid in respect of the Class A Notes;

(g) *Seventh*, after the First Optional Redemption Date, in or towards satisfaction, *pro rata* and *pari passu*, of the Class A Excess Consideration due and unpaid in respect of the Class A Notes;

(h) *Eighth*, in or towards satisfaction, *pro rata* and *pari passu*, of all amounts of principal due but unpaid in respect of the Class B Notes;

(i) *Ninth*, in or towards satisfaction, *pro rata* and *pari passu*, of all amounts of principal due but unpaid in respect of the Class C Notes;

(j) *Tenth*, in or towards satisfaction of any gross-up amounts or additional amounts, if any, due under the Cash Advance Facility Agreement;

(k) *Eleventh*, in or towards satisfaction of principal due and payable but unpaid in respect of the Subordinated Loan; and

(l) *Twelfth*, in or towards satisfaction of the Deferred Purchase Price to the Seller pursuant to the Mortgage Receivables Purchase Agreement.

No amount of cash shall be trapped in the Issuer Accounts beyond what is necessary to ensure the operational functioning of the Issuer or the orderly repayment of Noteholders in accordance with the Post-Enforcement Priority of Payments, unless exceptional circumstances (as to be determined by the Security Trustee) require that an amount is trapped in order to be used, in the best interests of Noteholders, for expenses in order to avoid the deterioration in the credit quality of the Mortgage Loans.

Any change in the priorities of payment which will materially adversely affect the repayment of the Notes shall be disclosed without undue delay to the extent required under Article 21(9) of the STS Regulation.

Subordinated Loan Agreement

On the Closing Date the Seller will make the Subordinated Loan available to the Issuer. The Subordinated Loan will be in an amount of EUR 1,500,000, will not carry any interest and will be used by the Issuer to pay certain initial costs and expenses in connection with the issue of the Notes, including but not limited to the Initial Interest Rate Cap Payment to be paid on the Closing Date.

EURIBOR Agreed Rate and Class A Excess Consideration

On each Notes Payment Date as from but excluding the First Optional Redemption Date, the Class A Noteholders will, in accordance with the Pre-Enforcement Revenue Priority of Payments or the Pre-Enforcement Principal Priority of Payments, on a *pro rata* and *pari passu* basis and in accordance with the amounts outstanding of the Class A Notes at such time, be entitled to the Class A Excess Consideration. The Class A Excess Consideration consists of the Class A Step-up Consideration and, if applicable, the EURIBOR Excess Consideration.

The Class A Excess Consideration will be subordinated to payments of a higher order of priority including, but not limited to, any amount necessary to (i) make good any shortfall reflected in the Class A Principal Deficiency Ledger until the debit balance, if any, on the Class A Principal Deficiency Ledger is reduced to zero and (ii) replenish the Reserve Account up to the amount of the Reserve Account Target Level.

In the event that on any Notes Payment Date, after redemption in full of the Class A Notes in accordance with Condition 6(b), an amount equal to the lower of (a) the Available Principal Funds excluding item (xi) of such definition and (b) the Class A Excess Consideration due and unpaid on the Class A Notes on the immediately succeeding Notes Payment Date (including any balance on the Class A Excess Consideration Deficiency Ledger) after application of the Available Revenue Funds, excluding item (xiv) of such definition (a **Class A Excess Consideration Revenue Shortfall Amount**), is higher than zero such amount will be debited from the Available Principal Funds (if available) and will form part of the Available Revenue Funds and shall be applied by the Issuer towards satisfaction of the Class A Excess Consideration due on such Notes Payment Date (including any balance on the Class A Excess Consideration Deficiency Ledger) to the holders of the Class A Notes as at the Notes Payment Date on which such Class A Notes were redeemed in full on a pro rata and pari passu basis and be distributed to the holders of Class A Notes at such time. The Issuer shall debit the Class B Principal Deficiency Ledger with an amount equal to any Class A Excess Consideration Revenue Shortfall Amount which the Issuer may have applied towards satisfaction of the Class A Excess Consideration. See Conditions 6 and 9(c) in Conditions, with regards to the

requirement that Class A Noteholders provide evidence and certain other information to the Issuer in connection with payments of the unpaid Class A Excess Consideration Amount (including the balance of the Class A Excess Consideration Deficiency Ledger).

The credit ratings assigned by the Credit Rating Agencies do not address the likelihood of any payment of the Class A Excess Consideration and failure to pay any Class A Excess Consideration will not cause an Event of Default.

Class A Excess Consideration Deficiency Ledger

A ledger, known as the Class A Excess Consideration Deficiency Ledger will be established by or on behalf of the Issuer in order to record any amounts of Class A Excess Consideration that have not been paid out on the relevant Notes Payment Date to the Class A Noteholders. After redemption in full of the Class A Notes, the Class A Excess Consideration Revenue Shortfall Amount will be applied towards making good the shortfall reflected in the Class A Excess Consideration Deficiency Ledger.

Class A Additional Redemption Amount

On each Notes Payment Date after the First Optional Redemption Date, the Issuer will apply the Class A Additional Redemption Amounts towards redemption of the Class A Notes. The Class A Additional Redemption Amount comprises of such part of the Available Revenue Funds remaining after amounts payable under the items (a) to (h) (inclusive) of the Pre-Enforcement Revenue Priority of Payments have been fully satisfied on such Notes Payment Date. The Class A Additional Redemption Amounts will form part of the Available Principal Funds and will be applied towards redemption of the Class A Notes in accordance with the Principal Priority of Payments until the Class A Notes are redeemed in full.

5.3 Loss Allocation

The Principal Deficiency Ledger, comprising two sub-ledgers known as the Class A Principal Deficiency Ledger and the Class B Principal Deficiency Ledger, will be established by or on behalf of the Issuer in order to record any Realised Losses and, after redemption in full of the Class A Notes, any Class A Excess Consideration Revenue Shortfall Amount applied towards satisfaction of the Class A Excess Consideration.

The Realised Loss will, on the relevant Notes Calculation Date, be debited to the Class B Principal Deficiency Ledger (such debit items being credited at item (j) of the Pre-Enforcement Revenue Priority of Payments) as long as and to the extent that the debit balance on such sub-ledger is not greater than the Principal Amount Outstanding of the Class B Notes and thereafter, further Realised Losses shall be debited to the Class A Principal Deficiency Ledger (such debit item being credited at item (f) of the Pre-Enforcement Revenue Priority of Payments).

Any Class A Excess Consideration Revenue Shortfall Amount which may be applied after redemption in full of the Class A Notes will, on the relevant Notes Calculation Date, also be debited to the Class B Principal Deficiency Ledger (such debit items being credited at item (j) of the Pre-Enforcement Revenue Priority of Payments) as long as and to the extent that the debit balance on such sub-ledger is not greater than the Principal Amount Outstanding of the Class B Notes.

Realised Losses means, on any Notes Calculation Date, the sum of (a) the aggregate Outstanding Principal Amount of all Mortgage Receivables (less the aggregate amount of any Participations therein) in respect of which the Seller, the Servicer on behalf of the Seller, the Issuer, or the Security Trustee has foreclosed and has received the proceeds in the Notes Calculation Period immediately preceding such Notes Calculation Date *minus* the Net Foreclosure Proceeds in respect of such Mortgage Receivables applied to reduce the Outstanding Principal Amount of such Mortgage Receivables, (b) with respect to Mortgage Receivables sold by the Issuer pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed in the Notes Calculation Period immediately preceding such Notes Calculation Date, the amount of the aggregate Outstanding Principal Amount of all such Mortgage Receivables (less the aggregate amount of any Participations therein) *minus* the purchase price received, or to be received on the immediately succeeding Notes Payment Date, in respect of such Mortgage Receivables to the extent relating to principal and (c) with respect to Mortgage Receivables which have been extinguished (*teniet gegaan*), in part or in full, in the Notes Calculation Period immediately preceding such Notes Calculation Date as a result of a set-off right having been invoked by the relevant Borrower or the Seller, as the case may be, the positive difference, if any, between the amount by which the Mortgage Receivables have been extinguished (*teniet gegaan*) and the amount paid by the Seller pursuant to the Mortgage Receivables Purchase Agreement in connection with such set-off and (d) amounts in respect of the Mortgage Loans relating to principal which are received by the Originator on the Originator Collection Account during the immediately preceding Notes Calculation Period, but which are not transferred to the Issuer Transaction Account of the Issuer (either as part of the payment which the Seller is required to make on the relevant Mortgage Collection Payment Date or otherwise) on or prior to the third Mortgage Collection Payment Date following receipt thereof.

5.4 Hedging

The Interest Rate Cap Agreement

The Mortgage Loan Criteria require that all Mortgage Receivables bear a floating rate or a fixed rate of interest, subject to an interest rate reset from time to time. The interest rate payable by the Issuer with respect to the Class A Notes up to the First Optional Redemption Date is calculated as three-month EURIBOR plus a margin. The Class B Notes and Class C Notes will not bear interest.

The Issuer will mitigate the interest rate exposure on the Class A Notes until the Notes Payment Date in July 2031 by entering into the Interest Rate Cap Agreement with the Interest Rate Cap Provider on the Closing Date.

The Interest Rate Cap Agreement requires the Interest Rate Cap Provider as of the Closing Date, subject to the payment of the Initial Interest Rate Cap Payment by the Issuer on the Closing Date, to make payments to the Issuer on a quarterly basis up to the termination of the Interest Rate Cap Agreement to the extent the relevant EURIBOR rate for any Interest Period exceeds the Cap Strike Rate. Such payments will amount to the part of the relevant EURIBOR rate for an Interest Period that exceeds the Cap Strike Rate multiplied by the Cap Notional Amount. The Cap Notional Amount will on the Closing Date be equal to the Principal Amount Outstanding of the Class A Notes and subsequently amortise, subject to the Issuer's right to reduce the Cap Notional Amount by notice to the Interest Rate Cap Provider in accordance with the terms of the Interest Rate Cap Agreement. The amortisation is based on the amortisation profile of the Portfolio, which is determined using the expected contractual redemptions plus a prepayment rate of 6 per cent.

In the event that the relevant rating(s) of the Interest Rate Cap Provider is or are, as applicable, downgraded by a Credit Rating Agency below the Cap Required Ratings, the Interest Rate Cap Provider will, in accordance with the Interest Rate Cap Agreement, be required to take certain remedial measures within the timeframe stipulated in the Interest Rate Cap Agreement and at its own cost which may include (i) the provision of collateral for its obligations under the Interest Rate Cap Agreement pursuant to the credit support annex to the Interest Rate Cap Agreement entered into by the Issuer and the Interest Rate Cap Provider on the basis of the standard ISDA documentation (which provides for requirements relating to the provision of collateral by the Interest Rate Cap Provider), or (ii) arranging for its obligations under the Interest Rate Cap Agreement to be transferred to an entity that complies with the Cap Required Ratings, or (iii) procuring another entity with at least the Cap Required Ratings to become joint-obligor or a guarantor in respect of its obligations under the Interest Rate Cap Agreement, or (iv) taking such other action as it may agree with the Security Trustee as will result in the ratings of the then outstanding Class A Notes being restored to or maintained at the level they were at immediately prior to the downgrade. A failure to take such steps, subject to certain conditions, will give the Issuer the right to terminate the Interest Rate Cap Agreement.

The Interest Rate Cap Agreement will be documented under an ISDA master agreement. The Interest Rate Cap Agreement may be terminated in accordance with events of default and termination events commonly found in standard ISDA documentation for interest rate cap transactions. The Interest Rate Cap Agreement will be terminable by one party if (i) an applicable event of default or termination event occurs in relation to the other party, (ii) all amounts due under the Class A Notes have been repaid and/or redeemed in full or no amounts remain to be paid under the Class A Notes pursuant to Condition 11(e) (*Limitation of Recourse*) of the Conditions, or (iii) an Enforcement Notice is served. Events of default under the Interest Rate Cap Agreement in relation to the Issuer will be limited to (i) non-payment under the Interest Rate Cap Agreement, and (ii) certain insolvency events. In case the Interest Rate Cap Agreement will be terminated, the Issuer will use its best endeavours to replace the interest rate cap provider.

Upon the early termination of the Interest Rate Cap Agreement, the Interest Rate Cap Provider may be liable to make a termination payment to the Issuer. The amount of any termination payment will be based on the market value of the Interest Rate Cap Agreement. If the Interest Rate Cap Agreement is terminated as a result of an event of default or termination event in respect of the Issuer or the service of an Enforcement Notice, the Interest Rate Cap Provider will calculate the termination amount payable to the Issuer as a result of the termination of the Interest Rate Cap Agreement, in accordance with the terms of the Interest Rate Cap Agreement. Likewise, if the Interest Rate Cap Agreement is terminated as a result of an event of default or termination event in respect of the Interest Rate Cap Provider, the Issuer will calculate the termination amount payable.

Any amounts received by the Issuer from the Interest Rate Cap Provider (whether or not through application of any collateral standing to the credit of the Interest Rate Cap Collateral Account) upon early termination of the Interest Rate Cap Agreement will be held on the Issuer Transaction Account with a corresponding credit to the Interest Rate Cap Termination Payment Ledger. Amounts standing to the credit of the Interest Rate Cap Termination Payment Ledger will be available to make an Initial Interest Rate Cap Payment to a replacement interest rate cap provider on a Notes Payment Date through the use of the Available Termination Amount and any date other than a Notes Payment Date outside of the applicable Priority of Payments. The Available Termination Amount will be drawn from the Interest Rate Cap Payment Ledger on a Notes Payment Date and will form part of the Available Revenue Funds.

Any collateral required to be provided pursuant to the Interest Rate Cap Agreement may be credited in the form of cash to the Interest Rate Cap Collateral Account by the Interest Rate Cap Provider. See further Section 5.6 of this Prospectus.

Any payments received by the Issuer from the Interest Rate Cap Provider under the Interest Rate Cap Agreement, other than any Interest Rate Cap Collateral, will be included in the Available Revenue Funds and will be applied on the relevant Notes Payment Date in accordance with the relevant Priority of Payments.

Any payments received by the Issuer from the Interest Rate Cap Provider under the Interest Rate Cap Agreement, other than Excess Interest Rate Cap Collateral and Tax Credits, but including Interest Rate Cap Collateral other than the Excess Interest Rate Cap Collateral and the Available Termination Amount, will be applied in accordance with the Post-Enforcement Priority of Payments.

Any Excess Interest Rate Cap Collateral will, when due pursuant to the Interest Rate Cap Agreement, be returned to such Interest Rate Cap Provider outside the applicable Priority of Payments. If the Issuer receives any Tax Credit resulting from the payment of any withholding tax by the Interest Rate Cap Provider, the Issuer shall pay the cash benefit of such Tax Credit to the Interest Rate Cap Provider outside the applicable Priority of Payments.

Other than the Interest Rate Cap Agreement to mitigate the interest rate risk, the Issuer shall not enter into any derivative contracts.

5.5 Liquidity Support

On the Closing Date, the Issuer will enter into the Cash Advance Facility Agreement with the Cash Advance Facility Provider and the Security Trustee. On any Notes Payment Date (other than a Notes Payment Date on which the Class A Notes are or will be redeemed in full) the Issuer will be entitled to make drawings under the Cash Advance Facility up to the Cash Advance Facility Maximum Amount, subject to certain conditions. The term of the Cash Advance Facility Agreement is up to the Cash Advance Facility Commitment Termination Date. Payments to the Cash Advance Facility Provider other than in respect of gross-up and additional amounts will rank higher in priority than payments under the Notes. The commitment of the Cash Advance Facility Provider is extendable at its discretion.

Any Cash Advance Facility Drawing by the Issuer shall only be made on a Notes Payment Date if and to the extent that, after the application of any Available Revenue Funds, including the amounts available in the Reserve Account and after applying any Additional Available Revenue Amounts but before any Cash Advance Facility Drawing, there is a shortfall in the Available Revenue Funds to meet items (a) up to and including (e) of the Pre-Enforcement Revenue Priority of Payments in full on that Notes Payment Date.

If (A) (i) a Cash Advance Facility Relevant Event of the type described in (a) or (b) of the definition of such term occurs in relation to the Cash Advance Facility Provider and (ii) within fourteen (14) days of the occurrence of such Cash Advance Facility Relevant Event the Cash Advance Facility Provider is not replaced with a suitable alternative cash advance facility provider, as a result of which the current ratings of the Notes will be maintained or, (B) a Cash Advance Facility Relevant Event of the type described in (c) of the definition of such term occurs, a third party having the Requisite Credit Ratings has not guaranteed the obligations of the Cash Advance Facility Provider or, only in case of a downgrade or loss of the rating given by S&P, another suitable solution in order to maintain the then current ratings of the Notes is not found, then the Issuer will be required forthwith to draw down the entire undrawn portion of the Cash Advance Facility (a **Cash Advance Facility Stand-by Drawing**) and deposit such amount into the Issuer Transaction Account with a corresponding credit to a ledger to be known as the Cash Advance Facility Stand-by Ledger. Amounts so deposited into the Issuer Transaction Account may be utilised by the Issuer in the same manner as if it would make a Cash Advance Facility Drawing. The Issuer shall repay a Cash Advance Facility Stand-by Drawing in accordance with the relevant Priority of Payments, as applicable, upon the earlier of the date on which the transfer of the Cash Advance Facility to an alternative cash advance facility provider having the Requisite Credit Ratings becomes effective, the Cash Advance Facility Provider has again been assigned the Requisite Credit Ratings, any Optional Redemption Date if and to the extent that on such date the Notes will, subject to and in accordance with the Conditions, be redeemed or the Final Maturity Date subject to and in accordance with the Pre-Enforcement Revenue Priority of Payments.

5.6 Issuer Accounts

Issuer Transaction Account

The Issuer will maintain with the Issuer Account Bank the Issuer Transaction Account to which, *inter alia*, all amounts received (i) in respect of the Mortgage Loans and (ii) from the Bank Savings Participant, the Insurance Savings Participant and Conversion Participant under the Participation Agreements and (iii) from the other parties to the Transaction (unless otherwise agreed in the relevant Transaction Documents) and (iv) as Tax Credits will be paid. The Issuer Administrator will identify all amounts paid into the Issuer Transaction Account. Payments received by the Issuer in respect of the Mortgage Loans will be identified as principal, interest or other revenue receipts.

Payments may be made from the Issuer Transaction Account outside the applicable Priority of Payments on any date to satisfy, amongst others, (i) the payment to the replacement interest rate cap provider of any Initial Interest Rate Cap Payment up to the value of the amount standing to the credit of the Interest Rate Cap Termination Payment Ledger and (ii) any amounts due and payable to the Interest Rate Cap Provider in respect to any Tax Credit or Excess Interest Rate Cap Collateral.

On a Notes Payment Date, any Available Termination Amount and the balance of any Initial Interest Rate Cap Payment received by the Issuer and not used to pay any interest rate cap termination payment will form part of the Available Revenue Funds.

Construction Deposit Account

The Issuer will maintain with the Issuer Account Bank the Construction Deposit Account into which an amount equal to the aggregate Construction Deposits will be credited on the Closing Date or, thereafter, in case of purchase of Further Advance Receivables having a Construction Deposit attached to it, on the relevant Reconciliation Date. The Issuer will on each Mortgage Collection Payment Date prior to an Assignment Notification Event pay from the Construction Deposit Account to the Seller amounts equal to the amounts paid out by the Seller to the Borrowers in relation to the Construction Deposits in the preceding Mortgage Calculation Period if legal title to the Mortgage Receivables corresponding to the Construction Deposits or part thereof has been acquired by the Issuer. After the occurrence of an Assignment Notification Event, the Issuer shall only be obliged to draw from the Construction Deposit Account an amount equal to the Construction Deposits or part thereof which has been paid out to the relevant Borrowers pursuant to the Mortgage Conditions, and pay such amount to the Seller as part of the Initial Purchase Price, if legal title to the Mortgage Receivables corresponding to the Construction Deposits or part thereof has been acquired by the Issuer. If, on the third Mortgage Calculation Date after the occurrence of an Assignment Notification Event legal title to any Mortgage Receivables corresponding to the Construction Deposits has not been acquired by the Issuer, the Issuer shall on the immediately succeeding Notes Payment Date draw the corresponding part of the balance standing to the credit of the Construction Deposit Account to form part of the Available Principal Funds on that Notes Payment Date.

