Costs

Service Fee	0.02%
Subscription Fee	0.06%
Redemption Fee	0.02%

The service fee is inversely scaled related to the fund size. The maximum applicable service fee is presented. Aegon Asset Management applies partial ADL (Anti-Dilution Levy) which implies that the NAV of a fund is adjusted with the exit or entry fee only if the net cash flow exceeds a pre-determined limit. The cost of investing will impact your investment. The return will be reduced by the fees and expenses that may be incurred in managing the investment. Fees may have a compounding effect. The ongoing charge figure is based on the actual expenses incurred in 2023.