Reserve Account

The Issuer will maintain with the Issuer Account Bank the Reserve Account. The net proceeds of the Class C Notes will be credited to the Reserve Account on the Closing Date.

Prior to delivery of an Enforcement Notice, amounts credited to the Reserve Account will be available for drawing on any Notes Payment Date to meet items (a) up to and including (f) of the Pre-Enforcement Revenue Priority of Payments (see *Priority of Payments in respect of interest (prior to Enforcement Notice*) under *Priority of Payments* in section *Credit Structure*), in the event the Available Revenue Funds excluding any amounts drawn from the Reserve Account and any amount

drawn under the Cash Advance Facility or forming part of the Cash Advance Facility Stand-by Drawing are insufficient to meet such items in full.

Prior to delivery of an Enforcement Notice, if and to the extent that the Available Revenue Funds calculated on any Notes Calculation Date exceed the amounts required to meet items (a) up to and including (f) of the Pre-Enforcement Revenue Priority of Payments, the excess amount will be applied to replenish the Reserve Account, to the extent required until the balance standing to the credit of the Reserve Account equals the Reserve Account Target Level.

Prior to delivery of an Enforcement Notice, the Reserve Account Target Level shall on any Notes Calculation Date be equal to 1.0% of the aggregate Principal Amount Outstanding of the Notes (other than the Class C Notes) at the Closing Date.

Prior to delivery of an Enforcement Notice, to the extent that the balance standing to the credit of the Reserve Account on any Notes Calculation Date exceeds the Reserve Account Target Level, such excess will be drawn from the Reserve Account on the immediately succeeding Notes Payment Date and be deposited in the Issuer Transaction Account to form part of the Available Revenue Funds on such Notes Payment Date and be applied in accordance with the Pre-Enforcement Revenue Priority of Payments.

Prior to delivery of an Enforcement Notice, if on any Notes Calculation Date all amounts of interest and principal that have or may become due in respect of the Notes, except for principal in respect of the Class C Notes, have been paid on the Notes Payment Date immediately preceding such Notes Calculation Date or will be available for payment in full on the Notes Payment Date immediately following such Notes Calculation Date, the Reserve Account Target Level will be reduced to zero and any amount standing to the credit of the Reserve Account will thereafter form part of the Available Revenue Funds and, subject to higher ranking items in the Pre-Enforcement Revenue Priority of Payments, will be available to redeem or partially redeem the Class C Notes until fully redeemed and thereafter, towards satisfaction of, *inter alia*, the Deferred Purchase Price to the Seller.

Interest Rate Cap Collateral Account

Until July 2031, unless the Interest Rate Cap Agreement has been terminated, the Issuer will maintain with the Issuer Account Bank the Interest Rate Cap Collateral Account to which any collateral in the form of cash may be credited by the Interest Rate Cap Provider pursuant to the Interest Rate Cap Agreement.

No withdrawals may be made in respect of the Interest Rate Cap Collateral Account other than:

(a) to effect the return of Excess Interest Rate Cap Collateral to the Interest Rate Cap Provider (which return shall be effected by the transfer of such Excess Interest Rate Cap Collateral directly to the Interest Rate Cap Provider without deduction for any purpose outside the relevant Priority of Payments); or

(b) following the early termination of the Interest Rate Cap Agreement where an amount is owed by the Interest Rate Cap Provider to the Issuer, which will form part of the Interest Rate Cap Termination Payment Ledger with a corresponding credit to the Issuer Transaction Account (for the avoidance of doubt, after any close out netting has taken place) provided that such amount may be first applied towards, or reserved for, an upfront payment to a replacement interest rate cap provider outside the relevant Priority of Payments and provided that on any Notes Payment Date such amount may be first applied towards an amount equal to the Available Termination Amount which will form part of the Available Revenue Funds.

Rating of the Issuer Account Bank

If at any time the Issuer Account Bank is assigned a rating of less than the Requisite Credit Ratings, or if any such rating is withdrawn, the Issuer Account Bank shall as soon as reasonably possible, but at least within a period of sixty (60) days or, in the case of a downgrade or loss only of the rating given by S&P, within a period of sixty (60) days which may be extended for another thirty (30) days (subject to confirmation from S&P that the then current ratings on the Notes be maintained) after the occurrence of such event, in order to maintain the then current ratings of the Notes, at its own cost either (x) find an alternative bank having at least the Requisite Credit Ratings as a replacement, as a result of which the Issuer and/or the Issuer Administrator on its behalf will be required to transfer the balance on all such relevant Issuer Accounts to such alternative bank, or (y) procure that a third party, having at least the Requisite Credit Ratings, guarantees the obligations of the Issuer Account Bank or (z), only in case of a downgrade or loss of the rating given by S&P, find another solution which is suitable in order to maintain the then current ratings assigned to the Notes.

If at the time when the Issuer Account Bank should be replaced, there is no other bank which has the Requisite Credit Ratings and if the Security Trustee so agrees and provided that each Credit Rating Agency has provided a Credit Rating Agency Confirmation, the relevant Issuer Accounts will not need to be transferred until such time as there is a bank of international repute which has the Requisite Credit Ratings and is willing to accept deposits, whereupon, subject to the prior written consent of the Security Trustee, such transfer will be made to the bank meeting such criteria within one (1) month of identification of such bank or such longer period as the Security Trustee may determine.

5.7 Administration Agreement

General

The Issuer Administrator will in the Administration Agreement agree to provide certain administration, calculation and cash management services to the Issuer and the Reporting Entity in accordance with the relevant Transaction Documents, including, *inter alia*, (a) the application of amounts received by the Issuer to the Issuer Accounts and the production of quarterly reports in relation thereto, (b) procuring that all drawings (if any) to be made by the Issuer from the Reserve Account are made, (c) procuring that all payments to be made by the Issuer under the Transaction Documents are made, (d) procuring that all payments to be made by the Issuer under the Notes are made in accordance with the Paying Agency Agreement and the Conditions, (e) the maintaining of all required ledgers in connection with the above, (f) all administrative actions in relation thereto, and (g) procuring that all calculations to be made pursuant to the Conditions under the Notes are made.

The Administration Agreement may be terminated by the Issuer and the Security Trustee, acting jointly, upon the occurrence of certain termination events, including but not limited to, a failure by the Issuer Administrator to comply with its obligations (unless remedied within the applicable grace period), dissolution or liquidation of the Issuer Administrator or the Issuer Administrator being declared bankrupt or granted a suspension of payments. In addition the Administration Agreement may be terminated by the Issuer Administrator upon the expiry of not less than six (6) months' notice, subject to (i) written approval by the Issuer and the Security Trustee, which approval may not be unreasonably withheld and (ii) each Credit Rating Agency having provided a Credit Rating Agency Confirmation in respect of the termination. A termination of the Administration Agreement by either the Issuer and the Security Trustee or the Issuer Administrator will only become effective if a substitute issuer administrator is appointed.

Upon the occurrence of a termination event as set forth above the Security Trustee and the Issuer shall use their best efforts to promptly appoint a substitute issuer administrator and such substitute issuer administrator will enter into an agreement with the Issuer and the Security Trustee substantially on the terms of the Administration Agreement, provided that such substitute issuer administrator shall have the benefit of an administration fee at a level to be then determined. The Issuer shall, promptly following the execution of such agreement, pledge its interest in such agreement in favour of the Security Trustee on the terms of the Issuer Rights Pledge Agreement, *mutatis mutandis*, to the satisfaction of the Security Trustee.

Disruptions in reporting

If a Disruption has occurred, the Issuer Administrator will use all reasonable endeavours to make all determinations, necessary in order for the Issuer Administrator to continue to perform its services under the Administration Agreement. In accordance with the Administration Agreement, the Issuer Administrator will use the three most recent mortgage reports available to it to calculate the aggregate of any collections (whether relating to principal, interest or other) received in respect of the Mortgage Receivables for the three relevant Mortgage Calculation Periods.

Any Disruption Overpaid Amount to the extent it would have formed part of the Available Revenue Funds will be deducted from the Available Revenue Funds and will be withheld from the payments to be made on the next following Notes Payment Date on which the Disruption is no longer occurring. Any Disruption Underpaid Amount to the extent it would have formed part of the Available Revenue Funds will be added to the Available Revenue Funds and will be paid on the next following Notes Payment Date on which the Disruption is no longer occurring. Any Disruption Overpaid Amount to the extent it would have formed part of the Available Principal Funds will be deducted from the Available Principal Funds and will be withheld from the payments to be made on the next following Notes Payment Date. Any Disruption Underpaid Amount to the extent it would have formed part of

the Available Principal Funds will be added to the Available Principal Funds and will be paid on the next following Notes Payment Date.

5.8 Transparency Reporting Agreement

Pursuant to article 7 of the STS Regulation, the Issuer (as SSPE under the STS Regulation) and the Seller in its capacity as originator under the STS Regulation are obliged to make information available to the Noteholders, competent authorities referred to in article 29 of the STS Regulation and potential investors and to designate amongst themselves one entity to fulfil the information requirements pursuant to points (a), (b), (d), (e), (f) and (g) of the first subparagraph of article 7(1) of the STS Regulation in relation to the securitisation transaction described in this Prospectus. Under the Transparency Reporting Agreement, the Issuer shall, in accordance with article 7(2) of the STS Regulation, designate and appoint the Reporting Entity to fulfil the aforementioned information requirements. See also section 4.4 (*Regulatory & Industry Compliance - Reporting under the STS Regulation*).

6. PORTFOLIO INFORMATION

6.1 Stratification Tables

The Portfolio as of the Cut-Off Date

The key characteristics of the portfolio of Mortgage Loans selected as of the Cut-Off Date (the **Provisional Portfolio**) are set out below. The Provisional Portfolio includes the Mortgage Loans which will be randomly selected for the final pool being sold on the Closing Date. The final pool being sold on the Closing Date could however be smaller than the Provisional Portfolio. Each Mortgage Loan can consist of one or more mortgage loan parts, e.g. an interest only loan part and a savings mortgage loan part or parts with different interest reset dates and/or different final maturities. The Provisional Portfolio has been selected in accordance with the criteria set forth in the Mortgage Receivables Purchase Agreement. The accuracy of the data included in the stratification tables in respect of the Provisional Portfolio as selected on the Cut-Off Date has been verified by an appropriate and independent party.

The Provisional Portfolio satisfies the homogeneous conditions as set out in the EBA Regulatory Technical Standards on the homogeneity of the underlying exposures in securitisation under Articles 20(14) and 24(21) of Regulation (EU) No 2017/2402 laying down a general framework for securitisation and creating a specific framework for simple, transparent and standardised securitisation dated 31 July 2018, as adopted by the European Commission on 28 May 2019 through the Commission Delegated Regulation (EU) of 28 May 2019 supplementing Regulation (EU) 2017/2402 of the European Parliament and of the Council with regard to regulatory technical standards on the homogeneity of the underlying exposures in securitisation (the **RTS Homogeneity**) as all Mortgage Loans (i) have been underwritten according to similar approaches to the assessment of credit risk associated with the Mortgage Loans and without prejudice to Article 9(1) of the STS Regulation, (ii) are serviced according to similar servicing procedures with respect to monitoring, collection and administration of Mortgage Receivables from the Mortgage Loans, (iii) fall within the same asset category of residential loans secured with one or several mortgages on residential immovable property and (iv) in accordance with the homogeneity factors set forth in Articles 3(2)(a), (b) and (c) of the RTS Homogeneity (a) are secured by a first-ranking Mortgage (*eerste recht van hypotheek*) or, in the case of Mortgage Loans (including any Further Advance, as the case may be) secured on the same Mortgaged Asset, first and sequentially lower ranking Mortgages over real estate (*onroerende zaak*), an apartment right (*appartementsrecht*), or a long lease (*erfpacht*) situated in the Netherlands and governed by Dutch law and (b) (i) pursuant to the applicable Mortgage Loan Conditions, (x) the Mortgaged Asset may not be the subject of residential letting at the time of origination, (y) the Mortgaged Asset is for residential use and has to be occupied by the relevant Borrower at and after the time of origination and (ii) no consent for residential letting of the Mortgaged Asset has been given by the Seller. The criteria set out in (i) up to and including (iv) are derived from article 20(8) STS Regulation and the RTS Homogeneity.

There can be no assurance that any Further Advance Receivables acquired by the Issuer after the Closing Date will have the exact same characteristics as exhibited by the Portfolio.

The Seller has engaged an independent external advisor to undertake, an agreed-upon procedures review on the Mortgage Loans comprising the Provisional Portfolio in accordance with article 22(2) of the STS Regulation. More than 95% of the loans in the final pool were part of the audit pool. The agreed-upon procedure review includes the review of 25 loan characteristics which include, but are not limited to mortgage and loan part number, mortgage interest rate, interest reset date, gross loan balance, months in arrears, payment frequency, one payment made, product type of each loan part, origination date, valuation date, market value, legal maturity date, type of property, property address, income verification for total income, proof of income, signed offer and signed mortgage deed, employment type, NHG classification, original principal advanced, borrower owns property?,

mortgage rights, interest type and loan Originator. For the review of the Mortgage Loans a confidence level of 99.00% is applied. In addition, a sample of the Mortgage Loan Criteria against the entire loan-by-loan data tape is verified and no adverse findings have been found.The Further Advance Receivables sold by the Seller to the Issuer after the Closing Date will not be subject to an agreed-upon procedures review.

The actual portfolio of Mortgage Loans sold on the Closing Date will be selected from the Provisional Portfolio in accordance with the criteria set forth in the Mortgage Receivables Purchase Agreement, may differ from the Provisional Portfolio as a result of repayment, prepayment, and further advances and will be sold and assigned to the Issuer without undue delay. For a description of the representations and warranties given by the Seller reference is made to *Origination and Servicing* in section *Portfolio Information*.

Key characteristics of the Provisional Portfolio

In Table 1 the key characteristics of the Portfolio as of the Cut-Off Date have been provided. These characteristics demonstrate the capacity to, subject to the risk factors referred to under *Risk Factors*, produce funds to pay interest and principal on the Notes, provided that each such payment shall be subject to the relevant Priority of Payments as further described under *Credit Structure*. All amounts below are expressed in euro.

6.2 Description of Mortgage Loans

Products

The Mortgage Loans (or any Loan Parts thereof) comprising the Mortgage Receivables sold to and purchased by the Issuer pursuant to the Mortgage Receivables Purchase Agreement may consist of any of the following types of redemption:

- Linear mortgage loans (*lineaire hypotheek*)
- Interest-only mortgage loans (*aflossingsvrije hypotheek*)
- Annuity mortgage loans (*annuïteitenhypotheek*)
- Life mortgage loans (*levenhypotheek*)
- Universal life mortgage loans (*levensloophypotheek*)
- Savings mortgage loans (*spaarhypotheek*)
- Bank savings mortgage loans (*bankspaarhypotheek*)

Mortgage Loans may combine any of the above mentioned types of Mortgage Loans (*combinatiehypotheek*).

Borrowers may convert from one type of Mortgage Loan into another Mortgage Loan at any time for a fee.

The Mortgage Loans have characteristics that demonstrate the capacity to produce funds to service any payments due and payable under the Mortgage-Backed Notes and the interest payments and principal prepayments to the Noteholders are not predominantly dependent on the sale of the Mortgaged Assets securing the Mortgage Loans.

Mortgage Type:	**Description**
Linear Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Linear Mortgage Loans. Under a Linear Mortgage Loan the Borrower pays a fixed amount of principal each month towards redemption of the Mortgage Loan (or relevant part thereof) until maturity. Interest is payable monthly and is calculated on the outstanding balance of the Mortgage Loan (or relevant part thereof). The aggregate monthly payments by borrowers, consequently, are higher in the beginning but decrease as the remaining term decreases. This type of mortgage loan also typically has a decreasing LTV, assuming no change in value of the relevant Mortgaged Asset over the life of the mortgage loan.
Interest-only Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Interest-only Mortgage Loans. Under an Interest-only Mortgage Loan, the Borrower is not obliged to pay principal towards redemption of the Mortgage Loan

Mortgage Type:	Description
	(or relevant part thereof) until maturity. Interest is payable monthly and is calculated on the outstanding balance of the Mortgage Loan (or relevant part thereof). An Interest-only Mortgage Loan is usually redeemed either by selling the property or by taking a new mortgage loan. As no redemption is required under the current tax regime for Mortgage Loans originated prior to 1 January 2013, the maximum amount of interest is deductible from income tax during the entire life of the mortgage (for a maximum period of thirty (30) years). The maximum legal maturity of an Interest-only Mortgage Loan originated prior to 14 July 2012 is one hundred (100) years minus the age of the youngest Borrower of such Interest-only Mortgage Loan at the time of origination. As the Interest-only Mortgage Loan (i.e. without Loan Parts which amortise) has no principal payments other than at maturity and assuming there is no change in value of the relevant Mortgaged Asset, the LTV does not decrease during the life of the mortgage loan.
Annuity Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Annuity Mortgage Loans. Under an Annuity Mortgage Loan, the Borrower pays a fixed monthly instalment, comprised of an initially high and thereafter decreasing interest portion and an initially low and thereafter increasing principal portion. The Borrower pays the same cash amount on a monthly basis as long as the interest rate is not reset. At an interest reset date, the monthly payments will change to reflect the new finance cost of the mortgage. Annuity Mortgages Loans run for a fixed term, usually 30 years. By the time the maturity of the mortgage loan is reached, principal will have been fully repaid. Hence, the LTV of the Annuity Mortgage Loans decreases as maturity approaches over time, assuming no change in value of the relevant Mortgaged Asset over the life of the mortgage loan.
Life Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Life Mortgage Loans. The Borrowers have taken out the related Life Insurance Policies with the Insurance Savings Participant. Under a Life Mortgage Loan, no principal is paid until maturity but instead the Borrower pays a premium to the Insurance Savings Participant on a monthly basis. The premiums paid by such Borrower are invested by the Insurance Savings Participant in certain investment funds. It is the intention that the Life Mortgage Loans will be fully or partially repaid by means of the proceeds of the Life Insurance Policies. The insurance proceeds may not be sufficient to meet repayment of the loan in full, depending on the performance of the investment funds. The Borrower must make whole any shortfall. As the Life Mortgage Loans have no principal payments other than at

Mortgage Type:	Description
	maturity, and assuming there is no change in value of the relevant Mortgaged Asset, the LTV does not decrease during the life of the Life Mortgage Loan. The relevant Life Insurance Policies have been originally pledged to the Seller. See section Risk Factors for certain specific set-off risks associated with Life Mortgage Loans.
Universal Life Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Universal Life Mortgage Loans. Under a Universal Life Mortgage Loan the Borrower does not pay principal prior to maturity of the Mortgage Loan, but instead takes out a Savings Investment Insurance Policy, which is a combined risk and capital insurance policy with the Insurance Savings Participant whereby part of the premiums paid is invested in certain investment funds and/or a certain fund under the name of LHR. The Borrowers may at any time switch (*omzetten*) their investments among the investment funds to and from the LHR. Universal Life Mortgage Loans whereby the premiums (or part thereof) are invested in the LHR are referred to as Savings Investment Mortgage Loans. Premiums invested in LHR will be on-paid to the Issuer by the Insurance Savings Participant pursuant to the relevant Participation Agreement (see *Sub-Participation* in section *Portfolio Documentation*). Although the LTV of Savings Investment Mortgage Loans does not decrease because no redemption payments are made prior to maturity of the Savings Investment Mortgage Loan, assuming there is no change in value of the relevant Mortgaged Asset, *de facto* the net exposure decreases to the extent Savings Investment Premiums are paid under the LHR. This decrease is reflected in a decreasing net LTV in the stratification tables. To the extent a Conversion Participation exists in respect of a Universal Life Mortgage Loan, the LTV in the stratification tables will take this into consideration. The Issuer applies the accrued Savings Investment Premiums as part of the Available Principal Funds. It is the intention that the Universal Life Mortgage Loans will be fully or partially repaid by means of the proceeds of the Savings Investment Insurance Policies. The insurance proceeds may not be sufficient to meet repayment of the loan in full, depending on the performance of the fund, unless the premiums have always been fully invested in LHR, in which case the return on maturity is equal to the principal amount of the mortgage loan. The Borrower must make whole any shortfall. The relevant Savings Investment Insurance Policies are pledged to the Seller. See section Risk Factors for a discussion of certain set-off risks associated

Mortgage Type:	Description
	with Universal Life Mortgage Loans. At the date of this Prospectus, the majority of the investments under Universal Life Mortgage Loans goes to either (i) Aegon Mix fund (approximately 55% fixed income (bonds, mortgages, etc.) and 45% equity (real estate, commodities, equity, etc.)) with a guaranteed return if used for a minimum of ten years or (ii) LHR.
Savings Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Savings Mortgage Loans, which consist of Mortgage Loans entered into by the Seller and the relevant Borrowers combined with a Savings Insurance Policy. Savings Premiums received by the Insurance Savings Participant, will be on-paid by the Insurance Savings Participant pursuant to the Insurance Savings Participation Agreement to the Issuer (see *Sub-Participation* in section *Portfolio Documentation*) and economically serve as principal repayments. The Issuer will accordingly apply the Savings Investment Premiums as part of the Available Principal Funds. Although the LTV of Savings Mortgage Loans does not decrease because no redemption payments are made prior to maturity of the Savings Mortgage Loan, assuming there is no change in the value of the Mortgaged Asset, *de facto* the net exposure decreases taking into account the receipt by the Issuer of the accrued Savings Premiums. This decrease is reflected in a decreasing net LTV in the stratification tables. It is the intention that the Savings Mortgage Loans will be fully repaid by means of the proceeds of the Savings Insurance Policies. The relevant Savings Insurance Policies have been originally pledged to the Seller. See section Risk Factors for certain specific set-off risks associated with Savings Mortgage Loans.
Bank Savings Mortgage Loans:	A portion of the Mortgage Loans (or Loan Parts thereof) may be Bank Savings Mortgage Loans, which consist of Mortgage Loans combined with a Bank Savings Account held with the Bank Savings Participant. Under a Bank Savings Mortgage Loan, the Borrower is only required to pay interest until maturity and is not required to pay principal until maturity. The Borrower undertakes to pay a Monthly Bank Savings Deposit Instalment. The Monthly Bank Savings Deposit Instalment is calculated in such a manner that, on an annuity basis, the Bank Savings Deposit is equal to the amount due by the Borrower upon maturity of the Bank Savings Mortgage Loan, thus similar to the way a traditional Savings Mortgage Loan works. The Monthly Bank Savings Deposit Instalments will be paid to the Issuer by the Bank Savings Participant pursuant to the Bank Savings Participation Agreement (see *Sub-Participation* in section *Portfolio Documentation*). The Issuer will accordingly apply the Bank Savings Deposit Instalments as part of the Available Principal Funds.

Mortgage Type:	Description
	Although the LTV of Bank Savings Mortgage Loans does not decrease because no redemption payments are made prior to maturity of the Bank Savings Mortgage Loan, assuming there is no change in the value of the Mortgaged Asset, *de facto* the net exposure decreases taking into account the receipt by the Issuer of the Bank Savings Deposit. The stratification tables in respect of Bank Savings Mortgage Loans therefore take into consideration the building up of the Bank Savings Deposits. The Bank Savings Deposit has been originally pledged to the Seller. See *Risk of set-off or defences regarding Bank Savings Mortgage Loans* in section Risk Factors.
Risk Insurance Policies:	In certain circumstances a Mortgage Loan has the benefit of a risk insurance policy (i.e. an insurance policy which pays out upon the death of the insured) taken out by the Borrower with the Insurance Savings Participant. In the case of Mortgage Loans consisting of more than one loan part including a Life Mortgage Loan, Universal Life Mortgage Loan or Savings Mortgage Loan such Risk Insurance Policy will be included in the relevant Life Insurance Policy, Savings Investment Insurance Policy or, as the case may be, Savings Insurance Policy. The relevant Risk Insurance Policies have been originally pledged to the Seller.

For a further description of the Mortgage Loans see *NHG Guarantee Programme* in section *Portfolio Information*.

Mortgage Loan Interest Rates

The Mortgage Loans pay interest on a floating rate basis or a fixed rate basis, subject to a reset from time to time. On the Cut-Off Date the weighted average interest rate of the Mortgage Loans amounted to 4.93% per annum. Interest rates vary among individual Mortgage Loans. The range of interest rates is described further in *Stratification Tables* in section *Portfolio Information*.

The Seller has undertaken, in the Mortgage Receivables Purchase Agreement, to use its best efforts, subject to applicable laws and regulations, including, without limitation, principles of reasonableness and fairness, to ensure that the interest rates of the Mortgage Receivables that have a reset date as from but excluding the First Optional Redemption Date will be reset at a rate of at least three-month EURIBOR plus one hundred basis points.

6.3 Origination and Servicing

This section describes the generic origination and servicing procedures applied by the Originator for mortgage loans originated by it. As the Mortgage Loans and Loan Parts all have the benefit of an NHG Guarantee, the origination procedures prescribed by Stichting WEW are adhered to by the Originator. For further information about such origination procedures, see *NHG Guarantee Programme* below.

Approval Process and Underwriting

Aegon's mortgage loan underwriting and approval process is performed by the approval and underwriting department which is part of Aegon Hypotheken B.V. All mortgage loans originated by Aegon are originated in the Netherlands. In 2018, the underwriting department received approximately 37,500 applications for mortgage loans. 98% of the applications are received through digitalized channel Skydoo, 60% of which are processed within 24 hours. Approximately 70% of the applications were approved by Fast Hypotheken Systeem (FHS) and checked by a junior or senior underwriter, approximately 5% were checked by the FHS and then by a senior underwriter of the loan committee (maatwerk), approximately 10% were not granted an offer, approximately 5% of the offers were not returned by the client and the remaining 10% of the loan applications were rejected.

All mortgage loans are sold through intermediaries. Aegon uses a wide range of intermediaries (self-owned as well as other independent financial advisors). Furthermore, only professional regional and national parties who adhere to Aegon's standards and requirements can act as intermediary for Aegon. Intermediaries only collect data from the client which they then analyse and advise upon, but are not involved in the underwriting and approval process.

In the underwriting process, three key aspects are reviewed: (i) applicant (credit history, employment, etc), (ii) borrower income, and (iii) property. Aegon's underwriting criteria are consistent with the Code of Conduct which Aegon endorsed, the Wft, the 'Temporary regulation on mortgage credit' (*Tijdelijke regeling hypothecair krediet*) and since 14 July 2016 the Mortgage Credit Directive. On the basis of the Code of Conduct, Aegon is allowed to deviate from the Code of Conduct on an individual basis in respect to maximum borrowing capacity. These mortgage loans contain extensive documentation and are to be flagged as "explain mortgage loans" (*maatwerk*).

When a borrower requests a further advance, the borrower must meet Aegon's underwriting criteria for further advances. These criteria are consistent with the Tijdelijke regeling hypothecair krediet, which states that a mortgage lender may not enter into an agreement involving excess lending.

The underwriting and approval process is documented in the underwriting manual and described in the ISAE report of Aegon Hypotheken B.V. Furthermore there are work instructions that describe the process in detail. All documents received during the underwriting and approval process are stored digitally.

Any material changes from the Originator's prior underwriting policies and lending criteria shall be disclosed without undue delay to the extent required under article 20(10) of the STS Regulation.

Applicant

The credit history of all applicants is checked with the Stichting Bureau Krediet Registratie (a public registry of persons with adverse credit history, **BKR**) and the Fraud Register (fraude register, Stichting Fraudebestrijding Hypotheken (SFH) and Externe Verwijzings Applicatie (EVA)).

Applicants are required to provide proof of employment and salary information. Self-employed applicants are nowadays required to provide an income statement (*Inkomensverklaring Ondernemer*) which is prepared by an expert agent and approved by Stichting WEW. This income statement may not be older than six months on the date of the binding offer of a mortgage loan.

BKR

For the different types of credit BKR uses the following arrears coding:

- A - Delay notification, after a delay of 3 months.
- H - Recovery notification, as soon as arrears have been made up.
- 1 - Arrears for which a payment arrangement has been made.
- 2 - The outstanding part of the loan has been declared fully due and payable (*opeisbaar*).
- 3 - € 250, - or more was waived.
- 4 - The borrower is unreachable.
- 5 - A preventive payment arrangement has been made. This is temporary in nature.
- SR - Debt settlement, for example, debt mediation and rehabilitation credit (*schuldbemiddeling en saneringskrediet*).

Aegon will not accept a borrower when there:

- is a code A or 1 registration on a current loan without a recovery notification (H);
- is a code 2 to 5 registration;
- is an outstanding debt settlement (SR) or one that was terminated less than 5 years ago;
- are or have been arrears on a mortgage loan with the exception of a NHG mortgage whereby the client has the confirmation from NHG that the loss was acquitted under the terms of NHG;
- is a succession of increasing credit needs;
- are seven or more entries (regardless of whether repaid/not repaid, NHG/non-NHG); or
- are credits of more than 50% joint income.

Loan to value

Aegon has historically not granted a loan to an applicant with an LTFV that exceeds 130%. A recent valuation report is mandatory which can be a valuation report of a qualified appraiser or (dependent on LTV) a model based valuation report. In case of a newly built house Aegon will have a building and purchase agreement instead of a valuation report. All property must be covered by insurance and proof of ownership is required. When recommended in the valuation report, an architect's certificate which confirms the structural integrity of the building is mandatory.

Loan to income

Under the Temporary regulation on mortgage credit (*Tijdelijke regeling hypothecair krediet*) loan to income (**LTI**) limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. Aegon's origination policy is in compliance with this LTI framework. In accordance with the "explain" clause of the framework, it is in exceptional cases possible to deviate from the LTI rules set forth in the Temporary regulation on mortgage credit, which flexibility Aegon has made use of for a limited percentage of Mortgage Loans.

Property

Three types of valuation reports (each a Valuation Report) are acceptable in the underwriting process of Aegon to determine the value of a property:

1. A valuation by a qualified Dutch appraiser (Appraisal Report);

2. A model based valuation e.g. a valuation by the Dutch tax authorities in the context of the Valuation of Immovable Property Act (WOZ Value Statement); and

3. A building and purchase agreement (Building and Purchase Agreement) in the context of newly built properties.

The types of Valuation Reports described above are generally acceptable as part of the standard market practice by financial institutions originating mortgage loans in the Netherlands, are described in the Code of Conduct and since 1 January 2013 are also permitted under the Wft.

Appraisal Report

The provision of an Appraisal Report is mandatory for all mortgage loans unless the circumstances described below allow the borrower to instead submit a model based valuation, WOZ Value Statement or a Building and Purchase Agreement. In these circumstances, whilst an Appraisal Report is not mandatory, an Appraisal Report is still acceptable for underwriting purposes if provided. Furthermore, whilst the circumstances described below apply in general, any mortgage loan underwriter can decide on a case-by-case basis that an Appraisal Report is required.

Appraisal Reports must be carried out by a qualified appraiser (Appraiser) who satisfies all of the following mandatory requirements:

1) They must be a member of either:
   a) "Nederlandse Vereniging van Makelaars en vastgoeddeskundigen" (Dutch Association of Real Estate Brokers and Immovable Property Experts, NVM);
   b) "Vereniging Bemiddeling Onroerend Goed" (Association of Real Estate Agents and Appraisers, VBO); or
   c) "Vastgoed PRO" (Property Pro);
2) In order to verify their membership of the above, they must be registered with either:
   a) "Stichting VastgoedCert, kamer Wonen" (Foundation VastgoedCert, section Housing); or
   b) "Stichting Certificering VBO-Makelaars (SCVM)" (Foundation for Accreditation of VBO Affiliated Real Estate Agents);
3) In order to ensure they have adequate knowledge of the local area, their office must be within the same prescribed working area as the surveyed property;
4) They must be independent and may therefore not take part in or have any financial or other interest in the purchase or sale of the relevant property;
5) They must take out and maintain adequate insurance against liability for damages resulting from a culpable failure (*toerekenbare tekortkoming*) and/or wrongful act; and
6) Their remuneration may not depend on the approval or disapproval of the relevant mortgage loan by Aegon.

Appraisers use reporting forms prepared by the professional associations of appraisers (NVM, VBO, Vastgoed Pro) and the "Contactorgaan Hypothecair Financiers" (Code of Conduct Working Group). The Appraisal Report contains a market valuation (marktwaarde) and as additional information at least one model-based valuation. Aegon only accepts Appraisal Reports which have been validated by certified valuation institutes like NWWI (*Nederlands Woning Waarde Instituut*/Dutch institute for

property valuations). All validated valuation institutes can be found on www.stenv.nl. These institutes validate Appraisal Reports with their own trained and experienced staff of surveyors. Whilst the use of NWWI or similar organisations approved by Stichting WEW is mandatory for NHG mortgage loans, Aegon chooses to submit the Appraisal Reports for non-NHG mortgage loans for verification by such validated valuation institute as well.

In the following circumstances, it is acceptable for a borrower to submit a model based valuation or a WOZ Value Statement (for non-newly built properties):

1) The property is a 'regular' property. The property must be for residential use only (no commercial use i.e. office space etc.);
2) The mortgage loan has an LTV according to the then prevailing underwriting criteria.; and
3) The mortgage loan underwriter does not deem it necessary for an Appraisal Report to be required.

WOZ Value Statements are independent desktop valuations arranged by the municipalities which serve as a basis to calculate immovable property tax.

The building and purchase agreements are legal agreements between borrowers and property developers which have consideration over the sale of new build properties.

A Valuation Report is acceptable in the underwriting process if it is dated within 6 months of the binding offer date. In relation to WOZ Value Statements only the most recent WOZ Value Statement is acceptable.

The review of Valuation Reports is performed by a mortgage loan underwriter of Aegon not related to the intermediary or sales organisation of Aegon. As part of this review process, a mortgage loan underwriter compares the market valuation of the property, as shown on the applicable Valuation Report, with the purchase price of the property to confirm that the amount to be paid for the property is reasonable. In case of significant differences, where the amount to be paid for the property appears to be unreasonably high or unreasonably low, the mortgage loan underwriter will investigate the reasons for the differential with a particular focus on potential fraud and the appraiser will be asked to explain the significant difference. During the review process, the mortgage loan underwriter also confirms proof of ownership.

Prior to August 2011, it was standard market practice by financial institutions originating mortgage loans in the Netherlands to base underwriting decisions on the foreclosure valuation of a property. Until 1 January 2013, Valuation Reports explicitly showed the foreclosure valuation of the property but in the case of a WOZ Value Statement or a building and purchase agreement, where a foreclosure valuation was not available, the market valuation was multiplied by a factor (typically no greater than 1) in order to derive a foreclosure value.

In respect of WOZ Value Statements, the foreclosure valuation was approximately 85-90% of the market valuation of the property.

In respect of building and purchase agreements, the foreclosure valuation was approximately 90% of the market valuation of the property.

Changes to the Code of Conduct in August 2011 shifted the focus away from the foreclosure valuation to the market valuation of properties. The maximum outstanding principal amount under a

mortgage loan originated from 1 January 2018 onwards is limited to 100% of the market value of the property (and 106% in case of energy saving measures in respect of the property).

Regular servicing

Aegon Hypotheken B.V. is responsible for the regular servicing of Aegon's residential mortgage loan portfolio which is owned by several Aegon units and several external parties. Aegon Hypotheken B.V. holds a license under the Wft to act as offeror (*aanbieder*) and servicer (*bemiddelaar*) with respect to the servicing and administration of the Mortgage Loans and Mortgage Receivables. Aegon Hypotheken B.V. has wide expertise in servicing exposures of the Seller of a similar nature to those securitised and has well documented and adequate policies, procedures and risk management controls relating to the servicing of exposures. As of 31 December 2018, Aegon's residential mortgage loan portfolio amounted to approximately EUR 46.8 billion. The underwriting of mortgage loans and regular servicing of the portfolio is done by approximately 200 full-time internal employees. Aegon Hypotheken B.V. is using a highly automated and robust underwriting system (FHS) and mortgage administration system (HAS) that allows it to make lending decisions on a timely basis. Aegon has more than 20 years' experience as a servicer in the Dutch mortgage market and has an ISAE 3402 report as of 2015.

Agreed-upon procedures review

Aegon engages an independent external advisor to undertake, an agreed-upon procedures review on a regular basis on mortgage loans on the balance sheets of Aegon entities which at that moment may potentially be used for securitisation, capital markets or other funding transactions such as the securitisation transaction as described in this Prospectus.

Collection and Foreclosures

The Financial Services department (Financial Services) of Aegon is responsible for collections and foreclosures (C&F). Financial Services manages the payments from both performing and non-performing loans. The arrears and foreclosure activities are divided over two different divisions: 'Debiteuren Beheer Hypotheken' (DBH) and 'Bijzonder Beheer Hypotheken' (BBH). DBH is responsible for the arrears procedures and BBH is responsible for the foreclosure procedures.

The C&F employees have approximately ten years of relevant working experience (on average) and utilise the standard operating procedures for loan management. Resources available to the C&F employees include (non-exhaustive): FHS, HAS, Land Registry, Chamber of Commerce, information desk Nobel, BAAB-claimcare B.V., Service op Maat (**SOM**) division and the internal legal department.

Arrears Procedures

Payments are scheduled to be collected on the first day of each month, practically all by direct debit. If the collection is done by direct debit and remains unpaid for fifteen (15) days after the due date, HAS automatically generates a reminder notice that is sent to the borrower. After 20 days a second reminder is sent to the borrower. After thirty (30) days the borrower is contacted by telephone to discuss the payment arrears and the loan file will be transferred to DBH. After forty-five (45) days a formal warning is sent to the borrower. As long as the borrower remains more than 30 days behind on its payment, the borrower will be regularly contacted through phone and/or mail. During this period attachment of earnings (*loonbeslag*) can also be considered.

A transfer of the loan file to the SOM division can also be considered. SOM is a division within Aegon Hypotheken B.V. SOM is responsible for preventing foreclosures in case of (foreseeable) arrears due to "life-events" (unemployment, inability to work, divorce, death of one of the borrowers etc.). Goal is a sustainable solution, based on affordability/net disposable income (netto besteedbaar inkomen) of the borrower. C&F employees determine if a borrower is handed over to SOM within a period of three missed payments. In case of foreseeable arrears, borrowers can also contact SOM. In case of the latter the SOM procedure is part of the regular servicing.
SOM employees have different remedies available to prevent foreclosure procedures (non-exhaustive):

- debt restructuring;
- interest parking;
- payment holidays; and
- other asset performance remedies like budget and job coaching or budget management.

If the risk of non-payment of the arrears is perceived to be high, the loan file is immediately transferred to BBH. After two missed payments, the client receives a warning that a registration will be made in the BKR and subsequently such an application is made after missing three payments (90 days) with the code A (in arrears). When all the arrears are solved, the customer is registered with a code H (recover) which will remain visible for five (5) years (after the arrear is solved) and can have serious consequences for the borrower. In case of an NHG mortgage loan, notice is also given to the Stichting WEW.

The preceding steps of the process are necessary to be able to eventually start enforcement of the mortgage rights. Consequently the loan file is transferred to BBH, which is responsible for the final phase of the arrears process and foreclosure.

The entire mortgage loan (including accrued but unpaid interest) will be declared immediately due and payable. If no payment is received, an additional letter is sent to the borrower, announcing that the notary will be requested to start the foreclosure procedures.

Foreclosure Procedures

The foreclosure procedure is managed by BBH and will differ depending on the likelihood of realising a loss on the mortgage loan. If there is a limited risk of loss, the debt collection department will manage the enforcement. If there is a substantial risk of loss, BBH will proceed with a private sale (in approximately 80% of cases) or begin an auction process (in approximately 20% of cases).

BBH has the right to select its preferred enforcement method. In the case of a private sale, a real estate agent will be contacted by BBH who will manage the sale on behalf of Aegon. In case of an auction, BBH will first consult the Credit Committee (Krediet Commissie), which committee will check if all procedures leading up to the auction were performed according to policy. If that is the case, BBH will normally attend the auction to ensure a minimum price is achieved at the auction. In rare occasions, BBH will actually purchase the property at the auction and sell the property in the market.

Post-foreclosure Procedures

To the extent there is a loss at the end of the foreclosure process, the process for post-foreclosure procedures differs depending on whether it concerns an NHG or a non-NHG mortgage loan. In the case of non-NHG mortgage loans the process is outsourced to BAAB-claimcare B.V., which will attempt to negotiate a repayment agreement or start sequestration procedures. Any proposals for full discharge of any remaining payment obligations will need to be approved by Aegon. BAAB-claimcare B.V. also ensures that the running period of a claim will be interrupted (gestuit).

For NHG mortgage loans Aegon will claim any loss with the Stichting WEW. This is done by filing a standard 'loss declaration form', a payment overview and a full loan file based on the information requested by NHG. In those cases where the claim is rejected or partially rejected by the Stichting WEW and the client is not acquitted by Stichting WEW, Aegon will engage BAAB-claimcare B.V. to attempt to retrieve any remaining outstanding debt. In case BBH considers a debt-forgiveness, this has to be approved by (senior) management of C&F. If the borrower is acquitted, Aegon has to write off the claim.

Data on static and dynamic historical default and loss performance

The tables set forth below provide data on static and dynamic historical default and loss performance for a period of at least five years for substantially similar mortgage receivables to those being securitised by means of the securitisation transaction described in this Prospectus. The information included in the tables below has been audited by an auditor and no adverse findings have been found. The source of the data are the historical investor reports of the SAECURE program (which is sourced from the mortgage loan administration system HAS) of Aegon.

6.4 Dutch Residential Mortgage Market

The Dutch residential mortgage debt stock is relatively sizeable, especially when compared to other European countries. Since the 1990s, the mortgage debt stock of Dutch households has grown considerably, mainly on the back of mortgage lending on the basis of two incomes in a household, the introduction of tax-efficient product structures such as mortgage loans with deferred principal repayment vehicles and interest-only mortgage loans, financial deregulation and increased competition among originators. Moreover, Loan-to-Value (LTV) ratios have been relatively high, as the Dutch tax system implicitly discouraged amortisation, due to the tax deductibility of mortgage interest payments. After a brief decline between 2012 and 2015, mortgage debt reached a new peak of EUR 704 billion in Q4 2018[4]. This represents a rise of EUR 9.4 billion compared to Q4 2017.

Tax system

The Dutch tax system plays an important role in the Dutch mortgage market, as it allows for almost full deductibility of mortgage interest payments from taxable income. This tax system has been around for a very long time, but financial innovation has resulted in a greater leverage of this tax benefit. From the 1990s onwards until 2001, this tax deductibility was unconditional. In 2001 and 2004, several conditions have been introduced to limit the usage of tax deductibility, including a restriction of tax deductibility to (mortgage interest payments for) the borrower's primary residence and a limited duration of the deductibility of 30 years.

A further reform of the tax system was enforced on 1 January 2013. Since this date, all new mortgage loans have to be repaid in full in 30 years, at least on an annuity basis, in order to be eligible for tax relief (linear mortgage loans are also eligible). The tax benefits on mortgage loans, of which the underlying property was bought before 1 January 2013, have remained unchanged and are grandfathered, even in case of refinancing and relocation. As such, new mortgage originations still include older loan products, including interest-only. However, any additional loan on top of the borrower's grandfathered product structure, has to meet the mandatory full redemption standards to allow for tax deductibility.

Another reform imposed in 2013 to reduce the tax deductibility is to lower the maximum deduction percentage. This used to be equal to the highest marginal tax bracket (52%), but since 2013 the maximum deduction is lowered by 0.5% per annum (2019: 49%). The new government coalition has the intention to speed up this decrease. According to their policy agenda, they will reduce the maximum deduction percentage by 3.0% per annum, starting in 2020. In 2023, the maximum deduction percentage will be 37%, which will then be equal to the second highest marginal income tax rate.

There are several housing-related taxes which are linked to the fiscal appraisal value ("WOZ") of the house, both imposed on national and local level. Moreover, a transfer tax (stamp duty) of 2% is applied when a house changes hands. Although these taxes partially unwind the benefits of tax deductibility of interest payments, and several restrictions to this tax deductibility have been applied, tax relief on mortgage loans is still substantial.

Loan products

[4] Statistics Netherlands, household data.

The Dutch residential mortgage market is characterised by a wide range of mortgage loan products. In general, three types of mortgage loans can be distinguished.

Firstly, the "classical" Dutch mortgage product is an annuity loan. Annuity mortgage loans used to be the norm until the beginning of the 1990s, but they have returned as the most popular mortgage product in recent years. Reason for this return of annuity mortgage loans is the tax system. Since 2013, tax deductibility of interest payments on new loans is conditional on full amortisation of the loan within 30 years, for which only (full) annuity and linear mortgage loans qualify.

Secondly, there is a relatively big presence of interest-only mortgage loans in the Dutch market. Full interest-only mortgage loans were popular in the late nineties and in the early years of this century. Mortgage loans including an interest-only loan part were the norm until 2013, and even today, grandfathering of older tax benefits still results in a considerable amount of interest-only loan origination.

Thirdly, there is still a big stock of mortgage products including deferred principal repayment vehicles. In such products, capital is accumulated over time (in a tax-friendly manner) in a linked account in order to take care of a bullet principal repayment at maturity of the loan. The principal repayment vehicle is either an insurance product or a bank savings account. The latter structure has been allowed from 2008 and was very popular until 2013. Mortgage loan products with insurance-linked principal repayment vehicles used to be the norm prior to 2008 and there is a wide range of products present in this segment of the market. Most structures combine a life-insurance product with capital accumulation and can be relatively complex. In general, however, the capital accumulation either occurs through a savings-like product (with guaranteed returns), or an investment-based product (with non-guaranteed returns).

A typical Dutch mortgage loan consists of multiple loan parts, e.g. a bank savings loan part that is combined with an interest-only loan part. Newer mortgage loans, in particular those for first-time buyers after 2013, are full annuity and often consists of only one loan part. Nonetheless, tax grandfathering of older mortgage loan product structures still results in the origination of mortgage loans including multiple loan parts.

Most interest rates on Dutch mortgage loans are not fixed for the full duration of the loan, but they are typically fixed for a period between 5 and 15 years. Rate term fixings differ by vintage, however. More recently, there has been a bias to longer term fixings (10-20 years). Most borrowers remain subject to interest rate risk, but compared to countries in which floating rates are the norm, Dutch mortgage borrowers are relatively well-insulated against interest rate fluctuations.

Underwriting criteria

Most of the Dutch underwriting standards follow from special underwriting legislation ("Tijdelijke regeling hypothecair krediet"). This law has been present since 2013 and strictly regulates maximum LTV and Loan-to-Income (LTI) ratios. The current maximum LTV is 100% (including all costs such as stamp duties). The new government coalition has indicated not to lower the maximum LTV further beyond 2018. LTI limits are set according to a fixed table including references to gross income of the borrower and mortgage interest rates. This table is updated annually by the consumer budget advisory organisation "NIBUD" and ensures that income after (gross) mortgage servicing costs is still sufficient to cover normal costs of living.

Prior to the underwriting legislation, the underwriting criteria followed from the Code of Conduct for Mortgage Lending, which is the industry standard. This code, which limits the risk of over crediting,

has been tightened several times in the past decade. The 2007 version of the code included a major overhaul and resulted in tighter lending standards, but deviation in this version was still possible under the "explain" clause[5]. In 2011, another revised and stricter version of the Code of Conduct was introduced. Moreover, adherence to the "comply" option was increasingly mandated by the Financial Markets Authority (*AFM*). Although the Code of Conduct is currently largely overruled by the underwriting legislation, it is still in force. The major restriction it currently regulates, in addition to the criteria in the underwriting legislation, is the cap of interest-only loan parts to 50% of the market value of the residence. This cap was introduced in 2011 and is in principle applicable to all new mortgage contracts. A mortgage lender may however diverge from the cap limitation if certain conditions have been met.

Recent developments in the Dutch housing market

The Dutch housing market has shown clear signs of recovery since the second half of 2013. Important factors are among others the economic recovery, high consumer confidence and low mortgage rates.

Existing house prices (PBK-index) in Q1 2019 rose by 1.7% compared to Q4 2018. Compared to Q1 2018 this increase was 7.9%. A new peak was reached this quarter. The average house average price level was 6.8% above the previous peak of 2008. The continued increase in house prices is mostly caused by an increasing supply scarcity in the market. Indeed, existing homes sales are trending down. Compared to a year ago, sales numbers declined by 9% in Q1 2019. The twelve month total of existing home sales now stands at 213,692, which is still well above pre-crisis levels.

Forced sales

Compared to other jurisdictions, performance statistics of Dutch mortgage loans show relatively low arrears and loss rates[6]. The most important reason for default is relationship termination, although the increase in unemployment following the economic downturn in recent years is increasingly also a reason for payment problems. The ultimate attempt to loss recovery to a defaulted mortgage borrower is the forced sale of the underlying property.

For a long time, mortgage servicers opted to perform this forced sale by an auction process. The advantage of this auction process is the high speed of execution, but the drawback is a discount on the selling price. Due to the implementation of a new IT system, the Land Registry did not record forced sales by auction in Q4 2018 and Q1 2019. In April 2019, 45 forced sales took place (0.26% of total number of sales).

[5] Under the "explain" clause it is in exceptional cases possible to deviate from the loan-to-income and loan-to-value rules set forth in the Code of Conduct.

6.5 NHG Guarantee Programme

As per the Cut-Off Date 100% of the Mortgage Loans and Loan Parts have the benefit of an NHG Guarantee. This section discusses certain matters regarding the NHG Guarantee Programme.

NHG Guarantee

Since 1 January 1995 the Stichting WEW, a central, privatised entity, has been responsible for the administration and granting of the NHG Guarantee, under a set of uniform rules which must be approved by the Minister of Finance. The NHG Guarantee covers the outstanding principal, accrued unpaid interest and disposal costs. Irrespective of scheduled repayments or prepayments made on a mortgage loan, the NHG Guarantee is reduced on a monthly basis by an amount which is equal to the principal repayment part of the monthly instalment as if such mortgage loan were to be repaid on a thirty year annuity basis. In respect of each mortgage loan, the NHG Guarantee decreases further to take account of scheduled repayments and prepayments under such mortgage loan. Also, amounts paid as savings or investment premium under savings insurance policies or life insurance policies, respectively, are deducted from the amount outstanding on such mortgage loan for purposes of the calculation of the amount guaranteed under the NHG Guarantee.

Transition from Municipality to NHG Guarantee

The Dutch State has effectively transferred its reimbursement obligations with respect to amounts guaranteed by a Municipality to the Stichting WEW. All municipalities have transferred their obligations under guarantees issued pursuant to the previous State terms and conditions to the Stichting WEW.

The transfer of obligations by the Dutch State and the municipalities to the Stichting WEW is set forth, respectively, in a 'buy-off' agreement (*afkoopovereenkomst*) dated 8 December 1994 between the Dutch State and the Stichting WEW and in standard buy-off agreements entered into between each participating municipality and the Stichting WEW. The buy-off agreements basically provide for Stichting WEW to assume all payment obligations of the Dutch State and the municipalities under guarantees issued (but not enforced) prior to 1 January 1995 against payment by the Dutch State and the participating municipalities of an up-front lump sum (and, if necessary, additional payments) to the Stichting WEW.

Financing of the Stichting WEW

The Stichting WEW finances itself, *inter alia*, by an annually reviewed one-off charge to the borrower at origination of 0.90 per cent. (as of 1 January 2019) of the principal amount of the mortgage loan. If the Stichting WEW is not able to meet its obligations under guarantees issued relating to mortgage loans originated after 1 January 2011, the Dutch State will provide subordinated interest free loans to the Stichting WEW for up to 100 per cent. of the difference between the Stichting WEW's own funds and the pre-determined average loss level. Both the 'keep well' agreement entered into between the Dutch State and the Stichting WEW and the 'keep well' agreements entered into between the municipalities and the Stichting WEW contain general undertakings of the Dutch State and the municipalities to enable the Stichting WEW at all times (including in the event of bankruptcy (*faillissement*), suspension of payments (*surseance van betaling*) or liquidation (*ontbinding*) of the Stichting WEW) to meet its obligations under guarantees issued.

Terms and Conditions of the NHG Guarantees

Under the NHG scheme, the lender is responsible for ensuring that the guarantee application meets the NHG terms and conditions. If the application meets these terms and conditions, various reports are produced that are used in the processing of the application, including the form that will eventually be signed by the relevant lender and forwarded to the NHG to register the mortgage and establish the guarantee. The Stichting WEW has, however, no obligation to pay any loss (in whole or in part) incurred by a lender after a private or a forced sale of the relevant mortgaged property if such lender has not complied with the terms and conditions of the NHG Guarantee which were applicable at the date of origination of the mortgage loan, unless such non-payment is unreasonable towards the lender.

In respect of mortgage loans offered as of 1 January 2014, the NHG Conditions stipulate that in determining the loss incurred by a lender after a private or a forced sale of the mortgaged property, an amount of 10% will be deducted from the payment to be made by Stichting WEW to the lender. The lender will subsequently not be entitled to recover the remaining amount due under the mortgage loan from the borrower, unless the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible.

The specific terms and conditions for the granting of NHG Guarantees, such as eligible income, purchasing or building costs etc., are set forth in published documents by the Stichting WEW.

The NHG has specific rules for the level of credit risk that will be accepted. The creditworthiness of the applicant must be verified with the BKR, a central credit agency used by all financial institutions in The Netherlands. All financial commitments over the past five years that prospective borrowers have entered into with financial institutions are recorded in this register. In addition, as of 1 January 2008, the applicant itself must be verified with the Foundation for Fraud Prevention of Mortgages (*Stichting Fraudepreventie Hypotheken*, SFH). If the applicant has been recorded in the SFH system, no NHG Guarantee will be granted.

To qualify for an NHG Guarantee various conditions relating to valuation of the property must be met. In addition, the mortgage loan must be secured by a first ranking mortgage right (or a second ranking mortgage right in case of a further advance). Furthermore, the borrower is required to take out insurance in respect of the mortgaged property against risk of fire, flood and other accidental damage for the full restitution value thereof. The borrower is also required to create a right of pledge in favour of the lender on the rights of the relevant borrower against the insurance company under the relevant life insurance policy connected to the mortgage loan or to create a right of pledge in favour of the lender on the proceeds of the investment funds.

The mortgage conditions applicable to each mortgage loan should include certain provisions such as the provision that any proceeds of foreclosure on the mortgage right and the right of pledge on the life insurance policy or the investment funds shall be applied firstly towards repayment of the mortgage loan guaranteed under the NHG scheme.

The maximum amount of the NHG Guarantee was reduced to EUR 245,000 (two hundred forty-five thousand euros) as of 1 July 2015. As from 1 January 2017, the maximum amount is adjusted each year to match the average house price in The Netherlands (source is Statistics Netherlands (CBS)). The maximum amount of the NHG Guarantee as from 1 January 2019 is EUR 290,000.

On 31 October 2013, the Dutch government announced various changes to the NHG Guarantee which have become effective as of 1 January 2014. One of the changes is the introduction of a loss-sharing

mechanism for new originations under which lenders take 10% of losses if a mortgage defaults. According to the Dutch government, historically lenders in respect of NHG guaranteed loans bore some risk due to the amortizing nature of the NHG Guarantee given that mortgages were predominantly of an interest-only nature creating a gap between the guaranteed amount and the outstanding loan amount of the life of the mortgage. As a result of fiscal regulatory changes, mortgage loans taken out for houses purchased after 1 January 2013 are predominantly repaid on annuity basis and this risk has therefore disappeared.

One of the other changes announced by the Dutch government in respect of the NHG Guarantee is that homeowners can, after they entered into a binding purchase agreement with respect to their house which contains an ultimate non-extendable transfer date and as such the residual debt can be determined with a reasonable degree of certainty, finance an outstanding residual debt into a new mortgage subject to the NHG Guarantee, provided the residual debt arises from the sale of a property that is financed with an NHG Guarantee. One of the conditions is that the costs of the new property and the residual debt remain below the overall limit as mentioned above. Any exceeding outstanding debt must be financed alternatively.

Claiming under the NHG Guarantees

When a borrower is in payment arrears under a mortgage loan for a period of three months, a lender informs the Stichting WEW. When the borrower is in arrears the Stichting WEW may approach the lender and/or the borrower to attempt to solve the problem and make the borrower aware of the consequences. If an agreement cannot be reached, the Stichting WEW reviews the situation with the lender to endeavour to generate the highest possible proceeds from the property. The situation is reviewed to see whether a private sale of the property, rather than a public auction, would generate proceeds sufficient to cover the outstanding mortgage loan. Permission of the Stichting WEW is required in case of a private sale, unless the property is sold for an amount higher than 95 per cent. of the market value, as well as in case of a forced sale and execution sale.

Within one month after receipt of the proceeds of the private or forced sale of the property, the lender must make a formal request to the Stichting WEW for payment, using standard forms, which request must include all of the necessary documents relating to the original mortgage loan and the NHG Guarantee. After receipt of the claim and all the supporting details, the Stichting WEW must make payment within two months. If the payment is late, provided the request is valid, the Stichting WEW must pay interest for the late payment period.

In the event that a borrower fails to meet its obligation to repay the mortgage loan and no or no full payment is made to the lender under the NHG Guarantee by the Stichting WEW because of the lender's culpable negligence (*verwijtbaar handelen of nalaten*), the lender must act *vis-à-vis* the borrower as if the Stichting WEW were still guaranteeing the repayment of the mortgage loan during the remainder of the term of the mortgage loan. In addition, the lender is not entitled to recover any amounts due under the mortgage loan from the borrower in such case. This is only different if the borrower did not act in good faith with respect to his inability to repay the mortgage loan and has failed to render his full cooperation in trying to have the mortgage loan repaid to the lender to the extent possible. For mortgage loans originated after 1 January 2014, the mortgage lender will participate for 10 per cent. in any loss claims made under the NHG Guarantee.

Additional loans

Furthermore, on 1 July 2005 provisions were added to the NHG terms and conditions pursuant to which a borrower who is or threatens to be in arrears with payments under the existing mortgage loan

may request that the Stichting WEW grants a second guarantee in respect of an additional mortgage loan to be granted by the relevant lender (woonlastenfaciliteit). The aim of the so-called woonlastenfaciliteit is to avoid a forced sale of the property. The monies drawn down under the additional loan have to be placed on deposit with the relevant lender and may, up to a maximum period of two years, be used for, among other things, payment of the amounts which are due and payable under the existing mortgage loan, interest due and payable under the additional mortgage loan and the costs made with respect to the granting of the additional mortgage loan. The granting of such an additional loan is subject to certain conditions, including, among other things, the fact that the financial difficulties are caused by a divorce, unemployment, disability or death of the partner of the borrower. In practice, borrowers with (foreseeable) arrears due to the aforementioned "life events" are usually dealt with by SOM (the division of Aegon Hypotheken B.V. referred to under section 6.3 (*Origination and Servicing*)).

Main NHG underwriting criteria (Voorwaarden en Normen) as of January 2019

With respect to a borrower, the underwriting criteria include but are not limited to:

(a) The lender must perform a BKR check.

(b) As a valid source of income the following qualifies: indefinite contract of employment, temporary contract of employment if the employer states that the employee will be provided an indefinite contract of employment in case of equal performance of the employee and equal business circumstances (employer statement) for workers with flexible working arrangements or during a probational period (*proeftijd*) a three year history of income statements or an employer statement. Self-employed workers need to provide an income statement (*Inkomensverklaring Ondernemer*) which is approved by Stichting WEW. This income statement may not be older than six months on the date of the binding offer of a mortgage loan.

(c) The maximum loan based on the income of the borrowers is based on the "*financieringslast acceptatiecriteria*" tables and an annuity style redemption (even if the actual loan is (partially) interest only). The mortgage lender shall calculate the borrowing capacity of a borrower of a mortgage loan with a fixed interest term of less than 10 years on the basis of a percentage determined and published by the AFM, which is based on a weighted average (according to market share) of the mortgage interest rate of at least five of the six large mortgage originators. According to law, the applicable interest rate is a minimum of five per cent.

(d) The mortgage lender may also apply a higher notional interest rate when calculating the borrowing capacity of the borrower. The mortgage lender shall calculate the borrowing capacity for a mortgage loan with a fixed interest term of 10 years or more on the basis of the interest rate actually charged by the mortgage lender during that fixed interest term.

With respect to the mortgage loan, the underwriting criteria include but are not limited to:

(a) As of 1 January 2013, for new borrowers the redemption types are limited to annuity mortgage loans and linear mortgage loans with a maximum term of 30 years.

(b) As of 1 January 2019 the maximum amount of the mortgage loan is dependent on the average house price level in The Netherlands (based on the information available from the Land Registry) multiplied with the statutory loan to value, if there are no energy saving

improvements and 106 per cent. if there are energy saving improvements. As a consequence, there will be two maximum loan amounts:

- €290,000 for loans without energy saving improvements.
- €307,400 for loans with energy saving improvements

The loan amount is also limited by the amount of income and the market value of the property. With respect to the latter:

(a) For the purchase of existing properties, the maximum loan amount is broadly based on the sum of (i) the lower of the purchase price and the market value based on a valuation report, (ii) the costs of improvements and (iii) an amount up to 6 per cent. of the amount under (i) in case of energy saving measures plus (ii). In case an existing property can be bought without paying transfer taxes (*vrij op naam*), the purchase amount under (i) is multiplied by 97 per cent.

(b) For the purchase of newly built properties, the maximum loan amount is broadly based on the sum of (i) the purchase and/or construction costs increased with a number of costs such as the cost of construction interest, value added tax and architects (to the extent not already included in the purchase or construction cost) and (ii) an amount up to 6 per cent. of the amount under (i) in case of energy saving improvements.

7. PORTFOLIO DOCUMENTATION

7.1 Purchase, Repurchase and Sale

Under the Mortgage Receivables Purchase Agreement the Issuer will purchase and accept from the Seller the assignment of all Mortgage Receivables and the Beneficiary Rights relating thereto by means of a registered deed of assignment as a result of which legal title to the Mortgage Receivables and the Beneficiary Rights relating thereto is transferred to the Issuer. The assignment of the Mortgage Receivables and the Beneficiary Rights relating thereto from the Seller to the Issuer will be enforceable against the Seller. The assignment of the relevant Mortgage Receivables and the Beneficiary Rights relating thereto from the Seller to the Issuer will not be notified to the Borrowers and the relevant insurance companies, except upon the occurrence of any of the Assignment Notification Events (see paragraph *Assignment Notification Events* below). Until such notification the relevant Borrowers will only be entitled to validly pay (*bevrijdend betalen*) to the Seller. The Issuer will be entitled to all proceeds in respect of the Mortgage Receivables following the Closing Date and to all amounts of principal in respect of the Mortgage Loans which were received by the Seller between the Cut-Off Date and the Closing Date.

Purchase Price

The purchase price for the Mortgage Receivables will consist of the Initial Purchase Price, which in respect of the Mortgage Receivables purchased on the Closing Date will be equal to € 613,684,644.34, which shall be payable on the Closing Date or, in respect of the Further Advance Receivables, on the applicable Reconciliation Date. The Initial Purchase Price for the Mortgage Receivables purchased on the Closing Date will be paid by the Issuer by applying (i) the net proceeds received from the issue of the Notes (other than the Class C Notes) and (ii) the amount payable to the Issuer as consideration for each Participation granted by it to the Insurance Savings Participant and the Bank Savings Participant. A portion of the Initial Purchase Price equal to the aggregate Construction Deposits will be withheld by the Issuer and will be deposited into the Construction Deposit Account.

The Deferred Purchase Price for the Mortgage Receivables purchased by the Issuer pursuant to the Mortgage Receivables Purchase Agreement will be equal to the sum of all Deferred Purchase Price Instalments and each such Deferred Purchase Price Instalment on any Notes Payment Date will be equal to (i) prior to an Enforcement Notice any amount remaining after all payments as set forth in the Pre-Enforcement Revenue Priority of Payments under items (a) up to and including (m) and (ii) after an Enforcement Notice, the amount remaining after payments as set forth in the Post-Enforcement Priority of Payments under items (a) up to and including (k) have been made on such date (see *Priority of Payments* in section *Credit Structure*).

The proceeds of the Notes (other than the Class C Notes) will be applied by the Issuer, *inter alia*, to pay part of the Initial Purchase Price (see under *Use of Proceeds* in section The Notes). The sale and purchase of the Mortgage Receivables is conditional upon, *inter alia*, the issue of the Notes. Hence, the Seller can be deemed to have an interest in the issue of the Notes.

Construction Deposits

Pursuant to the Mortgage Conditions, in respect of certain Mortgage Loans, the Borrower has the right to request that part of the Mortgage Loan will be applied towards construction of, or improvements to, the Mortgaged Asset. In that case the Borrower has placed part of the monies drawn down under the Mortgage Loan on deposit into a blocked account with the Seller, and the Seller has committed to pay

out such deposits to or on behalf of the Borrower in order to enable the Borrower to pay for such construction of, or improvements to, the relevant Mortgaged Asset, provided certain conditions are met (such deposits are called construction deposits (*bouwdepots*)). Under the Mortgage Receivables Purchase Agreement, the Seller will sell to the Issuer the full amount of the Mortgage Receivables, which therefore includes the amounts represented by the Construction Deposits. A Borrower will be entitled to set-off the amounts represented by any Construction Deposits due to it against the amounts due by it to the Seller under the Mortgage Loan. At the end of the construction period the remaining Construction Deposit will be set-off against the Mortgage Receivable, in which case the Issuer shall have no further obligation towards the Seller to pay the remaining part of the Initial Purchase Price of the Mortgage Receivable and any balance standing to the credit of the Construction Deposit Account will form part of the Available Principal Funds on the next succeeding Notes Payment Date.

Mandatory Repurchase

In the Mortgage Receivables Purchase Agreement the Seller has undertaken to repurchase any Mortgage Receivable sold by it to the Issuer in the events set out below.

(a) *Breach of representations and warranties*

If at any time after the Closing Date any of the representations and warranties relating to the Mortgage Loans and/or the Mortgage Receivables resulting therefrom proves to have been untrue or incorrect, the Seller shall, at the Seller's expense, within fourteen (14) calendar days after receipt of written notice thereof from the Issuer or after becoming aware thereof, remedy the matter giving rise thereto and if such matter is not capable of remedy or is not remedied within the said period of fourteen (14) calendar days, the Seller shall, at its own expense, on the first Reconciliation Date falling in the calendar month immediately succeeding either such date, repurchase and accept re-assignment of all Mortgage Receivables resulting from the Mortgage Loan for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(b) *Further Advances*

If the Seller agrees with a Borrower to make a Further Advance prior to the occurrence of an Assignment Notification Event, the Seller shall repurchase and accept re-assignment of a Mortgage Receivable resulting from the Mortgage Loan in respect of which a Further Advance has been granted if either (i) the Additional Purchase Conditions are not met or (ii) the relevant Further Advance is granted in or after the last calendar month before the Notes Payment Date immediately preceding the First Optional Redemption Date, such re-assignment to take place on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which such Further Advance is granted. After an Assignment Notification Event in respect of the Seller or a Pledge Notification Event, the Seller shall repurchase and accept re-assignment of a Mortgage Receivable in respect of which a Further Advance has been granted for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(c) *Amendments of terms and conditions of Mortgage Loans*

The Seller shall repurchase and accept re-assignment of a Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which an amendment of the terms and conditions of the Mortgage Loan becomes effective, in the event that such amendment is not in accordance with the conditions set out in the Mortgage Receivables Purchase Agreement and/or the Servicing Agreement, which include the condition that such amendment does not adversely affect the position of the Issuer or the Security Trustee and that after such amendment the Mortgage Loan continues to meet each of the Mortgage Loan Criteria (as set out below) and the representations and warranties contained in the Mortgage Receivables Purchase Agreement (as set out below). However, the Seller shall not be required to repurchase such Mortgage Receivable if the relevant amendment is made as part of the enforcement procedures to be complied with upon a default by the Borrower under the Mortgage Loan or is otherwise made as part of a restructuring or renegotiation of the Mortgage Loan due to a deterioration of the credit quality of the Borrower of such Mortgage Loan. Any such repurchase and re-assignment shall take place for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(d) *Residential letting*

If the Seller consents to a request by a Borrower for the residential letting of the relevant Mortgaged Asset, such consent not to become effective prior to the repurchase and re-assignment of the Mortgage Receivable, the Seller shall repurchase and accept re-assignment of such Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which the Seller notifies the Issuer that it has consented to such a request by a Borrower for residential letting for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

(e) *NHG Guarantee*

If (a) on or prior to foreclosure of the relevant Mortgage Loan, the relevant Mortgage Receivable no longer has the benefit of an NHG Guarantee or (b) following foreclosure of the relevant Mortgage Loan, the amount actually reimbursed under the NHG Guarantee is lower than the amount claimable under the terms of the NHG Guarantee, each time as a result of action taken or omitted to be taken by the Seller or the Servicer, the Seller shall repurchase and accept re-assignment of such relevant Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which the Seller or the Servicer has become aware or has been notified thereof, at a purchase price which is, in case of (a) above at least equal to the aggregate Outstanding Principal Amount of such relevant Mortgage Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant Mortgage Receivable or, in case of (b) above, at least equal to the amount that was not reimbursed under the NHG Guarantee.

(f) *Amendments of terms and conditions of Mortgage Loans*

The Seller shall also undertake to repurchase and accept re-assignment of the relevant Mortgage Receivable on the first Reconciliation Date falling in the calendar month

immediately succeeding the date on which an amendment of the terms and conditions of the relevant Mortgage Loan becomes effective and as a result of such amendment the NHG Guarantee in respect of such Mortgage Loan no longer applies for a price at least equal to the aggregate Outstanding Principal Amount of such relevant Mortgage Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant Mortgage Receivable.

(g) *Duty of care*

The Seller shall also undertake to repurchase and accept re-assignment of a Mortgage Receivable on the first Reconciliation Date falling in the calendar month immediately succeeding the date on which it appears that the duty of care in respect of a Mortgage Loan has not been complied with by an intermediary for which the Seller is responsible pursuant to the Wft for a price at least equal to the aggregate Outstanding Principal Amount of such relevant Mortgage Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant Mortgage Receivable.

(h) *Weighted average interest*

Pursuant to the Mortgage Receivables Purchase Agreement, from the Notes Calculation Period commencing on the First Optional Redemption Date onwards, the Seller guarantees that the weighted average interest rate of all Mortgage Loans that have reset in such Notes Calculation Period is at least 1.00% higher than the average 3m EURIBOR, calculated as the sum of all 3m EURIBOR rates on a daily basis during such Notes Calculation Period divided by the number of 3m EURIBOR observations in such Notes Calculation Period.

In case the weighted average interest rate so calculated (which calculation shall be performed by the Issuer Administrator) is below this average 3m EURIBOR + 1.00% calculated as the sum of all 3m EURIBOR rates on a daily basis during such Notes Calculation Period divided by the number of 3m EURIBOR observations in such Notes Calculation Period, the Seller undertakes to repurchase sufficient Mortgage Loans which reset during such Notes Calculation Period allowing the minimum requirement to be met. The Mortgage Receivables with the lowest interest rate levels which were subject to any interest rate reset in the relevant Notes Calculation Period will be repurchased in such order that the Mortgage Loans with the lowest interest rate will be repurchased first. Such repurchases will take place until the weighted average interest rate of the Mortgage Receivables that have been reset in the relevant Notes Calculation Period is at least equal to the average of three-month EURIBOR + 1.00%. The repurchase shall take place at a price at least equal to the aggregate Outstanding Principal Amount of such relevant Mortgage Loan Receivable together with accrued but unpaid interest up to but excluding the date of repurchase and re-assignment of the relevant Mortgage Receivable.

(i) *Amendments due to mandatory law*

In addition to paragraph (d) above, the Seller has the right, but not the obligation to repurchase Mortgage Receivables relating to Mortgage Loans the terms and conditions of which have been or will be amended due to mandatory rules of law including duty of care such as amendments to implement (automatic) risk category adjustments as a consequence of which Borrowers are (automatically) eligible for a lower interest rate, but only if and to the extent such repurchase would avoid a negative impact on the expected future interest income on the Mortgage Receivables. The Seller shall repurchase such Mortgage Receivables that

will have the most negative impact on the expected future interest income on the Mortgage Receivables as determined by the Seller and verified by an independent third party. Any such repurchase and re-assignment shall take place for a price equal to the Outstanding Principal Amount of such Mortgage Receivables together with interest and reasonable costs relating thereto (including any costs incurred by the Issuer in effecting and completing such purchase and assignment) accrued up to but excluding the date of repurchase and re-assignment of the Mortgage Receivables.

Acceptance of invitation to (re)purchase on Optional Redemption Date

The Seller shall repurchase and accept re-assignment of all, but not part, of the Mortgage Receivables, if it has accepted the invitation made by the Issuer pursuant to the Trust Deed on any Optional Redemption Date to purchase and accept re-assignment of all, but not part, of the Mortgage Receivables then outstanding, provided that the purchase price is at least sufficient to pay all amounts due and payable to the Noteholders (other than the Class C Noteholder) and any amounts to be paid in priority to the Notes (other than the Class C Notes) in accordance with and subject to the Conditions.

Clean-up Call Option

On each Notes Payment Date, the Seller may, but is not obliged to, repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables if on the Notes Calculation Date immediately preceding such Notes Payment Date the aggregate principal amount due on the Mortgage Receivables then outstanding is less than 10% of the aggregate Outstanding Principal Amount outstanding of the Mortgage Loans on the Cut-Off Date, provided that the purchase price is at least sufficient to pay all amounts due and payable to the Noteholders (other than the Class C Noteholder) and any amounts to be paid in priority to the Notes (other than the Class C Notes) in accordance with and subject to the Conditions.

Regulatory Call Option

On each Notes Payment Date, the Seller may, but is not obliged to, repurchase and accept re-assignment of all (but not only part of) the Mortgage Receivables if a Regulatory Change occurs, such repurchase to take place on the immediately succeeding Notes Payment Date, provided that the purchase price is at least sufficient to pay all amounts due and payable to the Noteholders (other than the Class C Noteholder) and any amounts to be paid in priority to the Notes (other than the Class C Notes) in accordance with and subject to the Conditions.

Assignment Notification Events

The Mortgage Receivables Purchase Agreement provides that if:

(a) a default is made by the Seller in the payment on the due date of any amount due and payable by the Seller under the Mortgage Receivables Purchase Agreement or under any of the other relevant Transaction Documents to which it is a party and such failure, if capable of being remedied, is not remedied within ten (10) Business Days after notice thereof; or

(b) the Seller fails duly to perform or comply with any of its obligations under the Mortgage Receivables Purchase Agreement or under any other Transaction Document to which it is a party and such failure, if capable of being remedied, is not remedied within 20 Business Days after notice thereof has been given by the Issuer or the Security Trustee to the Seller; or

(c) any representation, warranty or statement made or deemed to be made by the Seller in the Mortgage Receivables Purchase Agreement, other than the representations and warranties made in relation to the Mortgage Loans and the Mortgage Receivables, or under any of the relevant Transaction Documents to which the Seller is a party or in any notice or other document, certificate or statement delivered by it pursuant thereto proves to have been, and continues to be after the expiration of any applicable grace period, untrue or incorrect in any material respect; or

(d) the Seller has taken any corporate action or any steps have been taken or legal proceedings have been instituted against it for its dissolution (*ontbinding*), liquidation (*vereffening*), bankruptcy (*faillissement*), or any steps have been taken for the appointment of a receiver or a similar officer of it or of any or all of its assets; or

(e) at any time it becomes unlawful for the Seller to perform all or a material part of its obligations under the relevant Transaction Documents in such a manner that this would have a material adverse effect on its ability to perform such obligations; or

(f) the occurrence of a Pledge Notification Event,

then,

(A) the Seller, shall forthwith notify the Issuer and the Security Trustee thereof, and

(B) unless

(i) in the event of the occurrence of an Assignment Notification Event referred to under (a), such failure, if capable of being remedied is so remedied to the satisfaction of the Issuer and the Security Trustee within a period of ten (10) Business Days after notice thereof, or

(ii) in the event of the occurrence of an Assignment Notification Event referred to under (b) or (e), the Security Trustee instructs otherwise and each Credit Rating Agency has provided a Credit Rating Agency Confirmation in respect of such instruction,

the Seller shall

(X) forthwith notify:

(a) all Borrowers of the assignment of the Mortgage Receivables by the Seller to the Issuer upon the occurrence of any Assignment Notification Event in respect of the Seller; or

(b) all Borrowers of the assignment of the Mortgage Receivables by the Seller to the Issuer upon the occurrence of a Pledge Notification Event; and

in each case, the insurance companies relating to the relevant Mortgage Loans and any other relevant party indicated by the Issuer and/or the Security Trustee of the assignment of the relevant Mortgage Receivables and the Beneficiary Rights relating thereto, all substantially in accordance with the form of notification letter attached to the Mortgage Receivables Purchase Agreement and undertake such action in respect of the Beneficiary Rights as set out in the Beneficiary Waiver Agreement,

and

(Y) (if requested by the Issuer or the Security Trustee) make the appropriate entries in the relevant mortgage register with regard to the assignment of the relevant Mortgage Receivables. The Issuer or the Security Trustee, on behalf of the Issuer, shall be entitled to effect such notification and entry itself for which the Seller, to the extent required, will grant an irrevocable power of attorney to the Issuer and the Security Trustee in the Mortgage Receivables Purchase Agreement.

In addition, pursuant to the Beneficiary Waiver Agreement, the Seller, subject to the condition precedent of the occurrence of an Assignment Notification Event, appoints in its place as first beneficiary (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer and to the extent such appointment is not effective, waives its rights as beneficiary, if any, under the relevant Insurance Policies.

Further, pursuant to the Beneficiary Waiver Agreement, upon the occurrence of an Assignment Notification Event and to the extent that the appointment and waiver referred to above are not effective in respect of the Insurance Policies the Seller and the Insurance Savings Participant shall (a) use their best efforts to appoint in the Seller's place as first beneficiary under the Insurance Policies (i) the Issuer subject to the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer and, to the extent such appointment is not effective, to terminate the appointment of the Seller as beneficiary under the Insurance Policies and (b) with respect to Insurance Policies where a Borrower Insurance Proceeds Instruction has been given by the Borrower, use their best efforts to substitute the Seller in such instruction for (i) the Issuer under the dissolving condition of the occurrence of a Pledge Notification Event relating to the Issuer and (ii) the Security Trustee under the condition precedent of the occurrence of a Pledge Notification Event relating to the Issuer and, to the extent such appointment is not effective, to withdraw such Borrower Insurance Proceeds Instruction in favour of the Seller.

Sale of Mortgage Receivables

Under the terms of the Trust Deed, the Issuer will have the right to sell and assign all (but not only part) of the Mortgage Receivables on each Optional Redemption Date to a third party, provided, however, that the Issuer shall timely in advance, before selling the Mortgage Receivables to a third party, first invite the Seller and/or any of its group companies to purchase such Mortgage Receivables, provided that the Issuer shall apply the proceeds of such sale to redeem the Notes (other than the Class C Notes) (see Condition 6(d)).

The purchase price of a Mortgage Receivable shall be at least equal to the Outstanding Principal Amount of such Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the Foreclosure Value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that in each case the aggregate

purchase price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding together with any accrued and unpaid interest thereon and any accrued and unpaid Class A Excess Consideration after payment of the amounts to be paid in priority to the Notes.

From the Notes Payment Date falling in July 2026, (i) the Issuer may, in case the Seller or any of its group companies has decided not to purchase the Mortgage Receivables, sell the Mortgage Receivables for a price below their Outstanding Principal Amount (but subject always to being sufficient to satisfy in full the items ranking in priority to the Class A Notes as well as to redeem the Class A Notes in full and to pay any accrued and unpaid amounts of interest and any accrued and unpaid Class A Excess Consideration in respect of the Class A Notes) and will apply such proceeds to redeem all (but not only part) of the Class A Notes or (ii) the Class A Notes may be redeemed for a lower amount if it has been approved by an Extraordinary Resolution of the Class A Noteholders to sell the Mortgage Receivables at a price less than the amount required to redeem the Class A Notes in full together with accrued and unpaid interest and the Class A Excess Consideration Amount (and any higher ranking items in accordance with the Pre-Enforcement Revenue Priority of Payments) and subsequently the Class B Notes may be redeemed at an amount equal to the higher of (a) the Available Principal Funds remaining after redemption of the Class A Notes together with accrued and unpaid interest thereon and the Class A Excess Consideration Amount and (b) zero. Any unpaid amount on the Class B Notes shall in such case cease to be due and payable by the Issuer and the relevant Noteholders shall have no further claim against the Issuer or the Security Trustee in respect of any such unpaid amounts.

Following the giving of an Enforcement Notice, the Security Trustee shall, without in any event affecting its right to notify the Borrowers of its right of pledge, make an offer (on behalf of the Issuer) to the Seller to purchase the Mortgage Receivables before the Security Trustee enforces its right of pledge by selling the Mortgage Receivables for purchase and assignment to a third party. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

In all instances, before the Issuer or the Security Trustee enters into any binding purchase agreement with a third party with respect to the Mortgage Receivables, it will first grant the possibility to the Seller and/or its group companies to purchase the Mortgage Receivables against payment of the same purchase price such third party would be willing to pay. The Seller shall inform the Issuer or the Security Trustee, as the case may be, whether or not it or any of its group companies accepts such offer within three (3) Business Days.

The purchase price of a Mortgage Receivable shall in the event of a sale and assignment following the giving of an Enforcement Notice be at least equal to the Outstanding Principal Amount of such Mortgage Receivable on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan, except that, with respect to Mortgage Receivables which on the relevant date of sale are in arrears for a period exceeding ninety (90) days or in respect of which an instruction has been given to the civil law notary to start foreclosure proceedings, the purchase price shall be equal to (a) the Outstanding Principal Amount on the relevant date of sale, together with accrued interest due but unpaid and any other amount due under the Mortgage Loan on the relevant date of sale, or (b) if less, an amount equal to (i) the foreclosure value of the Mortgaged Asset or, (ii) if no valuation report less than twelve (12) months old is available, the Indexed Foreclosure Value and reasonable costs (including any costs incurred by the Issuer in effecting and completing such purchase and assignment), and provided that the aggregate purchase price (to be) received by the Issuer in respect of the Mortgage Receivables shall be sufficient to redeem, subject to

Condition 9(a), the Notes (other than the Class C Notes) at their Principal Amount Outstanding plus, for the Class A Notes only accrued interest due, costs and Class A Excess Consideration due as reflected in the Class A Excess Consideration Deficiency Ledger after payment of the amounts to be paid in priority to the Notes in accordance with the Post-Enforcement Priority of Payments.

In the event of a sale and assignment after the giving of an Enforcement Notice, the Issuer, the Security Trustee and the Seller (or the third party purchasing the Mortgage Receivables) shall agree that the Seller (or the third party purchasing the Mortgage Receivables) shall pay the purchase price into the account designated for such purpose. The Security Trustee shall apply such amount in accordance with the Post-Enforcement Priority of Payments.

No active portfolio management on a discretionary basis or discretionary repurchase rights of the Seller

The Portfolio is not subject to any active portfolio management on a discretionary basis and the Seller does not have any discretionary rights to repurchase all or part of the Mortgage Receivables owned by the Issuer.

7.2 Representations and Warranties

The Seller will represent and warrant to the Issuer on (i) the Signing Date and the Closing Date with respect to the Mortgage Loans and the Mortgage Receivables and (ii) on the relevant date of completion of the sale and assignment of Further Advance Receivables to be sold and assigned by it to the Issuer, *inter alia*, that:

(a) the Mortgage Receivables are validly existing;

(b) it has full right and title (*beschikkingsbevoegdheid*) to the Mortgage Receivables, and no restrictions on the sale and transfer of the Mortgage Receivables are in effect and the Mortgage Receivables are capable of being transferred;

(c) it has power to sell and assign the Mortgage Receivables;

(d) subject to any security created pursuant to the relevant Transaction Documents, at the time of assignment thereof to the Issuer, the Mortgage Receivables are free and clear of any rights of pledge or other similar rights (*beperkte rechten*), encumbrances and attachments (*beslagen*) and no option rights have been granted in favour of any third party with regard to the Mortgage Receivables and no Mortgage Receivable is in a condition that can be foreseen to adversely affect the enforceability of the assignment of that Mortgage Receivable to the Issuer pursuant to the Mortgage Receivables Purchase Agreement;

(e) each Mortgage Receivable is (i) secured by a first-ranking Mortgage (*eerste recht van hypotheek*) or, in the case of Mortgage Loans (including any Further Advance, as the case may be) secured on the same Mortgaged Asset, first and sequentially lower ranking Mortgages over real estate (*onroerende zaak*), an apartment right (*appartementsrecht*), or a long lease (*erfpacht*) situated in the Netherlands and (ii) governed by Dutch law;

(f) each Mortgaged Asset was valued according to the then prevailing underwriting criteria of the Originator and in accordance with the relevant NHG Conditions, except that no valuation is required in respect of Mortgage Loans which are secured by a Mortgage on newly built properties (other than constructions under the Borrower's own management (*onder eigen beheer*));

(g) the Mortgage Conditions applicable to the Mortgage Loans do not contain a provision to the effect that upon assignment of the Relevant Mortgage Receivable(s), the mortgage right(s) and right(s) of pledge securing such Mortgage Receivable(s) will not follow such Mortgage Receivable(s);

(h) that each Mortgage Receivable is secured by a Fixed Security Right;

(i) each Mortgage Receivable and each Mortgage and Borrower Pledge, if any, securing such Mortgage Receivable constitutes legal, valid, binding and enforceable obligations of the relevant Borrower in accordance with its terms and is not subject to annulment (*vernietiging*), subject, as to enforceability, to any applicable bankruptcy laws or similar laws affecting the rights of creditors generally;

(j) each Mortgage Loan was (i) originated by Aegon Hypotheken B.V. as original lender and (ii) granted in the ordinary course of the Originator's business pursuant to underwriting standards

that are no less stringent than those that the Originator applied at the time of origination to similar mortgage loans that are not securitised;

(k) all Mortgages and rights of pledge granted to secure the Mortgage Receivables (i) constitute valid Mortgages (*hypotheekrechten*) and rights of pledge (*pandrechten*), respectively, on the assets which are the subject of such Mortgages and rights of pledge and, to the extent relating to such Mortgages, have been entered into the appropriate public register, (ii) have first priority or are first and sequentially lower ranking Mortgages and rights of pledge and (iii) were vested for a principal sum which is at least equal to the principal sum of the Mortgage Loan when originated, increased with an amount customary for a prudent lender of Dutch mortgage loans from time to time in respect of interest, penalties and costs;

(l) the particulars of each Mortgage Loan (or part thereof), Mortgage and Borrower Pledge, as applicable, as set forth in the list of Mortgage Receivables attached to the Mortgage Receivables Purchase Agreement as Schedule 3 and as Schedule 1 to the Deed of Assignment and Pledge, are correct and complete in all material respects;

(m) each of the Mortgage Loans meets the Mortgage Loan Criteria and, if it concerns a Further Advance Receivable, the Additional Purchase Conditions;

(n) the Mortgage Loans are fully disbursed other than the amounts placed under a Construction Deposit (and, for the avoidance of doubt, any further advances which may be granted by the Seller to the Borrower);

(o) the Seller only pays out monies under a Construction Deposit to or on behalf of a Borrower after having received relevant receipt from the relevant Borrower relating to the construction;

(p) each of the Mortgage Loans has to the best of the Seller's knowledge been granted in accordance with the NHG Conditions prevailing at the time of origination;

(q) it and each of the intermediaries for whose acts it is responsible pursuant to the Wft has complied in all material respects with its duty of care (*zorgplicht*) vis-à-vis the Borrowers applicable under Dutch law to, *inter alia*, offerors of mortgage loans, including but not limited to, *inter alia*, an investigation into the risk profile (*risicoprofiel*) of the customer and the appropriateness of the product offered in relation to such risk profile, the so-called appropriateness test (*geschiktheidstoets*), the provision of accurate, complete and non-misleading information about the Mortgage Loan and the Insurance Policy, which is provided by the Insurance Savings Participant, linked thereto and the risks, including particularities of the product, involved as reflected for example in the financial information leaflet (*financiële bijsluiter*) or Esis;

(r) without prejudice to the representation and warranty included in paragraph (p) as at the Cut-Off Date, each Mortgage Loan has been concluded in compliance with all applicable consumer protection legislation to the extent that failure to comply would have a material adverse effect on the enforceability or collectability of such Mortgage Loan;

(s) each of the Savings Mortgage Receivables has the benefit of a Savings Insurance Policy and either (i) the Seller has been appointed as beneficiary (*begunstigde*) under such Savings Insurance Policies, upon the terms of the relevant Savings Mortgage Loans and the relevant Savings Insurance Policies, which appointment has been notified to the Insurance Savings

Participant, or (ii) the Insurance Savings Participant is irrevocably authorised to apply the insurance proceeds in satisfaction of the relevant Savings Mortgage Receivable;

(t) each of the Life Mortgage Receivables has the benefit of a Life Insurance Policy and either (i) the Seller has been validly appointed as beneficiary (*begunstigde*) under such Life Insurance Policies upon the terms of the relevant Life Mortgage Loans and the relevant Life Insurance Policies, which appointment has been notified to the Insurance Savings Participant, or (ii) the Insurance Savings Participant is irrevocably authorised to apply the insurance proceeds in satisfaction of the relevant Life Mortgage Receivable;

(u) each of the Universal Life Mortgage Receivables has the benefit of a Savings Investment Insurance Policy and either (i) the Seller has been validly appointed as beneficiary (*begunstigde*) under such Savings Investment Insurance Policies upon the terms of the relevant Universal Life Mortgage Loans and the relevant Savings Investment Insurance Policies, which has been notified to the Insurance Savings Participant, or (ii) the Insurance Savings Participant is irrevocably authorised to apply the insurance proceeds in satisfaction of the relevant Universal Life Mortgage Receivable;

(v) all Bank Savings Accounts are held with the Bank Savings Participant;

(w) with respect to each of the Bank Savings Mortgage Receivables, the Seller has the benefit of the Borrower Bank Savings Deposit Pledge and such right of pledge has been notified to the Bank Savings Participant;

(x) other than in respect of any Bank Savings Mortgage Loan, any current account or savings deposit of the Borrower held with Aegon Bank N.V. and the Mortgage Loan are offered in such manner that it believes that it should be clear to the Borrower that (i) the current account or savings deposit is held with Aegon Bank N.V., (ii) the Mortgage Loan is granted by the Seller, (iii) Aegon Bank N.V. and the Seller are different legal entities and (iv) the conditions pertaining to the current accounts or savings deposits do not contain contractual provisions entitling the Borrower to set-off claims under these legal relationships against each other even though there is no mutuality;

(y) it has not been notified and is not aware of anything affecting its title to the Mortgage Receivables;

(z) the loan files relating to the Mortgage Loans, which include a scanned version of authenticated copies (*afschrift*) of the notarial mortgage deeds, are kept by Aegon Hypotheken B.V. in its capacity as Servicer;

(aa) as at the Cut-Off Date, to the best of the Seller's knowledge, no Borrower is, or has been, since the date of the Mortgage Loan in material breach of any obligation owed in respect of such Mortgage Loan, Mortgage and Borrower Pledge, if applicable, and no steps have been taken by the Seller to enforce any Mortgage as a result of such breach;

(bb) as at the Cut-Off Date, to the best of the Seller's knowledge, the Seller does not classify any Borrower pursuant to and in accordance with its internal policies as (i) a Borrower that is unlikely to pay its credit obligations to the Seller or (ii) a Borrower having a credit assessment or credit score indicating that the risk that such borrower is unlikely to pay its credit obligations to the Seller that is significantly higher than for mortgage receivables originated

by the Seller that are not sold and assigned pursuant to the Mortgage Receivables Purchase Agreement;

(cc) each Mortgage Loan constitutes the entire loan granted to the relevant Borrower that is secured by the same Mortgage or, as the case may be, if a Further Advance is granted, by first and sequentially lower ranking Mortgages on the same Mortgaged Asset and not merely one or more loan parts (*leningdelen*);

(dd) each receivable under a Mortgage Loan which is secured by the same Mortgage as the Mortgage Receivable is sold and assigned to the Issuer pursuant to the Mortgage Receivables Purchase Agreement;

(ee) each Mortgage Receivable will be, upon offer for registration of the relevant deed of assignment with the tax authorities on the date of such deed or upon execution of such deed before a civil notary, transferred and such transfer is enforceable against creditors of the Seller and is neither prohibited nor invalid, save for applicable laws affecting the rights of creditors generally;

(ff) with respect to each of the Mortgage Receivables resulting from a Universal Life Mortgage Loan, a Life Mortgage Loan or, as the case may be, a Savings Mortgage Loan, to which an Insurance Policy is connected, a valid right of pledge has been granted to the Seller by the relevant Borrower on such Insurance Policy and such right of pledge has been notified to the Insurance Savings Participant;

(gg) the Mortgage Conditions provide that each of the properties on which a Mortgage has been vested to secure the Mortgage Receivable should at the time of origination of the Mortgage Loan, have the benefit of buildings insurance (*opstalverzekering*) satisfactory to the Seller;

(hh) all Mortgage Receivables secured by a Mortgage on a long lease (*erfpacht*) provide that the principal sum of the Mortgage Receivable, including interest, will become immediately due and payable if, *inter alia*, the long lease terminates, if the lease holder materially breaches or ceases to perform his payment obligation under the long lease (*canon*) or if the lease holder in any other manner breaches the conditions of the long lease;

(ii) the current Mortgage Conditions provide that all payments by the Borrower should be made without any deduction or set-off (for the avoidance of doubt, other than in respect of Construction Deposits);

(jj) the Mortgage Loans do not include Self-Certified Mortgage Loans or equity-release mortgage loans where Borrowers have monetised their properties for either a lump sum of cash or regular periodic income;

(kk) the Outstanding Principal Amount of each Mortgage Receivable as indicated on the List of Loans (as defined in the Mortgage Receivables Purchase Agreement) is accurate as at the Cut-Off Date or in the case of a Further Advance Receivable as at the cut-off date agreed between the Issuer and the Seller in respect of such Further Advance Receivable;

(ll) in respect of each Mortgage Loan Receivable: (i) the Seller has validly registered each Mortgage Loan with the Stichting WEW and has received a registration number from Stichting WEW for each such Mortgage Loan and (ii) the Seller is not aware of any reason why any NHG Claim under the NHG Guarantee granted by Stichting WEW in respect of any

Mortgage Loan Receivable should not be met in full and in a timely manner. For the purpose of this Clause, **NHG Claim** means, in respect of Mortgage Receivables, the realised loss after foreclosure minus (i) any deductions due to the amortisation of the NHG Guarantee on the basis of a 30 year annuity loan and (ii) 10% (or such other percentage which, pursuant to the NHG Conditions, is not covered by NHG Guarantee) of the realised loss;

(mm) the aggregate Outstanding Principal Amount of the Mortgage Receivables on the Cut-Off Date was equal to €610,754,002.34;

(nn) at the Cut-Off Date, the number of Borrowers is not less than 1,000;

(oo) no Mortgage Loan agreement contains confidentiality provisions which restrict the purchaser's exercise of its rights as (new) owner of the Mortgage Loan;

(pp) as at the Cut-Off Date, no Mortgage Loan agreement has been subject to any variation, amendment, modification, waiver or exclusion of time of any kind which in any material way adversely affects its terms or its enforceability or collectability;

(qq) the Mortgage Conditions applicable to the Mortgage Receivables contain obligations that are contractually binding and enforceable with full recourse to the Borrower (and, where applicable, any guarantor of such Borrower (other than Stichting WEW)), subject, as to enforceability, to any applicable bankruptcy laws or similar laws affecting the rights of creditors generally;

(rr) the assessment of the borrower's creditworthiness is done in accordance with the Seller's underwriting criteria and meets the requirements set out in paragraphs 1 to 4, point (a) of paragraph 5, and paragraph 6 of Article 18 of Directive 2014/17/EU or of Article 8 of Directive 2008/48/EC or, where applicable, equivalent requirements in third countries;

(ss) it, to the best of its knowledge, is not aware of any Borrower being subject to bankruptcy (*faillissement*) or suspension of payments (*surseance van betaling*) in respect of Mortgage Receivables to be purchased on the Closing Date;

(tt) it, to the best of its knowledge, carried out a BKR check in respect of each Borrower and is not aware of a BKR check in respect of any Borrower, carried out at the time of origination of the relevant Mortgage Loan, showing that such Borrower has been in arrear on any of the financial obligations that are monitored by the BKR to such an extent that pursuant to and in accordance with its internal policies, such Borrower has an adverse credit history and should not have been granted a mortgage loan;

(uu) it, to the best of its knowledge, is not aware of any Borrower in respect of whom a court had granted his creditors a final non-appealable right of enforcement or material damages as a result of a missed payment within three years prior to the date of origination of the relevant Mortgage Loan;

(vv) at the Cut-off Date the weighted average risk weight under CRR of the pool (assuming standardised approach) does not exceed 40%; and

(ww) no Mortgage Loan agreement has been entered into as a consequence of any conduct constituting fraud of the Seller and, to the best of the Seller's knowledge, no Mortgage Loan has been entered into fraudulently by the relevant Borrower.

7.3 Mortgage Loan Criteria

Each of the Mortgage Loans in the Portfolio will meet the following criteria (the **Mortgage Loan Criteria**):

(a) the Mortgage Loan includes solely one or more of the following loan types:

(i) a Linear Mortgage Loan (*lineaire hypotheek*);

(ii) an Interest-only Mortgage Loan (*aflossingsvrije hypotheek*);

(iii) an Annuity Mortgage Loan (*annuïteitenhypotheek*);

(iv) a Life Mortgage Loan (*levenhypotheek*);

(v) a Universal Life Mortgage Loan (*levensloophypotheek*), including Savings Investment Mortgage Loans;

(vi) a Savings Mortgage Loan (*spaarhypotheek*); or

(vii) a Bank Savings Mortgage Loan (*bankspaarhypotheek*);

(b) the Borrower is an individual (*natuurlijk persoon*) and was at the time of origination, a resident of the Netherlands and not employed by the Seller or any of its group companies;

(c) each Mortgage Receivable is (i) secured by a first-ranking Mortgage (*eerste recht van hypotheek*) or, in the case of Mortgage Loans (including any Further Advance, as the case may be) secured on the same Mortgaged Asset, first and sequentially lower ranking Mortgages over real estate (*onroerende zaak*), an apartment right (*appartementsrecht*), or a long lease (*erfpacht*), in each case situated in the Netherlands and (ii) governed by Dutch law;

(d) at least one (interest) payment has been made in respect of the Mortgage Loan prior to the Closing Date;

(e) the Mortgage Loan or part thereof does not qualify as a bridge loan (*overbruggingshypotheek*);

(f) each Mortgage Loan is fully disbursed or if the Mortgage Loan is a construction mortgage (*bouwhypotheek*) with a related Construction Deposit, such Construction Deposit does not exceed 50% of the original amount outstanding under such Mortgage Loan;

(g) (i) the applicable Mortgage Conditions provide that (a) the Mortgaged Asset may not be the subject of residential letting at the time of origination, and (b) the Mortgaged Asset is for residential use and has to be occupied by the relevant Borrower at and after the time of origination and (ii) no consent for residential letting of the Mortgaged Asset has been given by the Seller at origination;

(h) the interest rate on the Mortgage Loan (or if the Mortgage Loan consists of more than one loan part, on each loan part) is a floating rate or a fixed rate, subject to an interest reset from time to time;

(i) interest payments on the Mortgage Loan are scheduled to be made monthly in arrear by direct debit;

(j) on the Cut-Off Date no amounts due under such Mortgage Loan were overdue and unpaid;

(k) where compulsory under the applicable Mortgage Conditions, the Mortgage Loan has a Life Insurance Policy or Risk Insurance Policy attached to it;

(l) the Mortgage Loan will not have a legal maturity beyond 1 December 2089;

(m) the Outstanding Principal Amount as applicable at the time it was originated does not exceed the maximum loan amount as stipulated by the relevant NHG Conditions;

(n) the Mortgage Loan is denominated in euro and has a positive outstanding principal amount;

(o) as at the Cut-Off Date no Mortgage Loan had a Current Loan to Indexed Market Value ratio greater than 100 per cent or, if a different percentage is required or sufficient from time to time for the Notes to comply with Article 243(2) of the CRR Amendment Regulation and the Seller wishes to apply such different percentage, then such percentage;

(p) the aggregate Outstanding Principal Balance under any Mortgage Loan entered into with a single Borrower shall not exceed 2 per cent. of the aggregate Outstanding Principal Balance of the Mortgage Receivables under or in connection with all the Mortgage Loans;

(q) none of the Mortgage Loans were marketed and underwritten on the premise that the Borrower or where applicable intermediaries, were aware that the information provided might not be verified by the Seller; and

(r) no amounts due under any Mortgage Receivables were unpaid by such Restructured Borrower since one year prior to the Cut-Off Date.

The same criteria apply to the selection of Further Advance Receivables, provided that for such purpose any reference to the Cut-Off Date or the Closing Date shall be deemed to be a reference to the last day of the calendar month immediately preceding the Reconciliation Date or, if applicable, the Notes Payment Date on which such Further Advance Receivable is proposed to be purchased unless agreed otherwise with the Credit Rating Agencies.

In addition to the above, it is noted that from the Mortgage Loan Criteria it can be derived that:

(a) no Mortgage Loan constitutes a transferable security, as defined in Article 4(1), point 44 of Directive 2014/65/EU of the European Parliament and of the Council;

(b) no Mortgage Loan includes any derivatives for purposes of Article 21(2) of the STS Regulation;

(c) no Mortgage Loan is a loan which, so far as the Seller is aware, having made all reasonable enquiries, is a loan to a Borrower who is (i) a "credit-impaired obligor" as described in Article 13(2)(j) of the LCR Regulation or paragraph 2(k) of Article 177 of the Solvency II Regulation (or, in each case, if different, the equivalent provisions in any such enacted version of such Commission Delegated Regulation) or (ii) a "credit-impaired debtor" as described in Article

20(11) of the STS Regulation, and, in each case, in accordance with any official guidance issued in relation thereto; and

(d) no Mortgage Loan constitutes a securitisation position for purposes of Article 20(9) of the STS Regulation.

7.4 Portfolio Conditions

Purchase of Further Advance Receivables

Further Advance Receivables

The Mortgage Receivables Purchase Agreement provides that as from the Closing Date up to but excluding the last calendar month of the Notes Payment Date immediately preceding the First Optional Redemption Date for as long as no Enforcement Notice is served, the Issuer shall (i) on the first Reconciliation Date falling after the Mortgage Calculation Period in which the Further Advance is granted, subject to sufficient funds being available on the Issuer Transaction Account, or (ii) on a Notes Payment Date in accordance with the Pre-Enforcement Revenue Priority of Payments, purchase and accept assignment of any Further Advance Receivables (and Beneficiary Rights relating thereto) resulting from Further Advances granted by the Seller to Borrowers in accordance with the underwriting criteria and procedures prevailing at that time and which may be expected from a reasonably prudent mortgage lender in the Netherlands, if and to the extent offered by the Seller, subject to the Additional Purchase Conditions being met.

Initial Purchase Price

The Initial Purchase Price payable by the Issuer in respect of the purchase and assignment of any Further Advance Receivables shall be equal to the aggregate Outstanding Principal Amount of such Further Advance Receivables at the date of completion of the sale and purchase thereof on the relevant Reconciliation Date or on the relevant Notes Payment Date. In case of the purchase of any Further Advance Receivable having attached a Construction Deposit to it, part of the Initial Purchase Price equal to such Construction Deposit will be credited to the Construction Deposit Account.

Additional Purchase Conditions

The purchase by the Issuer of any Further Advance Receivables will be subject to a number of conditions (the **Additional Purchase Conditions**), which include that at the relevant date of completion of the sale and purchase of such Further Advance Receivables:

(a) the Seller will represent and warrant to the Issuer and the Security Trustee the matters set out in the clauses providing for the representations and warranties relating to the Mortgage Loans, the Mortgage Receivables and the Seller in the Mortgage Receivables Purchase Agreement with respect to the Further Advance Receivables sold by it to the Issuer;

(b) no Assignment Notification Event has occurred in respect of the Seller and no Pledge Notification Event has occurred and, in each case, is continuing;

(c) the Mortgage Loan (including the Further Advance) meets the Mortgage Loan Criteria;

(d) the Available Principal Funds are sufficient to pay the Initial Purchase Price for the relevant Further Advance Receivable;

(e) the weighted average net LTV of all the Mortgage Loans, including the Mortgage Loans from which the relevant Further Advance Receivables arise, does not exceed the weighted average net LTV of the Mortgage Loans as at the Closing Date;

(f) any Beneficiary Rights relating to the relevant Further Advance Receivable are also assigned to the Issuer;

(g) there has been no failure by the Seller to repurchase any Mortgage Receivable which it is required to repurchase pursuant to the Mortgage Receivables Purchase Agreement;

(h) not more than 1.50% of the aggregate Outstanding Principal Amount of the Mortgage Receivables is in arrears for a period exceeding ninety (90) days;

(i) the aggregate Outstanding Principal Amount of the Further Advance Receivables sold and assigned by the Seller to the Issuer during the immediately preceding 12 calendar months does not exceed 1.00% of the aggregate Outstanding Principal Amount of the Mortgage Loans as at the first day of such 12 month period;

(j) the aggregate Outstanding Principal Amount of Interest-only Mortgage Loans forming part of the Mortgage Loans, including the Mortgage Loans from which the relevant Further Advance Receivables arise, does not exceed 60% of the aggregate Outstanding Principal Amount of all Mortgage Loans;

(k) in respect of each purchase proposed to be made after the first anniversary of the Closing Date, the balance standing to the credit of the Reserve Account is equal to the Reserve Account Target Level;

(l) on the date of completion of the sale and purchase of the relevant Further Advance Receivable no amounts due under the underlying Mortgage Loan are overdue and unpaid; and

(m) there is no balance on the Class A Principal Deficiency Ledger.

If (i) a Further Advance Receivable does not meet the Additional Purchase Conditions on the proposed date for completing the sale and purchase thereof or (ii) the Further Advance is granted in or after the last calendar month before Notes Payment Date immediately preceding the First Optional Redemption Date, the Seller shall repurchase and accept the re-assignment of the Mortgage Receivables resulting from the Mortgage Loan in respect of which a Further Advance is granted and the Beneficiary Rights relating thereto at a price which is at least equal to the aggregate principal outstanding amounts of such Mortgage Receivables together with accrued but unpaid interest.

When the Issuer purchases and accepts assignment of any Further Advance Receivable, it will at the same time create an undisclosed right of pledge on such Mortgage Receivable and the Beneficiary Rights relating thereto in favour of the Security Trustee.

7.5 Servicing Agreement

In the Servicing Agreement the Servicer will agree to provide management services to the Issuer on a day-to-day basis in relation to the Mortgage Loans and the Mortgage Receivables, including, without limitation, the collection of payments of principal, interest and other amounts in respect of the Mortgage Receivables, all administrative actions in relation thereto and the implementation of arrears procedures including the enforcement of Mortgages (see further *Origination and Servicing* in section *Portfolio Information*). The Servicer will be obliged to manage the Mortgage Loans and the Mortgage Receivables with the same level of skill, care and diligence as mortgage loans in its own portfolio or, as the case may be, the portfolio of the Seller. The Servicer holds a license under the Wft. The Servicer acts in accordance with its internal policies, which include amongst others, remedies and actions relating to delinquency and default of debtors, debt restructuring, debt forgiveness, forbearance, payment holidays, losses, charge offs, recoveries and other asset performance remedies as referred to in article 21(9) of the STS Regulation. The Servicing Agreement may be terminated by the Issuer and the Security Trustee, acting jointly, upon the occurrence of certain termination events, including but not limited to, a failure by the Servicer to comply with its obligations (unless remedied within the applicable grace period), dissolution or liquidation of the Servicer, the Servicer being declared bankrupt, subjected to any intervention, recovery and resolution measures, including but not limited to measures, that may be taken pursuant to the BRRD, as implemented in Dutch law, the Wft, the Whav and the SRM-Regulation or if the Servicer no longer holds a licence under the Wft. In addition the Servicing Agreement may be terminated by the Servicer upon the expiry of not less than six (6) months' notice, subject to (i) written approval of the Issuer and the Security Trustee, which approval may not be unreasonably withheld and (ii) each Credit Rating Agency having provided a Credit Rating Agency Confirmation in respect of the termination. A termination of the Servicing Agreement by either the Issuer and the Security Trustee or the Servicer will only become effective if a substitute servicer is appointed.

Upon the occurrence of a termination event as set forth above the Security Trustee and the Issuer shall use their best efforts to promptly appoint a substitute servicer and such substitute servicer shall enter into an agreement with the Issuer and the Security Trustee substantially on the terms of the Servicing Agreement, provided that such substitute servicer shall have the benefit of a servicing fee at a level to be then determined. Any such substitute servicer must have experience of handling mortgage loans and mortgage rights over residential property in the Netherlands and hold a licence under the Wft in order to perform any of the obligations under the Servicing Agreement or any substitute agreement. The Issuer shall, promptly following the execution of such agreement, pledge its interest in such agreement in favour of the Security Trustee on the terms of the Issuer Rights Pledge Agreement, *mutatis mutandis*, to the satisfaction of the Security Trustee.

The Servicer does not have any liability whatsoever to the Noteholders in respect of any failure by the Issuer to pay any amounts due under the Notes. The Notes will be solely the obligations and responsibilities of the Issuer and not of any other entity or person involved in the transaction, including, without limitation, the Servicer, except for certain limited obligations of the Security Trustee under the Trust Deed.

7.6 Sub-Participation

Participation-Linked Mortgage Receivables and Participation Agreements

Under the Insurance Savings Participation Agreement, the Issuer will grant to the Insurance Savings Participant a contractual participation right in each of the Savings Mortgage Receivables and in each of the Savings Investment Mortgage Receivables.

Under the Bank Savings Participation Agreement, the Issuer will grant to the Bank Savings Participant a contractual participation right in each of the Bank Savings Mortgage Receivables.

Payments by Participants

(A) In the Insurance Savings Participation Agreement, the Insurance Savings Participant undertakes to pay to the Issuer for each Savings Mortgage Receivable and Savings Investment Mortgage Receivable (as applicable):

(a) (i) on the Closing Date an amount equal to the sum of the amounts received as Savings Premium or Savings Investment Premium (as applicable) and accrued interest in respect of the relevant Savings Mortgage Loan or Savings Investment Mortgage Loan, up to and excluding 1 July 2019 and (ii) in the case of the purchase and assignment on a Notes Payment Date of a Further Advance Receivable to which a Savings Insurance Policy or Savings Investment Insurance Policy is connected, as the case may be, on the relevant Notes Payment Date, the sum of the amounts received as Savings Premium or Savings Investment Premium and accrued interest thereon up to the first day of the calendar month in which such Notes Payment Date falls (each an **Initial Insurance Savings Participation Amount**);

(b) on the first Mortgage Collection Payment Date an amount equal to the sum of (i) the amounts switched under the relevant Savings Investment Insurance Policy from investments in certain investment funds to the LHR from and including 1 July 2019 to and including 31 July 2019 and on each Mortgage Collection Payment Date as from the first Mortgage Collection Payment Date an amount equal to the amounts so switched during the Mortgage Calculation Period immediately preceding such Mortgage Collection Payment Date (each a **Switched Insurance Savings Participation Amount**);

(c) on the first Mortgage Collection Payment Date the amounts scheduled to be received by the Insurance Savings Participant from and including 1 July 2019 to and including 31 July 2019 as Savings Premium or Savings Investment Premiums in respect of the Savings Investment Insurance Policy in the LHR; and on each Mortgage Collection Payment Date following the first Mortgage Collection Payment Date an amount equal to the amount scheduled to be received by the Insurance Savings Participant during the Mortgage Calculation Period immediately preceding such Mortgage Collection Payment Date, as Savings Premium or Savings Investment Premium in respect of the relevant Savings Insurance Policy or Savings Investment Insurance Policy, respectively; and

(d) on each subsequent Mortgage Collection Payment Date an amount equal to the *pro rata* part of the interest on the Participation-Linked Mortgage Loan to which it is entitled pursuant to its Insurance Savings Participation in respect of the Mortgage

Calculation Period immediately preceding such Mortgage Collection Payment Date (the amounts under (c) and (d), the **Further Insurance Savings Participation Amounts**).

(B) In the Bank Savings Participation Agreement, the Bank Savings Participant undertakes to pay to the Issuer in respect of each Bank Savings Mortgage Receivable:

(a) (i) on the Closing Date or (ii) in the case of a switch from a different type of Mortgage Loan into a Bank Savings Mortgage Loan or in respect of a purchase of Further Advance Receivables, on the relevant Mortgage Collection Payment Date, respectively, an amount equal to the sum of the Monthly Bank Savings Deposit Instalments received by the Bank Savings Participant with accrued interest up to the first day of the month of the Closing Date or the relevant Mortgage Collection Payment Date, as the case may be (an **Initial Bank Savings Participation Amount**);

(b) on each Mortgage Collection Payment Date an amount equal to the amounts received by the Bank Savings Participant as Monthly Bank Savings Deposit Instalments during the relevant Mortgage Calculation Period; and

(c) on each Mortgage Collection Payment Date an amount equal to the *pro rata* part of the interest to which it is entitled pursuant to its Bank Savings Participation in respect of the Mortgage Calculation Period immediately preceding such Mortgage Collection Payment Date (the amounts under (b) and (c), the **Further Bank Savings Participation Amounts**).

In respect of each Participation-Linked Mortgage Receivable no amounts will be paid to the extent that as a result thereof the relevant Participation in such Participation-Linked Mortgage Receivable would exceed the Outstanding Principal Amount of such Mortgage Receivable at such time (the **Maximum Participation Amount**).

Application of Initial Participation Amounts

The Initial Participation Amounts will be applied by the Issuer towards payment of the Initial Purchase Price. The obligation of the relevant Participant to pay the Initial Participation Amounts in respect of a Participation-Linked Mortgage Receivable, will be discharged following netting of (i) the obligation of the Issuer to pay an amount equal to the Initial Participation Amount as part of the Initial Purchase Price, (ii) if applicable, the obligation of the Seller to pay to the Participant a final termination payment in respect of the terminating participation which the Participant had with the Seller, equal to the Initial Participation Amounts and (iii) the obligation of the Participant to pay the Initial Participation Amount in order to acquire the relevant Participation in respect of such Participation-Linked Mortgage Receivable.

Application of Further Participation Amounts

The Further Participation Amounts received by the Issuer will be applied by the Issuer towards redemption of the Notes (other than the Class C Notes) and, up to the Notes Payment Date immediately preceding First Optional Redemption Date, the purchase of Further Advance Receivables. See *Priority of Payments in respect of principal (prior to Enforcement Notice)* under Priority of Payments in section *Credit Structure*.

Conversion Participation in respect of the Savings Investment Mortgage Loans

Pursuant to the conditions applicable to the Savings Investment Insurance Policies taken out by the Borrower with the Insurance Savings Participant in relation to a Universal Life Mortgage Loan, a Borrower may convert (*switchen*), in whole or in part amounts invested in the LHR into investments in certain other investment funds. Pursuant to the Insurance Savings Participation Agreement, upon such conversion, the corresponding part of the relevant Insurance Savings Participation will be converted into a conversion participation (each a **Conversion Participation**) with Aegon Levensverzekering N.V. as Conversion Participant. The Conversion Participation will, unlike an Insurance Savings Participation, not increase on a monthly basis. The Conversion Participant is entitled to receive the Conversion Participation Redemption Available Amount. Conversion Participations may be reconverted into Insurance Savings Participations.

Participations and Participation Increases

As a consequence of and in consideration for the payments by the Participants above, each Participant will acquire from the Issuer contractual participation rights in respect of each Participation-Linked Mortgage Receivable (each a **Participation**) representing beneficial interests in respect of each of the relevant Participation-Linked Mortgage Receivables.

In respect of each Participation-Linked Mortgage Receivable, such Participation is initially equal to the relevant Initial Participation Amount or, as the case may be, the Switched Insurance Savings Participation Amount (the **Initial Participation**). Except for the Conversion Participation, a Participation increases on a monthly basis during each Mortgage Calculation Period, with the amount calculated on the basis of the following formula (the **Participation Increase**):

$\frac{P}{H} \times R + S$, whereby

P = the relevant Participation on the first day of the relevant Mortgage Calculation Period in the Participation-Linked Mortgage Receivable;

H = the principal sum outstanding on the Participation-Linked Mortgage Receivable on the first day of the relevant Mortgage Calculation Period;

R = the amount (i) of interest due, but not overdue, on the Participation-Linked Mortgage Receivable and received from the relevant Borrower in the relevant Mortgage Calculation Period and/or (ii) of interest due, but unpaid, by the Borrower, but received from the Insurance Savings Participant or Bank Savings Participant, as the case may be, under the relevant Participation Agreement; and

S = the amount of the Savings Investment Premium or Savings Premium or, as the case may be, Monthly Bank Savings Deposit Instalments received in the relevant Mortgage Calculation Period in respect of the relevant Participation-Linked Mortgage Receivable, and paid to the Issuer by the Insurance Savings Participant or Bank Savings Participant, respectively.

The Participations in respect of the Savings Mortgage Receivables or Savings Investment Mortgage Receivables are collectively referred to as the **Insurance Savings Participations**, those in respect of

the Bank Savings Mortgage Receivables the **Bank Savings Participations** and a participation remaining upon conversion is referred to as a **Conversion Participation** (and together with the Insurance Savings Participations and the Bank Savings Participations, the **Participations**).

In consideration for the undertakings above, the Issuer will undertake to pay to the relevant Participant on each Mortgage Collection Payment Date an amount *up to* the relevant Participation in those of the Participation-Linked Mortgage Receivables from the following amounts to the extent received during the immediately preceding Mortgage Calculation Period or, in the case of the first Mortgage Collection Payment Date, during the period which commences on the Closing Date and ends on the last day of the Mortgage Calculation Period immediately preceding such first Mortgage Collection Payment Date:

(i) by means of repayment or prepayment in full and, to the extent exceeding the Net Outstanding Principal Amount, repayment or prepayment in part under the relevant Participation-Linked Mortgage Receivables from any person, whether by set-off or otherwise (but, for the avoidance of doubt, excluding Prepayment Penalties, if any);

(ii) in connection with a repurchase of such Participation-Linked Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement and any other amounts received pursuant to the Mortgage Receivables Purchase Agreement to the extent such amounts relate to principal;

(iii) in connection with a sale by the Issuer of such Participation-Linked Mortgage Receivables pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed to the extent such amounts relate to principal;

(iv) as Net Foreclosure Proceeds other than in respect of the relevant Insurance Policy or Bank Savings Account by way of enforcement of the relevant Borrower Pledge or otherwise on such Participation-Linked Mortgage Receivables to the extent such amounts relate to principal and to the extent such amounts received exceed the Net Outstanding Principal Amount of each Participation-Linked Mortgage Receivable; and

(v) collections received by the Issuer under the Insurance Policy or Bank Savings Account by way of enforcement of the relevant Borrower Pledge or otherwise to the extent relating to principal.

The amount so payable by the Issuer is referred to as the **Insurance Savings Participation Redemption Available Amount** in respect of the Savings Mortgage Loans and Savings Investment Mortgage Loans and the **Bank Savings Participation Redemption Available Amount** in respect of the Bank Savings Mortgage Loans, respectively, and collectively the **Participation Redemption Available Amount**.

Reduction of a Participation

If:

(a) a Borrower invokes a right of set-off or a defence in respect of a Participation-Linked Mortgage Receivable, including, but not limited to a right of set-off or defence based upon a default in the performance, whether in whole or in part and for any reason, by the relevant Participant, of its payment obligations under the relevant Savings Insurance Policy, Savings Investment Insurance Policy or Bank Savings Account relationship, as the case may be, or set-off is applied pursuant to mandatory provisions of law; or

(b) the relevant Participant fails to pay any amount due by it to the Seller or the Issuer, as the case may be, under or in connection with any of the Savings Insurance Policies or Savings Investment Insurance Policies or the relevant Bank Savings Account, and/or the Seller fails to pay an amount equal to any such amount due by it to the Issuer in accordance with the Mortgage Receivables Purchase Agreement,

and, as a consequence thereof, the Issuer will not have received any amount which it would have received if such defence or failure to pay would not have been made in respect of such Participation-Linked Mortgage Receivable, the relevant Participation of relevant Participant in respect of such Participation-Linked Mortgage Receivable, will be reduced by an amount equal to the amount which the Issuer has failed to so receive.

Enforcement Notice

If an Enforcement Notice is given by the Security Trustee to the Issuer, then and at any time thereafter the Security Trustee on behalf of a Participant may, and if so directed by a Participant, shall in respect of such Participant, by notice to the Issuer:

(a) declare that the obligations of the relevant Participant under the applicable Participation Agreement(s) are terminated; and

(b) declare the respective Participations in Participation-Linked Mortgage Receivables to be immediately due and payable, whereupon they shall become so due and payable, provided that the resulting payment obligations shall in no event exceed the relevant Participation Redemption Available Amount received or collected by the Issuer or, in case of enforcement, the Security Trustee under the relevant Participation-Linked Mortgage Receivables and without prejudice to the rights of the Issuer and the Security Trustee under the Borrower Pledges.

Termination of Participations

If one or more of the Participation-Linked Mortgage Receivables are (i) repurchased by the Seller from the Issuer pursuant to the Mortgage Receivables Purchase Agreement or (ii) sold by the Issuer to a third party pursuant to the Mortgage Receivables Purchase Agreement or the Trust Deed, the relevant Participation in such Participation-Linked Mortgage Receivable will terminate and the relevant Participation Redemption Available Amount in respect of such Participation-Linked Mortgage Receivable will be paid by the Issuer to the relevant Participant. If so requested by the relevant Participant, the Issuer will use its best efforts to ensure that the acquirer of the Participation-Linked Mortgage Receivables will enter into a participation agreement with the relevant Participant in a form similar to the relevant Participation Agreement. Furthermore, each Participation shall terminate if at the close of business of any Mortgage Calculation Date, the Participant has received an amount equal to its full Participation in respect of the relevant Participation-Linked Mortgage Receivable.

6. Copies of the final Transaction Documents and the Prospectus shall be published on https://edwin.eurodw.eu/edweb/ no later than 15 days after the Closing Date.

7. No statutory or non-statutory accounts in respect of any financial year of the Issuer have been prepared. As long as the Class A Notes are listed on Euronext Amsterdam, the most recently published audited annual accounts of the Issuer from time to time will be available at the specified offices of the Security Trustee.

8. There has been no material adverse change in the financial position or prospects of the Issuer since its incorporation on 6 June 2019.

9. There are no legal, arbitration or governmental proceedings and neither the Issuer nor the Shareholder is aware of any such proceedings which may have, or have had, significant effects on the Issuer's or, as the case may be, the Shareholder's financial position or profitability nor, so far as the Issuer and/or the Shareholder is/are aware, are any such proceedings pending or threatened against the Issuer or the Shareholder, respectively, in the previous twelve months.

10. The deed of incorporation (including the articles of association) of the Issuer dated 6 June 2019 is incorporated herein by reference.

A free copy of the Issuer's deed of incorporation including the articles of association is available at the office of the Issuer located at Prins Bernhardplein 200, 1097 JB Amsterdam, the Netherlands.

11. The estimated aggregate upfront costs of the transaction amount to approximately 0.0077% of the proceeds of the Notes. There are no costs deducted by the Issuer from any investment made by any Noteholder in respect of the subscription or purchase of the Notes.

12. As long as the Class A Notes are outstanding, each of the Seller and the Issuer undertake to make the relevant information pursuant to article 7 of the STS Regulation, to the extent applicable, available to the Noteholders, the competent authorities referred to in article 29 of the STS Regulation and, upon request, potential investors. As to the pre-pricing information, each of the Seller and the Issuer confirm that they have made available to potential investors before pricing the information under point (a) of article 7, paragraph 1, of the STS Regulation upon request and the information under points (b) and (d) of article 7, paragraph 1, of the STS Regulation in draft form. As to the post-closing information, the Seller as Reporting Entity

will (or will procure that any agent will on its behalf) for the purposes of article 7 of the STS Regulation (i) from the Signing Date and prior to the Transparency Template Effective Date, publish on a simultaneous basis by no later than one month after the Notes Payment Date (a) a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Investor Report by no later than one month after the Notes Payment Date and (b) certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided substantially in the form of the CRA3 Data Tape and (ii) following the Transparency Template Effective Date, publish on a simultaneous basis by no later than one month after the Notes Payment Date (a) a quarterly investor report in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(e) of the STS Regulation, which shall be provided in the form of the Transparency Investor Report and (b) certain loan-by-loan information in relation to the Mortgage Receivables in respect of each Notes Calculation Period, as required by and in accordance with article 7(1)(a) of the STS Regulation, which shall be provided in the form of the Transparency Data Tape. In addition, the Reporting Entity (or any agent on its behalf) will publish or make otherwise available the reports and information referred to above as required under article 7 and article 22 of the STS Regulation by means of, once there is a SR Repository registered under article 10 of the STS Regulation and appointed by the Reporting Entity for the securitisation transaction described in this Prospectus, the SR Repository or while no SR Repository has been registered and appointed by the Reporting Entity, https://edwin.eurodw.eu/edweb/, being an external website that conforms to the requirements set out in the fourth paragraph of article 7(2) of the STS Regulation.

13. Any change in any Priority of Payments which will materially adversely affect the repayment of the securitisation position or any other significant event, including but not limited to: (i) a material breach of the obligations laid down in the Transaction Documents, including any remedy, waiver or consent subsequently provided in relation to such a breach, (ii) a change in the structural features that can materially impact the performance of the securitisation, (iii) a change in the risk characteristics of the securitisation or of the Mortgage Loans that can materially impact the performance of the securitisation, (iv) in the case of STS securitisations, where the securitisation ceases to meet the STS requirements or where competent authorities have taken remedial or administrative actions or (v) any material amendment to transaction documents shall be reported to Noteholders without delay, subject to Dutch and Union law governing the protection of confidentiality of information and the processing of personal data in order to avoid potential breaches of such law as well as any confidentiality obligation relating to customer, original lender or debtor information, unless such confidential information is anonymised or aggregated.

14. The CRA3 Data Tape used in the absence of the Transparency Data Tape does not allow for reporting on the environmental performance of the Mortgage Receivables and as a result the Seller is, until the Transparency Template Effective Date, unable to report on such environmental performance. However the Seller is currently using its best efforts to prepare itself so that it is technically able to source such information on the environmental performance of the Mortgage Receivables as soon as possible from the Transparency Template Effective Date in accordance with article 22(4) of the STS Regulation.

15. Each of the Servicer and the Issuer Administrator, undertake under the Servicing Agreement and the Administration Agreement, respectively, to the Reporting Entity that it will (on behalf

of the Reporting Entity) make the information available to the Noteholders, to competent authorities, as referred to in Article 29 of the STS Regulation and, upon request, to potential Noteholders, that the Reporting Entity is required to make available pursuant to and in compliance with the reporting requirements under the STS Regulation. Subject to prior notification of the Noteholders and the Credit Rating Agencies, the Servicer and the Issuer Administrator shall be entitled to amend the Mortgage Report and the Investor Reports in every respect to comply with the reporting requirements under the STS Regulation. For the avoidance of doubt, the Servicer and the Issuer Administrator shall even be entitled to replace the Mortgage Report and the Investor Reports in full to comply with the reporting requirements under the STS Regulation.

16. This Prospectus constitutes a prospectus for the purpose of the Prospectus Directive. A free copy of this Prospectus is available at the offices of the Issuer and the Paying Agent or can be obtained at http://cm.intertrustgroup.com.

17. The Mortgage Loans have been subject to a third-party review according to agreed-upon procedures of a random sample of the Mortgage Loans, of which the results were communicated to the Issuer. The Provisional Portfolio consists solely of Mortgage Loans which were part of the SAECURE 14 NHG transaction, for which a specific agreed-upon procedures has been performed before closing of that transaction in 2014. In addition, the Seller engages an independent external advisor to undertake an agreed-upon procedures review on a regular basis on mortgage loans on the balance sheets of Aegon entities which at that moment may potentially be used for securitisation, capital markets or other funding transactions such as the securitisation transaction as described in this Prospectus. Although the Mortgage Loans have not been part of the selected sample for the most recent agreed-upon procedures in 2018, they are administered in the same systems and via the same processes. The Issuer has been informed by the Seller that no significant adverse findings have been found in both (i) the agreed-upon procedures review undertaken in respect of the SAECURE 14 NHG transaction and (ii) the most recent agreed-upon procedures in 2018. Finally, a sample of the Mortgage Loan Criteria against the entire loan-by-loan data tape has been verified by an external advisor and no adverse findings have been found. The Further Advance Receivables sold by the Seller to the Issuer after the Closing Date will not be subject to an agreed-upon procedures review.

18. In this Prospectus, references to websites are inactive textual references and are included for information purposes only. The contents of any such website shall not form part of, or be deemed to be incorporated into, this Prospectus.

19. The annual audited financial statements of the Issuer will be made available free of charge from the specified office of the Issuer. The auditors of the Issuer will be PricewaterhouseCoopers Accountants N.V. and the accountants at PricewaterhouseCoopers Accountants N.V. are registered accountants (*registeraccountants*) and are a member of the Netherlands Institute for Registered Accountants (*NBA*).

20. Responsibility Statements and important information

The Issuer is responsible for the information contained in this Prospectus. To the best of its knowledge (having taken all reasonable care to ensure that such is the case) the information contained in this Prospectus is in accordance with the facts and does not omit anything likely to affect the import of such information. Any information from third parties contained and specified as such in this Prospectus has been accurately reproduced and as far as the Issuer is

aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Issuer accepts responsibility accordingly.

The Seller is responsible for the information contained in the following sections of this Prospectus: *Seller* and *Servicer* in section *Principal Parties*, *Regulatory & Industry Compliance* in section *The Notes,* the entire section *Portfolio Information* and all the confirmations and undertakings relating to retention and disclosure requirements under the Securitisation Retention Requirements. To the best of the Seller's knowledge (having taken all reasonable care to ensure that such is the case) the information contained in the abovementioned sections is in accordance with the facts and does not omit anything likely to affect the import of such information. Any information from third parties contained and specified as such in these sections has been accurately reproduced and as far as the Seller is aware and is able to ascertain from information published by that third party, no facts have been omitted which would render the reproduced information inaccurate or misleading. The Seller accepts responsibility accordingly.

Global Registered Note Certificates

The Notes of each Class will be initially evidenced by a Global Registered Note Certificate (see *Form* in section The Notes).

Eurosystem eligibility

The Class A Notes are intended to be held in a manner which will allow Eurosystem eligibility. This means that the Class A Notes will be issued under the NSS and the Global Registered Note Certificates evidencing the Class A Notes are intended upon issue to be deposited with one of the international central securities depositories (**ICSDs**) and/or central securities depositories (**CSDs**) that fulfils the minimum standard established by the European Central Bank, as common safekeeper and does not necessarily mean that the Class A Notes will be recognised as Eurosystem Eligible Collateral either upon issue or at any or all times during their life. Such recognition will depend upon satisfaction of the Eurosystem eligibility criteria. The Class B Notes and the Class C Notes are not intended to be recognised as Eurosystem Eligible Collateral.

Non-consistent information

No person has been authorised to give any information or to make any representation which is not contained in or not consistent with this Prospectus or which is not contained in or not consistent with any other information supplied in connection with the Issuer or the issue and offering of the Notes and, if given or made, such information or representation must not be relied upon as having been authorised by the Issuer, the Arranger, the Manager, the Security Trustee or any of their respective affiliates. To the fullest extent permitted by law, none of the Issuer, the Arranger, the Manager, the Security Trustee or any of their respective affiliates accept any responsibility for any such information or representation and each of the Issuer, the Arranger, the Manager and their respective affiliates accordingly disclaims all and any liability whether arising in tort or contract or otherwise which it might have in respect of any such information or representation.

No offer to sell or solicitation of an offer to buy

This Prospectus does not constitute an offer to sell or a solicitation of an offer to buy Notes in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction. The distribution of this document and the offering of the Notes in certain jurisdictions may be restricted by law. Persons into whose possession this Prospectus (or any part thereof) comes are required to inform themselves about, and to observe, any such restrictions. A fuller description of the restrictions on offers, sales and deliveries of the Notes and on the distribution of this Prospectus is set out in *Subscription and Sale* in section The Notes.

Investors should undertake their own independent investigation

Each investor contemplating purchasing any Notes should undertake its own independent investigation of the financial condition and affairs, and its own appraisal of the creditworthiness, of the Issuer. Neither this Prospectus nor any other information supplied in connection with the offering of the Notes constitutes an offer or invitation by or on behalf of the Issuer, the Arranger, the Manager, the Security Trustee or any of their respective affiliates to any person to subscribe for or to purchase any Notes nor should it be considered as a recommendation by any of the Issuer, the Arranger, the Manager, the Security Trustee or any of their respective affiliates that any recipient of this Prospectus or any other information relating to the Notes, should purchase any Notes. Before making an investment decision with respect to any Notes, prospective investors should consult their own stockbroker, bank manager, lawyer, accountant or other financial, legal and tax advisers and carefully review the risks entailed by an investment in the Notes, consider such an investment decision in light of the prospective investor's personal circumstances and should determine for itself the relevance of the information contained in this Prospectus and its purchase of the Notes should be based upon such investigation as it deems necessary.

Developments and events after date of Prospectus

Neither the delivery of this Prospectus at any time nor any sale made in connection with the offering of the Notes shall imply that the information contained herein is correct at any time subsequent to the date of this Prospectus. The Issuer does not have the obligation to update this Prospectus, except when required by the listing and issuing rules of Euronext Amsterdam or any other regulation. The Arranger, the Security Trustee, the Seller and their respective affiliates expressly do not undertake to review the financial condition or affairs of the Issuer, the Seller, the Servicer or any other party during the life of the Notes, nor to advise any investor or potential investor in the Notes of any information coming to the attention of any of the Manager, the Arranger, the Security Trustee, the Seller or any of their respective affiliates.

Notes not registered under Securities Act

The Notes have not been and will not be registered under the Securities Act and may not be offered or sold within the United States or to, or for the account or benefit of, U.S. persons (as defined in Regulation S under the Securities Act) unless pursuant to an exemption from, or in a transaction not subject to, the registration requirements of the Securities Act (see *Subscription and Sale* in section The Notes).

Forward-looking Statements

This Prospectus contains statements which constitute forward-looking statements. Such statements appear in a number of places in this Prospectus, including, but not limited to, statements made in the sections *Risk Factors*, *Description of Mortgage Loans* in *Portfolio Information*, *Servicer* in *Principal Parties, Administrator* in *Principal Parties* and *Seller* in *Principal Parties*. These forward-looking statements can be identified by the use of forward-looking terminology, such as the words "estimates", "goals", "targets", "predicts", "forecasts", "aims", "believes", "expects", "may", "will", "continues", "intends", "plans", "should", "could" or "anticipates", or similar terms. These statements involve known and unknown risks, uncertainties and other important factors that could cause the actual results and performance of the Notes, the Seller or the Dutch residential mortgage loan industry to differ materially from any future results or performance expressed or implied in the forward-looking statements. These risks, uncertainties and other factors include, among others: general economic and business conditions in and outside the Netherlands; currency exchange and interest rate fluctuations; government, statutory, regulatory or administrative initiatives affecting the Seller; changes in business strategy, lending practices or customer relationships; and other factors that may be referred to in this Prospectus. Moreover, past financial performance should not be considered a reliable indicator of future performance and prospective purchasers of the Notes are cautioned that any such statements are not guarantees of performance and involve risks and uncertainties, many of which are beyond the control of the Issuer. Some of the most significant of these risks, uncertainties and other factors are discussed under the caption *Risk Factors*, and you are encouraged to consider those factors carefully prior to making an investment decision. None of the Arranger, the Manager, the Security Trustee nor any of their respective affiliates have attempted to verify any such statements, nor do they make any representations, express or implied, with respect thereto. Without prejudice to any requirements under applicable laws and regulations, the Issuer expressly disclaims any obligation or undertaking to disseminate after the date of this Prospectus any updates or revisions to any forward-looking statements contained herein to reflect any change in expectations thereof or any change in events, conditions or circumstances on which any such forward-looking statement is based.

Incorporation by reference

This Prospectus is to be read in conjunction with the deed of incorporation (including the articles of association) dated 6 June 2019, which is deemed to be incorporated herein by reference. This Prospectus shall be read and construed on the basis that such document is incorporated in, and forms part of, this Prospectus.
